CCHS Class of '57 Has First Reunion

THE Class of 1957 from Chilton County High School held their first Reunion since graduation on Saturday, December 22. The meeting was held at the Holiday Inn south of Clanton.

The tables were set with banquet cloths with decorations in the Class colors of pink and black. A strip of black crepe paper lown the center of each tabel was accentel with pink candles and small pink angels. The center table had a pink toothpick tree.

The Class officers were: President, John Douglas Littlejohn; vice-pres., Lavoy Wilson; secretary, Jeanette Scott, treasurer, Tommy Smith and assistant treasurer, Faye Headley Gay

All officers were present with the exception of Tommy, who is now serving Uncle Sam in Georgia.

Elmer Harris served as Master of Ceremonies, carrying out the program extremely well. The honored guest were Mr. and Mrs. S. E. Waters and Miss Elizabeth Barton. As the program proceeded, we found our Class member living farthest away being Mr. and Mrs. James Dow, the former Linda Wade, who now live in Houston, Texas. They received a milk glass vase.

The couple married the longest was Mr. and Mrs. Clifford Littleton, the former Doreen Shackleford. The newest couple was Mr. and Mrs. Herbert Brigance, the former Elnora DeVaughn.

Mr. and Mrs. James Andrews received a prize for having the oldest two children. She is the former Carolyn Tucker.

We had members from Birmingham, Montgomery, Fairfield. Mississippi, Mobile, Texas, Helena, Georgia, Jemison and a large number living here in Clanton.

Everyone enjoyed an excellent turkey dinner, an interesting program and just socializing with all the old acquaintances.

We agreed to meet in another five years keeping in touch with Donald Martin over the passing years.

May good luck and happiness be with each one and may God bless each one and his family until we meet again.

Jeanette Scott.

Winners of Turkeys Announced By Rescue Squad

MR. Earl Wilson, president of Chilton County CD Rescue Squad wishes to thank everyone for their help in making the Turkey Auction a success.

Winners are: S. N. Davis, Bill Kee, Ed Popwell, Rev. Houston Powell, D. A. West, Mr. Lawrence, Doyle Martin and J. D. Mims.

MONDAY night, January 7, is the first meeting of 1963. All members come on out and let's start the New Year off with a good attendance.

Alton Sanders,
Pub. chairman.

Mineral Springs PTA Meets 7th

THE Mineral Springs PTA will meet Monday, January 7 at 7 P.M. at the new school in the lunchroom.

Mrs. J. C. McClain, chairman, announces that the state librarian will furnish a special program, possibly using a sound projector and slides with a public address speaker. Patrons of the school are urged to attend this meeting.

CCHS Parents And Teachers Meet 8th

THE Chilton County High School PTA will meet next Tuesday. January 8 at 2:45 P.M. in the Library. The programs have been excellent and we urge all parents to attend this meeting.

STUDY CLUB TO MEET FRIDAY

The Study Club of Clanton will meet Friday, January 4th, at 3 P.M. in the home of Mrs. Hoyt Taylor. Members are invited to make special efforts to attend this first meeting of the New Year.

Bialock Bags Buck!

BOONE "cilled a bar." Well, Blalock 'cilled' a Buck, so thar.

JOHNNIE Blalock, son of Mr. and Mrs. W. J. (Woody) Blalock, killed the second "buck" deer of his career on a holiday hunt with his father in Livingston. It was Johnnie's second of the season. Some folks go a lifetime and never 'bag a buck' and here Johnnie's got two.

Temple Youth Hold Literature Canvas

DURING the month of January the young people of the Temple Assembly of God will participate in "Operation Saturation", a crash literature campaign of Assemblies of God youth throughout the United States.

Distribution of a tiny booklet entitled "Chicken" will be the major emphasis of the local youth. Each individual will present school friends and other young people with the challenging booklet.

The local youth group, known as Christ's Ambassadors will join a million teen-agers in the literature distribution campaign across the nation.

The booklet "Chicken" was written and used by the Rev. David Wilkerson, director of Teen-Age Evangelism, New York City. "Chicken" is being used among gang members in that city.

The local Christ's Ambassadors group has 40 members and meets each Sunday evening at 6:00 P.M. in the Youth Chapel at the Temple Assembly of God. Mr. L. C. Ray is the president, and Rev. Nelson E. White is pastor.

Former Sportswriter For News Honored

A Clanton native who formerly wrote high school sports for the Chilton County News recently received a special honor for his work in athletics at Howard College in Birmingham.

Charles Wayne Atcheson, son of Rev. and Mrs. Hyman Atcheson, 210 10th St., was named a member of the H-Club at the growing Baptist college. The club is made up of students who have contributed outstandingly to the college's athletic program.

Atcheson, in his third year as Howard's sports publicist, was voted into the club at a time when no others were so honored:

Club members, mostly varsity athletes, chose Wayne "because of all the hard work he has done to make Howard's athletic program among the best known for small colleges in the South," H-Club president Paul Finch said.

Wayne Atcheson saw his byline over scores of stories in the News during his high school days and he was very instrumental in presenting—in the News—the first All-County football team in the history of Chilton County.

He was by no means confined to football in his writing ability and efforts, having written many other features for the News on baseball and basketball. He presented Clay Carroll to the public for the first time, and Carroll is now playing with the Braves, headed for big league baseball.

Wayne, a junior journalism major, is also in his third year as sports editor of The Crimson, Howard's student newspaper.

He was sports editor of the Howard annual his freshman year, and has worked on the staff of The Bullpup, the school directory.

A member of the Press Club he is also active in the Baptist Student Union at Howard.

While at Chilton County High School, Wayne was sports editor of the school paper and annual, and served as treasurer of his graduating class in 1960.

THE year 1962 will go down in history as one of much activity and change for Chilton County. It was an election year of great consequence in local politics; the County had one of the worst freezes in its history, with snow and ice abundant.

And late in the year, in December, near record lows in temperature were again recorded for several days.

SNOWBOUND IN JANUARY

The County and the entire State shivered under a blanket of ice and snow—the heaviest in many years—traffic was stopped and business was at a slow crawl. Moving about, either by foot or vehicle was extremely hazardous.

FEBRUARY BRINGS DREAM TO REALITY

On February 18, 1962, the Chilton County Courthouse was dedicated. This was an event long-awaited by many and the occasion saw many dignitaries, including the Governor, here for the ceremonies and open house.

MARCH FREEZE WADES INTO PEACHES

A late freeze in March threatened Chilton's economy by doing damage to the number one money crop—King Peach. Estimates of loss at the time were as high as 50 percent of the total crop and things looked pretty gloomy for some growers. A few, however, came through the freeze with a good crop and some cash was made on peaches in '62.

LANDMARK RAZED IN APRIL; DEATH ON COOSA

In April, the old courthouse building,a landmark for decades, was torn down to make room for progress. The Chilton County Rescue Squad endured the longest search for bodies in their history when prominent businessman from Montgomery, Joseph Hughes and a companion drowned in the Coosa River. In April also we saw the Methodists in Clanton complete plans for a new educational building. Constructed by the local firm of Patterson and Alred, it is now near completion. This month in '62 saw the Jaycees sponsor the Teenage Driving Road-E-O and they were successful in starting a new Club at Calera.

PRIMARY ELECTIONS TAKE MAY SPOTLIGHT

In the first May Primary Election, a record vote was cast in Chilton County and George Wallace lead the Governor's race here by a large margin. Sheriff Hugh Champion and Supt. of Education Gordon Conway went in on the first voting, without a runoff; interest was unusually high in local elections.

A "Frozen Peach" market was more promising than ever and strenuous efforts failed to demoralize the Board of Education. Armistead Selden lead the ticket in Chilton's 2nd Primary Election and the Peach was given its annual tribute during the Peach Festival of May 31st and June 1st.

PEACH PILOT PROJECT IN JUNE BRINGS HOPE

The same month that Miss Rebecca Bentley was crowned 1962 Peach Queen, a Peach Pilot Project was formed for developing a better market for Chilton's Number One crop. The U. S. Department of Agriculture offered to buy a portion of the 1962 peach crop to boost economy of a lagging market. Colyn Moatts was Chilton's representative to Boys' State.

NEW PRINCIPAL; NEW BANK; RE-I.D. PASSED

Curtis Smith was appointed as principal of Isabella High School in July and the Class of 1932, CCHS, held a memorable reunion. Camp Calawow for young boys and girls was dedicated on the Fourth of July and the old CCHS was named in honor of the beloved Henry M. Adair.

The Bank of Thorsby completed plans for remodeling the old Rebel Cafe building for new facilities and latest word is that they will move in right away.

The Reidentification Bill was passed and put into effect and Richard Muncher was chosen as "Jaycee of The Year". Another local personality, Don Fullen was commended for saving the life of Doris K. Ray, of Bessemer, who nearly drowned in the Coosa River.

AUGUST: HOT. BUT ACTIVE IN 1962

The formation of a Peach Processing Program was a highlight of August 1962, and $5 thousand was raised by the Chamber of Commerce and local businessmen for peach research. George Smith and E. R. Yeargan were elected to head the Democratic Executive Committee in Chilton andthe crowded voting boxes in the County were split to ease the work during the General Election in November.

A young boy, Samuel Jones, 7, was electrocuted at a well while getting a drink of water and Rebecca was honored again, being chosen Chilton County Maid of Cotton during the festivities of the annual County Fair. The Flying Wades increased their number to eight, adding the youngest of the clan, Cecil to their family of licensed pilots. A spectacular mid-day fire flattened the big barn at the Quick Freeze plant in Clanton with some dazzling teamwork displayed by the volunteer firemen and finally, to top off the activities of the Summer—schools opened wide their doors for Chilton's youngsters.

VARIETY IS KEYNOTE OF SEPTEMBER 1962

Miss Joy Adams was chosen as the '62 Dairy Maid and the organization of the Young Democrats and the Democratic Women were speard in the news. Football season got underway and the Board of Revenue and Control proclaimed the fact that paved roads in Chilton County were at an unequaled all-time high. Crop insurance was offered to Chilton farmers for the first time and another first: a Concert Series was organized in Clanton with the Rev. Hal Bray serving as President. The Series brought the American Folk Trio to town—hailed as a success—and will feature another group of artists in February of 1963.

VIOLENCE AND ACTION MARK OCTOBER

The "bright blue weather" was slow coming in 1962 and the month was marred with violent happenings. A train was derailed on the L&N line south of Verbena spilling some 30 cars and their contents of grain along the tracks. Three persons escaped jail in Clanton—the first from the newly erected building. And once again Rebecca Bentley was honored by being chosen State Maid of Cotton. Real Rodeo came to town, sponsored by the local Shriners and three Chilton schools—involving some 116 pupils—were consolidated into the other schools in the County to help draw the pursestrings a bit tighter. The Federal Housing Project nears completion and Senator Lister Hill comes to town.

NOVEMBER SEES DEMOS HOLD LOCAL GROUND

Chilton County Democrats took all County offices in the General Election, having opposition by Republicans in three of them for the first time in some 20 years. Republican Jim Martin lead Democrat Hill in the Senate race by 77 votes county-wide. The local Life Underwriters were successful in observing National Life Insurance Week; and the famed Civil War "General" puffed into Chilton to delight the school kids with it's colorful history.

Tragedy struck a double blow when well-known businessman Troy Maddox was killed in a train-car wreck while he was enroute to his father's funeral. The Girl Scouts were finally organized in Clanton and Thanksgiving came, peaceful and fulfilling to Chilton County folk. F. E. (Mutt) Wray was chosen "Kiwanian of The Year".

AND DECEMBER BROUGHT ST. NICK

The Post Office in Clanton received, as a Christmas "gift", a "three wheeler" for better delivery service to patrons and cold weather fell upon the scene with a bang. Temperatures were recorded at one degree above zero even before Winter officially arrived. And along with the freezing temperatures and bursted water pipes—came Santa Claus, in the annual Jaycee Christmas Parade.

The local firm of Patterson-Alred contracted to build the addition to the Clanton Nursing Home, to be dedicated in honor of the late Dr. C. O. Lawrence, beloved physician who died earlier in the year.

AND WHAT OF THE NEW YEAR

Well, the first day of 1963 brought Blackeye Peas, salt pork and corn bread to most of Chilton County; along with the promise of a bright new year in which accomplishments can be made and a future brightened for a new generation.

HAPPY NEW YEAR!

New Bell Building In Clanton For 1963

Dial In Clanton By 1964

NEARLY $37 million is scheduled to be spent in 1963 by Southern Bell Telephone Company for the improvement and expansion of telephone service in Alabama, according to Lee M. Comer, local telephone manager.

Included in this expenditure is an appropriation of $144,000 for a new telephone building for Clanton. This building is scheduled for construction during the latter part of 1963, according to Comer, and will house the new dial telephone office for Clanton.

Comer said that an additional $700,000 will be spent during 1964 for the installation of the new dial equipment and associated outside plant facilities. He estimated that this major project will be completed during the latter part of 1964, thus enabling Clanton telephone subscribers to dial their own local calls as well as long distance calls to most points in the United States.

In making known the 1963 expansion plans for the state, Frank Newton, vice-president and general manager of Southern Bell in Alabama, said "The $37 million we plan to spend during 1963 illustrates our confidence in Alabama's continued growth and prosperity. We are proceeding confidently with this multi-million dollar investment to give Alabama telephone customers the newest and best in communication services."

A large portion of this money will be spent to construct new facilities to keep pace with the demands in the Company's 93 exchanges in the state.

HOUSING PROJECTS OPEN TO PUBLIC

THE Housing Authority of the City of Clanton is presently holding Open House at the two low-rent Housing Projects in the City. All interested parties are invited to come by, either of the projects and see how nice these units are.

The units will be open from 8:00 A.M. until 5:00 P.M. beginning January 2, 1963 and running through January 7, 1963. Signs will be erected at the two projects designating the open units.

March of Dimes Scientists Find Armadillo Helpful in Twin Study

An oddball research animal that looks like a cross between an anteater and an armored tank is causing scientists to wonder if "identical" human twins are so identical after all.

The nine-banded armadillo, which is a native of Texas and points south, has several child-bearing characteristics that are similar to those of humans.

Dr. Kurt Benirschke, March of Dimes grantee at Dartmouth Medical College, Hanover, N. H., studies the strange-looking armadillo.

For this reason, Dr. Kurt Benirschke and colleagues at Dartmouth Medical College, Hanover, N. H., are using armadillos for studies of pregnancy and birth defects under a National Foundation-March of Dimes research grant.

It takes about the same length of time—nine months—for baby armadillos or baby humans to develop in the womb. And in both species, the placentas are structurally similar.

But a quirk of nature has made this odd mammal even more useful for medical research. It always has a litter of four. The four baby armadillos come from the same egg and are therefore always of the same sex.

What has this to do with human twins?

For years, scientists have believed that identical twins—those who develop through division of the same egg—are exactly alike down to the very last gene. They've assumed that it was this genetic similarity that permits successful transplants of skin or of organs between identical twins.

If this theory were wholly correct, it should be easy to exchange skin grafts between identical young of the same armadillo litter since they all came from a single egg.

But Dr. Benirschke and his associates, Dr. Alastaire H. Imre and Dr. John Anderson, have found that such grafts often fail to "take."

This paradox has led them to suspect that the answer to graft tolerance cannot be found solely in genetic makeup. The March of Dimes researchers think the key may lie, at least in part, in the relationship of the embryo to the placenta — the material which nourishes the unborn infant.

Each armadillo quadruplet has its own isolated segment of placenta. This means that each gets a slightly different supply of nutrients, hormones and blood elements. While such differences are minute, they may be just enough to individualize each animal's development so he won't accept grafts and transplants from his own littermate.

Human twins, on the other hand, sometimes share a common placenta—each getting exactly the same nutrients for development. Thus they become favorable candidates for any necessary organ exchange or skin graft in later life.

If graft acceptance in twins is related to their sharing—or not sharing — the same placenta, some other puzzles of pregnancy may also be a little closer to solution.

Why, for example, doesn't a pregnant animal "reject" its own embryo, which is actually a "foreign" substance made up of cells quite different from her own?

Or does she, in some instances? Could such a reaction lead to spontaneous abortion or a defect in the offspring?

Or could it be that the exchange of substances through the placenta permits the mother to "accept" the embryo?

Does this exchange also make it possible for some mothers and children to tolerate each other's skin or organ grafts later in life?

These are questions which have stumped scientists for many years. The answers, though still to come, may throw a bright new light on many problems of pregnancy, the causes of certain birth defects, and the success or failure of organ transplants.

And it may be one of the nature's more incredible creatures — dasypus novemcinctus (known familiarly as Mrs. Armadillo) — who will help turn the switch on this lamp of knowledge.

"The only thing necessary for the triumph of evil; is that good men -- do nothing!"

The New Year--

ANOTHER year has dawned. This is the Third day of what could be the brightest, most prosperous (we don't mean wealth), and most rewarding year of your life.

We here at the News certainly hope that this is the case.

On this eve of a new, and better way of life, have you stopped to consider improvements in your living habits that can be made and those which would help the new year be a brighter and more meaningful one for you? If you have not, then you needn't expect anything different from life, than you have had in the past.

To make a better world, we must first be better ourselves. Good will toward men does not begin on the battlefields of Viet Nam; or the conference tables of Berlin and Cuba — it begins with you! You must be willing to sacrifice for others; to help instead of hinder; and to practice those things which you preach "would be good for the world.

The Golden Rule applied is the only first step to be taken toward a better world and better society for our children. It must be applied on your level of living or it is just so much Biblical philosophy confined to the pages of the Book of the Ages.

The New Year can mean much personally, only if you accept the challenge—personally!

And the challenge is: Am I willing to be a better person, fundamentally, basically, in order to enjoy a better world and a richer life?

HAPPY NEW YEAR!

"Just One More"--

RETAIL Sales in Clanton the last two weeks before Christmas surely must have been at an all-time high. We have never seen so many people, in so many stores, buying so much (and in such a hurry). The Christmas Spirit of giving fell upon the scene in Chilton County with tremendous force, and it looked like every mother, son, and daughter were digging a little deeper to buy a gift for "just one more".

It made a lot of merchants delirious, in spite of themselves and no doubt gave quite a shot in the elbow to the local economy for this period, but it sure shot blue lightnin' through, into and over a lot of next year's budgets!

When it came to spending this Christmas, most folks said: "moderation is a fool's paradise"! Wonder what they're saying in January?

Bad Weather Saved Lives--

THE papers said that bad weather saved many lives over the holidays by keeping people off the highways. If that is not a clear case of the Good Lord looking out for us, then we don't know what to call it! If it had been pretty weather through Christmas, more people would have gone out and killed themselves.

Yesterday's 'Waste'--

FELLOW was telling us Tuesday, how the Transcontinental Pipe Line station at Billingsley was actually using the exhaust from steam generators to produce more power. In other words, instead of wasting the 'waste', they are putting it to still further use. Reminds us of the custom practiced up until a few years ago of burning gas from coal mines—the very product we are talking about—in an open flame above the ground (the same over oil wells) because they had no use for the gas. They had to get rid of it to get to the oil or the coal, so they burned it up. And today, look at the things this same "waste product" of yesterday, is doing for us.

The potential of the universe—in offering man useful products, is amazing—man has a long long way to go in understanding. Time marches on, however; and yesterday's waste material is today's raw material for a richer, more productive way of life.

There Aughta Be A Law!--

DURING the Christmas holidays, we read daily, the number of persons killed and maimed in highway mishaps. At the end of the holidays, the total was a terrible one to behold.

Now, as this is written, they are making the same predictions about the New Year holiday long weekend. Record numbers of citizens are being slaughtered on our super-duper highways and turnpikes and, as a whole, the community is doing nothing to stop this waste of human life!

It is time that Alabama and Chilton County (although Chilton County did not report a traffic death over the Christmas holidays) came to their senses and did something about the wasted blood and life on our highways.

FOR A START:

Some states have periodic checks of automobiles and require standard safety equipment on automobiles to be in good shape. If the auto does not check out, it is not approved and it is unlawful to drive it until necessary equipment repair brings it up to the minimum standard of safety.

This would save some lives in Alabama.

The State of Alabama should establish, and rigidly enforce, without exception, laws which would drastically punish persons driving under the influence of alcohol. These laws should be iron-clad and enforced to the hilt.

This would save some lives on our highways.

We as much as anyone, would not welcome the inconvenience of it but Alabama and Chilton County; should be more particular in choosing persons who are qualified to obtain a driver's license. And once a driver's license has been issued, there shoull be a five-year limit on it, so that the holder of same would have to prove — every five years — that he or she is still qualified to handle a motor vehicle on the highways of this State.

This would save some lives in Alabama.

None of us likes to be regimented; but what else are we to do, to keep ourselves from slaughtering each other on the highways?

Pleading and begging and appealing doesn't seem to help! Through the columns of this newspaper, we are forever asking folks to drive more carefully, to yield the right-of-way, etc., and the Highway Patrol and hundreds of newspapers, radio stations ,etc. do the same. But we go right on with the terrible slaughter!

Whether it puts you out or not; we must have more rigid rules, and enforcement of those rules, for our motoring public. Hundreds of lives a year is too much a price to pay for carelessness. We must establish laws, and enforce them with a passion if we are to stop the unreasonable and unthinkable killing on the roads of this State!

Here's To Ya'--

WE have never seen anything take on an air of importance and class, as does the lowly Blackeye Pea on New Year's Day around these parts. It isn't superstition — it's tradition, and any self-respecting family would be ostracized and ridiculed if they did not participate in the Feast of the Pea! And like they say: If you haven't tried it; don't knock it!

A Good Resolution--

UPON continuous observance of our garbage cans at home, we get the feeling that the Sanitation Department didn't get our message earlier in the year when we requested that they go a little easier on the containers which we bought and paid for at their request.

We speak more for human nature than for ourselves personally, when we predict that it is going to be a bit more difficult the second time 'round to persuade us to observe the rules when the 'red sticker' is applied to our containers.

If, within the next few months, our garbage cans become unserviceable, it will be largely due to the rough handling by the gentlemen who empty them. And we will most likely frown upon the prospect of buying them some new ones to toss around.

We are not going into the trials and tribulations of collecting garbage — not now, anyway! They are either going to have to be more gentle with said container or someone is going to have to build a better garbage can.

We'll play the Garbage Game by their rules, providing they practice what they preach and use the same book. Collecting garbage is no snap; but then, neither is buying expensive new garbage cans.

A New Year's resolution is in order fellows: We promise to have some; if you promise not to mutilate them!

IT NEVER FAILS

ABUNDANT LIFE

by ORAL ROBERTS

THE LOVE IN YOUR LIFE

There is a fruit in Africa called the "taste berry." It is called the taste berry because it changes a person's taste so that everything eaten for hours afterwards tastes sweet and pleasant. Even sour fruit eaten several hours later becomes sweet and delicious.

Love is the taste berry of Christianity—love for others and love for God. Love conquers defeat. Love sweetens the bitter. Love endures.

It enables us to show a Christian attitude no matter what situation confronts us, to show kindness rather than harshness. With the taste berry of love in our lives, sorrow is turned into joy, weakness into strength, and discouragement into confidence and hope. The love of God sustains us in the sunshine and in the shadows of life.

The love of God is the strongest, most unselfish, most constant power in the world. In time of sorrow or in time of joy, His love remains firm and strong.

This love reached its highest degree of perfection when God showed a sinful, burdened world just how much He cared by giving His only Son, Jesus Christ, to die on the cross of Calvary. No greater token of His love could be given than His beloved Son.

Many people think of love as a weak, passive thing, but actually it is a positive, powerful, motivating force in human lives. We feel the glow of its force on the inside and see the beauty of its touch on the outside. Love conquers. Love sweetens. Love never fails. Love is a cure for many things—heartache, bitterness, hatred, confusion, misunderstanding.

If a person is shown love and kindness, he reflects warmth and friendship. If he is met by hatefulness and disrespect, the same feelings rebound from his heart toward others.

David could have killed King Saul when he found the king sleeping in a cave. Instead, David cut off only a piece of Saul's robe and spared his life. By showing mercy and love, David softened Saul's heart. Saul lifted up his voice and wept, saying: "Thou hast rewarded me good, whereas I have rewarded thee evil" (1 Samuel 24:17).

Christ teaches us to turn the other cheek, to render good for evil and to pray for those who despitefully use us. His way is the way of love.

Monroe Says Liberty National Had "One Of Best"

"LIBERTY National Life Insurance Co. has completed one of the most successful years in its 62-year history," company local District Manager E. S. Monroe reported this week.

"Liberty National Directors have voted to recommend to stockholders a 25 percent stock dividend to be distributed in the spring of 1963," Monroe stated. "This dividend is contingent upon approval of the stockholders at their annual meeting next February, he added.

Monroe, who has returned from the company's annual Managers' Meeting in Birmingham, pointed out that Company President, Frank P. Samford, Jr., had told the more than 90 managers present that "It now appears that 1962 will be one of the most successful years in the 62-year history of our Company and that life insurance in force by the end of the year will exceed $2.4 illion."

Creation of seven new district ffices in 1962 was also reported t the meeting; four on the West Coast and three in the South.

Q. I began getting social security payments a year ago. I am still running my small store, but I am now earning less than $1200 a year. I was told by a friend that after I started getting social security, I did not have to pay any self-employment tax. Is this right?

A. No. If you clear $400 or more from your business, you must pay your social security tax.

Q. I was in an automobile accident in May 1961, and was permanently paralyzed. I am 27 years old and was told by a friend that I could not get social security disability checks because I am too young. Is this correct?

A. No. Even though you are only 27 you can get disability payments if you worked under social security for at least 5 out of the 10 years before you became disabled and are so disabled that you cannot do any substantial gainful work.

Q. I know that if I live thirty-odd more years I can begin to get social security benefits. Is this the only protection my social security tax dollar is buying?

A. No. Retirement payments are only one part of the protection you are buying. You also get protection against total disability and your family is protected if you die.

Q. How often should I check up on my social security account?

A. Check every three years.

Q. Why must I check my record every three years?

A. If you check your account, you can make sure all your earnings are reported correctly. This is especially important if you have more than one employer in the course of a year. This protects your benefit rights. The earlier we find out about a correction that needs to be made, the easier it is to make.

Q. How can I make sure all my earnings have been credited to my account?

A. Check your W-2 forms and pay stubs. Keep good records and check your social security account once every three years. We have a post card form that you can use just for this purpose. It's called Form 7004. All you do is fill it out and mail it in. In a few weeks you get a record of the earnings reported to your social security account.

Q. What should I do if I find my record is wrong?

A. Go to the nearest social security office. Take your W-2 statement or pay stubs from your employer and the folks there will help you get your record corrected.

SON Ben started off to Sunday School last week and was writing the amount of his offering on his envelope. "Is that $1.00, Dad?" he asked. We told him it was. "I sure hope they don't think it's a hundred dollars," he said very much concerned. We didn't tell him, but the danger of that happening was about as remote as the bank cashier confusing our application for a loan with a deposit slip. . . very unlikely!

Old St. Nick, who's full of tricks,
Has come and gone once more,
And toys for girls and toys for boys,
Are strewn all 'round upon the floor.
Santa Claus, the good old guy,
Has made his annual trek.
And bills by Mom. and debts for Dad,
Are scattered right up to our neck!
Kris Kringle is a Jolly Elf,
But after this year's plunge;
We'll bet if he received our bills,
He'd jolly well throw in the sponge!

GRESHAM Smith said he went bird hunting! "I shot 15 shots and killed three birds!" When his listeners looked a bit disappointed, he exclaimed: "I'm makingsome improvement — I used to go and shoot up 15 boxes of shells and not kill a dadburn thing but time!" We'll agree — he's improving!

AND speaking of hunting (we said hunting, not 'bagging') Dick Hayes, an avid sportsman said "Hunting in a large field with a few hunters was as hard to get the birds to fly as trying to get John F. Kennedy to say "no" to his kid brother!

IF you didn't see most of your old acquaintances and old friends over the holidays, you missed a good chance; they sure seemed to be home in plentiful number. From all corners of the globe they come; to see old friends and feel at home!

THEY say it's a small world and evidences to that fact are always popping up in the strangest places. Our sister and her brood have made it their life's work to see the U.S.A. (and most of it was in a Chevrolet, by the way) from stem to stern and from fore to aft. (We use those nautical terms in honor of their chosen profession which is Navy, and that's spelled with a capital "N" if you please. Anyway she and her six are in California helping to populate it in its bid for statehood, and the Master of the family L. R. West, is in (get this now) New York State. That's carrying state rivalry a bit to the extreme. Anyway, that's the way the Navy does it. But to the point: Sis took her number four son to the doc on the base in California and who was the Doc? Nope,; it was Dr. Myron A. Levine, who is serving his time out with Uncle Sam and he and his wife and newborn son are stationed at the same place as our sister and her family! Now, we repeat: isn't it a small world?

We would have told you the name of the place but we can't spell it, can't find it on the map, and every time we ask somebody. they look at us like we were inquiring about the Acropolis or the Taj Mahal. You know, we'll bet it's pretty hard for the Navy to find places to stick folks where nobody can find them!

Mrs. Williams Entertains At Gala Christmas Party

ONE of the loveliest pre-Christmas social events of the Season, was in the home of Mr. and Mrs. R. C. Williams on Saturday, December 15, when Mrs. Williams, with her two lovely daughters, Misses Lynn and Faye Williams, entertained with an informal coffee.

The Williams home was never more beautiful than on this occasion. The decorations depicted the Yule Season. In the front yard the lamp post was decorated with a large bow of red ribbon with greenery. A welcome mat with "Merry Christmas" was on the front terrace.

The front door with ding dong bells in green with a gold colored pull cord was very unique.

The guests were greeted at the door by Mrs. Omar Reynolds and Mrs. Joseph J. Mullins. In the receiving line were Mrs. Williams and her two daughters. They were wearing dresses of red, carrying out the color of the occasion.

The living room was adorned with red carnations and holly at vantage places. On the mantle were sprays of evergreen and centered with a Madonna in a shadow box. The dining table was covered with an imported linen cutwork cloth and centered with a leatherleaf fern, holly and red carnations.

Alternating at the coffee service were: Mrs. Charles Moore, Mrs. Samuel E. Johnson, Mrs. C. C. Fiquette and Mrs James D Bell.

An attraction in the sun parlor was a large Christmas Tree decorated with twinkling lights, handmade birds and clusters of grapes.

As the guests toured the home they observed the miniature tree in the hall in red and green; another tree in a bed room was white, trimmed with blue balls.

In the sun room, Mrs. L. G. Nichols served shrimp mold.

The guests departed through the den, and patio where a water fountain with ice cicles were hanging and a tree with snowballs. Santa Claus hurricane lamps on the walk were an added attraction.

Others assisting with the hostess courtesies were: Mesdames Harold Lawrence, Joe Moore, Morgan Reynolds, Ed Mullins, M. L. Batson, Berber W. Farley, Joe Higgins, Clifford Jones, Crit Jones, J. C. Parr and Miss Lurline Harper.

There were many out-of-town guests along with the local people who attended this lovely affair.

THORSBY NEWS

By Estelle Hayes

The Methodist Ladies packed baskets for the shut-ins for Christmas. Mrs. Susie Benson feels she was wonderfully blessed by the folks remembering her at Christmas and the Thorsby and Collins Chapel Baptists at Thanksgiving. She says 'thanks'.

LOWERY'S CELEBRATE GOLDEN ANNIVERSARY

Mr. .and Mrs. L. H. Lowery celebrated their Golden Wedding Anniversary Sunday, Dec 23rd very quietly with the family.

LUTHERAN LADIES AID MET

The Annual Christmas Party of the Lutheran Ladies Aid was held at the home of Mrs. Loyd Howard December 21st. The Howard Home was beautifully decorated with red berried Holly, Poinsettia, fern and Magnolia leaves. A Santa Claus and Holly was in the entrance where the guests were greeted. The table was covered with a red linen cloth with silver candleholders. The table which held the refreshments was food from each members which each lady was famous for.

IT'S A GIRL

Mr. and Mrs. Johnny Dennis (nee Sarah Nell Mizell) of Joliet, Ill., announce the birth of a 8 pound baby girl, Trena Lynn, on December 19th. This is the second child for the Dennises. They have a little two-year-old boy, whose name is John Aron.

Mr. and Mrs. Grover Bice enjoyed having with them their children and their families on Christmas Eve for dinner and a Christmas Tree.

Mr. and Mrs. H. L. Collins and children Michael and Kitty Lynn of Birmingham, Mr. and Mrs. Carl McDowell and son Carl Jr. of Clanton. The Christmas music was furnished by Carl Jr. McDowell on an electric pipe organ and the families joined together in singing Carols. The little daughter of H. L's. Lynn, recited the entire poem "The Night Before Christmas". She is four-years old.

This was a happy occasion for the Bice family.

Mr. and Mrs. S. M. Pate enjoyed having with them their children, Wednesday, December 26: Mr. and Mrs. Ralph Pate, Mr. and Mrs. George Walter Pate, Mr. and Mrs. Sammie Pate and Connie Mac, who arrived in Birmingham Monday, bringing with him his new wife and his discharge from the Navy. He has just returned from Guam, and this was a large part of the Pate's Christmas this year.

Just talking to Mr. S. M. Pate and he says the new bank of Thorsby is looking fine. New fixtures are coming in and we should soon have a new bank building serving us.

DOUBLE BIRTHDAY PARTY ENJOYED

Mrs. Edna Robinson, Mrs. Lera Hayes were hostesses at a birthday celebration honoring their daughters DeLovce Robinson and Debbie Aldridge Saturday at the home of Mrs. Edna Robinson. The house was decorated in the Christmas colors and balloons were given as favors. All kinds Christmas goodies and of course the birthday cake were enjoyed by the youngsters who attended this Yuletide treat.

Mrs. Ethyl Colilns, Charles and Vernon Collins were called to Madison. Indiana to be with her daughter and their sister, Rosa Lee Collins Day, who suffered a heart attack. Her mother, Mrs. Ethyl Collins remained with her until she is better.

The Hayes family spent Sunday with Mr. and Mrs. Wilbert Marcus. It was Mr. Marcuses birthday and they all helped him to celebrate the occasion.

Mr. Doyle Marcus of Kennedy Alabama spent Christmas Day with his brother, Wilbert Marcus.

Saturday afternoon guests of the David Vineses were Mr. and Mrs. F. E. Dunn and granddaughter, Little Bobbie Cofer of Bessemer. Sunday afternoon guests were also the Luther Vineses of Montgomery and Mrs. Agnes Mims of Mt. Carmel Community.

WMU QUARTERLY MEETING JANUARY 9TH

On Wednesday, January 9th at 10 O'clock A.M. the WMU Quarterly Meeting of Chilton-Unity Baptist will be held at the Thorsby Baptist Church. All ladies of the church are urged to attend this meeting and bring a covered dish for lunch.

NEWS OF– REFUGE

Rev. M. Lockhart, pastor

Our Christmas program and other services during the holidays were just fine. We had several visitors that we were glad to have and cordially invite them back again.

A wedding of much interest in this community took place on Christmas Eve was that of Barney Richard Headley and Martha Sue Edgeworth. The wedding was at the home of the bride, Mr. and Mrs. C. U. Edgeworth, and was officiated over by the Rev. M. Lockhart. They will make their home in this community on Higgins Ferry Road. A miscellaneous shower wil lbe given at the home of the new couple this Saturday night, January 5th. You can feel free to have any part so desired.

A baby boy was born to Mr. and Mrs. Kenneth Messer in a Andalusia Hospital last Friday, December 28th. The baby weighed 7½ pounds. Both mother and baby are doing fine.

A new class for Young Married People was organized here last Sunday, both in the Sunday School & Training Union. There were five couples present, and we will be looking for more soon. The Rev. Stanley Lockhart was elected Sunday School teacher and Mrs. Martha Lockhart was elected leader for the Young Married Group in the Training Union. Great interest was shown by the young men and their wives, which will prove to be a great blessing to our church.

Mr. J. S. Easterling is home from a Selma hospital and improving nicely.

There will be a working at the church this Saturday morning. January 5th for the purpose of cleaning both the church and grounds. Come one and all and bring tools to work with and let's enjoy the work and fellowship together.

Sunday is regular preaching day. Come and bring the whole family.

NEWS OF– Samaria

Don Graham, Pastor

Last Thursday night the entire church membership was invitel to the church to have fellowship and give their Christmas present to the church. (That was December 20th). There was a supper afterwards. Everyone really found himself in the Spirit of Christmas.

On Saturday night the Young People and Intermediates of the church had a hayride and a Carol Sing. They visited those who were ill and shut-in in the community. Afterward, they returned to the church where they had cocoa and doughnuts.

We want to remind you of the [illegible] Bible Study. We will hold it the week of January 21. [illegible] will be held in the [illegible] Matthew. We invite you to attend.

Wednesday night, after choir practice, we will have refreshments.

Our Visitation Program is still in full force. Make your plans to come at 6:30 every Thursday night.

We hope that the Christmas Spirit filled your house and the grace of our Lord made your Christmas complete.

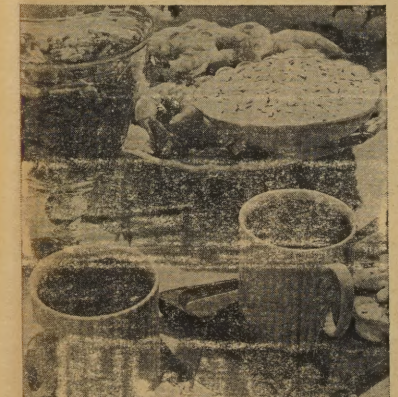
Canned Dry Soup Mix Makes Tempting Dip



Appetizers in the living room make an excellent first course for a company dinner. While the hostess takes care of the last minute kitchen details, guests can relax and enjoy pleasant chatter.

Dips, gay and festive, are perfect appetizers. And here to give you a helping hand in making tasty dips are the new canned dry soup mixes. Each little can of soup mix contributes big dividends . . . ease of preparation and flavor plus it takes up so little space on the pantry shelf.

With the holidays at hand you'll want to clip and save this recipe for

Creamy Caper Dip

1 can (1⅝ ounces) onion dry soup mix
2 cups (1 pint) dairy sour cream
2 tablespoons capers
2 teaspoons chopped chives
Few drops Tabasco

Gently combine all ingredients. Chill. Makes about 2 cups dip.

When serving time arrives arrange cooked and chilled jumbo shrimp around a bowl of this delicious dip for dunking. To go along mugs of chilled V-8 juice. Include, too a jar of mixed nibbles . . . pretzel sticks, cereal tidbits, and salted peanuts, heated until crisp in a garlic and celery-salt seasoned butter.

Here's another tempting dip.

Cucumber Onion Dip

1 can (1⅝ ounces) onion dry soup mix
2 cups (1 pint) dairy sour cream
1 cup grated cucumber
¼ teaspoon Worcestershire

Gently combine all ingredients. Chill. Makes about 3 cups dip.

DELTA KAPPA GAMMA HOLDS YULE BANQUET

One of the most anticipated events in the local Delta Kappa Gamma calendar for the year is the annual Christmas banquet held this year the Friday evening before Christmas at Bob's Cafe.

Enjoying this occasion were members and their guests. State Superintendent of Education W. A. LeCroy and Mrs. LeCroy, County Superintendent Gordon Conway and Mrs. Conway, and Mrs. Ruth O'Kelly, supervisor of instruction in Jefferson County, were among the distinguished guests present.

Using the colors of the organization, the speaker's table was appropriately decorated with red candles in gold candleabra. Arrangements of Christmas balls in hurricane lamps in beds of boxwood were placed on the other tables. Adding to the festive atmosphere was the playing of early English carols throughout the dinner hour.

Presiding was Mrs. Marguerite Thornton, chapter president. In charge of the decorations and banquet arrangements were Mrs. Mamie Deramus, Mrs. Frances Fort, Mrs. Millicent Heflin. and Mrs. Mary Louise Wilkins. Hostesses were Mrs. Martha Alice Cowan and Mrs. Elizabeth Day.

Mrs. Laura Little introduced the Speaker, Mrs. Ruth O'Kelly, distinguished state educator, who gave a provocative address on the subject. "Challenging Women in a Changing Social World."

The evening closed with the group singing "Silent Night".

Butler - Horne Vows Said Dec. 22nd

Woodlawn Christian Church, Birmingham. was the scene aa 8:00 P.M., Saturday, December 22, of the wedding of Miss Peggy Yvonne Horne and Ted W. Butler.

By candlelight the Dr. W. Landon Miller and Rev. E. T. Carroll, Jr. officiated in a double ring ceremony.

Parents of the couple are Mr. and Mrs. Otha Lee Horne of Montevallo, and Mr. and Mrs. George W. Butler of Birmingham.

The church was decorated with gladiolas, white mums centered with red carnations, ferns, palms and candlelight. Southern smilax entwined the arch which was centered with white Poinsettias.

Mr. and Mrs. Harry Wade and Mrs. Dot Tidwell alternated in presenting a program of nuptial music. Mr. and Mrs. Wade sang "I Love You Truly" and the "Wedding Benediction", as a benediction while the couple knelt at the altar.

Ushers were Ralph E. Marcus of Montevallo, Morris Sanders of Atlanta, Georgia, and Eddie Vanderburg of Birmingham. Tippy Carroll of Birmingham served as ring bearer.

The bride was given in marriage by her father. She was lovely in her floor length gown of Chantilly lace and silk organza over taffeta. The front of the skirt was covered with lace which had an apron effect coming to a point at each side. The scalloped neckline was bordered with seed pearls and sequins. The dress had long lace sleeves which came to a point over the hand.

The bride wore a fingertip veil of imported pure silk illusion crowned with a tiara of seed pearls and sequins. .

She carried a bouquet of white feathered carnations centered with a white orchid surrounded with net. It was centered over a white lace covered Bible with long white satin streamers.

Mrs. Betty Marcus served her sister as Matron of Honor. Miss Carolyn Horne, sister of the bride and Miss Sue Butler, sister of the groom, and Miss Barbara Bowling of Birmingham, served as Bridesmaids. Little Miss Misty Baily of Birmingham was the flower girl.

Mr. George W. Butler served his son as best man.

The bride's mother was attired in a dress of navy blue lace over taffeta with matching accessories. Her corsage was a white orchid. The mother of the groom wore a blue wool dress with matching accessories and her corsage was a white orchid.

Misses Linda and Sandra Porter of Clanton, registered the guests.

The wedding reception was held in the parlor of the church.

After the traditional cutting of the cake by the bride and groom, it was served by the ladies of the church.

The couple left for a wedding trip to New Orleans and now reside in Birmingham, Alabama.

For traveling, the bride wore a red dress with brown matching accessories.

Old-Fashioned Christmas Party At Davis Home

The Rev. and Mrs. Joe Davis of Stanton entertained their friends, December 17, with an "old-fashioned" Christmas Party.

The house was lighted with kerosene lamps and candles and was decorated with the season's colors. The hall was decked with holly. The Christmas Tree was beautiful with many gifts on display for exchange.

There were Christmas carols and music throughout the evening.

Refreshments were also served with a Yuletide flair and were delicious. The many guests reported a very nice time.

EATING IN SPACE

National Winners of the 800,000-member 4-H Foods-Nutrition Awards Program study the problems of space feeding during the 41st National 4-H Club Congress in Chicago: (kneeling) Judith Taylor, 16, Alameda, New Mexico; (seated) Karen DeGood, 17, St. Francis, Kans.; Jaynee Murphy, 17, Edmond, Okla.; and Anne Holdridge, 18, of Margaretville, N. Y., and (standing) Patty Fleming, 15, Fairhope, Ala.; and Jean Harris, 20, Plattsburg, Mo.

Each winner received a scholarship from General Foods Corporation, sponsor of the Foods-Nutrition program which is the largest in the history of the entire 4-H movement. A highlight of the winners' week-long expense-paid Chicago trip was receiving first-hand information on feeding in space from a leading nutritionist who has spent five years solving the feeding problems of U. S. astronauts.

A RETURN TO INDOORS . . . GIVE A TASTING PARTY

As the return to fall and winter living approaches, are your spirits cast down at saying a long goodbye to "summer, when the livin' is easy?" With just a little thought, your social life can be just as gay and lively as it was this summer.

Do as the Gourmets do! Give a Tasting Party. Need money for church, school, boy scouts or girl scouts? Call the fund-raising committee together, draw up an outline of your plans, and you're ready to start selling "Tickets for Tasting".

Everybody loves to show off their favorite salad dressing or experiment with new ones, so why not plan a Salad Dressing Tasting. Purchase a variety of vinegar, oils, herbs and cheeses. Prepare at least six different basic dressings. Let guests sample the various dressings and then top them off with the cheese of their choice . . . everyone loves Danish Blue.

Place bowls of different salad ingredients near the dressings: Tomato wedges, sliced cucumbers, torn bite-size pieces of lettuce.

At the conclusion of the Tasting, serve a good salad, plenty of warm home-made bread (use a frozen hot roll mix) a big bowl of softened creamed butter and an assortment of Danish Blue Cheese Balls. The richness of the Blue offers a hearty finale to the social occasion.

SKOAL! TO DANISH BLUE CHEESE BALLS:

1 pound Danish Blue Cheese
½ pound cream cheese
½ pound butter
¼ teaspoon Sesame seeds
Corn Flakes crumbs

Beat cheeses and butter in blender, until smooth and creamy. Add Sesame seeds. Drop by spoonfuls into bowl of crumbs. Shape into balls with hands. Cover and refrigerate for several hours.

When ready to serve, arrange Cheese Balls on a platter with marinated string beans on crisp greens, garnished with pimiento rings.

Pension Payments Hit Peak

In the last four years, Alabama has led the nation in percentage increase in old age pension benefits. Since late 1958, monthly payments have jumped almost 85 per cent in Alabama, with some 60,000 pensioners now receiving monthly benefits of $75 or more, as this photograph illustrates. Shown with Gov. John Patterson, at left, is Alvin T. Prestwood of Montgomery, commissioner of the State Department of Pensions and Security. All pensioners are now eligible for up to 30 days' free medical care each year and those confined to first-class nursing homes can draw as much as $175 monthly.

Two Survivors Of Bataan Death March, Together Again

ONLY 243 SURVIVE OUT OF 1619 PRISONERS

MAXWELL AFB, Ala.—Twenty-one years ago a hard working farm boy from Alabama and a lumberjack from Wisconsin fought and endured the blistering Japanese attack of December, 1941, and the infamous 75-mile Bataan Death March.

Today, both are hale and hearty students at Air University's Air War College. The two Air Force officers, Col. Jay B. Harrelson, from Crossville, Ala., and Col. Robert T. Jones, from Madison, Wisc., first met in June of 1941 as young pilots stationed at Nichols Field in the Philippine Islands.

After the attack on Pearl Harbor. Dec. 7, 1941, the Japanese bombed and strafed Nichols Field. When the first air raid alert sounded, Colonel Jones and another pilot grabbed their helmets and dashed for cover from the whistling, falling bombs. "We hit the ground and tried to crawl into our helmets," the colonel said.

Shrapnel blasted through the air and Colonel Jones stopped a bit of it over his left eye. Two planes were destroyed on the ground and several men were killed in a sandbag emplacement that received a direct hit during the first raid.

Colonel Harrelson saw his first actual evidence of war at 9 A.M. Monday, Dec. 8, when a P-40 landed at Nichols Field with a hole, "the size of a wash tub," in its left wing. "Those Japs are shooting to kill," the pilot told him.

The farm boy and the lumberjack flew missions out of Nichols Field until Christmas of 1941. They were assigned to duties on Bataan when the field lost all its aircraft. ..

BATAAN "MARCH"

On Bataan, Colonel Harrelson continued to fly combat missions against the Japanese in Philippine Air Force planes. Colonel Jones was assigned to front line infantry duty on Luzon.

In February, 1942, all pilots were pulled back to Air Corps Hq. on Bataan to be available for airlift or submarine pickup to Australia where war planes were waiting. The transportation never materialized and the pilots were put on beach defense.

On April 9, 1942, both were captured by the Japanese and were on the infamous 75 mile Bataan Death March. They were separated and never met again until after the war.

The first stop for Colonel Harrelson as a prisoner of war was Davao on Mindanao in the Philippines. From there he was returned to Manila and in June of 1944, he was shipped to Manchuria via Formosa and Japan. Of the 1,619 prisoners in his group, only 243 survived.

From Northern Luzon, Colonel Jones was shipped by the Japanese to a prison camp 150 miles north of Tokyo on Honshu, the main island of Japan, where he remained until the end of the war.

PHYSICAL FITNESS ALL THAT SAVED THEM

Both men credit their survival in prison camp to their physical fitness prior to their capture.

Colonel Harrelson and his wife Margaret, live at 3855 Marie Cook Drive in Montgomery with their children; Sandra 15, Chas. 14, Gywen 8, and Greg 7. The colonel was a student at Auburn University before the war.

Colonel Jones and his wife, Dorothy, live at 1751 Goode St., Montgomery with their children; Patricia 16, Linda 13, Malcolm 11, Douglas 10, Debra 9, and Brian 6. Colonel Jones attended the University of Wisconsin.

Both are Command Pilots in the Strategic Air Command.

In their current studies at the Air War College, commanded by Maj. Gen. Robert Taylor, III, the two Air Force officers are being prepared for high command and staff duties and are developing a sound understanding of the elements of national power.

Temple Bible Readers

Pictured above are 85 members of the Temple Assembly of God who read the Bible through during the year 1962. Following the direction of their pastor, Rev. Nelson E. White, these persons read three chapters a day and five on Sundays.

Included in the group are five complete families. Fathers of these families are T. J. Mims, L. C. Ray, Horace Burnette. William Mims, and Donald Mitchell. (News Photo by SCOTT)

NEWS OF—

MT. PLEASANT

Rev. Calvin Ray, pastor

Congratulations go out to Mr. and Mrs. James Melton, the proud parents of a baby girl born this past week.

Let's be much in prayer for R. C. McGee and Mr. Woodfin who are very seriously ill in Veterans' Hospital in Birmingham.

Our heartfelt sympathy goes out to these families: J. Reed Thompson, Mrs. John Sawyer, Mrs. Ivan Smith, Bethel E. Campbell and Emmett Blankenship, in the death of their loved ones over the holidays.

James Melton and children spent Sunday with the Punk Johnson's.

We were happy to have Mrs. Rita Littlejohn visit our church Sunday.

Several members of our church visited R. C. McGee in the hospital this week.

Mr. Sanford Cole and Floyd Cole are home from the hospital. We are happy to see them much improved and on the road to recovery.

We enjoyed the Christmas Tree and movie of the Story of Jesus.

Joe Lewis, who is in the Navy stationed in Korea. was home over the holidays visiting the Clint McGee's and other relatives and friends.

The Young Married People's report of a wonderful time had at the Tacky Party, is encouraging. The party was held at the Hammock home and James Harris won the "booby prize". There were 16 members enjoying this occasion.

We were happy to have the Patterson's visit our church the past Sunday and invite them back.

Happy New Year, y'all!

FOLKS and THINGS About Town by Ben

HAPPY New Year! That's an original line if we ever heard one.

JIM Suddeth is still enjoying the Chilton County News. Received a letter from Jim, who is a past administrator of C. C. Hospital. In his letter he tells me they are constructing a 252 bed, 3 million dollar Nursing Home. He and family are doing fine and he is enjoying his work. They are back in El Paso, Texas.

L. E. DIEFENDERFER has informed us that the City Council has agreed to pay operating expenses for the Chilton County Library for the coming year.

MR. and Mrs. C. B. Cox (Charlie) have been married 63 years this year. That's a long time for an old plug to stay hitched.

DOC and Rose Levine are in California. They went out to visit their new grandson. Dr. Myron Levine is on the General Staff at the Base Hospital at Pt. Mugu. He is in the Navy. They were to spend a month, but don't be surprised to see them operating the same ole stand any day!

DR: "You should take a hot bath before retiring".
Patient: "But Doc, I won't be retiring for ten years!"

INCIDENTALLY, Mr. and Mrs. L. E. Diefenderfer were married 50 years last week. Chilton County News wishes for both the Diefenderfer's and Coxes, a very prosperous and happy 1963!

IF the first months of 1963 are anything like the first days after Christmas, we can expect a very beautiful year, and being a natural-born optimist, we intend to do just that.

TALKED to Oliver Esco last Saturday and he was doing fine and very proud of being home again. Oliver was taken sick Sunday night and was taken to Chilton County Hospital. We hope it was merely a flare up of his old trouble and nothing to be alarmed about.

DURING the war in the Pacific, a young Yank pilot landed his plane on an aircraft carrier, dashed up to the bridge and, as he was pulling his life jacket off, recounted his day's work.

"What a day I had, skipper," he exclaimed. "Sunk a Jap cruiser, shot down seven Jap planes and left a Jap battleship listing!" As he finished pulling his jacket from over his eyes, he heard: "Velly good, Yank, but you make one velly bad mistake!"

George Wallace To Be Inaugurated Monday

From all sections of Alabama, George Wallace is choosing men of high calibre and integrity to serve in his Cabinet when he takes office as Governor.

All his appointees will take office at 12:01 A.M. on January 15, the same time George C. Wallace officially becomes the State's Chief Executive.

The Cabinet appointees to date are:

Two members of the ABC Board have been appointed. They are Milton Andrews, Chairman, a Birmingham bank executive and DeWitt Reams, a Mobile attorney.

CONSERVATION Department Director, Claude Kelley, Atmore businessman and long-time nationally-known conservationist.

STATE DOCKS Director, Houston Feaster, Mobile businessman, Navy veteran, World War II.

LEGAL Advisor, Cecil Jackson, Jr., Selma attorney.

EXECUTIVE Secretary, Earl Morgan, Birmingham attorney, a native of Cullman County.

PRESS Secretary, Bill Jones, Jasper businessman. Former newspaper reporter and editor. A native of Jackson County.

FINANCE Director, Seymore Trammell of Midway. Former Circuit Solicitor of the Third Judicial Circuit. Bullock County farmer, cattleman and cotton ginner.

HIGHWAY Department Director, Ed Rodgers of Montgomery, with over 40 years highway engineering experience. Former Highway Director under Governor Chauncey Sparks.

INDUSTRIAL Relations Director, Jack Giles, Huntsville attorney. Assistant Director will be Franklin H. Jones,of Montgomery.

LABOR Department Director, Arlis Fant, Bessemer Labor leader. His assistants will be T. B. Britt of Anniston and John T. Nichols of Birmingham.

PENSIONS and Security Commissioner, Ruben King, Alexander City attorney. Assistant Commissioner, Mrs. Dorothy Hitchcock of Montgomery.

PLANNING and Industrial Development Director, Leonard Beard, former Sheffield Mayor anl businessman. Assistant Director is Lt. Gen (Ret.) W. E. Todd of Wetumpka.

PUBLIC Safety Director, Al Lingo, Eufaula businessman, former Highway Patrol member. His assistant is C. W. (Bill) Russell of Crossville.

REVENUE Commissioner, Phil Hamm, Director of the George C. Wallace Trade School in Dothan, former Revenue Commissioner.

SELECTIVE Service Director, Lt. Col. Ralph Adams, attorney, former Inferior Court Judge in Tuscaloosa, and former State Insurance Superintendent under Governor Chauncey Sparks.

GEORGE WALLACE

GEORGE C. Wallace will be inaugurated Governor of the State of Alabama in ceremonies in the State Capitol next Monday, January 14th. He and his Cabinet (pictures on page 5), will take office at 12:01 A.M. on Tuesday, the 15th.

The Chilton County High School Band will be one of the bands from over the State which will march in the Inaugural Parade. The County Board of Revenue and Control will sponsor the trip for the Band.

Baptist Pastor's Confab To Be Held Saturday, 12th

The Pastor's Conference of the Chilton-Unity Baptist Association will meet Saturday, January 12. 2:00 P.M. at the First Baptist Church, Clanton, for the first meeting of the New Year. Rev. G. Homer Carroll, President, Rev. Louis Brasher, program Chairman, Rev. Neil Glausier, secretary, and co-workers, planned an interesting program, and extends a cordial invitation to all pastors and other preachers, and laymen, to attend and enjoy the inspiration and warm fellowship at this meeting.

—M. G. FIELDS.

AN ANNOUNCEMENT

The Jr. High School PTA will meet on Tuesday night at 7:00 O'clock in the Library of the Henry Adair School.

The topic will be "The Exceptional Child" with Mrs. Fred Blackmon and Mrs. Woodie Blalock bringing the program.

All parents and friends are invited and welcomed to attend.

Newcomers To Clanton

Mr. and Mrs. Raymond Smith of Birmingham, are now making their home in Clanton. Mr. Smith has purchased the Ideal Barber Shop here in town.

GOOD CITIZENSHIP GIRLS

SHOWN here are the students selected by the six high schools as Good Citizenship Girls: From left to right, they are: Miss Diane Morris, Verbena High; Miss Linda Lenoir, Isabella High; Miss Judy Cox, Chilton County High; Miss Judy Hayes, Jemison High; Miss Jane McReynolds, Thorsby High (seated).

Lower Photo: Miss Jane McReynolds, daughter of Rev. and Mrs. L. W. McReynolds, Thorsby, has been selected as Good Citizenship Girl of Chilton County. At Thorsby High, Jane is a Cheerleader, president of the Glee Club, and Beta Club treasurer. She plans to be an elementary teacher and attend Howard College this fall.

World Traveler - Lecturer At Pinedale Assembly

JACK MARTZ

PASTOR of the Pinedale Assembly of God Church, Paul Harthern, announces this week that services are being held each evening at 7:00 P.M. and world traveler-evangelist Jack Martz, and his wife, of Atlanta are the featured singers and speakers.

Mr.Martz, who has just recently applied for membership in the fast-growing Assembly of God denomination, is an experienced preacher. He has been in the pulpit for the last 27 years and ministered in such far away places as Tasmania, Australia, China, Africa and much of Europe.

He has many vivid experiences to recall. Shortly after he left Cairo, Egypt the hotel Shepheard where he stayed, was torn down by rioters and burned to the ground, as a local war against all 'whites' was started. "Many of the Europeans, some from Britain, were torn to pieces," he said, "as the rioters vented their fury".

With Jack, as he prefers to be called, is his wife Esther, who sings alto in the meetings, accompanied by her husband at the piano. Many of the hymns sung will be those composed by the Georgia evangelist.

In 1950 during one of his eight trips to Europe, he helped the local pastor, Paul Harthern, to come to this country. This is the first time they have been together in ministry.

The public is invited to the services, which are being held each night, 7 P.M., excepting Saturday.

"Beauty Night" At CCHS Filled With Glamour And Fun

MONDAY, January 7, the Student Association of Chilton County High School presented "Beauty Night" to raise money for utilities at the school.

Students Entertain—
While the judges reached their decisions, students entertained. Ray Cox and Ellen Wright sang; Mary Clyde Chism and Barbara Bowers twirled their batons; Patty Williams and Brenda Foshee also performed a baton duet; Linda Cox sang and played the piano; Judy Cole danced the Charleston; Martha Johnson and Jean Kimbrough also played the piano.

Chilton County C of C To Elect Officers Friday At Annual Banquet

Nominations To Be Presented

THE Chilton County Chamber of Commerce will elect new officers for 1963 Friday night. The Chamber will hold its annual elections and banquet at Bob's Drive-In Restaurant beginning at 6:30 P.M. with the business session.

At 7:30 the members will enjoy a steak supper before hearing George T. Nelson, the main speaker of the evening.

Nelson is a key man in the Alabama Power Company's Industrial Development Department. It is expected that he will bring the Chamber up to date on the Power Company's plans for future development of its facilities on our stretch of the Coosa River.

Outgoing president of the County Chamber, John M. Higgins, has announced that the nominating committee, Mr. Otto Jones, chairman, has made the following report and nominations for 1963 officers:

For president: J. H. Stokes and Raymond Hamilton.

For vice-president, Paul Bennett and Johnny Vines.

Two members of the Board of Directors: Dave Norman, Ralph Johnston and John Ponder Lawrence, Jr.

Section 3, Article III of the by-laws provides that any member may make additional nominations from the floor of the meeting if he desires.

Banquet tickets are $2.25 each and businessmen desiring to attend should phone the secretary, Jon Will Pitts at 20 for reservations.

The banquet will be stag, and interested businessmen are invited.

The 1962 officers of the Chamber were: John M. Higgins, President; J. H. (Skeeter) Stokes, vice-president; Board of Directors: T. E. Wyatt, J. P. Lawrence, Jr. (both of whose terms expire this year) Johnny Vines, E. S. Monroe, H. Gaines Burnett and S. A. Jones. Jon Will Pitts was executive secretary.

Local Bowlers Are State Scratch Champs

THE men's team of Fiesta Bowl in Clanton, won the State's Scratch Championship and will be awarded the trophy here Sunday.

According to Fred Thompson, the trophy will be awarded by Mr. Morris Gray, who is the State Secretary of the Alabama Bowling Association.

The public is also invited to see the tournament of the East Central Traveling Bowling League, which will also be here this coming Sunday. Eight teams will vie for the title. They are from: Clanton, Alexander City, Auburn, Opelika, Lanett, and La Grange, Ga.

Remember: that's Sunday, January 13th at Clanton's Fiesta Bowl, from 1:30 P.M. to 6:00 P.M.

Selden To Speak At Legion Conference

CONGRESSMAN Armistead I. Selden will be the principal speaker at the American Legion Mid-Winter Conference to be held January 12th and 13th, in Tuscaloosa.

Representative Selden, who represents Chilton County and the Sixth District in Congress, and is a ranking member of the House Committee on Foreign Affairs, is expected to tell the members of the American Legion of his recent tour of Latin America. Congressman Selden, a recognized expert on Latin America, is Chairman of the House Sub-Committee on Inter-American Affairs.

Extension School Continues Tuesday Meetings, West End

The Howard Extension Center, meeting each Tuesday, 6:45-8:00 P.M. at the West End Baptist Church, Clanton, will have eight more school nights this year. The officers and teachers extend a cordial invitation to everyone to visit during the rest of the time to observe the possibilities of Bible Training and importance of this Center to the ministers and workers of the churches of this area.

The Sod Of Greatness--

NEXT Monday, the man predicted by many, to become one of the greatest of all Alabama Governor's will stand on the spot upon which Jefferson Davis stood, and swear to uphold the Constitution of the United States and the State of Alabama, and his is not an enviable task. Too many of us can muster up only the thought of position, glamour, travel, etc that becomes the lot of the man who takes the Governor's chair for four years; but his is not a bed of roses and all will most certainly not be peaches and cream.

However, Alabama is blessed now, with a man who has all the background, the talent, the character, and the determination, to bring, not only to the people of this State, but to the nation, a rebirth of principle unlike any we have seen for many years. It is the sincere wish of this newspaper that God, in his Divine Guidance, will humble this man, and will hold him by the arm, as he guides the destiny and the future of the great State of Alabama.

Hope is in him, and through him, in us; for a better state, a beter nation, better understanding between men of all nations and all walks of life.

George Wallace is treading the borders of the sod of greatness. Our prayers are that he will continue to be one of the great men of our time. We wish him Heavenly wisdom. . . he will surely need it!

Meek: Take A Backseat!--

THE Meek shall inherit the earth — but not until the road hogs, smart alecks, the do-gooders and the door-to-door salesmen have their fill of rudeness and lack of manners!

The Horseless Carriage--

THE two main thoroughfares in Clanton are going to have to be widened in the very near future, or parking is going to have to be prohibited on one side of the street on 2nd Avenue thru the City and on 7th Street, running north and south.

The traffic problem — especially on the week-ends — is becoming acute. If you doubt it, try driving through town on Saturday, and you will doubt no more. We can walk from one end of town to the other while an automobile is trying to make it's way the same distance through the snarl of traffic.

If it is impractical to widen the streets, because of the financial strain, then what of the second idea? On Friday and Saturday, couldn't we have parking on just one side of the street, so that traffic could flow more freely? Especially if the City were to provide a free parking lot somewhere near the center of the business district to accomodate the shoppers who cannot help but fill the driving lanes so badly.

Traffic could run the rest of the week, which is not so bad at present, the same as it is now, without difficulty. The biggest relief needs to be on the two week-end buying days.

A merchant may want all his customers parking in his front door, but anyone thinking logically knows this is impossible. And if something isn't done to accomodate traffic into and out of the City, then folks aren't going to shop his store at all. . . they will go somewhere else where they can not only find a parking place, but where they can drive through the town when they get in the traffic lanes.

Peoples driving habits and the increased number of vehicles on the streets is logjamming Clanton on the busy week-ends. The News feels that a solution needs to be worked out, and soon!

A Birthright. . . Worth The Fight!--

WE are not closed-minded; we try not to be egotistical and we do not suffer from delusions, but we cannot help the feeling within us that the Democratic Party, in the south and across the nation, is worth fighting for and saving from the hands of those who would use it; drain it of all vitality and then chuck it away!

A Democrat, at first by birth, later on by choice, we have always felt a sense of pride in belonging to the political party of our grandfather and our father. Because they belonged to it, believed in it and worked for it, then it must be some good.

It is not, by any stretch of the imagination purely sentiment that moves us to say that the Democratic Party is worth saving, worth belonging to. It is pure fact, borne out by history, that the Democratic Party in the last three generations has been the Party which does the most for the people.

Unless we are totally wrong in our constantly confirmed belief, that men like the Kennedy's are ruining the Democratic Party, then the Party needs to clean house. And why are our Alabama Congressmen and our locally elected officials afraid to stand up and be counted on basic and fundamental rights and facts.

We'll say it! We totally disagree with the way the Democratic Party is being handled, used, abused, assassinated. It is claimed for the Negroes as their saving power, but nobody asked us, and we are a Democrat; big labor unions take it to meetings with them to use as clubs, but we had no say in it; and the Kennedy's and those like them are making such poor judgment in their handling of issues that they are becoming the laughing stock of the nation and world — and we citizens along with them.

It is evident, that to maintain the good name and the ability to perform for the American people, of the Democratic Party, vital changes will have to be made and challenges met in the policy of that body of people. We need new leadership, or a revival of the old.

We have personally approached our Probate Judge in Chilton County, our Circuit Clerk, members of the Democratic Executive Committee, members of the Board of Revenue and Control, members of the City Council, and scores of people "on the street" so to speak, who do not hold political office, about the possibility of "new leadership" for the Democratic Party, nationwide, and we have yet come up with a vigorous or concrete opinion of just how this could be done, or if any of these would support such an effort.

Paul Harvey, the writer, says that the days of the Democratic Conservative are numbered. We disagree with the total thought. The days are numbered only as long as Conservative Democrats are willing to hold the short end of the stick, and cringe at the thought of bucking the established 'machine'!

We see nothing whatsoever for us in the Republican Party. We do not believe that the Republican Party can give to the American people, the leadership they need and deserve. We still take pride in being a Democrat and we are willing to fight for that privilege. To say that the Democratic Party is "going to the dogs" (and what have you) is weakness, disorder, confusion, lack of stomach to stand up to them!

The Democratic Party will survive only if the people want it to survive. We, for one, want it to survive, and letting "John" do it has always proved fatal to any ideal. But we are not "the people". . . you are!

Are you willing to fight for a heritage which was bought and paid for with suffering, sweat and painful experience? Or are you willing to settle for a "bowl of porridge" in the form of a Government handout or a "grab bag" program which only benefits the greedy?

We ask you sincerely, "Who is running the Government of this United States; you, the people; or a handful of big-mouthed, egotists who believe that the shortest way to (their) success is down the throats of their constituents? And do those constituents (voters) have foresight enough to see what is happening to them?

The time to fight for your birthright is now!

Larry Cobb, Jemison Nominated For Champ Corn Grower Award

THE Jemison Chapter, FFA, this week nominated Larry Cobb, son of Mr. and Mrs. J. O. Cobb, Jemison, as the Champion Corn Grower of their Chapter for 1962.

19-year-old Larry applied 500 pounds of 4-12-12 fertilizer at or before planting and side dressed with 300 pounds of Ammonium Nitrate about 28 days after planting.

He planted Pioneer variety on May 1st in rows 38" apart and left plants about 14" apart in the row.

He made 76.86 bushels per acre on his one acre plot.

A total number of 21 boys entered the contest which Larry won.

Larry is a senior at Jemison High School and a member of the fourth year Agriculture Class which is studying Farm Management. He is also a FFA officer this year.

Larry is feeding a calf which will be shown in the Montgomery Fat Calf Show next April. He is also helping care for and train our new Sears Roebuck Angus bull that we secured on Sunday, December 9th.

ABUNDANT LIFE

by ORAL ROBERTS

THE BIBLE HAS THE ANSWER

God's Word, the Holy Bible, points the way to the answer to every problem that faces mankind.

The Bible speaks about today's events with the same authority and clarity with which it spoke of those of years ago. For centuries, people have been turning to the Bible for the answers to their particular problems. No matter what kind of problem may arise, there is an answer in the Bible.

A case is on record of a British Army patrol that escaped from the Germans in South Africa during World War I because of a search of the Scriptures by its leader. The patrol leader, reading in the books of the Old Testament, found an escape route that Biblical characters had followed thousands of years before.

For generations, the Bible has prophesied of things that have now happened. And it speaks of events in the future. God overlooked nothing when He directed dedicated men to write down the Scriptures for posterity.

The Bible has been the best selling book for many years. There is a reason. It is the only book that speaks with the wisdom of God. And it is the only book that faces squarely the moral issues and tense situations that face mankind today. There are many wonderful books written by experts on almost every subject imaginable. But the Bible is the great book of answers, written and edited by God. **The Bible is His Word.**

As an individual, you can find an answer to your problems in the Bible, God's Holy Word. You can find solace when you are sad. You can find guidance for a better life. You can find salvation. You can find healing for mind, soul and body.

The Bible points the way to abundant living through Jesus Christ of Nazareth.

A Little Bit O' Tuck . . .

ONLY another printer would know what: "anwbe guescm eyre ges It frpa" means! Well, for you who are not printers, but do read Stokes Chevrolet Company advertising in the News, it means the printer took the right line out and left the wrong line in. . . if you know what we mean. Anyway, it came out with Stokes last week, selling a transmission, radio and heater, air conditioner and new tires for the unheard of sum of eleven hundred and ninety-five dollars. The "pi line" was left and the good line that was right, was thrown out. Simple ain't it? If you had ever stood on your head over a press bed and tried to read something upside down that was normally backwards, you'd agree that to make a mistake wasn't as hard as you may have thought. Our apologies to Mr. Stokes and Mr. Roper and the boys; let's blame it on too much New Year celebrating, and anyway; it didn't effect the numerous other bargains listed by Stokes in last week's to Stokes, you know, is known to be "the home of pine fars, and criendly feeple"! Happy New Year (again)!

HOW big was that buck? And we don't mean dollar, either! There seems to be some controversy amongst the "deerslayers" in the County, over who shot the biggest and the mostest during the deer season just past. "Deer fever" in these parts is almost as bad as "Angle fever" and the tales they spin and the yarns they weave — wow! All right you guys, let's have the glorious details of how you made your first "buck"!

ONE fellow guessed to us the other day that the Peach Pilot Program had fallen by the wayside. Well, we did some snooping and according to the County Agent John Sellers, definite progress has been made on the experiments carried out this summer at Auburn, and news will be forthcoming as to just how this program of development will effect the economy—individually and collectively—of the growers and the other citizens of Chilton County.

NOW we know why so many people around these parts can't see the forests for the trees! There's so many trees in Chilton County! Bet you never realized that some 75 percent of the total acreage of Chilton County is in supporting forest growth, or seedling farms and the like. (See article in this issue). This County also realized as much last year from forest products as it did from King Peach; which is enough to make you wonder whether he deserves the title or not! Peach is still King here, but we shouldn't take our natural resource wealth of forests for granted, or lightly. They can, and will, with your cooperation and care, mean much to the future growth and development of Chilton County.

CERTAINLY good to see Mr. Dudley Nix back out and around since a lengthy illness. He's looking good — hope he has it under control now.

THE trials and tribulations [illegible] child learning to read are [illegible]st and most interesting to observe when you have to listen [illegible] and "Jack jump"! The sentence being read the other evening was supposed to read: "Patty's uncle Peter came running into the store." Well, with such tongue twisters as this it is no wonder little folks get confused; and the one wrestling with this particular bit of prose came through (a little sheepishly) with: "Peter's under pants came running into the store". Everybody got a laugh out of it; including the reader of same, even though a little red-faced!

RARELY a week goes by that we do not get some comment about the Editorial Page in the News. It has come to be the most generally—and closely—read page in the paper. On more than a few occasions the interest shown has been contrary to our opinion, but it strongly indicates that the people of Chilton County appreciate their Page in the News where they can read arguments pro and con on various matters of consequence to all of us; and also where they have a chance to voice their views on any subject they so choose, regardless of their opinion. We are proud of our local Editorial Page in the News. And we appreciate your interest in it. We invite your opinions on matters which concern our county and community, whether it be a matter of serious consequence or just something off your chest. Your opinion is welcome and your interest necessary to keep it alive. The people of Chilton County are thinking more and more, and that is encouraging for all of us!

MEN must be governed by conscience, not by other men. **Therefore it is unwanted for laws—made by other men—to rule us. But, when a man, or group of men, show no hint of conscience, then society, in an effort of self-preservation, must put restraints on all of us, in order to check the balance of those who cannot think for themselves. And that is why man is fallible and so are man's laws: The good have to suffer with the bad, because the good have failed to [illegible]science in those of [illegible] have it not in ourselves to do so. And conscience is the basis of our society, our civilization. Without conscience, we would quickly revert to the club, raw meat and dragging our women around by the hair of the head. . .(which ain't a bad idea, when you stop and think about it!)**

Mrs. Peggy Butler

Horne - Butler Vows Said

Woodlawn Christian Church in Birmingham, was the scene at 8:00 P.M., Saturday, December 22, of the wedding of Miss Peggy Yvonne Horne and Ted W. Butler. By candlelight, the Dr. W. Landon Miller and Rev. E. T. Carroll, Jr. officiated in a double ring ceremony.

The bride was given in marriage by her father. Parents of the couple are Mr. and Mrs. Otha Lee Horne of Montevallo, and Mr. and Mrs. George W. Butler of Birmingham. Full details of the ceremony were given in last week's News.

CCHS Seniors Visit John Patterson Trade School

Thirty seniors from Chilton County High School visited the John Patterson Technical School Friday, January 4.

Mr. Vernon, assistant supt. and Mr. Dillard, business manager, conducted the students through the two modern classroom buildings.

They observed students in training in the following fields: automotive mechanics, auto body and fender repair, electricity, machine shop, radio and television repair, refrigeration and air conditioning furniture and auto upholstery watch repair, drafting and design technology, electronic technician, mechanical drafting, barbering, cosmetology, IBM operations and practical nursing.

Students were impressed by the very modern facilities and the individual instruction students were receiving.

From the 30 students who visited, 25 indicated that they are interested in enrolling in one of the courses. The tuition is only $10.00 per month and free bus transportation is furnished to and from Clanton each day.

The length of training period is 24 months in all courses except barbering (12 months), cosmetology (9 months), IBM operations (6 to 12 months), and practical nursing (12 months).

The instructors all stressed the importance of mathematics in these courses. A high school education is required in most courses; however, older students are sometimes accepted in some courses without a high school diploma.

Mr. Ivan Smith, senior boys' sponsor at CCHS, and Mrs. Roper, guidance counselor, accompanied the students. They and the students were impressed with the school as a source of additional training for students not going to college.

STUDY CLUB MET WITH MRS. HOYT TAYLOR

Mrs. Hoyt Taylor was hostess to the Study Club of Clanton on Friday afternoon, January 4 in her spacious home on 7th Street South.

Mrs. Robert Powers president, presiding. After the business session, Mrs. Hugh Jones introduced Mr. Luther Little who spoke to the group on the topic "Helping Others to Learn Thru Adult Literacy".

THORSBY NEWS

By ESTELLE HAYES

THORSBY METHODIST

Regular morning worship services were not held in our church this past Sunday. Immediately following Sunday School it was our privilege to join with our sister church in Jemison to hear our District Superintendent, Rev. D. E. Morietta conduct the service there.

Dinner was served in the new church annex and our entire congregation wish to express our thanks for the good food and hospitality enjoyed there. We congratulate the Jemison Methodist Church on the completion of their beautiful new church annex. Following the dinner, Quarterly Conference was held with members from both churches attending.

The WSCS met Thursday, January 3rd at the church. Eleven members were present. Mrs. Idell Kincaid gave the devotional and after all business was discussed, Mrs. M. M. Lyell gave the program. Refreshments were served by Mrs. F. T. Miller and Miss Martha Smith.

Worship services next Sunday at the regular time. We invite you to come and worship with us.

Mrs. Eloise Davis of Birmingham spent Sunday visiting her aunt, Mrs. Susie Benson.

Mrs. Ora Jones and daughter, Marie Hayes of Huntsville, were visitors to Thorsby last week.

Mr. J. P. Moore of Hartselle, is a visitor in the home of his son and family, Mr. and Mrs. Orion Moore.

Mr. and Mrs. Roy Kendrick were happy to hear from their nephew Wallace Kendrick who is in the Army and is stationed in Germany; also to receive a letter from a missionary friend, Rev. and Mrs. Howard Bryant in Puerto Rico.

The many friends of Mrs. Mary Martin Driggers are happy to hear that she is improving. She fell and broke a bone in her back. She has returned to her home from the hospital.

WOC Edward R. Piper has returned to Camp Walters, Mineral Wells, Texas, after a visit home with his mother, Mrs. E. R. Piper and family.

Mrs Rube Williams is spending a few days in Birmingham with her daughter and family, Mrs. Gean Woodall.

Thorsby mourns the loss of a dear friend, Mr. Leonard Harris who was laid to rest in Forest Hills Cemetery last Friday. Our deepest sympathy to Mrs. Harris.

Williams visited parents, the Hudson Wililams family and the Liveoaks. They are in Eatontown, New Jersey.

Mrs. Liveoak received a card from a neice, Mr. and Mrs. Mike Martinez (nee Jackie Wilson) who report the birth and baptism of a son, Norman Christopher. The Martined family resides in New Mexico.

CARD OF THANKS

We would like to express our sincere appreciation to all our friends and neighbors in the recent death of our husband and Daddy. To all who brought food and flowers, who helped in any way. Especially are we grateful to Martin Funeral Home, Rev. S. P. Gray, Rev. L. M. Gray and Rev. Don Graham.

The Campbell Family.

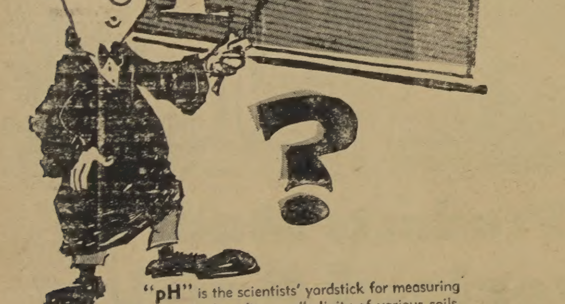
What Is



"pH" is the scientists' yardstick for measuring the degree of acidity or alkalinity of various soils. Soils with a pH reading of less than 7 are called acid soils, and those soils with a pH greater than 7 are known as alkaline soils.

Most crops in Alabama grow best on soils with a pH reading of 6.5.

LIME . . .

1. neutralizes soil acidity
2. furnishes needed plant nutrients
3. increases bacterial activity
4. decreases toxicity
5. makes nutrients more available

Be a smart farmer—have your soil tested to find out if the pH level on your farm is right for your crops.

Wells-Childress Vows Said December 21st

Miss Lorene Childress became the bride of Thomas Randall Wells in a very impressive ceremony in the Mt. Carmel Baptist Church on December 21st at 7:00 O'clock.

Rev. J. B .Bearden, Jr. of Birmingham read the marriage vows.

Parents of the couple are Mr. and Mrs. Horace Childress of Thorsby, and Mr. and Mrs. Thomas Reese Wells of Thorsby.

The church was decorated in green and red with ivy, Southern smilax and palms in the background at the altar. There were four seven-branched candleabra holding ivory candles. The altar was centered with a fifteen-branched candleabra in brass. Three urns in brass held ivory gladioli interspersed with red Poinsettias, a beautiful setting.

Before the altar was a kneeling bench of wrought iron with ivory satin cushions. Pews were marked with red Poinsettias and ivory streamers.

Mrs. Hershel Scott accompanied Miss Lanelle Wright as she sang "Whither Thou Goest" and "I Love You Truly".

Miss Barbara Scott served as Maid of Honor. The bridesmaids were Misses Judy Foshee of Clanton, Linda Lenoir of Thorsby and Eva Maud May of Maplesville.

Jr. bridesmaids were Miss Martha Sue Childress, cousin of the bride and Miss Faye Childress, sister of the bride.

Flower girls were Paula Jane Scott and Alice Faye Littlejohn.

The bride was given in marraige by her father. She was a picture of loveliness in her white chantilly lace dress with white organza, floor length. It was fashioned with a rounded neckline and long sleeves. Her bouquet was ivory rosebuds on a white Bible with ivory satin streamers.

James Nabors served the groom as best man. Ushers were Eugene Wilkins, James A. Childress and Kenneth Driver. They also served as candlelighters.

For her daughter's wedding, Mrs. Childress chose a green brocaded sheath with accessories to match and a corsage of white carnations with a touch of silver. The groom's mother wore a gold brocaded sheath and her corsage was also white carnations.

A reception followed at the home of the bride's parents. The home was decorated in the traditional Christmas colors of red and green and a Christmas tree.

Serving refreshments were Misses Bobbie Jean Nabors and Mary Dean Williams. Miss Fay Foshee registered the guests.

As the couple left on their honeymoon, the bride was wearing a red wool suit with black accessories and her bride's bouquet. After a wedding trip the couple are making their home in Tuscaloosa where the groom is a Junior at the University.

Engagement Announced

MR. and Mrs. William Clarence Gunnin announce the engagement of their daughter, Nancy Judith to John Thomas Smith, son of Mr. and Mrs. Aubrey Edgar Smith of Clanton, Alabama.

Grandparents of the bride-elect are Mrs. Martha O. Freeman of Winder, Ga., the late Claude A. Freeman, Mrs. Luther L. Gunnin of Bessemer, and the late Mr. Gunnin.

Miss Gunnin received a BA degree in arts from Alabama College, Montevallo, where she was a member of Kappa Pi and Senior Art Elite of the art department in 1962. She is now employed as an elementary art teacher in Columbus, Ga.

Mr. Smith is the grandson of the late Mr. and Mrs. Tom Smith of Blue Springs and the late Mr. and Mrs. John Smith of Clanton.

He received a BS degree in Physical Education from Alabama College, where he served as a resident assistant in the men's dormitory. He is listed in Who's Who in American Colleges and Universities.

The groom-elect is now with the United States Medical Corps at Fort Benning, Ga.

The wedding will be February 2nd at the Jonesboro Methodist Church.

STRENGTH FOR THESE DAYS from The Bible

The work of righteousness shall be peace; and the effect of righteousness, quietness and confidence.

—(Isa. 32:17).

How very timely is this pronouncement. Prayers for peace on earth are powers for good. They help to make all of us confident, despite troublous times, because we are secure in the knowledge that ours is the righteous cause.

Johnson-Gay Wed In Double Ring Ceremony

Miss Mary Paula Johnson and Mr. John F. Gay III were wed in a double ring ceremony on December 26th at 7:30 P.M. at th Avenue Presbyterian Church in Birmingham. Dr. Howard C. Walton Jr. officiated.

Miss Dorothy Gay, sister of the groom served as Matron of Honor. Ralph Wyatt served the groom as best man. A reception was given immediately following the wedding at the home of the grooms parents, Mr. and Mrs. John F. Gay.

The bride is the daughter of Mr. and Mrs. Paul T. Johnson of Clanton. She wore a street length dress of white and elbow length sleeves and a veil attached to her head peice of white satin, flowers and pearls. She carried a white orchid.

The bride will graduate from Alabama College in January with a degree in Music Education. She will then join her husband in Point Lookout, Mo. where he is presently Associate Professor of Music at the School of the Ozarks.

Epiphany Services Held Here Monday

On Monday, January 7th, the observance of Epiphany was held at the Clanton First Methodist Church.

The program, held in the Sanctuary of the church, was led by Mrs. R. M. Tucker, president of the Woman's Society of Christian Service. Mrs. J. Carlisle Miller, wife of a former pastor of the church, was the guest speaker for the occasion.

Those assisting with the program were: Mrs. Gordon Robertson, Mrs. Campbell White, Mrs. M. L. Batson, Mrs. Jack Smith, Mrs. Joe Mullins, Mrs. L. A. Lambert, Mrs Tol Kunkel, Mrs. MiltonDiefenderfer, Mrs. Houston Fulmer, Mrs. R. C. Williams, Mrs. Hoyt Taylor, Mrs. Gaines Burnette, Miss Margie Day and Mrs. Carter, who is our Nursery Department chairman.

Prayer during the luncheon hour was by Mrs. C. A. Price.

Epiphany is the observance in which is celebrated the Manifestation of Christ by the Wise Men, to the Gentiles. This is called the twelftr night after the Birth of Christ. That is why on the calendar the date of Epiphany is on January 6th.

Children Thrive on Compassion In March of Dimes Arthritis Fight

"We study the child, not the laboratory report."

When Dr. Jane Borges, director of the March of Dimes-financed Arthritis Special Treatment Center at the Home for Crippled Children in Pittsburgh, Pa., says this, she isn't trying to put the laboratories out of business.

But she is trying—and succeeding—in putting children stricken with rheumatoid arthritis back in the important business of leading nearly normal lives.

Juvenile rheumatoid arthritis, which afflicts 30,000 youngsters in the United States, is a cruel disease which comes and goes like a thief in the night. Seemingly healthy children suddenly contract high fever, swollen and aching joints, rash, anemia, and severe involvement of body organs. Many suffer deformities of the limbs. Total or partial disability often occurs.

Despite continuing research, neither the cause of juvenile rheumatoid arthritis nor the reason for its unpredictable cycle of recurrence is yet known.

Prevent Side-Effects

What Dr. Borges and a growing number of experts in the treatment of rheumatic diseases do believe they know is how to prevent much of the permanent physical, mental and social scarring which have been agonizing by-products of this disease for so long a time.

Rejecting old theories of prolonged bed rest and virtual isolation, these innovators have introduced the rheumatoid arthritis child to programs of intensive therapy and close contact with children of the same age group. They encourage regular school attendance.

At the same time, education of the family in all aspects of the illness is begun early by the physician with diligent follow-up by the social worker.

Successful Results

In most cases, successful results have been achieved.

At the March of Dimes-supported center in Pittsburgh, for example, Dr. Borges last September admitted a 12-year-old girl who could not move her shoulders, elbows, or arms. She contracted rheumatoid arthritis at age six and had been in and out of hospitals since that time. When she was at home, she was rarely taken outside and saw other children only infrequently. She was painfully shy, took little interest in her studies.

Today, nearly a year later, this same girl is still confined to a wheel chair. She must attend many of her classes at the Home's branch of the Pittsburgh school system while in traction. Other complications persist.

However, daily baths in the Hubbard tank, used so successfully by polio victims, and twice-daily physical therapy have restored the use of her arms and hands. Occupational therapy—she is just now finishing a throw rug—has restored movement to her once-frozen shoulders. The challenge of competition with her schoolmates has transformed her into an excellent student.

Child in Pain

In another case, a six-year-old girl, after four years of operations and assorted treatment, was unable to adjust to school and playmates because of intermittent pain and the childhood awareness that she was the only child with a brace.

Placed among children with similar problems, she was exposed to the physical and social therapies of Dr. Borges' program. She went back home six months later "a different child . . . obedient . . . getting along happily with brothers, sisters and playmates," according to a grateful mother.

Dr. Borges, a trim, vibrant woman, views her work at the March of Dimes-financed center and its results this way:

Dr. Jane Borges and young arthritis patient exchange "girl talk" during physical examination.

"The laboratory reports on these children, after we have worked with them for a time, are still the same. The disease is still there.

"But the individual is not the same person we saw in the beginning.

"By also treating the emotional and environmental problems associated with juvenile rheumatoid arthritis, not just the physical ones, we are often able to change attitudes of despair to ones of cheerfulness and hope."

A prominent Canadian physician and specialist in juvenile rheumatoid arthritis, Dr. William M. Gibson, recently described the ideal treatment setting as "an area where personnel acquainted with the problem of arthritis in children are present every time the patient is seen."

Arthritis Special Treatment Centers, supported by local chapters of The National Foundation with March of Dimes funds, are already providing this service in Pittsburgh through Dr. Borges, and through her colleagues in many other American cities.

Additional centers are planned—centers of hope where parents can read the future in their children's faces, not in the laboratory reports.

Baptist Youth Rally 19th At Local First Baptist

Remember, the monthly Youth Rally was planned to meet this month on Saturday, January 19, 7:30 P.M. at the First Baptist Church Clanton. Missionary, Rev. Charles W. Davis, serving, in Venzuela, will be the speaker. He is home on furlough and is teaching at Howard College this winter. He is an attractive speaker and always thrills the hearts of his listeners. The Youth Rally representatives of each of the churches will want to do all possible to get the young people to attend this important meeting, which is expected to be one of the greatest of all times. The commodious building of the First Baptist Church will adequately seat 750 people which [illegible] goal attendance at this rally.

Vanderburg's To Celebrate Golden Anniversary

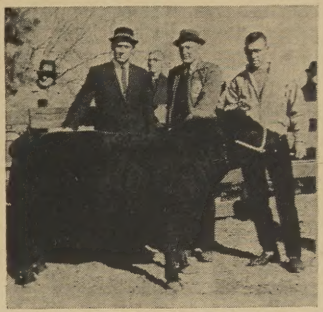
Mr. and Mrs. B. A. Vanderburg will celebrate their 50th Wedding Anniversary on Sunday, January 13, at their home east of Jemison, on Route 2.

All their friends are invited to call between the hours of 2 until 5 o'clock. Hosts for the occasion will be their children: Mr. and Mrs. B. A. Vanderburg, Jr., Mr. and Mrs. C. S. Benson and Mr. and Mrs E. F. Vanderburg.

End of The Line

This trim Nassau vacationer is at the end of the line, but she doesn't seem glum about it. She's probably got a boat on the other end, set to take her sailing beyond Nassau's harbor lighthouse.

Jemison FFA Recieves Angus Bull from Sears



Pictured above is the outstanding Angus bull that was placed with the Jemison FFA Chapter by the Sears Roebuck Foundation and Dr. Hicks from Briar Hill Cattle Farm near Union Springs, Alabama.

Shown with the bull are from left to right: Mr. Gordon Conway, Chilton County Supt. of Education, Mr. R. M. McGee, Vocational Agriculture teacher at Jemison High, and Larry Cobb, Senior, and one of the Chapter officers at Jemison.

Mr. McGee states that the Chapter will feed out their bull here on the school grounds and school farm. All of the 100 FFA members will help out in this operation. The bull will be shown in the show at Montgomery nert October and then will be used by the community as a herd bull.

For Safer Winter Driving, Take a Tip From The Pros

FLINT, Mich. — Winter driving can be safe, enjoyable and more economical if you will follow the same basic rules used by a group of the nation's top drivers — Buick Motor Division's team of professional test drivers.

These expert drivers, operating at the General Motors Proving Grounds test track, Milford, Mich., have been driving day and night, summer and winter, for more than 33 years without a lost time accident. In this period, they've logged many millions of miles on new Buicks.

A. E. McManama, general supervisor of Buick's road test department, says there are certain fundamental rules followed by Buick's driving team for safe winter driving:

1

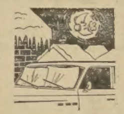
Snow and rain: "Both cause wet highways and wet highways are a hazard. Even more important, though, visibility is cut down by either element, and this is the factor that determines your safe driving speed."

2

Ice on highway: "It depends on the traction you are getting," says McManama. "If we're not getting traction, we get off the road."

3

Safe speeds: "A good rule of thumb in rain or snow is cut your speed 10 to 15 mph below the 'Safe' speed," says McManama.



4

Clean, clear windows: "If your car stays outdoors at night, a cardboard or newspaper over the windshield (let the wiper blade hold it in place) will prevent your windows from frosting. In driving, an open vent will prevent your windows from steaming. Every window, plus the outside rear view mirror, should be clear."

5

Getting out of a skid: "If you're driving properly, you won't get into a skid," points out the Buick supervisor. "But if you do, DON'T touch the brakes. You have to steer yourself out of it, and you can do this only by keeping some traction."

6

Warming up your engine: "You should idle the engine a couple minutes to circulate the oil. Don't race the engine during this warm-up. When you start, do it at a reasonable speed. In the new Buicks, watch the green light on the temperature indicator. When this goes off, your engine is warm, and you can also turn your heater on."

7

Drive a clean car: "Winter darkness is more difficult to drive by than summer darkness. You don't have the light penetration. A car that becomes covered with salt and road dirt is difficult to be seen by an oncoming driver, particularly against a dull gray winter background. Keep your car clean for your own safety, as well as the car's protection."

McManama sums up safe winter driving in two words — "Be conservative."

"If you think 55 mph might be safe on a wet road, then cut your speed to 40. If there's any question about being able to stay on an icy road, then pull off the road.

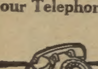
Telephone Talk

Lee M. Comer
Your Telephone Manager



THE BELL SEAL IS ONE OF AMERICA'S MOST FAMILIAR TRADE MARKS. The original seal was developed by Angus Hibbard, the Bell System's first general manager, and included the words "Long Distance Telephone" inside the outline of a bell which was enclosed in a rectangle. Eventually the wording was changed to "Local and Long Distance Telephone," and still later a double circle replaced the rectangle. The seal, as it now appears, dates from 1939. You'll see this familiar guide to good service on company buildings, on public telephones and in advertising.

* * *

GOOD BUSINESS SUGGESTION: Do you use printed stationary for either business or personal correspondence? If so, may we suggest you include your area code and telephone number in the letterhead. If you own your own business, belong to clubs and organizations, or do a great deal of personal correspondence, it's a good idea to give folks your phone number as well as your address.

* * *

LONG DISTANCE IS A BARGAIN ANY TIME OF DAY . . . but it's an especially good buy after 6:00 p.m. on weekdays or any time on Sundays and holidays, when bargain rates are in effect. Also remember that rates are lowest if you call station-to-station. A long distance call is the next best thing to being there.

* * *

SOMETHING NEW HAS BEEN ADDED to the familiar fleet of green trucks and vans driven by your telephone company installer-repairman. The new compact van is a complete service shop on wheels, an important part of the fast, efficient service that's always available when you need it.

DID YOU KNOW THAT about 40 per cent of all overseas calls are with Pan American countries? About 30 per cent go to the Pacific and 25 per cent are with European countries. The rest are to scattered countries and ships at sea.

Verbena FHA Send Clothes To Girls At Talladega

The Verbena Future Homemakers held their monthly meetfor December 1962 on December 19 at 1:40 P.M. The meeting was called to order by the president, Diane Morris and the devotional, the story of Christ's birth, was taken from Luke 2: 1-20, and given by Edna Campbell. Joan Deavers led in prayer. The roll was called and the minutes read by Charlotte Cleckler. Our program consisted of a poem read by Polly Strength, and the singing of carols and other songs led by our song leader Joyce Pierce. Our business was the completion of collecting clothes to send to the girls at Talladega; our FHA Beau's present and the appointing of a committee for planning our Valentine Party in February to be joint with the FFA.

The Committee consists of Joyce Pierce from the 12th: Joan Deavers from the 11th and Linda Sorrell from the 10th.

Our sponsor, Mrs. Calloway, was presented with a gift from the members of the group. The business completed, the meeting was adjourned.

Clanton Explorers Had A Ball At Christmas

The Explorer Post 44, Clanton, held a Christmas Ball during the holidays at the Veterans Club. The hall was decorated with Christmas bells and greenery. A beautiful gold wreath hung over the fireplace in which a log fire burned.

The centerpiece on the refreshment table was of greenery, Poinsettias and red candles. Mrs. Parker and Mrs. Widner, wives of the sponsors, served punch.

Games and dancing were enjoyed by twenty explorers and their dates. The chaperones were Dr. and Mrs. W. T. Parker, Mr. and Mrs. Tom Widner and Mrs. Harold Lawrence.

By MARTHA MOORE

On January 1, the American Legion Auxiliary and the Franklinite Savings Club sponsored the Emancipation Program at the Union Baptist Church.

Saturday, January 5th, the Adjourned Session of the Bibb County District met at the St. Paul Baptist Church in Jemison.

Mr. and Mrs. Howard Ray and daughter had as their guests for dinner on December 31st, the following: Mr. and Mrs. John T. Sims, Mr. and Mrs. Jones Pelham, Mr. and Mrs. Thomas Dickerson, Mrs. Catherine Hall and Mrs. Willie Mae Todd on December 31st.

January 1st, Mrs. Lucille Wilson had as her dinner guest Rev. and Mrs. C. J. Dalton, Mr. and Mrs. Curtis Pelham, Mrs. Comell Baker, Miss Cora A. McCall, Mrs. Ardenia Cooley and Kathy Lewis and a friend from Birmingham.

Sunday, January 6th, Mrs. Lucille Wilson had the following dinner guests: Mr. and Mrs. Henry Kenedy, Mrs. Ardenia Cooley, Mr. Posey Paulk, Misses Brenda Scott and Kathy Lewis, all from Birmingham; Mr. and Mrs. Andy Wilson of Verbena; Prof. Goode and Mrs. Comella Baker, and Rev. S. W. Wilson.

Mrs. Hattie Mae Browder left Sunday, December 31st for Columbus, Ohio, to visit her sister who is ill. Mrs. Ruth Lane, Mrs. Eloise Rhode, Miss Janette Lane, Mr. Morris Lane visited their daughter and sister and husband Mr. and Mrs. John Dorsey in Clayton, Ala. Mrs. Nelsena Dorsey from Clayton spent the week end with her mother Mrs. Ruth Lane and family and worshiped at the Union Baptist Church.

Our heartfelt sympathy goes out to Miss Martha Moore and her family in the passing of her brother's wife, Mrs. Alice Moore in Birmingham. Miss Moore will attend services there on Saturday.

NEWS OF—

Mt. Pleasant

Rev. Calvin Ray, pastor

We send our heartfelt sympathy out to Mrs. Leona Johnson and family, Lonza, Emmett, Clarence and John Oakes and Vester and Chester Oakes in the death of their brother Jasper Oakes. May the Lord bless and comfort them in their sorrow.

R. C. McGee is improving, but is still very ill. Mr. Woodtin is also improving. They are both in Veteran's Hospital at this writing. Your prayers would help.

Several members from our church were in Birmingham with R. C. Mcgee, along with our pastor, Rev. Ray, Sunday.

Mr. and. Mrs. Herlie Mims had Mr. Alton Wilder and wife from Montgomery as their week-end guests.

Mr. and Mrs. Tipton Eiland and son Joe from Birmingham, visited the Charlie Riggins family Saturday.

There has been so many deaths and sudden illnesses in our community. I wonder sometimes, do we ever tell our neighbors and friends, how much we love them; what they mean in our lives? Do we? Or do we let them leave this world withort knowing just how much we appreciate them in our community and church? This is the New Year; let's all thank God for our many blessings and have true fellowship with God and man!

County Buys New Equipment - - -

199 Forest Fires In '62; Damage Over $22,000

TOTAL LOSS IN DOLLARS OVER $157 THOUSAND

THE Chilton County Board of Revenue and Control increased their appropriation for the State Division of Forestry for the coming year by purchasing a new crawler tractor equipped with the latest model fire line plow and full hydraulic dozier blade. A new truck was also purchased to transport the new tractor. This addition will greatly improve the service rendered to the people of Chilton County in protecting valuable timberland in the county from the damaging of fire.

A spokesman for the Forestry division said: "The members of the Board of Revenue and Control are to be commended for their foresight and interest in promoting a better forest fire protection program in Chilton County."

The forests of Chilton County are a valuable asset to the county's economy. Of the total 447,360 acres of land in the county, 71 percent or 319,418 acres is supporting forest growth. These figures are based on the 1951-53 survey. Since that time thousands of acres have been added by planting young pine and also by allowing nature to reseed barren areas naturally. A new survey is in the making and the new percent of total land area in forest will probably increase to nearly 80 percent.

Protection, Is Big Job—

Protecting this vast area of forest has been an increasing job from year to year. This is true because of several reasons and some of the more important ones are:

— More acres in forest and more trees per acre.

— Woods are more dense and inaccessible.

— More litter and undergrowth accumulated on unburned areas makes fires harder to control.

— Increased population increases use of woods for hunting and fishing.

— More people in woods increases possibility of fires occurring.

A variable and important factor is weather conditions. This one factor coupled with the other factors mentioned has brought forth one of the worst fire seasons—during 1962—in the history of Chilton County.

199 forest fires were reported and suppressed in Chilton County in 1962, burning 1,418 acres of valuable timber with damage being assessed at $22,467.18. This is a 30 per cent increase over the number of fires occurring in 1961; a 36 percent increase in acres burned, and 110 percent increase in damage.

The State Division of Forestry maintains and operates two forest fire lookout towers in Chilton County. One is equipped with two-way radio and both are equipped with telephones. The Division also operates a full-time weather station of the latest design for determining weather conditions in relation to fire occurrence, damage, and fire behavior. The Devision operates 3 trucks equipped with two-way radio and other specialized equipment and two crawler tractors with specialized plows and equipment. The Division employs 4 full-time employees and maintains an office in the Chilton County Courthouse.

On 24-Hour Call—

All Division employees and equipment are on 24-hour fire call. Forest fires may be reported by telephone to any of the following Clanton numbers: Rangers Office, 53. Rangers residence (night) 1647. Forest Patrolman's Residence, 401-M4.

Peach Fire Tower, 572-R4.

Report fires in the Jemison area to the following numbers: Patrolman's Residence, OV 8-1839. Union Grove Fire Tower, OV 8-4975.

(Clip these numbers and paste into phonebook for future reference)

Ask Your Assistance—

The Division of Forestry enters a plea to the people of Chilton County to be more careful with fire in 1963. It is estimated that for each dollar of damage resulting from woods fires, the county economy suffers a loss of seven dollars in loss of income from jobs, services, and products. Based on this figure, Chilton County's loss in 1962 was $157,269.00. This represents money lost by all of the people of Chilton County.

Help prevent this staggering loss in 1963.

'Learn by Doing' Proves Valuable For 4-H'er Pair

Miss Pitts

Coleman

A teen-age boy from Calhoun County who calls automobile maintenance "right down my line" has returned from the recent 41st National 4-H Club Congress in Chicago convinced he has a lot more to learn.

Johnny Coleman, 18, of Piedmont, an Alabama delegate to the congress, Nov. 25-29, for the superior knowledge and skill demonstrated in his 4-H automotive project.

Coleman was selected for the expense-paid trip by the Cooperative Extension Service. The Firestone Tire & Rubber Company sponsored young Coleman.

"I have always been interested in automobiles," Coleman says. "It all began with model cars and, as I got older, I advanced to bigger things."

Coleman says the five-day congress was a delightful experience. Tours, parties and speeches were featured and this bright Alabama lad met many of the 1,500 delegates from the 50 states and Puerto Rico who attended the congress.

Another outstanding Alabama teen-ager, Mary Ann Pitts, won a $50 U.S. savings bond for her ability in making bread. The bond was the gift of Standard Brands Incorporated.

Miss Pitts, 18, of Vinemont, is a daughter of Mrs. Hazel Pitts. The Pitts farm 180 acres in Cullman County. "Have Fun, Make Rolls" was the title of Miss Pitts prize-winning presentation.

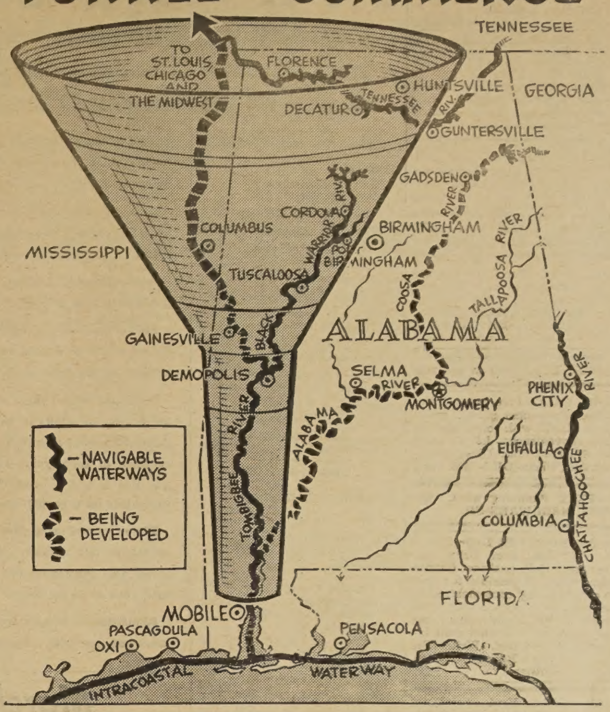
TENNESSEE-TOMBIGBEE WATERWAY FUNNEL OF COMMERCE



Route Of The Tennessee-Tombigbee—This sketch shows how the Tennessee-Tombigbee Waterway will funnel commerce from the mid-continent area to the Port of Mobile. With the long-sought waterway in operation, the port will handle direct barge shipments to and from the industrial Great Lakes and agricultural mid-West areas as well as Alabama's own Tennessee Valley. As a result, Alabama Gov. John Patterson, present chairman of the four-state waterway authority, believes Mobile will become one of the nation's major seaports and the gateway to Central and South America. A 150-year dream, the waterway connects the Tennessee and Tombigbee Rivers via Columbus, Miss. First construction will be a modern lock and dam at Gainesville, Ala., 30 miles upstream from Demopolis.

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

REMEMBER: Results are what you pay for — Results are what you get, with Classified Advertising in the News.

Chocolate Pie—Smooth and Rich

Want to please a man? Give him chocolate pie. The one here was developed by the makers of Bosco, the fortified chocolate flavored syrup usually tagged as kids' stuff. On the contrary, this rich chocolate pie is far from kids' stuff, although it does rate high on vitamins and minerals. Better buy a lock for your refrigerator!

Chocolate Bavarian Pie

- 1 envelope unflavored gelatine
- ¼ cup cold water
- 1 cup Bosco chocolate flavored syrup
- 2 cups heavy cream
- ½ teaspoon vanilla
- 1 baked 1-2-3 Pie Crust for 9-inch pie
- chopped walnuts

Soften gelatine in cold water. Heat chocolate syrup to a full boil in medium saucepan. Remove from heat. Add softened gelatine and stir until gelatine is completely dissolved. Chill until mixture is thick and syrupy, stirring once or twice while chilling. Beat cream until stiff and fold into slightly thickened chocolate syrup-gelatine mixture. Fold in vanilla. Pile into baked shell and chill until firm. If desired, sprinkle with chopped walnuts.

1-2-3 Pastry for 9-Inch One-Crust Pie

- 1⅓ cups sifted flour
- ½ teaspoon salt
- ⅓ cup corn oil
- 2 tablespoons water

Mix flour and salt. Blend oil in thoroughly with fork. Sprinkle all of water over mixture; mix well. Press dough firmly into ball with hands. If too dry, mix in 1 to 2 tablespoons more oil.

Flatten dough slightly; immediately roll into 12-inch circle between 2 pieces of waxed paper. Wipe table with damp cloth to keep paper from slipping. Peel off top paper; place pastry in pan, paper side up. Peel off paper; fit pastry loosely into pan. Trim ½ inch beyond rim of pan. Fold under and flute. Prick thoroughly and bake at 450°F. (very hot) for 12 to 15 minutes, or until light golden brown.

NEWS OF —
Samaria

Don Graham, pastor

Last Sunday during the worship service we commemorated the Lord's Supper. This was, as usual, a simple but beautiful service.

Next Sunday night we will have Baptismal Service during the worship hour. We have several candidates, many of whom are young people. We are very proud of these and we are sure they will become faithful Christians. We invite you to come and be a part of these services.

January Bible Study will be the week of January 21. We want you to make your plans now to come every night from 6:00 until 7:30.

We do hope you are listening to the devotional every Saturday morning at 7:00 over WKLF. This will really start your day right and it is through the courtesy of Mr. and Mrs. James Parsons.

This month the Training Union is centering its programs around soul-winning. Our sermons will be taken from the same thing. This is to encourage a better program on reaching the lost of our community. We feel that all Christians should attend and realize their opportunities. Make plans now to be a part of these meetings.

The Youth Rally will hold its monthly meeting at the Clanton First Church on January 19th. We will be privileged to have as our speaker, Brother Davis, a missionary from Venzuela.

Jr. Music Club Caroled At Nursing Home

During the Christmas Holidays—on December 19th—the Jr. Music Club of Clanton met at the home of Beth Maddox and after completing plans for a Christmas Party, which was held at a later date, went caroling at the Chilton County Nursing Home.

Personal Notes

MRS. L. A. Clayton, Penny and Dixie Brooks, spent the week-end last week in Panama City Fla. with Mr. and Mrs. L. E. Elwell.

MR. and Mrs. D. A. West, of Birmingham, are now living in Clanton in the Cliff Montgomery home on Higgins Ferry Road. He is the new manager for the Clanton Memorial Gardens.

CARD OF THANKS

The family of Mrs. Eula Brown wishes to express their thanks and gratitude to their many friends and relatives for the many acts of kindness shown during the illness and at the death of our mother. May God add his richest blessings to everyone.

Officers Training Program Tuesday January 22nd

The Associational officers of the Sunday School, Training Union, Brotherhood and Music Departments of Chilton-Unity are invited and urged to attend the officers training program Tuesday, January 22, 6:00 P.M. for a free supper. The program begins at 7:00 P.M. at the Capitol Heights Baptist Church, Montgomery. If you cannot get there for the supper, plan to arrive for the Training Program. This will be a fine opportunity for training all leaders of the Associational organizations to become greater leaders for the Lord Jesus Christ.

Man Found Dead Near Mt. Springs

THE body of James Otis Wilson, age 47, was found by his son Monday afternoon just north of Mt. Springs Church in east Chilton. He was a native of Chilton County.

Cause of death was said to be a Coronary Thrombosis.

Wilson, of Route 5, Clanton is survived by one son, James Wilson; his parents, Mr. and Mrs. Jack Wilson; two brothers, Elijah and Oddis Wilson, all of Clanton. He also had one grandchild.

Funeral services will be held today, January 17th at 2:00 P.M. from the Mt. Springs Church with burial in the church cemetery. Martin Funeral Home directing.

Mitchell Lake Boating Club Elects Officers

THE Mitchell Lake Boating Club held it's January meeting Saturday night and elected the following officers to serve for 1963: Commodore, Bill Bennett; vice-Commodore, Forrest Holley; recording Yeoman, Martha Mitchell; corresponding Yeoman, Aster Bennett; purser, H. Gaines Burnett; Planning Committee Chairman, Archie Steele.

The Club was organized to promote water safety, help prevent water pollution, develop fraternal spirit among outdoor enthusiasts and many other activities in which the organization can function helpfully.

Further information about the Club may be had by calling Bill Bennett at Phone 1224-M4.

Housing Authority Offices Moved

THE Central Office of the Housing Authority of the City of Clanton has moved from the Mullins Building to the new office located at 201 Ollie Avenue which is the second building behind the Fiesta Bowling Center.

Both projects are now open for tenants. Families interested in the units should contact the Housing Authority at the Central Office.

State Evangelistic Confab 28-29

All the Baptist churches of the Chilton-Unity Association will surely make it financially possible for the pastor to attend the Alabama Baptist State Evangelistic Conference January 28-29 at the Dauphin Way Baptist Church in Mobile. This will be a great inspirational evangelistic service.

County-wide Farmers Meeting Today

CHILTON County peach growers and truck crop producers are invited to attend a most important meeting Thursday, January 17 at the Chilton County Courthouse beginning at 9:30 A.M. until 4:00 P.M.

The purpose of the meeting is to bring peach growers and other fruit and vegetable producers, as well as seed and fertilizer dealers up-to-date on the latest research information regarding varieties, production practices, disease and insect control, and other technological advancements in agriculture. The program hasn't yet been completed; however, guest speakers will include Auburn Extension Specialists, research workers from the Auburn Experiment Station and Professors from the School of Agriculture at Auburn.

The Following is A Tentative Outline of The Day's Program:

1. Recommended Peach Varieties for Central Alabama, and Promising New Varieties.
2. Recommended Peach Varieties and Distribution for Small Operators Who Plan to Market Their Own Fruit.
3. Apple, Pear, Bunch and Muscadine Grape Varieties and Major Production Practices.
4. Peach Fertilizer Recommendations and Progress Report on Chemical Thinning.
5. Varieties of other Commercial Horticulture Crops for Central Alabama.
5. Truck Crop Insect Control.
6. Plant Diseases and Control and Special Agricultural Chemical Uses.
7. Marketing Trends and Outlook.
8. Commercial Exhibit Display.

County Agent John D. Sellers, urges every grower in Chilton County to make plans to attend this informative and timely meeting!

A Reminder. . .!

Dear friends,

"If you did not receive your "Seals" this Christmas, it was because they were late getting to me. However, we do still have need for medicine and x-rays and treatments for those who have Tuberculosis in our County.

"We work with and through the County Health Department in these processes. We have, from our County eight (8) in the hospital and numerous patients being given medicine and families being taught by our Health Department nurses just how to keep this disease from spreading.

"You may not be aware that it is highly contagious, but curable and can be prevented from spreading.

"It is also a "killer" if not caught in time.

"Even your smallest child can have T.B. Please answer the letter you will receive right away, in one way or another—it is just a reminder—you see, we treat T.B. all year.

Thank you,
your Chilton Co. Chair.
Mrs. R. M. Tucker.

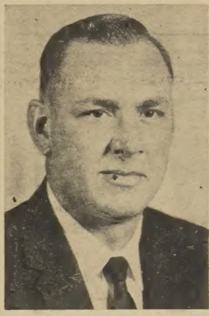
Conway Named To Head March of Dimes

"IT may shock many, as it did me, to learn that thousands of our handicapped children are not able to get the best possible medical care. I know the people in our area will want to help correct that situation."

This was the comment of Mr. Gordon Conway as he accepted appointment as campaign director of the 25th Anniversary March of Dimes in Chilton County this year.

The appointment came from Dr. Frank A. Rose, state chairman of the March of Dimes, and the co-chairman, Thomas F. Parker of Montgomery.

"Nobody needs help more than crippled children, and so many are not able to obtain the kind of care they are entitled to. But following the pattern of its triumph over polio, the March of Dimes is working to solve this problem where the need is the greatest — in the fields of birth defects and arthritis," Mr. Conway said.



GORDON CONWAY

Gordon Conway, who is the Superintendent of Chilton County Schools, is a native of Chilton County and has been a most active citizen in affairs of this kind. You may address your donations or requests for information concerning the Chilton County March of Dimes to P. O. Box 69, Clanton or phone 69.

CARD OF THANKS

We wish to take this means of expressing our deep appreciation to one and all for the many deeds of kindness during the illness and death of our darling baby, Anita Ann. The floral gifts, more than 25 in number, were some of the most beautiful ever assembled together. The food, supplied by neighbors and friends was most delicious and plentiful beyond compare.

Thanks to Dr. Joe W. Moore, the hospital attendants and to Spigener Funeral Home for all the services rendered. Also to the Revs. M. Lockhart, N. E. Cook and J. L. Adams for the kind words spoken.

Let us again say "thank you", and may the Lord's richest blessings be upon each of you is our prayer.

Mr. and Mrs. Floyd Mims, parents.

Rev. Burkhalter To Speak At First Baptist

DR. J. Gilbert Hutchinson, pastor of the First Baptist Church of Clanton, announces that Rev. Clarke E. Burkhalter of the Mid-South Messianic Society, Memphis, Tennessee, will speak Sunday morning and evening in the First Baptist Church of Clanton, and bring information regarding his mission society.

Bro. Burkhalter is a native of Chilton County and was reared in the Enterprise Community.

A very cordial invitation is extended to everyone in the community to hear Bro. Burkhalter in the services Sunday. In the carrying on of his mission work, which is missions to Israel, Bro. Burkhalter has traveled extensively and has spent considerable time in Palestine. The people of the First Baptist Church look forward with pleasure to having him in their services.

Sell Auto Tags Praising Peach

"BOOST Chilton County Peaches" . that's the theme!

For a number of years, the local Jaycees have been promoting Chilton County Peaches. For the past two years the Jaycees have promoted the selection of the Peach Queen and have distributed samples of the Chilton County Peach to persons from all 50 States at the National Jaycee Conventions.

And now they are asking that you—John Q. Citizen—help in promoting the county's number one crop.

Just buy an automobile tag!

The tags are painted in blue and white with a peach on the face and will fill that vacant spot on the front of your car this year, mighty well, at the same time publicizing the fact that Chilton County is known for growing peaches.

The Peach Tag Committee, consisting of Dr. W. T. Parker, Morris Moatts, David Littleton and William Turner, announces that the Jaycees will have door-to-door sale of these tags on Tuesday and Thursday of next week.

On Tuesday, January 22nd, they will work west of 7th St. in Clanton; and on Thursday, January 24th, they will work 7th St. and east of 7th.

All Jaycees are expected to be out working, boosting Chilton County Peaches. The proceeds of this sale will go toward other community projects. Tags may be purchased from any member of the Junior Chamber of Commerce.

MAN OF THE WEEK

HERMAN A. LeCroy, who was featured two weeks ago in the News "Mystery Man" column is our Man Of The Week this week.

Herman was raised in the Isabella Community of Chilton County and was educated in the Isabella Schools and attended Jacksonville State College. He afterwards, taught in the public schools of Chilton County until World War II.

During the War years, he did civil defense work and since that time he has been actively engaged in the business life of Clanton, having owned and operated the Clanton Home & Auto Store here for many years.

He is still connected with the tire business, working now with Goodyear Tire & Rubber Company in Clanton, as an Area Salesman!

His parents: Mr. and Mrs. A. J. Lecroy of Isabella. His mother was a teacher at Isabella High School until her death in 1955.

Herman is married to the former Miss Thomasine Dorminey, who has been a first grade teacher at Clanton Elementary since 1940. They have an eleven-year-old daughter, Brenda Kay who is a student at the Henry Adair School.

All three are members of the First Baptist Church in Clanton. Herman teaches a 14-year-old boys' Sunday School Class. He is a charter member of the Clanton Country Club and a former member of the Lions Club. At present, he is a member of the Chilton County Chamber of Commerce. He has served on various civic committees at various times, including the Chilton County Peach Parade and the Red Cross organization.

HERMAN A. LECROY

Personally? Herman is a strong-willed individual (and the "individual" is used in the most literal sense) who has time for other individuals, and who is strong in his convictions as well as out-spoken in them. In other words he'd make a good politician. He's a solid citizen, interested in his community and the people who make it go!

Stokes, Monroe Elected To Head County C Of C In 1963

THE Chilton County Chamber of Commerce has elected J. H. (Skeeter) Stokes of Clanton, as president for 1963. And, at its Annual Banquet and Business session this past Friday, the membership also added four new personalities to the Executive Board of Directors.

Elected to fill the vice-president's chair, along with Stokes as president, was E. H. Monroe, District Manager of Liberty National Insurance Co. He has served on the Board of Directors previously, as has Stokes.

New members of the Board include Dave Norman, owner of Big Four Hardware Company; B. L. Adams, local Public Accountant; and Ralph Johnston, a partner in the Upchurch Drug Company in Clanton and a member of the Clanton City Council.

Stoke's Chevrolet Company in Clanton, was vice-president of the Chamber in 1962 and headed the important Chilton County Peach Piolt Project, in which the Stokes, who owns and operates Chamber raised more than $4,800 to finance a peach processing experiment by Auburn University's Dr. Harris in the new multi-million dollar food processing laboratory.

(EDITOR'S NOTE: Some of the results of these experiments will be published in the News next week).

The Chamber of Commerce is actively pursuing development of the Coosa River, Parks along the River and Industrial Development of Chilton County, in general.

Supper Club To Meet Tonight

Thursday night, January 17, at 7:00 O'Clock is the time; and the new Masonic Temple on 8th Street is the place for the next meeting of the 423 Supper Club, and all members and guests are cordially invited to attend. This will be the first meeting of the Club in 1963 and we are anxious to continue our fine record of attendance at these meetings.

The Program Committee has completed plans for our entertainment that should be very interesting for us. The Program Committee has endeavored to arrange programs that are not only entertaining but informative as well, and let us show our appreciation of their efforts by giving the best attendance yet at this meeting. Hope to see you there!

Wed 50 Years

MR. and Mrs. L. E. Diefenderfer will observe their Golden Wedding Anniversary on Friday the 18th of January.

They were married in Akron, Ohio. Mrs. Diefenderfer came as a young bride and settled in Thorsby. They moved to Clanton about 30 years ago.

They are members of the First Methodist Church in Clanton and are active. Mr. Diefenderfer has served on the City Council a number of years at intervals. He is very active in other civic work also.

They have one daughter, Mrs. Hugo Kielbach, who lives in East St. Louis Ill. and a son Milton who resides in Clanton an dis employed by the County as a civil engineer.

Dedication Services Set For New Church Of Christ

DEDICATION of the new Church of Christ building located just past the hospital on Lay Dam Road will be Sunday, January 27th at 2:30 P.M.

Speakers for the occasion will be Gene Arnold, Minister of the Cloverdale Church of Christ, Montgomery, and Clyde E. Fulmer, Minister of Capitol Heights Church of Christ in Montgomery.

Dent Williams will direct the singing and Jack Andrews, local minister, will be Master of Ceremonies.

Everyone has a cordial invitation to attend these services.

County Banks Make Emergency Donations To Local Red Cross

THE Red Cross Fund Drive will take place in March as usual, but due to the emergency need of the Chilton County Chapter for continuing service to the people of Chilton County, liberal donations were made in advance by the following banks: The Bank of Thorsby, The Bank of Maplesville, the First National Bank of Clanton, and the Peoples Savings Bank of Clanton.

One of the most important activities of the Chilton County Chapter is the Red Cross Blood Program.

The citizens of our county used 317 pints of blood at our local hospital during 1962, and the usage of blood is increasing.

Since so many of our young men are in the Armed Forces, our Home Service work to these servicemen and their families is a very important phase of our work. Our Chapter assists in getting servicemen home from all parts of the world for emergency purposes. Also, the Chapter assists families of servicemen in making affidavits, filling out forms for financial assistance, hardship discharges, and many other problems that require Red Cross assistance.

The Red Cross organization in Chilton County takes this means to thank the Banks for helping to continue these valuable services to the people of Chilton County.

Maplesville PTA To Meet Tonight

THE Maplesville Elementary PTA will meet Thursday, January 17th at 7:30 P.M. in the School Auditorium. The devotional will be given by the Rev. J. A. Treese. The third and fourth grade pupils will present an interesting program entitled "Citizenship".

All parents and friends are urged to attend.

Mrs. B. E. Dennis,
Publicity Chrmn.

Mr. Earl Bray is sick at his home. Hope he will soon be feeling better.

Chicken Skillet Dish Is Sauced With Soup

Today's cooks like to prepare food the easy way. You can't blame them . . . time is so valuable. There are so many wonderful and exciting things to do.

It's the smart homemaker however, who lets convenience foods give her a helping hand in this all important task. For example, as ready and quick cooking soups canned condensed soups are invaluable. Take this tasty chicken skillet dish, a choice entree for company and a festive treat for the family, it's the canned condensed cream of chicken soup that makes it so outstanding . . . and so easy. The soup adds extra flavor and nourishment as well.

With this delicious one-dish meal serve crisp relishes, hot rolls and apple crisp with cream for dessert.

Skillet Chicken And Brussels Sprouts

2 chicken breasts, split, (about 1½ pounds)
2 tablespoons shortening
1 can (3 ounces) sliced mushrooms, drained
1 can (10½ ounces) condensed cream of chicken soup
½ cup water
⅛ teaspoon dill weed, crushed
1 package (10 ounces) frozen Brussels sprouts

In skillet, brown chicken in shortening. Add mushrooms; brown lightly. Pour off excess drippings; stir in soup and water. Cover and cook over low heat 30 minutes. Add dill and Brussels sprouts. Cover and cook 30 minutes more or until tender, stirring now and then. Makes 4 servings.

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

During my ten years as a member of the United States House of Representatives, I have reported each week to my constituents through the newspapers of the district I have had the privilege to represent. Although my seven colleagues and I are now representatives from the state at large, I will continue to make these weekly reports thru the courtesy of the same newspapers that have carried them for the past ten years and thru a number of other papers that have indicated they would like to run my weekly column.

Congress Convenes—

The first session of the 88th Congress convened at noon on Wednesday of last week with a lineup of 258 Democrats and 176 Republicans in the House of Representatives. One vacancy exists due to the death of Congressman Clement Miller, who was killed in a plane crash prior to the November election, but who was elected posthumously by the people of his district.

John W. McCormack of Massahusetts was re-elected Speaker of the House; Carl Albert of Oklahoma was re-elected by the Dmocratic Caucas and appointed Majority Floor Leader. Charles Halleck, Republican of Indiana, continues as Minority Leader.

Rules Committee Enlarged—

By a margin of 39 votes, the new Congress in its first controversial vote permanently increased from 12 to 15 the size of the House Rules Committee. Two years earlier the House by a hairline vote of 217 to 212 had temporarily enlarged this committee for a period of two years. The Kennedy Administration pushed actively and effectively for expansion, and the President himself on a nationwide television hookup called for the Committee's permanent enlargement.

Selden Opposes—

I have always felt that increasing the size of a committee in an effort to pass legislation that would not pass otherwise is a dangerous procedure. Consequently, I voted against enlarging the Rules Committee from 12 to 15 members when this issue was voted on during the First Session of the last Congress. Since we were confronted last week with the same basic issue, my vote remained the same.

Alabama 4-H Girl Finds Congress Happy Experience

A teen-age Alabama girl who can make some of the tastiest salads in the South is looking back over the exciting five days she spent at the 1962 National 4-H Club Congress in Chicago.

Judy McLean, 17, of Newton, attended several banquets given by firms that back 4-H, danced at two huge ballrooms, and heard the Chicago Symphony Orchestra with two 4-H soloists.

Miss McLean

She heard such notable speakers as Tennessee Gov. Buford Ellington, a winner in the national 4-H alumni recognition program, who spoke on citizenship in a democracy.

Another speaker was Dr. Glenn Olds, president of Springfield (Mass.) College, who gave an address on "Values to Live By."

Miss McLean, the daughter of Mr. and Mrs. Howard McLean, received an expense-paid trip for being named one of six sectional winners in dairy foods demonstration by the Cooperative Extension Service.

Her trip was donated by the Carnation Company, which had previously awarded her a 19-jewel wrist watch as a state winner in the project.

Miss McLean swept to state honors with a demonstration on how to make four kinds of salad in which dairy products are used.

During her fast-paced demonstration, she stressed the importance of dairy products in a proper diet.

YOUR HEALTH

SHOCK

Shock has been described as a depression of the vital functions of the body. In shock the major factor is a reduction in circulating blood volume. Usually the victim becomes pale, the skin cod and moist, the pulse feeble but rapid; and there may be unconsciousness. If the shock is very deep, it can produce death.

Severe shock should, of course, be treated by a physician; and there are steps which can be taken to protect the victim until the physician arrives.

Some shock will result from burns, broken limbs, and other wounds; and, whatever may be the cause, shock should be considered seriously. The patient should be lying down and wrapped warmly. Bleeding should be stopped, splint used to protect a broken bone, and dry dressings appied to severe burns. The victim's head should be kept level with the body or lower unless it is a head injury, in which event the head should be slightly raised. Nothing should be given by mouth to a victim who is vomiting, semi-conscious, or appears to be in severe shock. The liquid might get into the victim's windpipe or lungs and cause him to strangle. If there is an abdominal wound, nothing should be given by mouth.

Shock is a state of circulatory collapse usually due to hemorrhage externally or internally. In many cases of shock, blood transfusion is urgenty needed to restore lost blood to the body.

SOCIAL SECURITY
C/O CHILTON CO. NEWS
CLANTON, ALABAMA

Q. Do I have to claim social security in the same state where I got my social security card?

A. No. You may claim your social security payments at any of the over 600 social security offices throughout the country.

Q. I started getting my social security when I was 65. Now I'm disabled. Can my checks be raised?

A. No. Disability payments are made only to those under 65 who don't draw retirement benefits.

Q. I've always been a housewife and now get a reduced wife's benefit as I am only 64. If my huband died, would my check be raised?

A. Yes. You would then get a full widow's benefit which is 82½ percent of your husband's benefit.

Q. I put in for social security last year when men could first get payments at age 62. Will my checks be increased when I'm 65?

A. Only if you have additional earnings after you filed for payments. If you do, then these additional earnings will be added to your account and we will refigure it when you are 65.

Build Your Own Riding Stable, Says Agent John Sellers

You can get working drawings of an expandable barn for riding horses at your county agent's office.

The plan for a barn 34 feet long and 22 feet wide, provides space for two 12 x 12 foot box stalls, a tack room and a feed room. Floors in the feed and tack room are concrete; stall floors are clay.

The building is of frame construction and the plans show how to build either a low pitched or a steeply pitched roof. The roof will withstand winds that do not exceed 75 mph. The plan also shows an alternate detail roof that will withstand winds of hurricane force.

County Agent John Sellers says that he has complete drawing of this plan. If you are interested go by his office and ask for plan No. BC-26 or (5838).

Clanton FHA Vote For "Miss FHA" 1963

The Clanton Chapter of the Future Homemakers of America held its regular meeting Tuesday, January 8, 1963, in the high school auditorium. The president, Judy Cox, presided.

Each member voted by secret ballot for her selection for Miss FHA of 1962-'63. Miss FHA should possess all the qualities suitable for a good future homemaker. She should show leadership, dependability, a pleasing personality, and an outstanding character. Miss FHA was to be recognized in assembly on Wednesday, January 16 (yesterday).

Letters were read from CARE and the Talladega School for the Blind thanking the FHA for the $10 contribution to each cause.

DEAR 4-H JANES

Eyes are rationed....one pair to a customer!

Considering that one pair of eyes must last a lifetime, periodic examinations by your vision doctor and good home lighting are worth whatever they cost.

Bare bulbs are a glaring problem! Ceiling fixtures designed for one or more "bare" bulbs present a glaring problem wherever they occur, whether it be in the dining room, living room, hall, kitchen, bedroom, laundry, garage or closet. The words "glaring problem" are used quite literally here, for if the bulbs are of suitable size to give acceptabe lighting, the glare is unbearable.

So what happens?

The glare is reduced by the use of low-wattage bulbs — or even worse still, deeply colored (not lightly tinted) bulbs are used.

And the result?

Less glare! That's true, but the lighting results are so meager as to serve little practical purpose. And let us not forget that the majority of fixtures and lamps are purchased to give LIGHT!

We can eliminate the glare from bare bulbs by using reflectors or tinted bulbs (where practical).

All in all, there is really no excuse for frowns, squinting eyes or the glare that causes tired eyes. And there's no reason to have harsh shadows or poor lighting. After a person does away with glaring bare bulbs, they will never want them again. Let's all try to improve our lighting and help our eyes by so doing.

DONNA LYNN BULGER CELEBRATES 'NO. ONE'

Donna Lynn Bulger has celebrated her first birthday. The party included some of the family friends and the table, covered with a white linen tablecloth, held a beautiful white birthday cake with red roses and writing on it. It occupied the center of the table. Donna received many nice gifts.

The guests included Mr. and Mrs. Bobby C. Wyatt and daughter Carla, Mr. and Mrs. Harold Loyd and Harold Jr., Mr. and Mrs. Thomas Swanner, who are Donna's godparents.

Everyone enjoyed this happy "First" for Donna and wished her many, many more!

ABUNDANT LIFE

by ORAL ROBERTS

FEAR IS A TERRIBLE THING

A little girl woke up from a nightmare, screaming from her terror and fear. "Oh, help me, save me! Two big bears are going to get me!" she cried.

Her parents rushed into her room to try and calm her, but no amount of reassurance and comfort could soothe the little girl. She had become thoroughly terrified and neither dad's strong arms around her nor mother's loving words could convince her that two ferocious bears were not about to get her. Her parents tried every way they knew to calm her, and still she kept screaming, "Oh, help me. The bears are about to get me."

But her older brother came to the rescue. "What's wrong, Sis?" he asked.

"The bears are about to get me," sobbed the little girl.

"Where are they?"

"Over in that corner," she pointed.

Pulling an imaginary revolver from his pajama pocket, her brother shouted, "Bang, bang. I got both of them!"

The little girl, her fears allayed, went back to sleep, feeling just fine.

This story is ridiculous. It is silly, you might say. But the point is, whether its cause is real or imagined, fear is a terrible thing. It is a brutal, blighting, crippling force that often leaves its victims marked for life.

Many people today live in constant fear. Some are afraid of storms with thunder and lightning. Others are afraid of shadows and darkness. Still others are afraid of illness and diseases, such as cancer. Thousands are afraid of failure. I am told that one-half of all hospital beds are filled with people suffering mental difficulties and breakdowns. Their fears have dominated them and made them irrational.

The Bible says, "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (2 Timothy 1:7). God does not want people to suffer the consequences of fear. In place of one negative force, fear, He has given us three positive ones; power, love and a sound mind.

The next time you are afraid and the world seems to be closing in around you, remember that fear does not come from God. God has given you power to overcome fear, love to lift you and a sound mind to deal with your problems. His words to you are, "Fear not, only believe."

Davises Celebrated 50th Anniversary

It was a happy occasion for Mr. and Mrs. E. H. Davis, on Sunday, December 30th, when their daughter, Mrs. W. R. Cobb and son J. R. Davis entertained friends and relatives at their home on Selma Road.

The front door was marked with greenery, gold bells and ribbon. Mrs. J. B. Atkinson greeted the guests at the door and also registered them at an appointed table with an arrangement of gold with a single gold candle. In the receiving line in the living room were Mrs. W. R. Cobb, Mr. J. R. Davis and Mr. and Mrs. E. H. Davis.

The mantle in the living room was decorated with an array of gold magnolia leaves and four golden candles. The piano was centered with yellow mums in a brass container. The dining table was covered with an ecru lace cloth over gold satin reaching the floor.

The three-tiered wedding cake in white was embossed in gold sugar spun bells of gold with net and the table was centered with a low bowl of yellow roses. The punch bowl was encircled in net and gold ribbons.

The cake was cut by Mrs. Francis Speaks, assisted by Mrs. Joe Morgan and Miss Fay Rush. Alternating at the punch bowl were Miss Una Powell and Mrs. J. E. Bearden.

Mrs. O. V. Harrison and Mrs. Sally Jo Bearden presided in the gift room where gold decorations were further carried out.

Approximately 125 guests registered from two to five o'clock.

CARD OF THANKS

We wish to take this means of expressing our deep appreciation to one and all for the many deeds of kindness during the illness and death of our darling baby, Anita Ann. The floral gifts, more than 25 in number, were some of the most beautiful ever assembled together. The food, supplied by neighbors and friends was most delicious and plentiful beyond compare.

Thanks to Dr. Joe W. Moore, the hospital attendants and to Spigener Funeral Home for all the services rendered. Also to the Revs. M. Lockhart, N. E. Cook and J. L. Adams for the kind words spoken.

Let us again say "thank you", and may the Lord's richest blessings be upon each of you is our prayer.

NEWS OF—
REFUGE

We were thankful for the services over the week-end, even though the weather was very unpleasant. Our visitors for the morning services included Mr. and Mrs. Boone and Mr. and Mrs. Holland from Montgomery.

The nice front for the church is now completed except the steps whih will probably be done this week. We are most appreciative for the fine spirit of cooperation and togetherness on the part of the members and friends in doing the work just finished. Other work is planned sometime in the future.

Our community was saddened by the death of little Anita Ann Mims, young daughter of Mr. and Mrs. Floyd Isaac Mims of this community. She was three months of age. The funeral services were held at Refuge Saturday afternoon. She passed away at the Chilton County Hospital about 7:00 O'clock Thursday morning, January 10th.

Brenda Lee, the fifteen months old daughter of Mr. and Mrs. Marvin Cleckler of this community, passed away at the home Saturday morning, January 5th. She was also buried at Refuge on Monday, January 7th.

Since next Sunday is regular preaching day, we will be looking forward to having you in the services. Christianity includes the whole family, so, why not bring all of them along.

SARDIS NEWS

Attendance was off some last Sunday. We hope next Sunday the weather will be better and the sick folks will be well enough to come back to church.

Several children in the community have the Chicken Pox.

Mr. Earl Bray is sick at his home. Hope he will soon be feeling better.

Mr. and Mrs. E. L. Owen spent Sunday with Mr. and Mrs. J. H Cherry and Shermon.

Rev. W. S. Cox was the guest of Mr. and Mrs. Earnest Ratliff last Sunday.

Mr. and Mrs. Herbert Brooks and mother, Mrs. Wilson of Atlanta, Ga. spent several days last week with the W. E. Hunt family.

Mr. and Mrs. G. B. Culp and Larry spent a while Sunday afternoon with Mr. and Mrs. O. C. Roseberry and family in the Antioch Community.

THORSBY NEWS

By ESTELLE HAYES

Mr. H. K. Christiansen was a visitor in Thorsby last week. He has been away for several months with his wife and daughter in Key West, Fla. and visited with his daughter in New York. We understand that Mr. Chirstiansen plans to live in Clanton.

Mr. and Mrs. Raymond Grey of Atlanta, Ga. spent the week end with his grandparents, Mr. and Mrs. Tom Maddox.

Mr. Charles Strain, a student at Auburn, visited his parents, Mr. and Mrs. Tom Strain the week-end.

Mr. and Mrs. Elijah Ellison, Mr. and Mrs. Sterling Varden of Mobile, visited Mr. and Mrs. Oscar Plier the week-end.

The lovely little daughter of Mr. and Mrs. James Blackmon, Terresa, celebrated her 6th birthday Friday. Thursday, a little party was given at her home. Her grandmother, Mrs. Fletcher Blackmon presented her with a beautiful cake which she baked for the occasion. A group of her little friends brought gifts and enjoyed the refreshments with Terresa.

Mrs. Delene B. Wyatt, Mrs. Lissie Marcus visited Julius Smith in the Selma Baptist Hospital in Selma last Friday afternoon. We hope for him a speedy recovery.

Mrs. T. E. Baraham returned to Thorsby from the South Highland Infirmary last Thursday.

Mr. and Mrs. F. J. Thomas and daughter Ruby Jones, Mr. and Mrs. Marvin Wright, were the dinner guests last Thursday of Mr. and Mrs. E. R. Yeargan.

Mr. and Mrs. Hal Sawyer announce the arrival of a seven pound baby girl born January 10, 1963.

Mr. and Mrs. Shelby Bass (nee Shirley Price) of Compton, California, announce the arrival of a baby girl. She arrived on December 17, 1962.

Mr. and Mrs. Louis Henry Bratton of Newport News, Virginia announce the arrival of a 8 lb. baby girl. They have named her Laura Ann.

CENTER HILL HD CLUB MET FRIDAY

The Center Hill Home Demonstration Club met Friday, January 11 at the home of Mrs. Mattie Cobb.

The meeting was called to order by the new president, Mrs. Cobb. Mrs. Essie Collum called the roll with each member answering by giving her telephone number. Several items of business were discussed, one being the change of meeting day. In 1963 we will meet on the second Wednesday of every month, instead of the second Friday.

Each officer, assisted by Mrs. Lane, discussed their respective duties. The Club will meet on February 13th with Mrs. Gussie Cobb.

The hostess served a delicious salad plate to six members, two visitors and Mrs. Lane.

Baptist Youth Rally 19th At Local First Baptist

Remember, the monthly Youth Rally was planned to meet this month on Saturday, January 19, 7:30 P.M. at the First Baptist Church Clanton. Missionary, Rev. Charles W. Davis, serving, in Venzuela, will be the speaker. He is home on furlough and is teaching at Howard College this winter. He is an attractive speaker and always thrills the hearts of his listeners. The Youth Rally representatives of each of the churches will want to do all possible to get the young people to attend this important meeting, which is expected to be one of the greatest of all times. The commodious building of the First Baptist Church will adequately seat 750 people which is the minimum goal attendance at this rally.

—M. G. FIELDS.

Some Highlights Of Youth Rally Coming Saturday

Some of the more outstanding particulars of the County-wide Youth Rally, to be held at the First Baptist Church in Clanton, on Saturday, January 19th are:

Brother Charles Davis, missionary to Venzuela will speak.

Randy Atcheson will present an accordian solo.

The Youth Choir will be there, giving their all.

Ray Cox, student at Chilton County High School will direct the choir.

Richard Bolin, minister of Music at the Bethel Baptist Church in Birmingham, will sing a solo.

This is to be the biggest meeting of the year. Some 750 persons are expected to attend.

There will be a fellowship in the basement of the church, after the meeting.

NEWS OF—

Providence (Beat 13)

Rev. Robert Carden, pastor

Remember the Study Course which will begin Wednesday, January 23rd. The Study will be in the book of Matthew and the theme is "The King And The Kingdom". We plan to have a hamburger supper in connection with the Study Course on the first night. There will be classes for each age group in the church.

We urge everyone to remember our organized visitation program which will be conducted each Thursday night. Come to the church each Thursday at 6:50 P.M.

The many friends of Mrs. Avis Watson will be glad to know that she has returned to her home from the hospital and is doing nicely.

We are glad to report Mr. Geo. Thompson is able to be back home from the hospital. We hope for him a speedy recovery.

World Traveler Speaking At Pinedale This Week

[illegible] of the Pinedale Assembly of God Church, Paul Harthern, announces this week that services are being held each evening at 7:00 P.M. and world traveler-evangelist Jack Martz, and his wife, of Atlanta are the featured singers and speakers.

Mr.Martz, who has just recently applied for membership in the fast-growing Assembly of God denomination, is an experienced preacher. He has been in the pulpit for the last 27 years and ministered in such far away places as Tasmania, Australia, China, Africa and much of Europe.

He has many vivid experiences to recall. Shortly after he left Cairo, Egypt the hotel Shepneard where he stayed, was torn down by rioters and burned to the ground, as a local war against all 'whites' was started. "Many of the Europeans, some from Britain, were torn to pieces," he said, "as the rioters vented their fury".

With Jack, as he prefers to be called, is his wife Esther, who sings alto in the meetings, accompanied by her husband at the piano. Many of the hymns sung will be those composed by the Georgia evangelist.

In 1950 during one of his eight trips to Europe, he helped the local pastor, Paul Harthern, to come to this country. This is the first time they have been together in ministry.

The public is invited to the services, which are being held each night, 7 P.M., excepting Saturday.

Birth Defects from Thalidomide Spur Mothers in March of Dimes

WHY IT IS WORTH IT—Marching Mothers believe every child's birthright entitles him to a full, useful life. They will brave the elements late in January to seek public support for the March of Dimes which finances treatment centers and research for victims of birth defects and crippling arthritis.

Grave concern about the widespread problem of birth defects, recently spotlighted by tragic infant deformities caused by the drug, thalidomide, will inspire some two million Marching Mothers to seek their neighbors' support for the 1963 March of Dimes during the last week in January.

For volunteers in the Mothers' March, this concern is not a recent development. The National Foundation-March of Dimes, which observes its 25th anniversary this year, began to attack the long-neglected field of birth defects back in 1958.

Then, as now, medical authorities recognized that birth defects, in hundreds of disabling forms, overshadow all other child health problems. Every year, more than 21,000 deaths throughout the United States are caused by defective prenatal development. Every year, more than a quarter of a million babies *survive* despite significant defects.

To bring expert help to such children all over America, The National Foundation-March of Dimes—which helped conquer paralytic polio by totally supporting the development of the Salk and Sabin vaccines—now has a treatment program well under way.

Also in 1958, the March of Dimes organization initiated a program in the field of arthritis — equally neglected and shrugged off by the public as an inevitable hazard of aging, despite the fact that its severest form strikes children and young adults with alarming frequency.

This year, Marching Mothers will proudly report to their neighbors that a nationwide network of March of Dimes-financed study and treatment centers for birth defects and arthritis is operating at full capacity. Nearly 50 such centers are now open in communities across the country—double the number that were in existence just a year ago, and only the beginning of the network envisioned.

In addition, seven respiratory centers are maintained for polio victims for whom the vaccines came too late. Aid for thousands of polio patients is still a prime responsibility of the March of Dimes.

The birth defects and arthritis centers supported by March of Dimes contributions emphasize early and correct diagnosis, which is the key to effective treatment and rehabilitation. Such detection and care requires the skills of many different specialists, all working together with patient and family.

Until the development of the March of Dimes program, such top-quality attention was generally available only in large medical centers. The families of children afflicted with these cripplers have often had to settle for less than the best because facilities were lacking or inaccessible.

The tiny victims of disease and deformity who are born today must rely on current medical knowledge to detect abnormal conditions in time for proper treatment—or on "repair work" to correct disability. Wonders can be, and often are, accomplished.

But the ideal solution—that of preventing disability or warding it off at the very beginning of life itself—is the goal of research scientists whose work is supported by March of Dimes grants. They are adding constantly to the treasury of medical knowledge of how best to treat and, ultimately, to prevent crippling conditions that take such a grim toll of our children's health.

As they pin on their badges bearing the symbolic "Golden Key of Hope," Mothers' March volunteers are convinced that a concerted effort of the public in partnership with science—as persistent as the program that triumphed over polio—can speed the day when the problems of birth defects and arthritis will be solved.

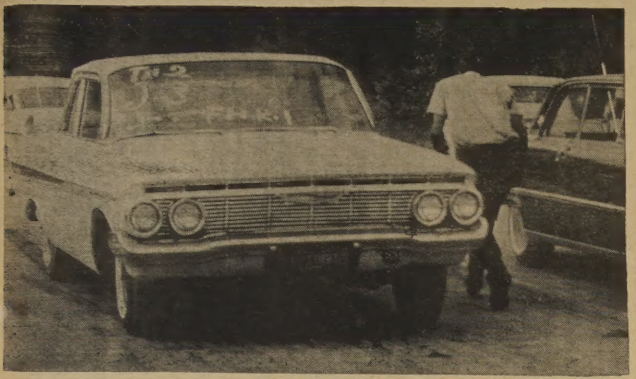
Clanton Drag Strip Will Be Host To Birmingham Visitors



THE Clanton Drag Strip in southwest Clanton, will be honored with a visit of some big city cars the weekend of January 27th (Sunday afternoon).

Several cars owned by Birmingham drag racers that are capable of turning the track at and beyond a speed of 100 mph in 12 to 15 seconds, will be racing.

In the above photo, Frank Comer, of Birmingham, "shuts down" the last car in Super Stock Class. A white Chevrolet Impala (1961 model), which incidentally, stole the show once last year, will make a return appearance at the local strip.

The car is owned by Marty Johnson, editor of "The Checkered Flag" racing column in the Sun papers, in Birmingham. His driver is a personal friend, Frank Comer. The car was protested last year at Clanton, but was unable to "tear down" because of the lack of a gasket set.

The Chevy is powered by a 1961 283 cubic inch engine with one four barrel carburetor and a four speed transmission.

Arrangements are being made for about four other top cars from Birmingham to be at Clanton on the 27th.

Among them will be the modified six-cylinder, that turns 108 mph in the quarter from Leeds, Ala., owned by Cotton Taylor. Also there will be a 1959 Impala called "The Bronze Bandit" powered by an automatic transmission capabe of turning 90 mph.

See you at the track, Jack!

March of Dimes Pioneers Plan To Improve Child Medical Care

March of Dimes-financed treatment centers in great medical institutions like these care for hundreds of afflicted children.

Top-quality medical care, though often capable of changing the whole life prospects of infants and children with crippling disorders, is unavailable to the majority of these patients.

That is why The National Foundation-March of Dimes is pioneering with a project designed to remedy this situation by financing a network of more than 50 treatment centers across the nation for birth defects, arthritis and polio.

But fully twice this number of centers is needed because of the magnitude of the problem. This urgent need is one of the chief reasons for the current March of Dimes campaign here this month.

"No other health organization in the United States, or for that matter not even the federal government, has attempted any such comprehensive network of special treatment centers," Basil O'Connor, president of The National Foundation-March of Dimes, said recently.

"We invested a great deal of study and thought in this project before we began in 1960 with the three pilot units patterned after our polio respiratory centers," he added. "But even with all this planning and preparation—which included medical conferences across the country—we did not foresee the full magnitude nor the urgency of the needs that these special treatment centers very soon brought to light.

Some Headway Made

"The thoughtful and compassionate generosity of the American public has permitted the March of Dimes to make some headway in meeting the research and medical-care problems posed by 250,000 infants born each year in our country with major birth defects; and the 42,000 children and adolescents crippled by some form of arthritis or rheumatic disease."

These treatment centers for birth defects, arthritis and polio, whose costs are borne directly by about 500 March of Dimes chapters as well as national headquarters, are affiliated with more than one-half of the medical schools in the United States. They are located from the Atlantic to the Pacific, from the Canadian to the Mexican borders.

'Health Teams' Used

Each provides continuous and comprehensive care for inpatients or outpatients by specialist members of "health teams." In the case of birth defects, this would often mean a pediatrician, a pediatric neurosurgeon, urologist, orthopedist, physical therapist, medical social worker, psychologist or psychiatrist, and others. Similarly, all of the special medical and other skills needed for the research study and the treatment of arthritis are enlisted in the "health teams" at the arthritis centers sponsored by the March of Dimes.

These March of Dimes-financed centers are the setting sometimes for family dramas where emotions range from despair to jubilation. More than once have parents given up hope for their child only to find that early treatment has made it possible for their youngster to escape serious disability or death. It is so often a matter of prompt action and expert treatment that makes the difference.

In a review of the progress in scarcely two years of these special treatment centers, Dr. William S. Clark, director of the medical department of The National Foundation-March of Dimes, reported:

The Guiding Principle

"What we have been achieving through our centers may seem breathtaking and miraculous to some people. But the underlying principle involved here is really very simple. It has been the guiding principle of The National Foundation-March of Dimes throughout its first quarter century, the anniversary of which we observe this month. It is this:

"Do something to prove that the best care can be brought out of our great medical centers and hospitals to America's doorstep in every town and village, and the American public, seeing that it *can* be done, will demand that it *must* be done. That's the March of Dimes in a nutshell."

1963 RAMBLER WINS "CAR OF THE YEAR" AWARD
from Motor Trend Magazine
Each year the automobile industry eagerly awaits the selection of one car as "Car of the Year" by Motor Trend's impartial experts. For 1963, this most-wanted, hardest-to-get honor goes to Rambler..."*for outstanding design achievement and engineering leadership.*" Read why Rambler won this prized award over all other cars.

SPECIAL AWARD ISSUE MOTOR TREND 1963 CAR of the YEAR RAMBLER
Here are some of the experts' reasons:
"New styling is based on lean, clean lines that are apparent from almost any angle."
"Motor Trend's Cars of the Year prove their mettle in actual testing, confirm their engineering excellence, reliability, sturdiness and performance."
"Quality has always been one of American Motors' largest selling points."
"In unitized bodies, which American Motors pioneered, this latest design represents a real advancement . . . biggest single reason we chose Rambler Car of the Year."
"This new construction method results in a unit so strong it'll take punishment longer and naturally hold its resale value."
"The interiors of both the Classic and Ambassador are **roomy and comfortable...** offer plenty of legroom."
"A good safety device. Self-adjusting brakes and dual master cylinders . . . if one system fails, the other brings the car to a safe stop."
"Trunk is large. Low loading lip makes it simple to load."
"Our Classic . . . with the rugged, ohv in-line Six . . . gave a high of 26.7 mpg highway cruising . . . mixed city and freeway gave 23.4."
"A sportier, more performance-oriented vehicle, the Ambassador V-8 should satisfy the wants of the Rambler buyer who favors performance."
"There isn't any pitch or choppiness noticeable even on rough roads."
"Summing up . . . it looks like the new Rambler will be an even better buy than it has been in previous years."
Why don't you look at the 1963 Rambler? Best-selling Rambler ever built!

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

REMEMBER: Results are what you pay for — Results are what you get, with Classified Advertising in the News.

ITALY'S PARADISE IN THE ALPS

Sestriere, nestled in the Val d'Aosta Alps of Italy, is one of the favorite ski resorts in Europe. Established in 1931 by Fiat tycoon Senator Gianni Agnelli, its trademarks are the two round buildings at either end of the village. Each is a hotel: the La Torre, inexpensive and informal gathering place of the younger set; and the luxurious Duchi d'Aosta, famous for its gourmet cuisine and elegant nightclub.

The snow comes to Sestriere from late November through late March, but the most popular months are January and February. There are over 60 excellent ski runs to choose from — enough to satisfy skiers of all qualifications, from "snow bunnies" to experts, and all are served by lifts or cableways.

In addition to ski slopes, Sestriere offers an excellent ice stadium, where national and international hockey matches as well as curling exhibitions take place, and an outdoor heated swimming pool. It's not unusual to see skiers in shorts and guests soaking up the sun on the many terraces overlooking the valley.

The sun may end the skier's day around five in the afternoon, but the night life is active and the party-spirited fill the many bars, restaurants, night-clubs and coffee houses by seven.

YOU CAN BE A BEAUTY TOO

Look your loveliest any time of day with a beauty cabinet in your kitchen. Here the pretty hostess re-powders before she brings in dessert and her company thinks she's perpetually radiant without knowing her secret. Her steel cabinet — equipped with beauty essentials — is inexpensive and easy to install and is attached to the side of a standard steel kitchen cabinet. Join the ranks of the beautifully groomed and put up your kitchen beauty cabinet today.

Complaints About Russian Drug Industry:

PRICES HIGH -- QUALITY LOW -- PRODUCTION SLOW

BOSTON—In Soviet Russia, where the government owns and operates the prescription drug industry, where there are no drug brand names, no drug advertising, no profits and no chargeable research costs, people complain that the price of drugs is too high.

This is one of the facts cited by two experts on Soviet economics, Professors Raymond A. Bauer, of Harvard, and Mark G. Field, of Boston University, in an article in the current Harvard Business Review.

Price is only one of the criticisms directed at the Soviet drug industry by both patients and physicians according to the two professors. Other common sources of dissatisfaction are the long delays in getting new drugs into production and into use by doctors, and the frequent appearance of low quality products.

Professors Bauer and Field explain that drug research in the Soviet Union is carried out in central research institutes which work independantly of the factories that produce the drugs. There are no competing private companies, each with its own research and production facilities as we have them in the United States.

They said as a result of the Soviet system there is faulty communication and lack of cooperation between the research institutes and the production plants, accounting for the production delays, which in some cases have amounted to seven years.

However, there are further delays in getting doctors to use the new drugs once they are produced, they added. Drugs are not advertised in Russia and the result is that generally doctors are not well informed about the new products. The main source of information about the availability of new products are the pharmacists who are urged to persuade doctors to use them. Pharmacists who do a good "selling" job for new drugs are praised in the Soviet medical press. Some official sources in Russia now advocate advertising drugs to doctors.

In the United States, by way of contrast, prescription drugs are advertised in medical journals and by the mail distribution of circulars and brochures. Drug companies employ "detail men" who call on doctors and give them complete information on new products.

SERIOUS DEFECT

A very serious defect in the Russian drug system is the frequent production of low quality goods, they noted. The quality control function, like research, is separated from manufacturing and is assigned to a central government inspection system. Thus poor quality goods are caught by the inspection system after they have already been produced. This poor arrangement, they added, may be ascribed partly to the fact that there are no brand names for Soviet drugs, although brand names for other commodities are becoming more and more common. Hence there is no incentive for the manufacturer to achieve quality superior to competitors and they are content to shift responsibility entirely on the government inspection system.

In the United States, where prescription drugs have brand names, quality control responsibility is assumed by the manufacturer because he knows that only by maintaining quality can he be assured of continued sales of his product.

Professors Bauer and Field conclude by observing that before we take steps to correct our own system we make a very careful examination of the alternatives.

FOLKS and THINGS About Town *by Ben*

IT was so cold last week that Willie, down at Tom Cox's Service Station, said he was washing cars, and he had to stop every now and then, to count his fingers to see if they were all there.

OUR good friend L. E. Diefenderfer (Dief) was taken to the Hospital last week. Tuesday of this week he was much better and they took him home. Hope he will soon be able to be up and about.

ANOTHER good friend B. G. Godwin entered the Hospital on Monday at noon. He was to have some tests made and then he was to give us the "verdict". Hope they all turn out well for the Godwins.

MRS. Mamie C. Smith is 87 years old. She has quite a few descendents, too. She has seven children; 18 grandchildren; 27 great grandchildren and four great great grandchildren. Mrs. Smith celebrated her 87th birthday recently and was visited by most of her large clan. She is very proud of the whole brood.

Puppeteer In Concert Series February 5th

THE second of three outstanding programs being presented in the current Clanton Concert Series, will be presented at the Chilton County High School auditorium on Tuesday, February 5th.

It is "Llords' International" and Daniel Llords, frequently called "the American Ambassador to the Puppet-world-at large" is a native born craftsman who has taken a timeless old world art, spiced with the technical brilliance of the Yankee showman, stirred the baton of the virtuoso musician and produced a fanciful and amusing Concertheatre for adults.

One man, and 200 marionettes, he has held concerts in eleven nations on two continents in five languages.

Rev. Hal Bray is the president of the local Concert group.

Board Of Registrars Meeting

CHAIRMAN of the Chilton County Board of Registrars, Mr. Judson Messer announces this week, that beginning Monday, January 21st, the Board will be in session from 9 A.M. to 4 P.M. for 10 consecutive days (not counting Saturday and Sunday) in their office in the Courthouse.

Methodists Go Into New Building Sunday

THE First Methodist Church of Clanton will occupy the new $100,000 Educational Building for the first time on Sunday, January 27th.

The building is the result of more than a year of planning, working and construction. It consists of more than 20 rooms, including modern restrooms on each floor of the two-story structure and is centrally heated and air conditioned.

It also has a new kitchen, with all the latest, most modern conveniences. The new building will house all of the Children's and Youth Departments of the Sunday School, as well as a portion of the Adult Department.

The new building will enable the Church to grade the Sunday School program by ages so as to have a different class for every age, similar to the public school system, all throughout the Children's and Youth Departments.

At this time no special dedication service is planned in connection with opening day, although anyone is welcome to go through the building at any time.

Architect was Mr. Harold Foshee of Birmingham, formerly of Clanton and the General Contractors were Patterson and Alred. a Clanton firm.

THESE pictures show the old bridge and the new bridge crossing Mulberry Creek approximately one mile east of Stanton. The picture of the old bridge was taken December 1960 and the picture of the new bridge was taken this past December.

This section of road was constructed by County forces. The bridge was constructed by contract. Total cost of the road improvement and bridge was $129,309.09. This amount being paid by Chilton County, the State and the Federal Government.

The County paid 20 percent of the cost, as did the State and the Federal Government paid the other 60 percent.

Contractors were the Cox Construction Company, Montgomery.

The project was completed in 1961 and is located on the connecting road from Stanton to Highway 82 west of Adams.

Seeking A Lower Level--

HERE'S another arrow pointing to a very good reason why Socialism should be detested by freedom-loving Americans. It is the same as mongrelization of races of people, in that it seeks a common level, but it does not bring the worst up to a higher level — it rather brings the quality attained through tradition, hard work and right living down to a lower level of equality.

In the matter of Industrial Development and free enterprise: the Russian Dictator Khrushchev seems to have a lot to say about great progress made by the Russians; and he says it in a most boastful manner. But this is what the United States would have to do to "catch up" with the Soviet Union in progress:

Abandon three-fifths of its steel capacity.

Drop two-thirds of its steel output.

Forget over 90% of its natural gas.

Eliminate 95% of its electric motor production.

Rip up 14 of every 15 miles of its highways.

Destroy 2 out of every 3 miles of its railroads.

Sink 8 out of 9 of its ocean-going ships.

Junk 19 out of every 20 of its cars and trucks.

Scrap two-thirds of its hydro-electric plants.

Slash all pay checks by three-fourths.

Transfer 60 million Americans back to the farms.

Break up 40 million television sets.

Rip out 9 of every 10 telephones.

Raze 7 of every 10 houses that now stand.

And so on it goes — but the United States was not built on boasts and resting on our laurels. It was hard work, sacrifice, planning! Ingenuity could help in the Soviet Union, too; but they had rather dream and brag about future prosperity, than to accept the responsibility of having it in their own generation. We, as Americans, prefer the real to the fantasy and the ideals of a free Republic, to the yoke of oppression and dictatorship.

"Ike" Makes Sense--

FORMER President Dwight D. Eisenhower had this to say, in a recent address to a large group of American Manufacturers, and it makes simple sense:

"We should take careful note of the false prophets who urge us to change the goals of free enterprise for those that place emphasis on creature comfort, on escape from risk, on relief from toil and from individual responsibility. . .

Though citizens are partially responsible for this, power-hungry politicians in Washington have for some years done more to encourage these trends—they have enacted laws that make almost inevitable a growing dependence upon government largess administered, of course, by a centrally directed army of bureaucrats. . .

"I believe," says Mr. Eisenhower, "that this constantly increasing acceptance of—and submission to—the influence of the federal government over so many phases of our lives and activities is the most serious threat to our American system."

How are you fixed for Government subsidy?

IT'S an old addage, but always it seems to need repeating: "An ounce of prevention, is worth a pound of cure"!

Where Are We In Peach Production?--

RECENTLY, County Agent John D. Sellers and his able crew sent out questionnaires to the farm producers in Chilton County to see what the reaction would be to some radical changes in farming methods in Chilton County.

The reply from some three-fifths of the growers in the County were mostly favorable. The thinking farmer agrees that some changes are necessary in our planting and harvesting practices, as well as in varieties planted, in order for us to progress in the field of agriculture.

97 percent of those returning the questionnaire indicated a need for better marketing and processing practices and facilities. And 95 percent agreed to gear their producton of truck crops, as reommended, in order to supply new and different types of markets.

The local experts do not believe that Chilton County should seek to turn its back on the fresh market it has built over the years. Rather what we need is a healthy balance of fresh market produce and volume-crops that will gear our production to such a speed that will enhance our chances of attracting canneries, packing houses, frozen food outlets, and so forth.

Thanks to the efforts of The Chamber of Commerce and a committee headed by Mr. Skeeter Stokes, who is now president, the Peach Pilot Project has been successful. Much new and valuable information has been gathered from the experiments at Auburn and a report is forthcoming on the effect this research will have on Chilton County's growing and harvesting practices.

The outlook is encouraging and the attitude optimistic, that Chilton is coming into a new and more prosperous era of farming.

We Need Men!--

IS it some kind of peculiar honor of the times that Alabama should apparently be the last stronghold of the Spirit of Freedom—particularly freedom of choice, religion and social segregation?

It is apparent to the interested observer of the times, that there are many in Alabama, both as individuals and as organizations, who have beliefs, opinions, customs and attitudes which are neither of the highest order, nor of the most intelligent direction.

It is as much of a certainty, that there are also those—and in great number—in this State, who believe in segregation because it is right and will preserve humanity much longer; and though it be difficult for some to grasp, these same persons believe in God; in fairness, equality of opportunity and hard work and diligence as prerequisites for getting somewhere in this life and making it a better world for all of us.

The South has been pictured as the lazy man's paradise, but this is not true. Nowhere on earth can you find people more willing to work for what they get and more sincere in their belief that they "owe" for their existence, and not vice versa.

We are living in trying and difficult times, possibly equal to the tumultuous times when the Tower of Babel was built and the people were all strangers to one another. But now, as then, there is hope; for from such confusion can come better understanding among men, than has ever been witnessed before. And it will come through persistence and patience—not complacence and ridiculous hatred.

Our hope lies in wise, courageous leadership, by God-fearing men who have the courage of their convictions and the intelligence and education to bring people closer together in understanding, instead of farther apart through deceit and apprehension.

We want men equal to the Patriarchs of old in character and leadership; comparable to the wisdom of Solomon in judgment; and equal to Job in his ability to endure terrible hardship, when he knew that he was right.

We cannot easily give up that which is not ours to give—Freedom—but we can use and appreciate it and try to teach our children that they too, must work hard to deserve and to preserve the use of it!

THE News pledges its wholehearted support, as always, to the efforts of the new officers of the Chilton County Chamber of Commerce, in attracting new industry to this County; to keeping the business we already have; and to interesting the buying public of this community in the importance of Trading At Home! PNEUMONIA as a cantankerous plague to business and living in general, is hitting Chilton County a few low blows lately. We will be most happy to see Spring and summer again!

Re-training Program Approved For Chilton

APPROVAL of an application made by Alabama Congressman, has been given and funds are to be provided for the "retraining" of 100 persons in Chilton County as sewing machine operators. This comes in direct connection with the Area Redevelopment Act, and it applies to Chilton County.

The News received the following telegram this week:

Washington, D. C.
The Chilton County News,
Clanton, Alabama

"Senator Lister Hill, John Sparkman and Representative Armistead Selden today announced approval of application for a retraining program for unemployed persons residing in Chilton County redevelopment area.

"The approved project authorizes 100 persons to be trained for the occupation of sewing machine operator.

"Hill, Sparkman and Selden stated the project is authorized under area redevelopment act to train persons for occupations where reasonable expectation of employment opportunity exists.

"The Alabama Congressmen advised that funds in the amount of $11,664.00 will be provided by departments of labor and health, education and welfare for the conducting of the training course and for subsistence payments."

This news will be particularly interesting to the Thorsby Manufacturing Company and the Chilton County Chamber of Commerce.

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

President Kennedy delivered his State of the Union message in person on Monday of last week to the new Congress. It was obvious the President was pleased with developments during 1962, although he warned against the adoption of a lackadaisical attitude.

International Affairs—

On international affairs, the President advised caution. He reported that he could foresee no spectacular reversal in communist methods and goals. Therefore, he said we must continue to have the best defense in the world. This means, he pointed out, that this year we will spend more than $15 billion on nuclear weapons systems alone, a sum which is about equal to the combined defense budgets of all our European allies.

Tax Cut Proposal—

A most important portion of the President's address contained his request for a $13.5 billion tax cut spread over the next three years. The reason given by the Administration for tax reductions is an effort to invigorate the American economy.

The President proposed that the great bulk of the tax cut — some $11 billion — benefit individuals, with the larger part of this relief falling upon lower-income brackets. The remaining $2.5 billion would be applied to corporate taxes.

The President's Budget message which followed on Thursday did not enhance the possibility of a tax cut, however. The Administration estimates that its proposed -98.8 billion record budget will result in as $11.9 billion deficit in the fiscal year ending June 30, 1964. This deficit will occur if Congress acts favorably on the President's proposed tax reduction and reform.

Alabama Benefits—

Of particular interest in the new budget are several items for the development of Alabama's waterways. The largest of these is $7,700,000 to continue the construction of the Holt Lock and Dam on the Warrior River above Tuscaloosa. This sum, when expended, will bring the total spent on this structure to approximately $12 million.

The 1964 Budget also calls for $2 million for the Millers Ferry Lock and Dam, which is being built on the Coosa-Alabama River System, and $250,000 for advance engineering and design of the Jones Bluff Lock and Dam. An additional million dollars is allocated to continue the deepening of the Mobile Harbor channel, which was begun last year with an initial appropriation of $600,000.

Should Congress approve these items for Alabama contained in the President's Budget, Alabama waterway development can proceed at an orderly pace. There is every reason to believe approval will be forthcoming.

93 Yecr Old Nursing Home Resident Enjoys Visitors

(The following are notes from a dear lady—of 93—who has been a resident of the Chilton County Nursing Home for three years. She appreciates the people of Chilton County—especially the children.

—THE EDITOR.

"Yesterday, as we sat at our tables, in came a band of little boys with baskets of fruit. I accepted a banana, but my little visitors put an apple and orange also at my plate. One asked my name. I said, 'Mrs. Payne'. Just then they were called to sing and I thought of the words of the Saviour: "Suffer little children to come unto me, for of such is the Kingdom of Heaven".

"When Christmas came, I had been here trree years and have received many courtesies from the dear people (and children of Clanton. I will close, asking His blessing upon all of them."

Mrs. T. B. Payne,
Chil. Co. Nursing Home

We wonder if this young lady, in her haste to thank those who have given to her, has stopped to think how much she has given to them for accepting their efforts in her behalf. Mrs. Payne says she is 93 and her mind does not function as well as it once did. We remind her that her gracious attitude toward those who would "give to others" sets her head and shoulders above so many who are half her age and less; and who have never stopped to share a moment of giving—and receiving—with another.

God bless you too, Mrs. Payne.

SOCIAL SECURITY
C|o CHILTON CO. NEWS
CLANTON, ALABAMA

Q. I'm a widower and draw social security. If I get married again, can my new wife draw on my social security when she's 62?

A. Yes. However, she must be married to you for at least a year.

Q. What papers should I bring when I come to the social security office to put in my claim?

A. Bring your social security card, proof of your age, and a record of your 1962 earnings if you have it. If you worked for yourself last year, bring your last income tax return. However, don't delay your visit to our office. If you don't have proof of your age or any of the other tnings mentioned, we can usually help you get them.

Q. Do I have to wait until the day I retire to put in my social security claim?

A. No. You can make your claim three months before you retire. It's a good idea to do this, by the way. Then if there is any trouble about proving your age, we can get it all straight ahead of time.

YOUR HEALTH

OVERWEIGHT

Overweight puts an overload on the liver. The liver, a large gland situated in the upper part of the abdomen on the right side, produces bile and converts sugars into glycogen which it then stores. The amount of overweight of the individual is not as disturbing to the liver as is the duration of the obesity.

One of the results of a serious disturbance in the functioning of the liver may be cirrhosis, sometimes a fatal disease. Food intake of the fat person is usually much more than normal and puts a strain of work on the liver. The high-carbonate, high-fat, and relatively low protein diet which is common among the overweight adversely affects the liver. Certain vitamins necessary for a healthy liver are not contained in the overly fat person's preferred food.

Physicians are familiar with the craving for fat-rich and carbohydrate - rich food among the overweight. This craving is as pronounced among fat people as is the craving for alcohol among chronic alcoholics.

Insurance statistics reveal that 250 per cent more overweight men die of cirrhosis of the liver than those of normal weight. Women are not as affected in this regard as men, for reports indicate only 150 per cent more obese women die of cirrhosis of the liver than women of normal weight.

Diets need to be planned for the obese person in order to proaect the liver, and they should contain a large amount of protect the liver, and they should mins. Beef liver, fish, and milk protein as found in skimmed milk and cottage cheese are important essentials in a low-calorie, high-protein diet.

Many cases of cirrhosis of the liver show a history of alcoholism and malnutrition.

A Little Bit O' Tuck . . .

BY BOB TUCKER

HERE'S a believe it or not that you can say you saw first in this column: Mr. Jimmy Williams, age 83, Route One, Verbena, lacks only 45 chapters of having read the Bible through 85 times! He who reads the word of God — and understands — is a blessing to all who know him. Quite an achievement!

- O' -

WE were deeply sorry to hear of the death of Mr. Julius Smith last week. It came as a surprise to many of us, but not so much to his family and himself. Mr. Smith was not much of one to openly complain about his own troubles, and he was patient in listening to the troubles of others. His only son, Lamar, (we used to call him 'Red') was in to see us Monday of this week. We were glad to see him again, even if under trying circumstances. "Red" is in Birmingham with T.C.I. He says this year he will have been with them 16 years now. Time marches on — only too fast!

THE Bank of Maplesville is the only bank in Chilton County which has Drive-In window facilities. In a forthcoming advertisement in the News you will see how the people of the Maplesville area are taking advantage of this modern, convenient way to bank.

AND speaking of money, which is what we just did; the new bank building at Thorsby is almost completed. In fact, all they are waiting on is a vault and some other furnishings, according to Joe Cobb, Cashier. Joe says they hope to be in their new building, which is the remodeled version of the old Rebel Cafeteria,by May of this year, lock, stock and barrel. Congratulations to the people of Thorsby and Maplesville on these facilities which will certainly add to the development and progress of the community.

- O' -

WE never fail to get a kick out of Earl Tucker's homey, comfortable "Ramblins" and we enjoyed a recent offering of his on which he defined the origin of some "folkey-type" sayings. He missed a few though. For example: where did utterings come from, such as "Everything But the kitchen sink"? Well, they say when the movers came 'round to transfer aunt Sophie and uncle Joe, she said "take everything but the kitchen sink, boys!" (That's where uncle Joe kept his "greasy juice"). Aunt Sophie was a very understanding woman!

She had her moments, however, and times when uncle Joe would spend too much time in the pantry she would say: "Come out of there you bald-headed old goat"! And that's how another of our quaint local sayings originated. Lotsa folks are called that, but with uncle Joe it was true the bald-headed part at least — she found out there wasn't anything wrong with the water faucet a'tall and she snatched him one! He never did grow another hair!

- O' -

And we figure the guy who coined the phrase "Hot as blue blazes' was fooling around one day trying to sort the red from the blue and orange, and so forth and he got burned. From what he said that followed, everyone had a pretty good idea that the blue part was pretty near as hot as any other part of it.

We had a guy around the shop here a few years ago who used to always say "bag a lip" or "flop a jaw" when someone got irritated at him or raised their voice at him. Guess he picked up the sayings one time when he raised his voice to someone, and they bagged his lip for him and he never did forget it. Nothing like first hand experience to teach a guy when to flop his jaw.

- O' -

And a fellow we know is always using the term, "dead as a hammer". We never really had thought much about it until the other day, a carpenter friend of ours was hammering a nail and hit his thumb pretty hard with the hammer. He'd heard about "dead weight" and all that, and he said that was the hardest lick he'd ever got, so it must have been "dead weight" that hit his thumb. Another possibility about this saying (after considerable research) is that the story goes that hammer's weren't always dead. One night uncle Joe got exceptionally plastered (he always flopped his jaw pretty much, then) and when aunt Sophie had got enough of it, she let him have it on his bald head with the "ball peen" . . . and since then they've both been "dead as a hammer"!

NEWS OF—

REFUGE

Rev. M. Lockhart, pastor

We had the best day here last Sunday that we have had in many months. The pastor stated that it was the greatest day since he came back to be with us, some months ago. There was no doubt about the presence of the Holy Spirit in a marvelous way. The people were all broken up from the very beginning.

The evening services indicated even a larger attendance than the morning services in spite of the inclement weather. We are looking forward to the greatest year that we have ever experienced at Refuge.

Mr. and Mrs. Arnold Mims are in the process of building a new home in this community. It will be built on a beautiful site on the main Clanton-Refuge Road.

Mr. Sam Lockhart recently spent a few days in the Chilton County Hospital. He is back home now and staying with his son, Rev. M. Lockhart. His residence is in Norfield, which is a part of the Housing Authority of the City of Clanton. His number is 101 "A" Street.

From the Pastor: "We will be looking forward to having you in church next Sunday. There is not a shadow of a chance of a dedicated child of God to be half-way satisfied, out of fellowship and away from his or her church. Someone said, if a person stays away from church as much as three services without a good reason, it would be most difficult to get him started back. But, I believe that they will be miserable out of church if they have really had an experience of grace."

MRS. LAMBERT, MRS. KUNKLE, HOSTESSES AT LUNCHEON

A luncheon at the home of Mrs. L. A. Lambert with Mrs. Ted H. Kunkle as co-hostess was enjoyed by members of the Worthwhile Club and guests on Thursday, January 17th.

After the luncheon a short business period followed when plans for the Love Project were completed. Minutes of the previous meeting were read and a treasurer's report given after dues were collected.

There were 11 members of the Club and three guests who enjoyed the luncheon. The guests were: Mrs. M. L. Batson, Mrs. Charlie Worley and Mrs. T. B. Dumas. The next meeting will be with Mrs. W. F. Haywood.

ATTEND ALPHA DELTA KAPPA MEETING IN TUSCALOOSA

Attending the Alpha Delta Kappa Area Meeting in Tuscaloosa Saturday from Clanton were: Miss Elizabeth Barton, Mrs. Flossie Wells, Mrs. Eleanor Haywood and Mrs. Sally Roberts. Mrs. Mildred Fannin from Huntsville, who is State President was the speaker for the day. Her topic was "Aren't You Glad You Are A Teacher".

Cakes, Candles, Commemorations Light March of Dimes 25th Year

Throughout the nation this month, candles will be lit on birthday cakes to symbolize the 25th anniversary of the March of Dimes.

The cakes will range from real ones of conventional size to monster, multi-tiered models as much as 12 feet in height and 10 feet in diameter—the approximate dimensions of the one to be erected in New York City's famed Times Square. Guests at anniversary events around the country, where cakes will be of more modest proportions, will be invited to decorate them with coins for the March of Dimes.

Many "parties" commemorating a quarter of a century of disease fighting will be held at special treatment centers for birth defects, arthritis and polio which March of Dimes contributions are financing today in more than 40 cities across the U.S. Other gatherings will be held in county chapter offices of The National Foundation-March of Dimes, in the homes of volunteers and elsewhere.

In many instances, guests at these campaign "kickoffs" will include governors or their wives, mayors and outstanding authorities in health fields. Other guests will be Americans of all ages who received March of Dimes aid during and after polio epidemics and outbreaks. Also present will be children and adolescents with birth defects or arthritis who have been treated at these March of Dimes centers.

To raise the millions required every year for patient aid and research in birth defects, arthritis and polio, each March of Dimes campaign is carefully planned many months ahead. There are millions of contribution envelopes and coin collectors to be distributed around the nation; hundreds of thousands of posters to be erected in every hamlet, town and city; two million volunteers to be organized for the Mothers' March (the climax to the campaign at the end of January), and March of Dimes films to exhibit to explain the work of the voluntary health organization.

Arrangements must be completed for the visit in January of the National March of Dimes Child—who this year is Jimmy Boggess, 5, Coy, Ark.—with President Kennedy at the White House and with various Senators and Congressmen and other dignitaries as well as with personalities of the stage, screen and television.

Special events for the March of Dimes are staged in all the big cities, many lesser ones and in some small towns. These include March of Dimes bowling tournaments, with "roll-offs" to select a national man or woman champion, fashion shows, auctions, teleramas, Coffee Days, Tag Days and street sales, neighborhood bread sales, airlifts and a long list of sports activities.

The theme of this 25th Anniversary March of Dimes, which is "Give for the Life of a Child," will be stressed in all these special events, and the story told of the first 25 years of the organization. Highlights of that story are:

Patients aided, 338,000; expended for the medical care program, $385,500,000; for scientific research, $73,600,000; and for professional education, $38,000,000.

Basil O'Connor, president of The National Foundation-March of Dimes, referred in a recent speech to the 25th anniversary of the health agency.

"Most certainly we take pride in our past 25 years, and we rejoice. But deep down we really think of that quarter of a century as only the springboard for our future."

STRENGTH FOR THESE DAYS from The Bible

Things which are seen are temporal; but the things which are not seen are eternal. —(II Cor. 4:18).

If we look only at the surface of life we may sometimes find it disturbing. But when we look deeper, to the unchanging realm of Truth, we face life with faith, courage and composure.

From January 1959 through August 1962, one out of every 10 tons of finished steel products used in the U. S. was imported. Ten years earlier the figure was one out of 57 tons.

PARKER - MIMS

Mr. and Mrs. Willie Mims announce the marriage of their daughter, Shelby Jean, to Aaron Parker, son of Mr. and Mrs. H.M. Parker of Thorsby. The couple are making their home in Clanton.

A Casserole For Teenage Chefs To Prepare

Teenagers love to show their skill in the kitchen. Why not let your son or daughter prepare dinner for the family with this tempting casserole recipe.

You'll note that it makes use of one of the new canned dry soup mixes. These little cans of dry soup mix are magic ingredients when it comes to cooking. And the best part of it all they require so little space on the pantry shelf.

For this particular casserole . . . Beefoodle Casserole . . . the noodle dry soup mix is blended into the browned ground beef, then water is added and the mixture brought to a boil. After the addition of cooked green beans, tomatoes, and a bit of oregano the mixture is spooned into a casserole and topped with cheese. After 30 minutes in a moderate oven, the young chef is ready to bring his or her delicious casserole to the table.

You might suggest an accompaniment of crisp celery sticks and cucumber strips. Let dessert be simple or festive . . . the teenagers own choice.

Beefoodle Casserole

- ½ pound ground beef
- 3 tablespoons flour
- 2 cups water
- 1 can (2¼ ounces) noodle dry soup mix
- 1 package (9 ounces) frozen green beans, cooked and drained
- 1 cup cooked tomatoes
- ⅛ teaspoon oregano
- ½ cup shredded mild process cheese

In saucepan, brown meat; stir to separate particles. Blend in flour; gradually add water. Stir in soup mix; bring to boil. Cook 7 minutes, stirring now and then. Add remaining ingredients except cheese. Transfer to 1½-quart casserole. Top with cheese. Bake at 350°F. for 30 minutes. Makes 4 servings.

Bush Named "Man Of Year"

R. L. Bush of 1910 Marcia Avenue, Clanton, has been named "Man Of The Year" in Liberty National Life Insurance Company's Clanton district office.

Announcement of Bush's selection was made by district manager E. S. Monroe.

This honor is based on Bush's personal production in the sale of life insurance and outstanding service to policyholders during 1962.

Bush has been with Liberty National two years. He has qualified for the company's Torch Club trip for outstanding production for the past two years. He is married and is the father of two children.

Comment from the Capital —

19 ZNAMENSKY STREET

by Vant Neff

Russian Communism is 45 years old. Despite the Red record of double dealing and murder in less than half a century, some of our more fuzz-minded citizens still believe Russia wants peace. It is this single belief that is the Kremlin's most powerful ally in the fight to turn the world Red.

What our long-hair idealists don't know about Russia and peace could bring all of us into the Communist camp. Russians consider peace and pacifism a sign of soft-headedness. There are no pacifists in Russia. Outside Red borders, however, Kremlin agents concentrate on infiltrating and controlling unions, communications, and peace movements. Red agents underline the horrors of nuclear war, then offer Communism as an insurance policy for everlasting peace.

Many of our best citizens who are not pacifists but sober realists believe half truths about Russia that the Kremlin has no intention of correcting. It is true that Russian agriculture can barely feed the population. It is true that we produce more steel, more crude oil, more electric power, more cement. However, if we believe that these factors bother the Kremlin or the Communist drive, we are badly mistaken. Their main interest is world power, centralized in the Kremlin, and they are dedicated to this. Abundance is always coming to the masses in Russia, someday. If there is criticism about the lack of material things, the Kremlin always can point with pride to the record of the Red Cosmonauts. Which would you rather have — a coffee maker or the world record for orbits around the earth?

People in this country tend to kid about Russian spies and belittle Red espionage. Just recently, we caught two Soviet spies operating within the United Nations. In retaliation, the Russians expelled Commander Raymond D. Smith, our assistant attache in Moscow.

There was a great hue and cry about Commander Smith in Russia. He was merely doing his job, collecting facts about Russia he couldn't help noticing. The Russians we caught were busily buying defense secrets from an American sailor.

Perhaps we ought to take the scoffers at Red espionage to 19 Znamensky Street in Moscow. This is an old Russian palace housing Soviet spy headquarters. Behind its barred windows and doors, there is a complete Soviet spy apparatus responsible for the collection of information from every nation in the world. The American section takes up almost 50% of the Red spy system. Here is where the Red spies we caught in the United Nations first got their instructions.

19 ZNAMENSKY ST.

Chief among the Red spy networks is the Kremlin's own — the Confidential Administration of the Communist Party's Central Committee. This organization seeks to penetrate America's top circles of decision — The White House and State Department. The information they want: What will we do, what are we capable of doing, in any given situation? Have we the will and courage to use our strength?

It may come as a surprise to you to learn that this Russian spy bureau still operates as it did in the days of Whittaker Chambers and Alger Hiss. There has been little, if any change.

In addition, the Soviet Ministry of Foreign Affairs, the Ministry of Foreign Trade, and the Cominform, all have competitive spy systems. The Soviet general staff's military intelligence also subverts sympathetic Americans, when the opportunity arises. All operate under iron discipline.

Patience is the secret behind Soviet espionage. Russian instructors think nothing of recruiting a spy and letting him do nothing for eight to ten years. Meanwhile, the Red apparatus is easing him into a sensitive area of our government. The time comes when the new spy is ready to take over, and he goes to work for the Kremlin.

Next time one of your friends poo-poos Russia's threat to our freedom, tell him about 19 Znamensky Street. Tell him that the enemy is not only ferocious and powerful, but also invisible and dedicated. He may tell you that we have comparatively few members of the Communist Party in the U.S. This is true — but Communist espionage here is enormous, expertly organized, and working against us every minute of every day.

JEMISON NEWS

By Mrs. George Naish

Mrs. Reynolds Hostess—

Circle Two of WMU met at the home of Mrs. Seymour Reynolds Monday afternoon at 3:00 O'clock. Mrs. Herman Shirley, chairman, called the meeting to order. The minutes were read and approved.

The committee to deliver boxes to shut-ins at Christmas, reported. Also a report was given on clothing sent to a former member who is in a nursing home.

Mission Study books were given to chairmen and pledges were paid. Mrs. Reynolds served ice cream, pound cake, candy, coffee or cold drinks before the program was given.

Miss Mary Clements presented the program Christian Witnessing. She was assisted by Mrs George Naish, Mrs. B. C. Lenoi. Mrs. J. A. Peterson, Mrs. A. C Blewster and Mrs. Reynolds Mrs. Shirley led the closing prayer.

Mrs. Tom Cost Hostess—

Christian Witnessing was the subject studied at the Circle meeting Monday afternoon at 3 O'clock with Mrs. Tom Cost.

Interest center: pinking shears, car keys, a Bible, WMS manual, Royal Service, WMU Yearbook, as part of "do it yourself" tools in everyday life, physical and spiritual.

Mrs. I. H. McNeill, Circle chairman, called for order, gave the first part of the program and Mrs. Nell Jones gave the introduction. Others giving parts Mrs. Cost, Mrs. Lonnie Cobb, who closed the meeting, remembering those missionaries on the calendar of prayer.

Mission Study and Community Missions were discussed.

Members turned in coupons for cash. The hostess served lemon and chocolate pie, coffee or hot tea.

Night Circle Met—

The Night Circle of WMU met at the Baptist Church Thursday night, January 17 at 7:00 o'clock.

Circle chairman, Mrs. William Vines called the group to order. Mrs. Louis Brasher opened the meeting with prayer.

The program Christian Witnessing was presented by Mrs. Marian Glass, assisted by Mrs Ruth Little, Mrs. Frances Davenport, Mrs. Margie Cobb Mrs. June Porter and Mrs. Violet Shaw.

A discussion regarding the Home Mission Study Book, The Chains Are Strong was held. Closing prayer was by Mrs Tom Cost.

Golden Wedding Celebration—

In celebration of their 50th Wedding Anniversary, Mr. and Mrs. B. A. Vanderburg were honored on Sunday afternoon, January 13th at their home, Stoney Brook Farm in Northeast Jemison with their children, Mr. and Mrs. B. A. Vanderburg Jr., Mr. and Mrs. C. S. Benson, and Mr. and Mrs E F Vanderburg, Jemison, as hosts.

The front door was marked with greenery golden bells and bow of golden ribbon.

On this happy occasion, Mrs. Vanderburg was wearing a white and gold brocade frock, her corsage was a gold throated white orchid, encircled with gold and white lacelon embroidered in pearls. Mr. Vanderburg used a yellow carnation as a boutonniere.

Mr. Vanderburg is from Charlotte, N.C.; Mrs. Vanderburg, a native Alabamian, is from Fort Deposit. They were married in Fort Deposit going to Rock Hill, S. C. and then to Charlotte.

They moved to Birmingham in 918, where he was engaged in the Real Estate and Insurance business until his retirement 3 years ago, and they moved to the present home.

The children of the honored couple alternated in greeting the guests. Seated at a Governor Winthrop Secretary ,ornamented with gold candles and a bouquet of yellow snaps and carnations, Mrs. Charles Etheridge a granddaughter of Birmingham registered the guests and they were welcomed by the "bride and groom" of yesteryear.

The tea table was spread with golden taffeta overlaid with white net. Folds of net were caught up at the front and corners of the table with clusters of valley lilies and satin ribbon rosettes. A three-itered floor length net ruffle, the top tier ornamented with lace medallions, completed the net overlay.

A crystal punch bowl on a mirror plaque was encircled at the base with white net and yellow rosebuds. Two lovely square antique holders encircled with prisms held gold candles.

The center of interest was the beautiful white three-tiered anniversary cake, decorated with orchids, valley lilies in net puffs, yellow roses and clusters of pearlized flowers. Swans separated the first and second tiers; angels and yellow bells separated the second and third tiers. A miniature bride and groom topped the cake under a heart. The gold numerals "50" were on the left side of the cake.

Mrs. Lizzie Bargainer, sister of the "bride" cut the cake. She was assisted by Mrs. Robert Caldwell, a neice of Charlotte N. C., Mrs. Terry Benson, a neice of Birmingham and Mrs. John L. Andress, a sister of the "bride".

Serving punch, yellow and white mints and nuts were Misses Bernice Caldwell of Charlotte, N. C., neice Betty Benson, and Cheryl Vanderburg grand daughters of Birmingham.

A table covered similar to the tea table held a silver coffee service where Mrs. Billy Benson, a granddaughter, poured.

Miss Alta Cassidy, a great niece, received the gifts and displayed the many lovely and useful gifts in the den.

Guests present from Charlotte, N. C.: Mr. and Mrs. Robert Caldwell, Miss Bernice Caldwell, Mr. and Mrs. Baxter Caldwell, nieces and nephews of Mr. Vanderburg; the six of the nine sisters of the "bride" were present Mrs. T. C. Sullivan, Mrs. J. A Singleton, Mrs Rufus Russell, Mrs. James Carpenter, Mrs. John L. Andress and Mrs. Lizzie Bargainer from different points; her brother and wife, Mr. and Mrs. J. E. Bishop, of Evansville, Ind., her nephew, Mr. Phillip Singleton, White Plains, New York; other guests were from Selma Mobile Clanton Montgomery, Thorsby, Jemison, Pineapple Greenville and Birmingham.

YWA Meeting—

Sue Gilmore, president, called the YWA meeting to order when they met at the church, Tuesday, January 15th.

Mrs. Albert Plier, counselor led the opening prayer and was in charge of the program Trends in Home Missions. Assisting Mrs. Plier, Lynda Clements, Jane Porter, Sue Gilmore, Rena Blackmon, Mrs. Plier. Sue Gilmore led the closing prayer, remembering Missionaries who had birthdays on January 15th.

MRS. Allie Hay is doing nicely in Selma Baptist Hospital and expects to come home some time this week.

Give for the life of a child!

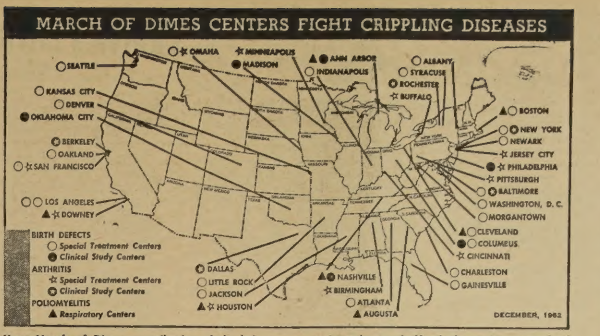
SEE the difference your dimes made in Jamee Schmoll's life! She is just one of the 42,000 children stricken by arthritis or rheumatic disease.

Yesterday's Jamee was withdrawn and unhappy when examined at the March of Dimes-supported Arthritis Clinical Study Center at the University of Rochester (N. Y.) Medical School. Today's Jamee looks into her mirror with a smile, thanks to the change your dimes helped doctors bring about.

All over the country, your dimes support research scientists seeking causes and cures. Your contributions help train medical workers, by financing a rapidly growing network of study and treatment centers, that bring the best of medical care to those like Jamee who need it so desperately.

But there are still thousands of other Jamees across the country, victims of arthritis, birth defects or polio. Won't you give for the life of a child in your town?

POLIO BIRTH DEFECTS ARTHRITIS AND THE SALK INSTITUTE
THE NATIONAL FOUNDATION·FRANKLIN D. ROOSEVELT, FOUNDER



Your March of Dimes contributions help bring improved medical care to nearly all sections of the country. Today, 53 treatment centers spread new knowledge and apply latest techniques to care for birth defects, arthritis and polio patients. Included in this figure are 35 special treatment centers affiliated with approximately one-half of the nation's medical schools, 11 clinical study centers which conduct programs of scientific research in addition to teaching and patient care, along with seven respiratory centers for polio patients. This January marks the 25th anniversary of The National Foundation-March of Dimes.

Flat-Knit Pullover

The lightweight pullover in a fine, flat knit is one of the most versatile sweater fashions in a feminine wardrobe. It is particularly appealing in clear colors that are right for resort wear, and later for spring-summer activities. This pullover by Su Marshall is knitted of "Orlon" acrylic fiber and wool in a smooth, firm texture with an Italian look—ideal with shorts, slacks, or as a beach top for a swimsuit. Laundering is quick and easy. Shape and size remain constant, and the colors stay fresh and beautiful.

Verbena HD Club Met With Mrs. Sharp

The January meeting of the Verbena Home Demonstration Club was held in the home of Mrs. J. S. Sharp with 10 members and the agent, Mrs. Johnnie Lane, in attendance.

The meeting was opened with prayer by the president, Mrs. Meroney, followed by the Scripture reading, Psalm 1[illegible]5, by Miss Annie Lamar. The story of the hymn of the month, "Jesus Saviour Pilot Me" was read by Mrs. Lane and the group joined in singing the hymn.

Following the salute to the flag, the meeting was devoted to outlining each officers' duties and discussing suggested projects for 1963.

Miss Annie Lamar gave an interesting report on the Club members visit to the Nursing Home on December 23rd.

During the social session, the group participated in a "Quiz" conducted by the recreation leader, Mrs. Richards. The hostess, assisted by Mrs. Ruth Rutland, served dainty sandwiches, homemade fruit cake and hot beverages.

The February meeting will be held in the home of Mrs. Mary Turney and all members are urged to attend.

MISS Julie Wade arrived home Sunday by plane from Waco Texas. Miss Cathy Wade, with her visitor, Miss Judy McCleary of Houston Texas and a student at Baylor University came on Tuesday for a few days visit with Mr. and Mrs. James Wade and Jim between semesters.

5th Grade 4-H Club Hears Mr. Kendrick

AT the January meeting held on Monday, January 21st, Mr. J. L. Kendrick of the Alabama Power Company in Montgomery, spoke to the group of 5th Grade 4-H Club boys at Henry Adair School.

Carl McDowell, Jr. reporter for the group said: "He showed us the following things regarding light: an Edison light, direct and indirect light, the chemical that makes the coating on the inside of a light bulb, fiberglass disc, and also how to make a lamp. He gave each of us a pamphlet entitled "Fundamentals of Good Lamp Building".

"The meeting was very informative and was enjoyed by all who attended," McDowell said.

NEWS OF —

Samaria

Don Graham, pastor

We want to express our appreciation to those people who braved the cold wet weather to come to the Youth Rally last Saturday night. We really enjoyed the message and the special music and we feel everyone who came received many blessings from this. Make plans now to attend the next Youth Rally which will be at the Thorsby Baptist Church.

This week we have been having an inspiring study in the Book of Matthew. We have realized many blessings from this and invite you to attend tonight and tomorrow night. We did not have Prayer Meeting or Visitation due to this, but we will have them next week.

The Intermediates and Young People are making plans to have a Sweetheart Banquet at Martin Restaurant on February 16th. More information will be given later.

If you do not have a church home, we want to welcome you to Samaria. We would be happy to have you come and visit with us and possibly consider Samaria as your church home

MORE THAN 150,000 PARALYTIC POLIO cases have been prevented by the Salk vaccine as shown by the above graph based on estimates compiled from U. S. Public Health Service and National Foundation-March of Dimes figures. Dotted line shows paralytic polio incidence that could have been anticipated if the Salk vaccine had not been developed through contributions of the American people to the March of Dimes.

Muncher Chosen Outstanding Young Man By Clanton Jaycees

RICHARD Muncher, Clanton cattleman, and a past president of the Clanton Jaycees, has been nominated by the local club as The Outstanding Young Man Of The Year in Clanton Jaycees.

Muncher, who is now serving as a state vice-president of Jaycees will attend the Winter Conference of that organization in Montgomery this week-end (January 25-27) and compete with 23 other members from over the state. The Four Outstanding Young Men from Alabama will be chosen at that time.

Active in Jaycee work for several years now, Muncher is married to the former Betty Jo Taylor of Clanton. They have two daughters, Janice 7 and Lori 1½. He is a native of Chilton County, the son of Mr. and Mrs. W. Carl Muncher of Clanton.

Several members of the local Jaycees will accompany Muncher to Montgomery.

Miss Litz To Wed Mr. Martin

MISS NORMA LITZ

Mr. and Mrs. Keith R. Litz of Thorsby announce the engagement of their daughter, Norma Gayle, to James Marion Martin, son of Mrs. Clyde Martin and the late Leroy B. Martin, of Clanton.

Grandparents of the bride-elect are: Mr. R. H. Goodgame and the late Mrs. Avie Carnes Goodgame of Thorsby and Mrs. John Litz and the late Mr. John Litz of Summerdale.

Mr. Martin's grandparents were the late Mr. and Mrs. Marion Crit Jones, and the late Mr. and Mrs. J. Mell Martin of Clanton.

Miss Litz is employed by a Birmingham bank, and Mr. Martin recently graduated at John A. Gupton School of Mortuary Science, is Coroner of Chilton County, and manager and part owner of Martin Funeral Home.

The wedding will be February 14th, at Martin Chapel.

Steel company profits declined approximately 45 per cent between the second and third quarters of 1962. A 59 per cent drop occurred between the third quarters of 1961 and 1962.

PAINTING WITH LIGHT

Greek artist Nikos Bel-Jon uses a stone abrasive to finish a section of his abstract mural — Steel in the Future — which may be the world's largest stainless steel mural ever "painted." Bel-Jon, who pioneered the technique of "painting with light" executed this seven by 28-foot mural for the American Iron and Steel Industry's forthcoming exhibit at the Chicago's Museum of Science and Industry. His technique involved the execution of millions of tiny scratches and broad swirls on the giant stretch of metal which he achieved with a variety of stone abrasives. A bank of colored lights focused on the mural bounces light at different angles and intensities on the surface of the metal sheet.

MRS. BURNETT IS HOSTESS TO MUSIC APPRECIATION CLUB

The Music Appreciation Club of Clanton met with Mrs. Gaines Burnett on Tuesday afternoon at her home on Cargile Creek, January 15.

In the absence of Mrs. L. G. Nichols president Mrs. A. L. Farley presided.

Plans were made for the Club to have a Silver Tea on February 8th in the home of Mrs. Farley. Committee's were appointed for this occasion. Mrs. W. A. Willis gave a report on the Alabama Federation of Music Clubs that she attended in Birmingham at the Country Club last Saturday. Mrs. Bert Snead gave a brief review on the history of opera.

During this year the Music Club will observe its 35th Anniversary.

Refreshments were served tea style from the dining table which was covered with an embroidered linen cloth centered with a silver epergne filled with pink carnations. Mrs. Otto Jones served at the tea service.

WOMAN'S STUDY CLUB MET WITH MRS. HAYES

The Woman's Study Club was called to order by the president, Mrs. Ed Blackmon at its regular meeting with Mrs. Thomas Hayes on Friday afternoon, January 18.

The speaker, Mrs. Hal Bray was introduced by Mrs. Herman Lecroy. Mrs. Bray chose as her subject, Sidney Lanier, as a topic of study for the year is Southern Writers and Southern Literature.

Guests for the program were: Mesdames Harold Lawrence, Robert Powers, Morgan Reynolds and Joe Moore.

The house was beautifully decorated with red carnations. A delightful plate was served to members present and guests.

CLARK Hutchinson is spending a few days with his parents, Dr. and Mrs. J. Gilbert Hutchinson, between semesters at Baylor University, Waco, Texas.

ABUNDANT LIFE

by ORAL ROBERTS

DIABETIC HEALED THROUGH PRAYER

I have heard it said that a complete healing from sugar diabetes is indeed rare. It seems diabetes is one of those diseases people just have to learn to "live with."

I know of a woman whom God healed of sugar diabetes after she was prayed for in our Miami, Florida Crusade last year!

She is Mrs. Zarrillo, and she lives in a little town in New Jersey, just across the Hudson River from New York City. Said she, in an interview with one of my teammates:

"I want you to tell the whole world that God has the power to heal the diabetic. He healed me, and I have hospital records to prove my healing in case anybody says it's impossible!"

Mrs. Zarrillo, as a chronic diabetic, said that her blood sugar level had got as high as 360 M.P.C.

"The doctors said I might go into coma at any time, and they prescribed insulin to ward off the attacks.

"However, I had faith that God would heal me if I would pray earnestly and exercise patience.

"One wonderful day while in Florida, I heard about a man who was holding a Crusade there. He was praying for sick people like me. I felt I would be healed if I could be prayed for.

"So I obtained a prayer card and went through the prayer line. Brother Oral Roberts prayed for my healing in the name of Jesus. I felt that God had, indeed, healed me, but I wanted to be sure.

"After the meeting, I went to the hospital for another diabetes check. My blood sugar level had dropped greatly!

"I knew God had healed me! I began to feel better every day. Then, last November during 'Diabetes Detection Week' in my home town, I had another diabetes checkup. I wanted to see if my healing was still 'holding.'

"Back came the report: 'Your test for diabetes was negative. This means that your blood sugar was normal and showed no evidence of diabetes at the time of the test.'

"My healing from God came because I had strong faith, and I *expected* to be healed!

"God touched me in a wonderful way. Now, more than a year later, I do not have any signs of diabetes. I am not on any restrictive diets; I have not had to take any insulin or other medication for diabetes since being prayed for in Miami."

Yes, God can heal the sufferers of chronic diseases just as He can heal those with crippled bodies and the more acute critical diseases.

We must possess strong faith, pray earnestly for our healing and live with an expectancy that God is going to heal us.

This is the kind of faith Mrs. Zarrillo had. This is the kind of faith *you* can have. When you exercise that faith, then you, too, can be healed!

Mr. Motley offered the following resolution for adoption which was duly seconded by Mr. Headley:

BE IT RESOLVED AND ORDERED: That the Chilton County Board of Registrars shall open their books of registration for a period of ten successive working days beginning January 21, 1963, as provided by Title 17, Section 27, Code of Alabama as requested by C. J. Messer Chairman of said Board.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, J. C. White, Chairman of this Board, informed the members of the Board that reports were prevalent which might indicate that work can be done by the road department, even though done in good faith, that would be in violation of existing laws, therefore Judge White recommended to the Board, that in order to prevent any such violation or action ever being practiced by any county employee, that a resolution be spread on the minutes of this court expressing the feeling of each and every member of said Board regarding the compliance with laws regulating our work as county officials and employees of said Chilton County for the protection of the taxpayer as a whole.

WHEREUPON, Mr. Motley offered the following resolution for adoption which was duly seconded by Mr. Headley: BE IT RESOLVED AND ORDERED: That the County Engineer is hereby ordered and directed to take necessary steps which he deems proper and effective in informing all the county employees under his supervision of the possibilities of violating existing laws and issue positive instructions against doing work which might be in violation of said laws.

The above stated resolution was adopted by a unanimous vote of the Chairman and all members present and the Chairman declared same duly adopted.

Mr. Headley offered the following resolution for adoption which was duly seconded by Mr. Motley: BE IT RESOLVED: That Sidney J. Davenport, Thorsby, Alabama, be and he is hereby elected as a Member of the Board of Directors of The Chitlon County Hospital Board to finish the unexpired term of R. C. Veazey ending January 31, 1963, and also a full six year term extending through January 31, 1969.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Headley offered the following resolution for adoption which was duly seconded by Mr. Champion: BE IT RESOLVED: That the Chairman of this Board is hereby authorized and directed to draw a General Fund Warrant in the amount of $650.00 payable to Ott Miller, Chairman of the Inauguration Parade, for the vurpose of defraying expenses incurred in placing a float in said parade and entering Chilton County High School Band in the parade, all for the purpose of advertising Chilton County.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, The County Engineer submitted Requisition numbers 842 and 843 to the County Purchasing Agent, requisitioning four scraper blades eight end bits and two, five hundred ft. spools of steel cable,

WHEREUPON, Mr. Headley offered the following resolution for adoption which was duly seconded by Mr. Champion:

BE IT RESOLVED: That the following named bidder, having the lowest and best responsible bid, be and the same is hereby awarded the stated bid: Thompson Tractor Company, in the amount of $489.06, for said blades, bits and cable. The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Motley offered the following resolution for adoption which was duly seconded by Mr. Mims: BE IT RESOLVED: There being no further business to come before the Board that said meeting recess until next regular meeting date.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

I, Robert L. Fullen, Clerk of The Board of Revenue and Control of Chilton County, Alabama, hereby certify that the foregoing minutes of the proceedings of said Board meeting of January 7, 1963, were entered and recorded in this minute book, reproduced and a sufficient number of copies of same were placed in the office of the Probate Judge, a copy of same was posted in a conspicuous place in the courthouse on the 11th day of January, 1963, and a copy of same was furnished to the Chilton County News, a newspaper published in Chilton County, for publication.

Chilton's Little Gets State Revenue Post

Luther E. Little, a Clanton educator and businessman, has been appointed by Gov. George C. Wallace as executive assistant to Revenue Commissioner Phillip J. Hamm.

Wallace announced Little's selection for the $9,000-a-year post last week.

Little, 59, served as teacher, principal and superintendent of education in Chilton County. He also was executive assistant to the president of Howard College in 1939.

He has also been associated in various capacities with the Macmillan Co., a publishing firm.

A native of Rockford, Luther Little, was graduated from Howard College and did graduate work at Vanderbilt University.

He is a Baptist and a member of the executive board of the State Baptist Conention. He is a Mason and a member of the Kiwanis Club.

At present, he is serving as a member of the board of directors of the Alabama Boys Industrial School, chairman of the Chilton County Board of Education, and member of the Chilton County Democratic Executive Committee.

Little is married to the former Laura Burks of Rockford, who is director of instruction for Chilton County Schools. They have no children.

In accepting the appointment, Little said:

"I am indeed happy to be a member of the official family during the Wallace administration. I have known Gov. Wallace for 20 years and have always known him to be a dedicated advocate of sound and honest government. Historians will record these four years as a period of phenomenal achievement in all phases of state government."

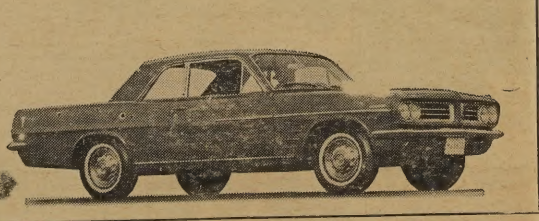
If Wide-Track is as hot as Pontiac says, why don't they put it in their Tempest?
'They just did.'



We can take a hint. When people are as happy with something as Pontiac owners are with Wide-Track, we're willing—nay, eager—to let everybody else in on it. That's why Tempest has a Wide-Track of its own this year. It's why you get to choose between a lively 4 and a 326-cu. in. V-8*, too. We aim to please—and if we do say so, we're pretty accurate. *Optional at extra cost.

New District Superintendant For Alabama Power Company

Mr. Kenneth H. Brown has moved to Clanton from Demopolis and is the District Superintendent of the Clanton District of the Alabama Power Company.

Mr. and Mrs. Brown and their two daughters, Anne and Debbie, are now living at 214 Martha Street.

Mr. Brown is a native of Montgomery and attended Lanier High School. He was in the Armed Forces from 1942 to 1946 and served in the Pacific Theatre of operations. He graduated from Auburn in 1949 receiving a BS degree in Electrical Engineering.

After graduation, he was employed by the Alabama Power Company and located in Demopolis. While in Demopolis, Mr. Brown was active in local civic, community and church affairs.

He served in many official capacities in civic affairs and is a past president of his civic club there. He also has served as Superintendent of the Sunday School of the 1st Baptist Church of Demopolis, was on the Board of Deacons and taught a Sunday School Class. He also worked with the local Chamber of Commerce on many committees and was outstanding in the work of the Dairy Show Committee.

Mrs. Brown formerly Dorothy Beasley of Troy, attended Troy State College and after her marriage has lived in Demopolis, where she also was active in community, civic and church affairs. She has been vice-president of the Baptist Woman's Missionary Society. At the time of leaving Demopolis she was President of Athena Study Club. Mrs. Brown has been very active in Girl Scout work, serving in a number of capacities. She is a past member of the Tombigbee Area Council of Girl Scouts, past Troop Leader and was serving as Troop Consultant at the time she moved to Clanton.

Debbie Brown, age 9, is a member of the Brownie Scouts and is attending the Clanton Elementary School. Anne Brown age 12, is a member of the Girl Scouts and was a member of the Demopolis High School Band. She is attending the Henry Adair School.

Since moving to Clanton, the Browns have become members of the First Baptist Church and Mr. Brown has become a member of the Clanton Kiwanis Club.

"Clanton is fortunate to have gained this outstanding family and we extend to them a welcome to their new home."

Citizens Band Radio Down On The Farm

Walter D. (Ding) Davis, a Sioux City, Iowa, farmer, demonstrates how easy it is to keep in touch by means of citizen band (CB) radio while isolated out in the field — here he has been chopping alfalfa. Ding and his father, Walter E. Davis, farm 360 acres of land some 20 odd miles southeast of Sioux City. Most of the land is in corn, oats, soybeans and hay. Ding carries his walkie-talkie unit in the tractor's toolbox.

"Happy the farmers," the Roman poet Virgil wrote more than 19 centuries ago. But, also, there's no more lonely man in the world than the farmer working in his field, perhaps miles away from contact with his home and other people.

Today though, there's no reason why he has to be out of touch; because two-way walkie-talkie radio has found its place on the farm. For, although Telstar may be the newest radio communication device of the space age, the hottest thing down here on earth is Citizen Band (CB) radio.

Since 1958 when this class D radio band was opened up by the Federal Communications Commission (FCC), the CB movement has mushroomed in popularity:

. . . Today there are more than 250,000 licensed stations in the United States;

. . . Applications are flooding into the FCC at a rate of approximately 11,000 a month.

Principal reasons for this popularity are first, the FCC doesn't require a test to qualify for CB radio operation; and second, cost of a base transceiver set and walkie-talkie unit is relatively cheap, costing some $200 odd dollars.

Cheap enough for a farmer, says Walter D. (Ding) Davis, who with his father handles 360 acres southeast of Sioux City, Iowa. And besides providing constant contact with the house, CB radio helps the farmer in a thousand and one ways, Ding points out. For example:

. . . During harvesting season, the family farmer is usually out in the field alone with just his tractor and harvester. When the harvester bin is full of grain, Ding just takes the walkie-talkie unit out of the toolbox of his Allis-Chalmers tractor and calls home for service.

. . . On one occasion some cattle got loose and wandered down the road a'piece. "Then," says Ding, "a fellow Flea-Watter spotted them as he drove home for lunch, called me and told me their location. It was hardly any trouble at all to hop onto my tractor and corral them."

. . . Ding also points out a bonus feature for the farmer using CB radio: it functions as weather forecaster, something every farmer is interested in. When weather conditions start to get unsettled in other areas, the short-wave CB radio begins to give out a high-pitched wail. Ding says that this always means a change in weather is coming his way and adjusts his plans accordingly.

"So, whether I'm trying to get in touch with another farmer who is out of reach in his field, or the veterinarian out on a call, or the doctor tending a patient," Ding emphasized, "this CB radio gets my message through."

In his opinion, the time saved as well as the convenience provide more than enough benefits to fully justify any farmer's acquiring a CB set because it allows him to spend enough more actual working hours on the farm to pay for the set many times over. And enough of his neighbors in Woodbury county agree with Ding, including farmers, druggist, veterinarian and farm equipment dealers, to blanket the county with a CB network and provide some 60 members for the Tri-state Flea-Watters club in Sioux City.

Congressman Selden - - -

Reprimands Kennedy On "Aerial Artistry"

CONGRESSMAN Armistead I. Selden has charged that Justice Department aerial photography of the University of Alabama campus contains "ominous overtones of police statism."

In a letter to Attorney General Robert E. Kennedy, Congressman Selden strongly protested the Justice Department's ordering aerial photos of Tuscaloosa and the University campus.

Selden, who represents Chilton County and the Sixth District, told Kennedy that the people of Alabama "whose patriotism and loyalty has been proven by an outstanding record of volunteer service in two World Wars and the Korean Conflict, deserve better from their own government."

Selden, who is Chairman of the House Inter-American Affair" Subcommittee, reminded the Attorney General that "the communist threat to our hemisphere remains a critical one."

"Your Department's action can only serve to divide our people at a time when unity of purpose is vital to our national security," Selden said.

He added that as an alumnus of the University he was "deeply disturbed by the implications" of the Justice Department action.

"Let there be no doubt that Alabamians, as well as citizens throughout the country, are considerably concerned and indignant over this aerial surveillance of our own people," the letter added.

"Our freedoms will not long survive if our nations' chief law enforcement agency implements policies similar to those of a totalitarian society that distrusts it own citizen," Selden concluded.

• Four Youths • Charged With • Newsstand Thefts

FOUR young Negro boys, all under 16 years of age, have been arrested here and charged with Grand Larceny in the stealing of several newspaper stands during the past few weeks.

Chief of Police Wallace Foshee reported to the News Monday that six stands had been recovered, but some were still missing, and if information is correct as to where they were disposed of, they will probably not be found.

The newsstands were stolen about a week or ten days ago from off the street in front of the Exchange Hotel, the Chilton County News, Callen Alred Drug Co. and Big Bear Super Mkt.

This is not the first time newsstands have been taken in Clanton. It seems to happen frequently. Arresting officers in this case were Chief Foshee and Officer Whittle, Clanton Police.

1885 Tax Increase Makes Possible 1963 Public Library

(EDITOR'S NOTE: If you find the headline hard to believe; read on reader!)

"The stone structure which is our local library building has an unusual and historical interest for me. After each visit to the library, I pause on the outside to admire and marvel at the quality and shape of the stone used in its construction.

"This interest, I think, comes from two incidents in my life. The first one was in the fall of 1885 when my father came home from a trip to pay his taxes. At that time, he deplored the fact that his taxes—already, in his opinion too high—had been increased for the purpose of building a new jail. He said he thought the existing wooden building to be adequate for its purpose as to comfort and security.

"He voiced stern disapproval of expenditures for constructing a stone building for housing generations of future prisoners. I was eleven years old at the time, and my father's disapproval of anything was an important and disturbing factor in my young life.

"Later, in 1887, I was in school in Nashville Tennessee, and here stone in the Capitol Building and noticed the same kind of in the city reservoir. As I recall, the reservoir was located on an elevation about three miles south of the Capitol and, looking northward from it, one could see the Capitol on a similar elevation, outlined clearly against the horizon. The reservoir, about a hundred yards in diameter, was within itself, a thing of wonder to me, and to visitors who came from afar to see it and the Capitol. I, with fellow students, went there often for this fine view.

The stone in these magnificent structures was identical with the stone in our present library building (then the old jail building) and had been quarried, cut and finished on the spot.

"It was after this experience in 1897 that my father's disapproval of his tax raise in 1885 assumed a new and different significance for me. I became proud that my native County of Chilton had the wisdom and forseight to select this unique and enduring stone for building purposes.

And now, remembering my father's intense love for books, I know that he would be most pleased to know his 1885 tax raise is helping—in 1963—to house the Chilton County Library."

This date: January 21, 1963.
-James Cato Pattillo.

Mr. and Mrs. Pattillo recently presented to the Clanton Public Library, bound volumes of the National Geographic Magazine dating back to 1914.

Portrait by Memory

THIS picture shows young Steve Mims standing beside a portrait of the famed Civil War General, Robert E. Lee.

The portrait was painted by Steve's great grandfather, Andrew Taylor Jackson, who fought in the Civil War with General Lee. After the war he was a school teacher.

Steve says: "Grandpa was 72 years old before he did any painting. He loved Robert E. Lee and after many years, he painted this portrait from memory."

Steve is the son of Mr. and Mrs. Jessie Charles Mims, and the grandson of B. E. Reeves, whose relative is the one that [illegible] the portrait.

The portrait is now on display at the Clanton Library, and you are invited to loan the [illegible] any such historical materials or documents which would be of interest to the people of Chilton County.

If you would like to loan such items to the library for a short time, contact Mrs. B. E. [illegible] librarian.

Puppeteer In Concert Series February 5th

THE second of three outstanding programs being presented in the current Clanton Concert Series, will be presented at the Chilton County High School auditorium on Tuesday, February 5th.

It is "Llords' International" and Daniel Llords, frequently called "the American Ambassador to the Puppet-world-at large" is a native born craftsman who has taken a timeless old world art, spiced with the technical brilliance of the Yankee showman, stirred the baton of the virtuoso musician and produced a fanciful and amusing Concertheatre for adults.

One man, and 200 marionettes, he has held concerts in eleven nations on two continents in five languages.

Rev. Hal Bray is the president of the local Concert group.

Chilton County C of C Plans Membership Drive for February

J. H. "Skeeter" Stokes, new president of the Chilton County Chamber of Commerce, announced today the beginning of the Chamber's 1963 Membership Drive.

In making the announcement, Stokes reported that the Board of Directors of the Chamber of Commerce met Monday and made basic plans to get the drive underway.

The Drive, which will run until March 1st, has a goal of 225 membership units for 1963. Presently there are 30 paid members, holding from one to four units each at the dues rate of $12.50 per unit.

Units are usually assessed to members on the basis of size of business operation and number of employees.

Assuring the group that "this is the Chilton County Chamber of Commerce," Stokes warmly welcomed all businessmen in the County to become active members. "This is your Chamber of Commerce", he said.

Raymond Hamilton, long active in the civic affairs of this community, was appointed to head the 1963 Membership Committee, assisted by Joe F. Cobb in the Thorsby-Jemison area.

Others who have consented to serve on the Membership Committee include: Ralph Johnston, Upchurch Drug Co.; Dave Norman, Big Four Hardware; Bob Tucker, Chilton County News; H. Gaines Burnett; Johnny McKinney, Peoples Savings Bank; Don Sumrall, Sumrall's Trim Shop; J. H. Stokes, Stokes Chevrolet; Jon Will Pitts; T. E. Wyatt, The Union-Banner and Ellis Jones, Western Auto Store.

A meeting of this group is planned for noon next Monday at the Dixie Cafe, when plans will be synchronized for the Big Pull of 1963!

Prayer Breakfasts Part Of Methodist Revival

THE Commission on Membership and Evangelism of the First Methodist Church, Clanton, is rapidly completing plans for the Revival Services which will begin on February 17th and continue through February 24th.

R. P. Shelton, Commission Chairman ,announced last week that twelve Revival Committee chairmen have been appointed to head the various evangelistic groups that are promoting the Revival.

The Attendance Committee, headed by Mrs. Omar Reynolds, has designated five Lay Speakers who will make brief talks to the Congregation each Sunday morning prior to the Revival. The speakers are Thomas Swanner, Charles Griffin, G. H. Fulmer, Campbell White and Mrs. W. F. Haywood.

First Breakfast Next Sunday—

The Group Evangelism Committee, directed by Mr. and Mrs. Campbell White, is planning a series of Prayer Breakfasts to be held each Sunday morning from now through the Revival. The first breakfast will be held this Sunday, February 3rd at 8:00 O'clock in the Fellowship Hall of the Church. Following the breakfast a Prayer Group will meet for a time of prayer and meditation. These Prayer Breakfasts are designed so that the men and working women of the Church will have an opportunity to participate fully in the spiritual preparation for the Revival.

Additional prayer meetings are being planned by the Youth Committee, Thomas Swanner, Chairman. Each week a Youth Prayer Group will be held at the home of an MYF member. These will serve to draw the youth of the Church more fully into the plans for the Revival.

Mr. Swanner also announces that the MYF will fill the pews on the Thursday night of the Revival and will take part in a twenty-four hour Prayer Vigil proceeding the opening service.

Residents of Clanton are reminded again of the date for the Revival at the First Methodist Church. Services will be held on February 17th through 24th, 7 A.M. and 7 P.M. The guest speaker will be Rev. Ed Beck of the General Board of Evangelism, Nashville, Tenn.

Schedule Changes For Driver's Exams

EFFECTIVE the week of February 4th, examinations will no longer be given in Clanton on Saturday morning. There will be two examiners in Clanton on Friday of each week during the hours of 8:00 A.M. until 5:00 P.M. with 30 minutes out for lunch.

The examinations will be held in the County Courthouse at Clanton.

This notice is according to J.C. White, Judge of Probate.

Revival in Progress At Stanton Church

REVIVAL meetings are now in progress at the Wesleyan Methodist Church, Stanton.

Meetings are being held each evening at 7:00 O'clock. Rev. J.A. Treese, pastor, extends a cordial invitation to all to attend these meetings.

The Revival began January 24th and runs through February 3rd.

Burton Mullins, Jr. Diplomatic Courier For United States

WILL TRAVEL NEARLY TEN MILLION MILES IN COURSE OF ONE YEAR

FROM a recent press release from the United States Department of State, Washington, D.C., we are informed that Burton S. Mullins, Jr., has chosen the United States Diplomatic Courier Service as his opportunity to "Do For His Country"!

He has been selected for one of the most demanding, yet rewarding jobs offered today. As a Courier, he will be performing the most vital task of carrying and safeguarding diplomtic mail and correspondence between the various diplomatic posts of the U. S. abroad and the Department of State in Washington, D.C.

Mr. Mullins departed on the 25th day of January for Frankfurt, Germany, his home base from which he will work for the next two years.

The job of Diplomatic Courier is a demaning one, requiring tact ,initiative, integrity, maturity an reliability. The Courier must be single, and at least 25 years of age. He must have a college degree and have fulfilled his military obligation.

Preference is given to candidates who have had a minimum of six months travel or residence overseas. The job is arduous and the hours are long, but it is never considered dull or routine.

On the contrary; with the opportunity to travel to the 300 embassies and consulates in the world, and Mr. Mullins will travel approximately 9,590,000 miles a year—or five and a half times around the world—things couldn't get very dull!

Burt is the son of Mr. and Mrs. Burton Mullins of Clanton. He graduated from the Chilton County High School and received his BA degree from the University of Alabama in 1958. He served with the United States Marine Corps, after which he returned to the University of Alabama and was awarded his MA degree in European History.

During his graduate work at the University, he received the honor of becoming a member of the Omicron Chapter of the Phi Alpha Theta National Honorary Historical Society in History. Prior to his entry into the Diplomatic Courier Service, Mr. Mullins was working toward the degree of Doctor of Philosophy, and teaching History at the University of Alabama. His social Fraternity is Phi Gamma Delta.

The Courier Service is a small branch of the Department of State and vacancies occur infrequently. Therefore, it is suggested that individuals who are interested in a Courier position also investigate other opportunities offered by the foreign service, by writing to Miss Ann Clark, U. S. Department of State Recruiting Officer, U. S. Civil Service Commission, 275 Peachtree Street, N. E., Atlanta 3, Ga.

Elementary PTA Will Meet Tuesday

THE Parent-Teacher Association of the Clanton Elementary School will meet Tuesday, February 5, at 2:45 P.M. for its Founders' Day Program. This meeting was originally scheduled for 7:30 P.M., but due to a conflict with the Concert Series, the time has been changed to 2:45 P.M.

Interested parents are urged to attend.

Verbena PTA To Meet Monday, 4th

THE Verbena Parent-Teachers Association will meet at 7:00 P.M. on Monday, February 4th.

The program will be a film on safety. Coach Richard Gilliam of the high school faculty will give the devotional.

All PTA members and friends of the school are urged to attend.

Concert Saturday Night

Clanton To Host District Band Festival Saturday February 2nd

SATURDAY evening, February 2nd, at 7:00 P.M., a concert climaxing an all-day festival will be presented in the Chilton County High School Auditorium. No admission will be charged.

Two bands, made up of some 350 students from southwest and Central Alabama counties, will present three numbers each. The bands will begin rehearsal at 9:00 A.M. Saturday morning and continue all day.

Alabama is divided into eight band districts, with each district having 20 to 30 bands. Each year two events occur at the district level: (1) District Contest, and (2) District Festival. These events are mandatory for individuals and bands before they can enter the State Festival and Contest.

At the District Festival individuals compete against one another for placement in one of three bands at the State Festival which is held in March. Each bandsman will play a standardized test to judges (band directors), an only the 56 highest scores are permitted to attend the State Festival. Some 290 bandsmen will be competing for this honor. The two bands are, so to speak, an added attraction.

Bands Represented—

The County and City Bands represented are: Autauga County, Prattville, Fred Mann, director; Chilton County, Clanton, LaMar DeLoach director; Choctaw, Silas, Charles Saul, director; James Thompson, Butler director.

Clark County, Thomasville, John Baxter, director; Aubrey Feagin, director, Grove Hill; Henri Mayton, director, Jackson.

Dallas County, Waverly Lee, Selma director; Orrville director, Dick Murphree; Marengo, Jimmy Peek, Demopolis director.

City of Montgomery: Robert E. Lee, director, John Long; Lanier director, Tommy Binion; Floyd Jr. High director, Ralph Beckett; Bellingrath Jr. High director, D. D. Black; Capitol Heights Jr. High, director, Geo. Printz; Montgomery County director, Ernest Boon.

Perry County director, Barry Thomas; Sumter County director, Jerry Englen; Wilcox County, Camden director Fred Schlosser, Pine Hill director, Harold Bollinger.

First For Clanton—

Each year one of these schools and cities are host to the entire district. This year is the first time that Clanton has been host, and the Tiger Band and the Band Boosters Club have worked hard to insure that the residents of Clanton and Chilton County will attend the Concert.

Since the Concert is an event of the District Festival, there is no admission charge—but we are assured that this does not alter in any way, the quality of the music to be heard.

Two numbers that will highlight the concert are Beethoven's "Erocia and Egmont" overtures.

Many of these students will have, as their only reward for hours of hard work, your attendance at the Concert. The hour has been set at 7:00 P.M. to give some of the directors and students an early start home—some have to travel 150 miles.

"A Sour Old Woman Is One Of The Growing Works Of The Devil"

(THE following was contributed through our Thorsby Correspondents by Mrs. Dot Lyell. It was left to her by her mother-in-law, the late Mrs. M. M. Lyell.—The Editor)

"Lord, thou knowest better than I myself, that I am growing older, and will some day be ative, and particularly from the own aches and pains, for they fatal habit of thinking I must say something on every subject.

"Release me from craving to try to straighten out everybody's affairs. Keep my mind free from the recital of endless details—give me wings to get to the point.

"I ask for grace enough to listen to the tales of other's pains, help me to endure them with patience, but seal my lips on my own oches and pains, for they are increasing, and my love of rehearsing them is becoming sweeter as the years go by.

"Teach me the glorious lesson that occasionally it is possible that I may be mistaken. Keep me reasonably sweet; I do not want to be a Saint, some of them are so hard to live with—but a sour old woman is one of the crowning works of the devil.

"Make me thoughtful, but not moody; helpful, but not bossy; with my vast store of wisdom, it does seem a pity to not use it all, but thou knowest Lord, that I want a few friends at the end!"

Investing Yourself Wisely--

BEING a newspaperman, we are personally familiar with the attitude of the individual, when he has a personal grievance against some other person, place or thing, for, "You give 'em H"; while he sits back and watches what he hopes will be a really effective fray in his behalf.

It seems to be common among us human animals to nourish the idea of "Let's you and him fight"!

And that seems to be the situation facing Governor George Wallace with regards to his strong stand on the maintenance of segregation in this State. He is outspokenly willing to 'toe the mark' with the biggest of them to preserve what he believes to be a basic principle and an established cultural tradition. In the fear of consequences which could come from the mixing of the races — we are justified in trying to maintain what has been traditional. Because of that, we do not wish harm or hardship on members of the Negro race or any other.

It is believed, according to a Democracy book we have read, that originally certain blood types were consistent in a particular race. Now, you have a different blood type from your neighbor, because they have been mixed through intermarriage. Mongrelization, not equalization, is what we fear, and we repeat it is a justifiable fear.

Governor Wallace is an honorable man. And therefore, we believe that he means to wage an honorable (and very aggressive) battle; not one that the decent citizens of Alabama would be ashamed of. He is entitled to the support of these same good citizens, for it is their battle which he intends to fight, as long as his actions and methods are within the realm of integrity, sound principle and honesty.

Though we fear consequences, we will gain nothing purely from the fear; nor from indecision or common apathy. The cause of segregation of the races — with equal rights for every citizen, regardless of race, creed or color, is a just and fair thing to seek, or to maintain; whichever the case may be.

We have seen what the heel of the Federal Power could do when applied by persons connected with our government who are selfish in motive and ruthless in exercising authority. As we said, however; we fear unavoidable consequences — we do not fear men nor issues made by men!

To set the record in its proper perspective: we declare that we the people are the real and true "Federal Government" and not the elected string-pullers; and not the appointed bureaucrats. It is unjustifiable that you would separate yourself from your heritage as an American citizen, because you do not agree with "the way the Government is being run"! It is your responsibility and your privilege to exercise your opinion.

The states harbor the individual citizen; and the Country harbors the states — we are as surely tied together for the common good, or bad, as night follows day. But to accept another's interpretation of what is good or bad for you, is laziness; it is hazardous; and if you are guilty of it then you deserve whatever befalls you.

Put into action the "constructive criticism" that so easily flows out of the mouths of each of us, and you will see a force such as you never dreamed existed. Continue to chastize those who are making an honest effort, and the very air we breathe will be polluted, and will not be fit for human consumption—and that is all!

Keep an eye on the efforts you make to fulfill your responsibility as an American citizen. That which you invest wisely, vigorously, will bear fruit and the efforts will benefit your children who will themselves invest something back into the sound doctrine of our forebears. It is a doctrine built on an ideal and nourished by work and constant vigilance. Anything less will set us back immeasurably—and possibly irreparably!

Churches: Community Blessing--

CHILTON County is blessed with an abundance: more than their share, of beautiful, progressive churches, of every denomination and size imaginable.

With the scores of church buildings in this County, it is hard to think of a single one which has not been rebuilt or improved in some way, in the past four or five years. And this speaks well of our people's religious beliefs and ambitions.

"Onward, Christian Soldiers" is a hymn we all love, and it is the basis of our Christian progress and achievement.

We are by no means the most religious people on this earth; but there have been enough loyal and dedicated Christians in this community over the past years to enable all of us — good, medium, or bad Christians — to enjoy a beautiful and inspiring house of worship. We are humbly grateful for our many fine churches. We urge you to attend the one of your choice. They all extend to you, a warm and hearty welcome!

Don't Just "Wait And See!"--

WE continue to read opinions that a splinter party is not any kind of an answer for those persons who do not feel that John F. Kennedy will be their choice for President in 1964.

It is agreed that the so-called "splinter party" is, and always has been, a futile effort toward remedying a seemingly impossibly situation. Oft times tried, it has always died!

But, let's take a look at those who would discourage from a splinter party; in favor of the only alternative that Democrats would seem to have: that of voting Republican! Who are those who recommend such only course: they are Republicans, and "Independents". That should be enough to convince any Democrat that though the "splinter party" idea is pretty useless; they should find a more effective way of remedying the situation of which they disapprove; one that would really do some good, and one that would help the Democratic Party and the Nation's future.

There are many Democrats, in the State of Alabama, for instance; who are loyal to the ideals of their fathers and grandfathers, who will not abandon their chosen Party because of an undesirable element within it; or because opportunist Republicans say so. This is not unreasonable. It is neither unrealistic, nor selfish.

Before we abandon the party of the people, in favor of the party of the "chosen interests"; let us fight for our rights; let us make efforts at cleaning up what was once a proud and effective force in American politics and American progress.

We find the prospect of joining the Republican ranks distasteful for more reasons than mere tradition and simple loyalty. For one thing, the Republican Party has never shown us the progress which they champion so loudly; and, especially in Chilton County, they have always been overly cautious, mongers of doom, and forever standing in the roadway of progress with banners proclaiming that we wait and see what happens!

We can wait until doomsday and Republican policy will still dictate that we "wait and see". America was not built into a great nation on a "wait and see" basis. Challenges came; and men stood up and met those challenges.

Chances have been taken. And what has ever been accomplished for the good of a people without someone "taking a chance"?

Voting Republican, or establishing a splinter party, are the same things as far as we are concerned, in that neither accomplishes what the loyal "old fashioned" Democrat feels should be accomplished. The lesser of these two unwanted choices is no better or no worse than the other. In other words, what good would it do us?

The last thing that concerns us is "future political pressures and consequences"! We are concerned with "now"! Our responsibility to our nation and future generations of Americans, is what we do NOW — not what we might have done, or what we intend to do.

Are you willing to accept the "dished out" compromise of voting Republican because you have been told that you have no choice? We are not! Look at the words at the beginning of this column: if good men abandon their principle and loyalty, they have done nothing progressive; they have only taken a step or two backward.

We certainly do not imply that Republicanism is evil — it is not! It is unprogressive, unrealistic and inflexible. Those are not the qualities we are looking for in government leadership. Our Democratic Party now has leadership with which we disagree. It has had it before — it will have it again. Our responsibility and our right encourages us to do something about it — not turn our back on it, and ignore it.

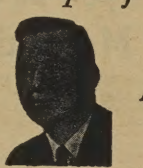
Report from Washington



BY

ARMISTEAD SELDEN

Congressman, Sixth District

President Kennedy last week sent to Congress his 1963 Economic Report. As expected, the primary emphasis was on his massive, three-year program of tax reduction and structural reform. The 1963 Report was sharply in contrast with that of last year when the President concentrated on recurrent recessions and spelled out standby and permanent measures to curb future economic slumps.

This year the President reported that the economic condition of the United States in 1962 was one of "continued advances in employment, production, and purchasing power" and that the "fodeseeable trends in 1963 point to still further advances."

Economic Challenge—

However, the President reported that the state of the economy still poses a perplexing challenge to the American people. He pointed out that, while the performance of our economy is high, the Nation is falling substantially short of its economic potential. The unemployment rate must be lowered, he stated labor should be higher, and our gross national product should be increasing at a more rapid pace.

Tax Message—

On Thursday, the President transmitted to Congress his special message on tax reduction and reform, in which he outlined his tax cutting proposals. The President recommends that present tax rates of 20 to 91 per cent be reduced to 14 to 65 per cent and that our present tax laws be revised to provide a broader tax base.

Opposition—

Needless to say, President Kennedy's Economic and Tax Messages were met in the House of Representatives with mixed emotions. Many Congressmen, both Democrats and Republicans appear reluctant to adopt a tax cut at this time which would reduce revenues and, at the same time, approve the President's proposed $98.8 billion record budget that calls for a $11.9 billion deficit. There is a growing demand for a reduction in federal spending to match any reduction in government revenues which might occur as a result of a tax cut.

Drouth Aid—

Due to the severe drouth last summer and recent hard freezes in Alabama, farmers throughout the State are in dire need of hay to feed their livestock. In view of this situation, the Interstate Commerce Commission has issued an order which grants the railroads the privilege until March 31st to reduce freight rates on hay to farmers in the stricken counties. I am working closely with the Department of Agriculture, the railroads concerned, and with officials of the State of Alabama in an effort to effect a rate reduction, and the initial reports I have received have been encouraging.

ABUNDANT LIFE

by ORAL ROBERTS

DO YOU HAVE TIME FOR YOUR CHILD?

"I never counsel with Helen," the woman said during her club's, disscusion of juvenile delinquency problems. "I don't talk to her about her problems because she doesn't have any! I know what she's doing and where she is all the time."

On her arrival at home, she said to herself, **Just for good measure, I'll check on my daughter to see if she is in her room upstairs.**

The woman tiptoed into Helen's room. Sure enough, Helen was fast "asleep." She then went downstairs to her own room and to bed.

About 3 o'clock in the morning, the woman was awakened suddenly by a loud banging on her front door.

"You had better come quickly," a neighbor called out. "Helen has been hurt."

"Oh, you must be mistaken," the woman said. "Helen is upstairs in her room, fast asleep."

"You had better check again," the neighbor said. "We think Helen is the girl who is hurt."

The woman rushed up to her daughter's room. The bed was empty! The window was wide open. Tied to the steam radiator was a rope made of knotted bath towels. Helen had used the rope to slip off into the night!

The girl, out on a clandestine "date" with a young man, had been involved in an altercation at a local tavern. She had been badly knifed. By the time her mother reached her bedside in the hospital, Helen was dead.

All during her daughter's ordeal, the woman felt confident the girl was fast asleep, safe and secure in her upstairs bedroom!

Helen obviously needed guidance. Her mother, either through ignorance of Helen's underlying problems, or through laxity while being preoccupied with her own club and social work, failed to meet the need of her daughter.

Had she taken time to counsel with Helen, perhaps she could have helped her exercise more care in choosing her companions.

Do you counsel with your child? Do you have any time to give him? There are many problems facing growing youngsters today. Too often we may put a little too much trust in our children. Trust is a wonderful thing to convey to a child. However, it is good common sense to keep track of the problems facing a growing child!

Every child, regardless of how good he is, must have guidance from his parent or guardian.

We have found that one of the best ways to promote understanding among parents and growing children is through regular family devotions and prayer.

CHICKENPOX

Chickenpox is one of the most common of the communicable diseases. In general, chickenpox is a mild disease that runs its course in about a week. Complications are rare; and the aftereffects, such as pneumonia or encaphalitis, are uncommon.

Chickenpox is principally a disease of young children characterized by slight fever and a generalized itching eruption or rash which lasts only a few days. The incubation period is usually 14 to 16 days although it may be longer. Approximotely 24 hours after the onset of fever eruptions of the skin appear on the face and trunk, spreading usually ti the mouth as well as hands and feet.

There is another condition known as herpes zoster or shingles which is also characterized by inflammation of the skin in certain areas and caused by the same virus causing chickenpox. In herpes zoster the eruptions or blisters on the skin are similar although they are more severe than in chickenpox. The chief difference is that chickenpox is a generalized infection, and herpes zoster is localized. The eruptions of herpes zoster appear along the course of a definite nerve trunk, frequently in the face.

There is no specific treatment for herpes zoster, although relief of pain and prevention of secondary infection of the skin eruptions are important.

For childen with chickenpox. it is advisable to cut and clean their fingernails as a precaution against secondary infection from scratching the rash.

SOCIAL SECURITY,
C|o CHILTON CO. NEWS
CLANTON, ALA.

Q. I have a man working on my farm six months of the year. Do I have to report his wages for social security?

A. Yes. If you pay him cash wages of at least $150 during the year, or if he works for you on a time basis for at least part of twenty days during the year, you must report his earnings for social security purposes.

Q. My wife works for me on the farm. Can I report wages paid to her for social security?

A. No. Wages paid to a spouse usually cannot be reported for social security purposes. For more information on exceptions to this rule, visit or write to your nearest social security office.

Q. I own a dairy farm and hire two men. When I report wages paid to my farm workers at the end of the year, may I include my own farm income and pay my social security taxes?

A. No. You as the farm owner are self-employed. You must report your net income on Form 1040, Schelule F and Schedule SE in order to get credit for your farm earnings. Do not include your earnings on the Form 943 when you report your farm workers' wages.

A Little Bit O' Tuck . . .

BY BOB TUCKER

A NOTE to us this week informs us that one, Rufus Foshee, a native of Chilton County, and an up and coming young American writer, has presented a lecture on Friday evening, January 11, as a part of a monthly lecture series in White Plains, New York. Some other sideiights on this young man, long gone from the fields and furrows of home are: He is writing a novel, an excerpt from which appeared in New Voices in 1960. He has an intense interest in American history, and especial interest has been given to southern writers. He is also an art collector, and was formerly Assistant Director of the Downtown Gallery in New York. He recently presented to the Clanton Public Library, several volumes from the pens of recent American writers.

And we remember Rufus when he strutted his stuff as drum major for the CCHS Tiger Band back in the early 50's. He must have done a good job, or we wouldn't remember him for it. Anyway, it just goes to show you—you never know what a drum major's thinking! We hope you use your talent well, Rufe!

THE Chilton County Chamber of Commerce, with newly-elected president J. H. (Skeeter) Stokes at the helm, is going to make an all-out effort during the month of February, for new members—and renewal of old ones. Mr. Stokes has a sound head for business and he is already lining up his team for a go at the "brass ring". We think that with a little cooperation and a lot of encouragement, he will help to make the Chilton County C of C one of the finest in the State. You'll be seeing more about the new plans and efforts in the News! Watch for 'em!

NOW you can buy used cars at Supermarket prices! "Rip" Burnett at Clanton Motors, is holding a rip-snorter sale beginning this week-end where you just roll your market basket in —and roll out in a jam-up good buy of an automobile. We don't know for certain, but we think he's going to put aprons and chef's hats on all his salesmen! "Shack" and Clement would look just peachy in the meat market, don't you think?

-O'-

OH, by the way—see their Supermarket Specials in this issue! (Keep looking, it's somewhere back thataway!)

CLANTON Laundry And Cleaning Company, always up to the minute on the latest, now offers a new water repellent, Soft-n-Dry. It has been made available to Sanitone dry cleaners, and Leo and Fred qualify: they're always taking people to the cleaners. According to the advertising this new stuff not only makes garments water repellent, but also makes 'em soft! It says: "garments treated with the new liquid water repellent, are easier to press and leave a built-in finish to hold the shape." Say, this is going to be a domestic miracle: You gals can put it on your husbands to soften them up; and we can put it on our wives to make them hold their shape. (It didn't say anything about remodeling—guess they haven't invented that yet! So, if you've got a shapely wife or a soft-headed husband, keep 'em that way with Leo and Fred's water repellent. (It's soft!)

ONE thing we have learned from constant debt, is that it is constant, and nothing seems to stop it ,once it's started. In other words: Once you're hooked you're cooked—or you might be 'crooked', but then you'd be booked; and it's better to be hooked than crooked and booked! Debt ain't so bad—as long as it's the other fellow's!

-O'-

IN case you haven't subscribed to anything lately, let us recommend the Chilton County News! Not only is "Your Alert Community Newspaper" chock full of goodies (we couldn't say 'nuts'), but it is also one of the biggest bargains you'll find anywhere, in this day of throatcut prices and crying pocketbooks.

And not only that, but I have four children who eat like it was going out of style and wear out shoes like they'd ruther go barefooted. And this other guy here has one and a wife; and this other fellow has two he's trying to educate and the 'boss' of the whole shebang has three kids and 12 grandchildren. Now if that didn't convince you that subscribing to the Chilton County News is good business—well, we just think you don't care what happens to our kids! And much obliged for your towel, too!

-O'-

A LADY friend of ours asked us once to repeat a paragraph we had previously written about the blessing we call our family. We haven't had time to research it out of the files, but we can tell her without looking. There is nothing on God's good earth that man can make; nor that the Devil can tease us with, that would ever make us forget or give up our family. There is no doubt in my mind, whatsoever, that I will never be able to deserve the blessings which the Lord has seen fit to give me. Many times I wonder if He hasn't made a mistake, and heaped bounty upon me which was due someone else—I know I don't deserve it. But knowing this, is good for me I think, because it is never far from me that I am blessed, and when I remember it, I try a little harder to do my job, or to recognize my responsibilities to my fellowman.

So you see, my strength is not in my arm, but was given to me by a divine Maker in the lives of a wife, a daughter and three sons. I am selfish enough to admit that my family always comes first with me—but I am at least humble enough to believe that though I may not move a mountain, or span an ocean, or lead a nation or write a book—I have within my closest reach a life—to mold and to nourish, so that one day, that man or woman may do those things; and if not, then perhaps the life that they may mold and nourish might do it. A man does not know humility until God gives him the responsibility of "leading a child in the way that" a virtue, but we know it well.

Plantersville Negro believed Drowned when bridge collapses

By RUTH HICKS

A beloved lady of Jones, Alabama, Mrs. Frank Apperson, died last week.

Wade Hampton Harris, age 84, a former resident of Route One, Stanton, died Monday, January 21, in a Selma Hospital. Mr. Harris at the time of his death was a resident of 807 Broad St., Selma. Funeral services were held at Lawrence Chapel in Selma at 10 A.M., Wednesday with the Rev. Rex Mixsin, pastor of the Alabama Avenue Methodist Church, officiating. Interment was in the Plantersville Methodist Cemetery with the Rev. G. B. Golden officiating.

With the passing of Wade H. Harris, Chilton County lost one of its best Republicans. He was widely known throughout Chilton County.

Our sympathy goes out to the loved ones.

Mr. Byron Harris last week lost two of his very close relatives. An uncle Wade H. Harris, and Mrs. Apperson, who died in Jones, was his aunt, his mother's sister.

Mrs. Bessie Harris, wife of R. A. Harris of Route One suffered a facial stroke recently. She is now at home, gaining strength slowly, after spending a week in a Selma hospital. We wish her a speedy recovery.

Negro Believed Drowned In Swift, Mulberry Creek—

A fruitless 13-hour search for the body of a Negro truck driver, believed drowned when a temporary bridge collapsed over Mulberry Creek last Tuesday was abandoned about 11 P.M. Tuesday night by units of the Autauga County Civil Defense.

Maxie Ford, 25-year-old Plantersville Negro, was believed killed when the heavily-loaded truck he was driving crashed through a wooden bridge near the Dallas Sand & Gravel Plant, Tremont, Ala. The water posse of the Dallas County Sheriff's Department joined in the search early Tuesday afternoon.

Ford had been an employee of the gravel concern, owned by Earl Ellzey of Selma, for the past two years, and was moving a load of gravel across the wooden bridge spanning Mulberry Creek when the accident occurred. Mr. Ellzey appeared on the scene only minutes after the accident and directed, for almost four hours, an intense search of the area for Ford's body. The creek was narrow, deep and swift Dallas County Sheriff Jim Clark made an appeal to his water posse for boats and drag lines, which arrived on the scene shortly after 3 P.M. Tuesday in an effort to recover the body from the icy waters. The young Negro was married, but had no children, it was reported.

Sympathy is extended the loved ones of Shelly Middlebrooks of Brent. Shelly was the son of the late John and Alice Middlebrooks and has many loved ones and friends in Chilton County who will regret to learn of his passing.

The tragic death of Lt. Porter Harrison shocked and deeply grieved his loved ones and friends. Lt. Harrison's father was reared in our section. His mother, the former Leslie Earl Parnell was also reared in our section. He was the only child of Mr. and Mrs. Porter Harrison, Sr. of Randolph, Ala. Lt. Harrison, an Air Force pilot, entered the service in 1958 and was a member of the 1375th Mapping and Charting Wing, Turner AFB, Albany, Ga. Since November 23, 1962 he had been on special assignment in Teresina Brazil. It was while there that the fatal aircraft accident took his life.

Lt. Harrison received his Aircraft Command Commission in October of 1962. Funeral services were conducted on January 17th at 2 p.m. from Jack Lee Funeral Home at Centreville. Interment in Pineland Memorial Park with full military honors.

The immediate survivors include his widow, Nancy Snipes Harrison of Centreville, a daughter Terry, who is 20 months old and a daughter Jennice, who is seven months old, his parents, and a grandmother of Stanton, Mrs Kate Harrison.

Lt. Harrison's Commanding Officer, Lt. Col. Keith P. Hansen, had this to say: "Lt. Harrison was an excellent officer and gentleman, well-liked by all who knew him. He was considered to be one of the most professional and qualified pilots in our squadron. He earned the respect and friendship of his associates, and his loss will be greatly felt by all of us."

DEAR 4-H JANES

A perfectly flat, smooth neckline without the facting showing on the right side is the sign of a professional garment. Careful attention to preparation of the neck edge, and to application of the neck facing will insure good results.

Even if your pattern does not suggest it, interface all neck edges to give body and prevent stretching. Cut interfacing from facing pattern. Usually a lightweight, woven material such as lawn, organdy, or a commercial product is sufficient for shaping. Baste interfacing to bodice front and back at neck and shoulder edges. Stitch shoulder seams and trim interfacing close to stitching at shoulder seams. Press shoulder seams open.

Construct neck facing next. Join facing shoulder seams, right sides together. Stitch and press seams open.

Edge-finish facing according to type of fabric bulky fabrics which ravels slightly will be machine-stitched one-fourth inch from raw edge and pinked one-eighth inch from edge.

Very ravely, bulky fabric will be finished with zig-zagging or have edges bound with bias seam binding. Non-bulky fabrics will be clean finished. Stitch one-fourth inch from edge; turn fabric on this row of stitching and stitch close to folded edge. Pin finished facing to garment, matching notches and seamlines. Join facing to neck edge in a plain seam. Grade this seam.

Cut seam allowance next to garment the widest, about one-fourth inch. Trim interfacing close to stitching. Trim facing to one-eighth inch. Clip curved seam at intervals to the seamline. You must now **understitch** the facing to keep it from rolling over the seam edge. Press seam allowances toward the facing. Top-stitch through facing and seam allowances close to the seamline. Turn facing to inside and press flat.

Tack free edge of facing to garment seam allowances at shoulders only, using a catch-stitch. The understitching keeps facing from rolling out and makes tacking free edge of facing to garment unnecessary.

Please get in touch with me if I can be of any help with this.

Circus Flyers Dazzle Spectators In "Greatest Show On Earth"

Daring Flyers perform aerialfeats that are both graceful and perilous with the Ringling Brothers Circus, which will be at the State Coliseum in Montgomery, February 8, 9 and 10.

The daring young men on the flying trapeze are the aristocrats of the circus world and this year, Ringling Bros. and Barnum and Bailey Circus has two of the world's greatest troupes of aerialists.

The astounding ease and grace with which the flyers perform their tricks belie the hazards involved. And the hazards are great — many have been injured seriously in this most exacting form of acrobatics.

Absolute split second timing is necessary when the flyer, or "leaper" leaves his pedestal board, swings through the air on his trapeze, catapults himself through a single or double somersault, or perhaps a twister, to be plucked out of thin air by the catcher. He is then returned to the swing bar by the catcher and returns to his pedestal board.

The final, payoff trick — one that never fails to hold audiences tense — is the "passing leap." In this, one flyer does a somersault to the catcher, and as the catcher returns him to the swinging trapeze, the second flyer sails over his body into the catcher's hands. The catcher then returns the second flyer to the swing bar and both flyers return together to their pedestal bar.

The flyers end their acts by graceful dives into their safety net below. And here too, bad timing can spell danger, for bad landings have resulted in many injuries. The flyer must land on his back in the net to avoid injury.

These graceful birdmen will thrill audiences here when Ringling Bros. and Barnum & Bailey Circus comes to the State Coliseum in Montgomery, February 8, 9, and 10 for four big shows.

In addition to the usual large assortment of clowns, animal acts, acrobats and pretty girls the Greatest Show on Earth this year is graced with four all-new beautifully costumed spectacles in which hundreds of human and animal actors participate.

Establish A New Tradition

"Duckling With A Difference"

New this year; next year a tradition! That is, if you serve "Duckling With A Difference" for your holiday dinner. One 4-pound Long Island duckling is more than ample for four people and your triumph is the stuffing. It's easy to make and the perfect compliment for that rich, dark duck meat. The base of round, buttery crackers brings together a subtle flavor blend from ginger, poultry seasoning, orange juice, chopped onions and chopped green pepper. Make it this easy way:

Duckling With A Difference

45 Hi Ho Crackers, about ½ of 10-oz. package
½ teaspoon ginger
½ teaspoon poultry seasoning
½ teaspoon salt
¾ cup melted butter or margarine, ⅓ stick
⅓ cup orange juice
½ cup chopped onions
½ cup chopped green pepper
1 Long Island duckling, about 4 to 4½ pounds ready-to-cook
2 tablespoons honey
1 teaspoon aromatic bitters

Crumble crackers into bowl; stir in ginger, poultry seasoning and salt. Drizzle with butter or margarine and orange juice; add onions and green pepper; toss well together. Stuff duck lightly, do not pack; fold neck skin back and pin with small metal skewer; close lower opening with small skewers laced with white cotton cord. Tie legs together and fasten to tail piece; fold wings back to lie flat. Place duckling on rack in shallow pan. Roast in slow oven (325°F) for about 2 to 2½ hours, depending on degree of doneness desired (bird is done when legs feel tender to touch and move easily in hip joint). About 15 minutes before duckling is done brush all over with a blended mixture of honey and aromatic bitters, return to oven until done. Garnish with orange slices. (While duckling is roasting, make giblet gravy.) Yield: 4 servings.

Mims - Jordan Vows Spoken

Beauty and simplicity characterized the ceremony at which Miss Louise Mims and Wayne Jordan were wed Saturday evening, January 19th, at the home of the bride's sister, Mr. and Mrs. Philip Sewell.

The bride, a former resident of Clanton, is the daughter of Mr. and Mrs. C. R. Mims of Clanton and Mr. Jordan's parents are Mr. and Mrs. Lowell Jordan of Tarrant, Alabama.

The Rev. H. E. Eddins officiated at the 7:00 O'clock ceremony which was performed before a setting of wedding greenery and white gladiolis.

The bride's only attendant was her sister, Mrs. Dorothy Smith, who served as Matron of Honor.

Serving his brother as best man was Mr. Jerry Jordan of Tarrant.

The bride was given in marriage by a brother, Mr. Johnnie Mims of Tuscaloosa, Alabama.

She was lovely in a street length dress of white brocade and nylon chiffon, styled with a fitted bodice, with a round neckline that came to a V in the back and was accented with a big pearl button. The bride's veil was attached to a crown of lae, accented with white miniature rosebuds, and she carried a white Bible with white carnations and a white orchid.

The bride's mother chose for her daughter's wedding a Blue linen dress. Her accessories were black. The mother of the groom was attired in beige with green accessories.

A reception followed in the Sewell home.

The bride is a graduate of Isabella High School and the groom is a graduate of Tarrant High and the University of Alabama.

The couple will reside at 323 Rondo Road in Mobile, where the groom is employed at Brookley AFB as an industrial Engineer. The bride is employed by the State Health Department.

Italian Beans Oriental Style

"EAST IS EAST AND WEST IS WEST and never the twain shall meet," wrote Rudyard Kipling in a famous poem, but the twain have met most amicably in this recipe for quick-frozen Italian green beans cooked Chinese style.

These broad flat beans preserve their tender-crisp quality when they are cooked Oriental fashion in very little water and for a very little time. In this Chinese-inspired recipe they are combined with sauteed water chestnuts and the liquid in which they are cooked is flavored with beef bouillon. If you would carry the Oriental theme to its conclusion, serve them with egg rolls and chicken sub gum from a Chinese restaurant.

ITALIAN GREEN BEANS AND WATER CHESTNUTS

½ cup (5-oz. can) water chestnuts, drained and sliced
2 tablespoons butter
1 package (9 ounces) quick-frozen Italian green beans
¼ cup water
½ beef bouillon cube

Saute chestnuts in butter in a saucepan 2 to 3 minutes. Add beans, mixing well. Add water and bouillon cube. Bring to a boil and simmer 5 minutes. Makes 3 servings.

March of Dimes Makes Gains in Birth Defects, Arthritis

People say everyone talks about the weather but no one does anything about it.

Until just recently, a similar observation could have been made about birth defects. Not only had no one done anything much about the problem but, in truth, people have always been reluctant or afraid even to talk about the subject.

The tragedy of this affliction has beset mankind since the dawn of recorded history. Yet no organized attack on birth defects was launched until 1958 when The National Foundation-March of Dimes entered this medical area.

The reason for this historic decision was that birth defects constitute the world's greatest unmet childhood medical problem today. Meeting the problem, moreover, entailed fund raising on the same multimillion scale as was required by the long, costly but successful fight of the same health organization against polio.

Marks 25th Year

The March of Dimes, now marking its 25th anniversary, last year appropriated more than $4,000,000 for research in birth defects, arthritis — another baffling disease which is the nation's No. 1 crippler— and on certain aspects of polio and other virus diseases. On birth defects research alone, the March of Dimes approved grants totalling $1,200,000, with about another $800,000 earmarked for regional treatment centers. Directly financed by March of Dimes chapters, these "grass roots" centers today number 31 and are located across the nation.

The need of funds for these March of Dimes-financed treatment centers, particularly in the area of birth defects, is urgent. In the 50 states, the full extent of the problem was not appreciated until March of Dimes medical advisers reported that about 250,000 infants were born yearly in this country with significant birth defects—almost 700 a day, or one every other minute.

Birth defects cause at least 21,000 deaths each year. The chief requirements in the battle to save these lives in the future, and to lessen the damages that birth defects as well as arthritis inflict, are trained manpower, equipment and time—and, of course, the substantial funds that these demand.

Research into the physical calamities that birth defects represent costs stupendous sums. The cause of a type of disaster that has bewildered mankind for uncounted centuries is unlikely to be explained overnight at bargain-sale prices, or its prevention quickly found.

In the areas of birth defects, arthritis and virus diseases, scientists supported by the March of Dimes were responsible for important research advances during 1962. For example, in birth defects:

- Certain white blood cells in the mother were found to enter the infant's blood stream before birth. The possibility exists that such cells may harm the baby later in life. This was reported by Drs. William P. Creger and Rejendra C. Desai of Stanford University.

Nucleic Acid and Protein

- Belief that the hereditary material called nucleic acid carries the blueprint for the production of protein was considerably strengthened. (Protein is the basic stuff of living material.) This was reported by Dr. Norton Zinder of the Rockefeller Institute.
- Experiments with pregnant guinea pigs established that certain hormones (such as hydrocortisone) can provoke birth defects in offspring. This was demonstrated by Dr. Richard M. Hoar of the University of Cincinnati.
- Further evidence on hormones, obtained by dipping unhatched eggs in a hormone solution, led Dr. Gregory Pincus of the Worchester Foundation for Experimental Biology to conclude that the problem of what causes some infants to be born with mixed-up sex characteristics may be a matter of hormones rather than heredity alone.

In arthritis:

- Key evidence was uncovered by Dr. Robert A. Good at the University of Minnesota that the mysterious thymus gland, situated behind the breastbone, is responsible for the functioning of the body's immunity defense mechanism. Abnormal working of the immunity mechanism is believed involved in rheumatoid arthritis.
- The discovery that there is a similar ground plan of chemicals in the connective tissue of many animals ranging from the horseshoe crab to man was reported during the year by Dr. Albert Dorfman and his associates at the University of Chicago. This means that research in the connective tissue of animals can be related closely to connective tissue diseases in man, such as arthritis.

In virus diseases:

- Studies of a tumor-causing virus disclosed how it changes normal cells, in tissue culture, to cancer cells. This significant finding was reported by Dr. Renato Dulbecco of California Institute of Technology.

The ultimate significance of these and numerous other March of Dimes-financed research studies may not be fully apparent now. But these findings are valuable clues to future progress. If no one does anything about the weather, at least something important is being done today about diseases that cripple children.

Peoples Savings Bank Proclaims Big Gains

THE Peoples Savings Bank held its annual Stockholders meeting on the 21st day of January and elected the following as Board of Directors for 1963:

Callen Alred, L. A. Clayton, Dr. Joseph W. Moore, E. L. Mullins, Omar L. Reynolds and A. Reedie Taylor.

Tt this meeting President Clayton furnished figures of the past four years, showing a substantial growth in total resources. Earnings in 1962 were the highest in the history of the bank, according to Clayton, even after paying a higher savings interest on Certificate of Deposits.

The earnings were in addition to a 30 percent dividend declared in December to be paid in January of 1963, which amounted to some $30,000.00.

The Capital structure of the bank, totaling $631,539.98, is very strong, according to Clayton. It has $100,000.00 Capital; $200,000.00 Surplus; $209,379.31 Undivided Profits and $122,160.67 in Reserves. The bank reached a year-end peak of $4,997,925.63.

At a directors meeting on January 28th, the same officers were re-elected for 1963. They are: L. A. Clayton, president; John C. McKinney, vice-president; Wallace R. Wood, cashier and Flora I. Harris, assistant cashier.

President Clayton also said, "the unprecedented growth of the bank, since its founding in 1901 is due only to the many fine and loyal customers, stockholders, directors, officers and employees who have worked to build it."

The bank employs 13 people.

Thorsby Methodist—

The Official Board will meet Saturday night, February 2 at 7:15 P.M. All members are urged to attend.

The WSCS meeting will be held Thursday, February 7, 2:30 P.M. at the church.

Worship services at the regular time next Sunday, 11:00 A.M. Sunday School 9:45 A.M. Evening Worship 6:00 P.M.

Honored At Tea—

A February bride-to-be, Miss Barbara Blankenship, was the honor guest Sunday afternoon January 27th at a Tea and Gift Shower. The party was given by members of Thorsby Methodist WSCS at the home of Mrs. Henry Robinson and Mrs. M. M. Lyell.

Receiving guests were Mrs. [illegible] Kincaid, president of the WSCS, the honoree, and her mother, Mrs. Herbert Blankenship.

Gifts were displayed in the den by Mrs. F. T. Miller, Mrs. John B. Jackson, and Miss Sandra Jackson.

Boufuets of spring flowers decorated both the living room and den. In the dining room tall pink tapers in branched white wrought-iron candelabra illuminated the table, which was overlaid with a cloth of white inen, centered by a crystal punch bowl, garlanded with lacy foliage and pink and white snapdragons. Mrs. Akins Collins, Mrs. H. E. McFarland and Mrs. M. M. Lyell served. The many guests were registered in the Bride's book by Mrs. James Giles.

Mr. and Mrs. B. E. Flourney of Jacksonville, Fla. announce the arrival of a 7 lb. 2 oz. boy on January 12th. They have named him Joseph Morris. He is the younger grandson of Mr. and Mrs. O. R. Pilgrim.

Mr. William Robinson celebrated his 70th birthday when Mr. and Mrs. Ernie Lee Robinson and children of Montgomery, presented him with a big tiered birthday cake last Sunday. Mrs. Mary Bazzell, Prattville and Mr. and Mrs. Robert Wordell of Thorsby were on hand to help celebrate the occasion.

Masons Have Supper Club—

The Masons have voted to have a Supper Club, which will meet once a month, the last Friday in each month. Food will be furnished by the wives and ladies of the Eastern Star. Anyone can eat for one dollar—the proceeds will go into the Building Fund.

Mrs. Mims Enjoys Coffee—

Last Friday night a Coffee was enjoyed by the Mims family. The occasion was a birthday for Mrs. Nettie Mims. All the children were there but Earl and he sent a gift. The cake and candles were presented by the daughter, Mrs. Norman Anderton and family of Birmingham.

We are happy to report that little Terresa Blackmon is doing much better. She has been very sick, but is making fast improvements.

Frozen Potato Month Special — Frozen French Fries Pizza Pie

If there's anything more popular eating with teen-agers than pizza, it's crisp, hot French fried potatoes. Combine the two in a flavorsome snack and you'll rate cheers from the young set. So if you're planning to feed a young crowd at a party or impromptu snack, give 'em their two favorites . . . and you'll rate cheers for frozen fries and Frozen Potato Month!

FRENCH FRIES . . . PIZZA STYLE

2 cans (8 ounces each) tomato sauce
1 can (6 ounces) tomato paste
⅓ cup chopped onions
⅓ cup chopped green pepper
2 teaspoons oregano leaf
½ teaspoon garlic salt
¼ teaspoon sugar
¼ teaspoon pepper, optional
3 tablespoons cooking oil
2 packages (1 pound each) or 4 packages (9 ounces each) frozen French fries
1 pound pork sausage links
⅓ cup milk
1 jar (2½ ounces) shredded Parmesan cheese (1 cup)
½ teaspoon salt
1 pound sliced Mozzarella cheese, cut into ½-inch strips
1 can (2 ounces) anchovy filets

Combine first 8 ingredients in fry pan. Cover; cook slowly until thickened (to make 2 cups thickened sauce). Brush cooking oil over sides and bottom of 14 inch pizza pan. Cover bottom and sides of pan with frozen French fries. Place in very hot oven (450°F.) to defrost and lightly brown French fries, about 20 minutes. Cook pork sausage links ¾ done, drain and cut into ½-inch lengths. Mix together milk, ½ cup shredded Parmesan cheese and salt. Remove potatoes from oven. Spread cheese-milk mixture in thin layer over potatoes; return to oven until cheese melts, 3 to 4 minutes. Remove from oven and top potatoes with layers of tomato sauce, Mozzarella cheese, pork sausage, anchovy filets and remaining ½ cup of Parmesan cheese, using ½ of each at a time. Repeat. Return to oven and reduce temperature to hot oven (400°F.) and allow cheese to melt, 15 to 20 minutes. Yield: 6 servings.

About Your Health

by Dr. R. I. Schattner

THE ASIAN FLU

Asian flu epidemics usually occur in the U. S. in 2 or 3 year cycles. And most competent medical authorites agree that we are scheduled to have another one this year.

In 1960, over 26,000 people lost their lives due to the Asian flu. Two years earlier, it accounted for more than 60,000 deaths.

Dr. Schattner

Clearly, the Asian flu shouldn't be considered as a minor cold.

According to **Current Therapy**, the signs in an uncomplicated case may be headache, fatigue, muscle and back pains and chest soreness (particularly coughing). The throat may be sore, also.

Symptomatic treatment is indicated for these signs. This treatment includes bed rest during the fever stage (2-3 days) in a warm, well ventilated room. Aspirins may be taken for the headache and aching.

Steam inhalations (Compound Benzoin Tincture) may be used to relieve coughs associated with laryngitis. An anesthetic, non prescription, medicated solution (trade name: Chloraseptic mouthwash) may be used as an antiseptic besides relieving throat soreness.

In all cases where any of the above symptoms appear, you should consult your physician.

JEMISON NEWS

By MRS. GEORGE NAISH

PTA Meeting—

At the regular PTA meeting of Jemison School, a panel discussion was held on Juvenile Delinquency and Rehabilitation of Delinquents. Mr. J. R. Ekblad Mrs. Mildred Miller and Mrs. E. C Martin, program committee.

A short business session preceded the program.

The devotion was presented by Rev. Victor Davis, pastor of Oak Grove Baptist Church. Jacque and Beverly Martin gave several musical numbers.

Those appearing on the panel and their topics: Mrs. Louis Brasher, the role of the home; Mrs. Apperson, attendance officer: role of the school; Rev. Louis Brasher, pastor of the Jemison Baptist Church: Role of the Church; Sheriff Hugh Champion: The role of law enforcement agencies; Mrs. Vance, director of Department of Pensions and Securities: Role of Welfare Agencies; Judge J. B. Atkinson, Judge of Juvenile Court: Role of that court. Moderator, Mrs. Apperson. This was a very interesting and most informative program.

Michael Cobb Celebrates—

Michael Cobb celebrated his 7th birthday, Saturday, January 19th with a Pirate Party at his home, given by his mother, Mrs. Kenneth Cobb with Mrs. Joe F. Cobb as co-hostess.

The guests, all boys, were given Pirate hats as they arrived and received cardboard daggers with their names written on them. Bags of gold were represented by gold wrapped candy in black net bags; also in the treasure chest were gold footballs and basketball key chains for each boy.

The birthday cake was a chocolate layer, decorated with three miniature pirates and a model scale pirate ship and pieces of "eight", pirate gold.

The table cover was black and white, and on the table was a "skull and crossbones" pirate flag and two matching gold holders with lighted white candles.

The boys played team games, but were excited most of all by a real magic show which was fun for both children and adults.

A cut out black top hat and cane sprinkled with glitter and sequins completed the decoration for the magic table.

Ice cream with chocolate syrup, vanilla and chocolate cupcakes and Koolade were served.

Those attending: Robert Peterson, Billy Shields, Rex Hall, Steve Carden, Jimmy Cummings, Jerry Giles Penny Gilmore, Wayne Porter, Roger Robinson, Ronale Tibbs, Craig Cleckler and Mark Cobb.

With College Choir—

Franklin Johnson, student at Alabama College, Montevallo, will appear with the college chorus in concert with the Birmingham Symphony Orchestra on Tuesday night, January 28th at the Temple Theatre in Birmingham. On Wednesday night the program will be given at Palmer Hall, Montevallo. These events are under the college lecture series.

Attends Fashion Show—

Mrs. J. J. Reeves, owner of a local dress shop, attended a Fashion Show in Birmingham Monday, January 21st. It was at the Tutwiler Hotel.

Assembly Program—

"The Strength of Our Worship" was the theme of the assembly program of the young people's department of the Baptist Church, Sunday.

Down the highway of 1963, God's word should be our guide.

Opening song: Break Thou The Bread of Life. Miss Harvey, superintendent read the song "Fall Fresh On Me and Paul Culp led in prayer.

Richard Stephens read: Heb. 4:12, 1 Peter 1:24-25.

Richard Guy gave a testimony from James Q. Adams on the Bible; Harry Hale, one from Andrew Jackson; Gerald Atchison, Abraham Lincoln; Randall Chandler from Woodrow Wilson and Joe Brasher from F. D. Roosevelt. Song: Have Thine Own Way.

Mrs. George Naish led the closing prayer.

Several college students were home for the long week-end.

Mr. Walter Peterson of Orlando, Fla. visited relatives for a few days.

Mr. and Mrs. J. J. Reeves will attend the wedding of her nephew, Gerald Douglas, February 4th at the Trinity Baptist Church in Tuscaloosa.

POPLAR SPRINGS

Pastor, Bro. J. T. Meank
Sunday School 10:00
Morning Worship 11:00
Training Union 6:00
Evening Worship 7:00

Prayer Service each Wednesday evening at 7:00 with all Auxiliaries meeting afterward.

If you are not now attending church, we welcome you at Poplar Springs Baptist.

Our pastor, brought the messages Sunday, and we are happy to have him back with us, after his accident and lengthy convalescence.

We continue to pray for him and our many sick and shut-in friends and neighbors.

We have started plans for our Spring Revival, which is to be held the 1st week in April. The speaker will be announced at a later date.

NEWS OF—

REFUGE

Rev. M. Lockhart, pastor

Well, we are thankful that there is a reilgion that will take the cold and stem the tide. We will just have to say that we were a little surprised to see such fine attendance last Sunday morning. It was a little short Sunday night, but the service was just fine. It is a wonderful thing for people to meet together and enjoy the fine spirit of fellowship.

Next Sunday is regular preaching day again; and we will be looking forward to having your whole family present at the services. Visitors are always welcome, and if you do not have a church home, come on out and we will try, in some measure, to make you feel at home.

We were happy to have Mr. and Mrs. Jimmie Scott with us last Sunday, and cordially invite them back again.

Our pastor, Rev. and Mrs. M. Lockhart, are enjoying their new home in Norfield, near the Quick Freeze Plant. They do not have a telephone as yet, but will have one in a few days. They have enjoyed visits from their many friends and would count it a privilege to have others drop by.

There will be a miscellaneous shower at the home of Mr. and Mrs. Bud Maddox next Saturday night, February 2nd, in honor of their daughter and her husband, Mr. and Mrs. Bobby Joe Adams. Many good times are enjoyed on such an occasion as this and I venture that there will be some cookies and what have ye; and something to rinse them down with.

—M. LOCKHART.

Don Graham, pastor

This month's meeting of the Youth Rally will be at the First Baptist Church at Thorsby. The program will be centered around the Howard College BSU Choir. This is a fine group of young Christian people who will make you very proud of the youth around us. Make your plans to come.

Last week we had our study in Matthew which was very inspiring and educational. It was very successful even though it was cold. This week we will continue our study in Titus.

Choir Practice will follow the Prayer Meeting as usual.

The Adult Classes have planned a meeting of the Supper Club tomorrow night at 6:30 (Friday). They are going to have a hamburger barbecue. Come over and join us.

The Young People and Intermediates have planned a Sweetheart Banquet for February 1 at 7:00. More plans will be announced later.

Don't forget our Visitation Program on Thursday night at 6:30. The past month in the Training Union the emphasis has been placed on Witnessing and is now time to put this to work.

Next Saturday morning, why don't you do something new and different? Our pastor has a devotional every Saturday morning at 7:00. This will really start your day off right.

We want to invite you to come to our services any time. We especially invite those of you who have no church home to visit us anytime.

SCIENCE CLUB MET IN ROOM 12; HENRY ADAIR

The Science Club of Room 12 of Henry Adair School met on Friday, January 11th with Philip Popwell presiding.

Sandra Sellers read the minutes of the last meeting and Hank Segrest gave the treasurer's report. The following program was given:

Devotion, Sandra Calfee; The Lord's Prayer by Sherry Moatts; Pledge to the Flag by the class.

A panel discussion was led by Sandra Sellers, Skipper Reynolds and Ray Atkinson, Kay Owens, La Sabre Johnston, Jack Carlisle and Judy Hathcock.

The Club sent a dish garden to Janice Brand, who has been sick for several days.

Wed. night Prayer Service 7:00
Rev. Charles Forriester, pastor

Due to bad weather and sickness our Sunday attendance is still off some.

Those of you who were not present Sunday missed a great blessing. Rev. Forriester brought two very good messages.

REMEMBER: our study course in Matthew begins Wednesday night, January 30th at 7:00 O'clock. Our teachers for this course will be Mr. and Mrs. Welch Roebuck, Mrs. Baso Chambers and Rev. Forriester. We urge everyone to attend and welcome all visitors.

Mr. and Mrs. Basco Chambers visited Mr. and Mrs. Donald Chambers and children Michael and Tod Sunday. Mike has the Chicken Pox. We wish you a speedy recovery, Mike.

Sunday guests of Mrs. Lois Lucas were Mr. and Mrs. Bobby C. Headley and children Joan, Billy Joe and Sharon Kay.

A note of interest: Miss Betty Orange and Mr. Boland "Skipper" Bledsoe were united in marriage by Rev. Charles Forriester Saturday night, January 26th. Everyone will remember Skipper for the wonderful job he did in our Summer Revival as our music and song director. Congratulations Betty and Skipper, we wish you a long life of happiness and everything good.

Sunday dinner guests of Mr. and Mrs. E. A. Lenoir were Rev. and Mrs. Forriester and Miss Barbara and Linda Ousley.

Remember our sick and shut-ins in your prayers.

Attend our Wednesday night prayer services. You are always welcome at our church.

Driving?
Stay Alert, Stay Alive!

A sleepy driver is a dangerous one. Many of today's modern medicines contain antihistamines, tranquilizers and barbiturates. Whether these medications are being taken as a decongestant; to combat allergic discomfort; for tranquilizing effects; or other prescribed reasons . . . they may cause drowsiness.

A good safety rule is to avoid driving when drowsy, tired, sleepy or depressed. Ask your doctor if there is anything in the prescription that will interfere with ability to drive safely. Now, the problem arises, what to do if you must drive, even though you are tired. Drinking black coffee might help, but won't provide a prolonged effect of alertness.

There is a remarkably effective product called Verv Continuous Action Alertness Capsules. It is available at local druggists in convenient packages of fifteen capsules for only ninety-eight cents. (No prescription required.) Extensive clinical work has demonstrated that where intellectual processes are involved, the ingredient in Verv brings about a distinct increase in rapidity and accuracy of performance. Mental activity is temporarily stimulated and the capacity for prolonged work is increased.

Verv Alertness Capsules are timed disintegration capsules specially prepared to release the active ingredient gradually. They are formulated by American Pharmaceutical Company, and provide a continuous sustained and lasting, stimulating effect over a 6-hour period.

SHAPELY

Tall, shapely, redhaired Nora Hayden, Broadway and Hollywood actress will be seen on NBC color television programs this season.

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

REMEMBER: Results are what you pay for — Results are what you get, with Classified Advertising in the News.

TINY TOT'S fashions are just as carefully detailed as mother's, as illustrated by this darling dress of striped cotton with nylon net petticoat and Talon's new Zephyr with the nylon coil zipper up the back, selected because its strength, flexibility and ability to pull itself out of a jam make it ideal for active youngsters' garments. It's McCall's pattern No. 6496 designed for easy laundering, with the iron, of course, simply set to synthetic or steam, when giving the zipper nylon coil or the nylon petticoat a finishing touch.

NOTICE!

Due to the death of Miss Marine B. Harris, Mrs. Dolly H. Mitchell, sister of Miss Harris, will operate THE HARRIS SHOP

Your business in the past was welcomed and appreciated and we want to assure you it will be in the future.

Two Chosen To Represent Alabama In Senate Youth Program; Both Chilton Natives

KENNETH Veazey of Foley formerly of Clanton and Isabella) and Colyn Moatts, of Clanton, visited Senators Lister Hill and John Sparkman last week while in Washington, as participants in the first United States Senate Youth Program.

This is a signal honor for Chilton County, for the program, sponsored and financed by a private foundation, brings only two high school students from each State to Washington for a week to observe and study the operations of the United States Senate and its relationship with the House of Representatives and the other branches of Government. Both of those chosen from Alabama were from Chilton County.

Colyn and Kenneth each spent a day of internship in the offices of Senators Hill and Sparkman observing office functions, and a highlight of the day's festivities was a luncheon in which the youths introduced their Senators to the other program participants.

HOSPITAL AUXILIARY MEETS THURSDAY, 14TH

Attention is called to the Hospital Auxiliary Meeting to be held on next Thursday, February 14 at 9 A.M. at the Nursing Home. This notice is given early prominence that each member will avail herself of the opportunity to enlist the support of new members for the Auxiliary. This is especially urged for adjoining communities. "We need your cooperation".

The Senior Citizens of the Nursing Home need you. Please, someone in each community sponsor the chairmanship and appoint a committee to come to the meeting. Our Nursing Home has Senior Citizens from many communities. It is a county-wide, never ending, most worthwhile project.

"They are our guests as well as the guests of the Master who entrusts them to our careful love. Are you one who administers to their needs? Sometimes that need is just one spoken word of encouragement or a word of cheer."

For Driver's Exams Schedule Changes

This notice is according to J.C. White, Judge of Probate.

EFFECTIVE the week of February 4th, examinations will no longer be given in Clanton on Saturday morning. There will be two examiners in Clanton on Friday of each week during the hours of 8:00 A.M. until 5:00 P.M. with 30 minutes out for lunch.

The examinations will be held in the County Courthouse at Clanton.

Thorsby Mothers March Monday Night, 11th

ACCORDING to Mrs. G. T Sharmon, Thorsby chairman of the March of Dimes, and her co-chairman, Mrs. J. F. Cleckler, Monday night, February 11, has been designated as Mothers March night in the Thorsby area. The 1963 March of Dimes campaign is now underway in the Thorsby area.

"Won't you please leave your porch light burning and greet these mothers with your generous contribution to help fight disease and birth defects that continue to cripple our children?"

County Drive Chairman for 1963 is Mr. Gordon Conway, Superintendent of Schools.

Services Held For Mrs. Bob Calfee

On Tuesday morning, January 22, Rev. Donald Alred, pastor of the First Baptist Church Prattville and Rev. Neil Glausier of Mulberry Baptist Church conducted the funeral services of Mrs. Robert (Gladys) Calfee who died on Sunday evening, January 20, at the Prattville Hospital. Songs were sung by the quartet from the First Baptist Church of Prattville.

Gladys was laid to rest in the adjoining cemetery at Mulberry Baptist Church near her father.

She was the daughter of the late Pressley Turner and Mrs. Minnie Turner of Maplesville. Besides her mother, she leaves her husband Robert (Bob) Calfee; two daughters, Mrs. Jerry Tatum and Miss Carol Calfee and one little grandson, all of Prattville; one brother O'Neal Turner of Pensacola, Fla. and a host of relatives and friends to mourn her death.

Gladys finished high school at Isabella in 1938 and joined Mulberry Baptist Church at an early age. After leaving Mulberry, she united with the First Baptist Church of Prattville, where she was a member at the time of her death.

Chilton County Hi PTA Meets 12th

THE Chilton County High School PTA will meet Tuesday, February 12 at 2:45 P.M. in the Home Ec. Room. This is Founder's Day and the Beta Club has the program. There will be a Silver Tea following the program. Everyone interested is urged to be present.

Cold Gets Some Peach Varieties

Chances Are Still Good For Profitable Crop If Weather Holds

ACCORDING to reports by local authorities on the subject of peaches—Chilton County still stands a good chance of coming through the 1963 season on top!

This is the opinion of the County Agent, John D. Sellers, providing, of course, that the weather conditions are favorable until harvest time.

And favorable weather conditions, as far as the peach is concerned, does not mean "balmy air and warm sunshine". They need a good deal more 20 degree weather if we are to hope for a full crop.

Percentage-Wise, The Freezes Have Hurt—

In the News office Wednesday morning we watched Agent Sellers cut into the fruit buds on several peach branches and a branch with 25 to 30 buds on it would have only one or two that were still prospects for peaches.

Many factors are to be considered, however in determining the loss, to date, in the peach industry in Chilton County.

Coronet Variety Nearly Wiped Out—

The Coronet, an early peach, and the one we saw demonstrated is a 98 percent loss—we can discard its chances with reasonable accuracy. Highland, Red Cap, and Cardinal, also early varieties have been hard hit by the extreme temperatures of this winter, but not quite so badly as the Coronet. They are a bit more hearty and can withstand the severe temperatures some better.

Two Early Varieties Holding Up Well—

The Dixie Red, according to the report to the News, is holding up rather well and the Mayflower, another early season fruit, has practically no damage to the overall productivity of the fruit buds.

Two mid-season varieties, the Keystone and Southland, have shown some heavy damage as has the latecomer, and ever-popular Elberta.

Bud Damage Does Not Mean Crop Loss—

It is interesting to note that fruit and leaf bud damage today does not mean that a good crop of peaches cannot be had this spring and summer. On the contrary, if the buds which survive the freezing weather are pollinated by nature properly, then they will make fruit—and they will make larger fruit if they are not crowded. Too, it is believed that if the early varieties are "thinned out" some from natural causes such as extreme cold weather, the market will be much better for the fruit which we do produce.

Chilton's peach crop—far from being gone this year—is dependent almost wholly on the next six weeks of weather conditions.

A complete breakdown of damage by varieties will be published in the News next week! Look for it.

Queen Crowns Queen

A Queen crowns another Queen at Thorsby High School. Shown above is [illegible] becca Bentley, Alabama's 1963 Maid of Cotton crowning Miss Gayle Marcus, who was chosen [illegible] or the Thorsby Basketball Team.

Coronation ceremonies of the 17-year-old Miss Marcus, took place on Tuesday night, January 29th at the Thorsby High School.

Miss Marcus, an Eleventh grade student at Thorsby, won the title over three other contenders for the crown. They are, Jane McReynolds, Joan McReynolds and Nina Collins.

Disbanded PTA Donates Funds To Local Charities

THE Thomas Jr. PTA, now disbanded because of school consolidation last year, has donated the funds in its treasury to at least two other worthy Chilton County Projects, it was reported late Wednesday.

According to Lewis Headley, the PTA contributed $75 to the local Lions Club and Alabama Sight Conservation. They also contributed a like amount to the Retarded Children's program in Clanton.

J. D. Hopper was principal of Thomas Jr. for many years and was principal when it was consolidated. President of the PTA at the time of disbanding was Mrs. Maxine Thomas; treasurer was Mrs. Eloice Easterling.

The contributions were made "because of the fine work these two organizations are doing for the handicapped and underprivileged of Chilton County", they said.

What A Lineup!

THE "225" is sweeping Chilton County!

Pictured here, backing up the 1963 Membership Drive slogan of the Chilton County Chamber of Commerce, are, left to right: Raymond Hamilton, membership chairman for the Chamber; J. H. "Skeeter" Stokes, president of the Chamber; and Johnny Vines, member of the board of directors.

The theme is "This Is Your Chamber of Commerce" with heavy emphasis on the "Your", and the men have laid some mighty workable plans for attaining the membership goal, which has been set at 225 units.

(News photo by SCOTT)

In fact, at a meeting Monday of this week, some businesses joined the Chamber of Commerce who have never before belonged to it. That sort of thing feeds the flame of enthusiasm and a more enthusiastic group of men, we have never seen.

Teams Out Now To Call On YOU—

If you are a businessman in Chilton County, a team of men, or possibly an individual may drop into your place of business at any minute to solicit your participation in the Chamber of Commerce. Don't turn him away without listening well to what he has to say. The story of facts he has to tell you are of vital interest to the growth of Chilton County and, as one member put it "We want you to know what is being done by YOUR Chamber of Commerce, for the benefit of the citizens of Chilton County!"

The teams set up by Chairman Hamilton, and the areas they are covering are:

Highway 31 South—Ralph Johnston and Ellis Jones.

6th Street South (around Post Office)—B. L. Adams and Don Sumrall.

7th Street North—Johnnie Vines and Dave Norman.

6th Street North—E. S. Monroe and Raymond Hamilton.

2nd Avenue (town and west) —Johnny McKinney and Melvin Headley.

In the Thorsby-Jemison area the men to see, or who will see you are Joe Cobb at the bank, and P. F. Singley at the tractor shop.

In Maplesville, Ed Clapp is the representative.

Membership Is $12.50 Per Unit—

Membership in the Chamber is $12.50 per unit and a business may purchase as many as four units, depending upon the size of the business and the number of employees. Several businesses in the County hold as many as four paid-up units for the 1963 year.

New Vitality Evident In Chamber Members—

There is a feeling of new vitality and spirit within the Chamber of Commerce. The ones who already belong are not only willing to work and pull together, they seem eager to do it.

We have been asked to inform you that if you are a businessman, in Chilton County, you are a prospective member of the Chamber of Commerce. If, the men fail to reach you for some reason, you may get in touch with the team in your area, or you may call or see Raymond Hamilton, Skeeter Stokes or Johnnie Vines.

The big Membership Drive will run through the month of February. All memberships paid at this time will run for the year 1963, as of January 1st.

Several persons have already asked us what the "225" is for. Some have asked if that's the telephone number or what. That is the 1963 GOAL for membership units, and you can help realize that goal by joining "Your Chamber of Commerce".

J. P. Lawrence, Sr. 80 Years 'Young'

TODAY is the anniversary of the birth date of one of Clanton's oldest citizens — one who was an active member of the business community for many years. He has left his mark in more than one category of Chilton County's existence, and not in the least of these, is a fine family of sons and daughters, most of whom live now, or have lived in Clanton, and who are among the most civic minded folks in these parts.

We speak of none other than Mr. J. P. Lawrence, Sr., who, on this date, Thursday, February 7, 1963 is celebrating his 80th birthday anniversary.

At "80 years young" Mr. Lawrence is very active and is very proud of the fact that he can still go fishing — and catch fish! In itself, quite an accomplishment to some of our 'would-be' anglers.

And what is Mr. Lawrence going to do to celebrate? Why he's going fishing, naturally!

Congratulations Sir! We hope you enjoy many more "young" years.

Latch String Is Out--

IF, in effect, President Kennedy, who is the Head of State, said that it was alright for Russia to set up communist housekeeping in Cuba, but could go no farther, why are we putting up with it?

Let's assume that it would have been a terrible risk of world war if we had told the Russians "No, you cannot do it!" And then saw to it that they moved out of Cuba, bag and baggage.

But, what of the consequences as things stand now? Isn't it probable that the Russians feel they have gained a 'foot in the door' victory, and, for the time being, are satisfied with that turn of events?

We think that the American people are willing to take whatever stand necessary to back up the Monroe Doctrine, and any other similar document of agreement that insures this hemisphere from communism. If we cannot keep communism out with a mild negative answer; then we must get tough while we still have the ability and the aggressiveness to get tough!

If we wait for another of those 'foot in the door' victories by the communists; it may be too late to slam it shut! Instead of putting the nightlatch on our 'back door', we have simply hung out the latchstring, inviting any and all; good, bad or indifferent. Free men, who love freedom, can ill afford to welcome ruthless men of deception into their homes and families, without first taking sensible precautions.

You Could Save 'Him'--

FREE enterprise is dying an agonizing death, and we who have profited so well from it, are too gullible and too passive to even recognize that 'he' is sick.

Would it open your eyes and set you to thinking more, if we put it in the form of a question: "Is free enterprise dying?"

It matters little how you phrase it, 'he's' still dying! And the only thing that will save 'him' is the 'wonder drug' of public concern, localized on the problem to such an extent that the 'germ' that is kililng 'him' will be knocked out completely.

Every now and then, someone of us will recognize that the germ is present and we will take a swipe at it. But usually, it's like a lazy cow swishing her tail at a fly — and he comes right back again. And even, on occasion, that someone will make gains toward a cure; but then some half-baked idea from a "minority group" will set the patient back, and we have a relapse of an already critical 'disease'.

Free enterprise, to men who still have integrity, means the opportunity for a man, or group of men, to strengthen their own economic situation through sound business practice, and honest personal effort; and at the same time to strengthen the economic health of America.

There are so many things nowadays, which take the incentive out of free enterprise, that it is becoming more and more a skeleton of an ideal, with no meat on its bones; with little or no nourishment, because it is neglected by those whom it has helped in the past.

Ridiculous union demands; outrageous subsidy programs of an overgrown and domineering federal government; and a tax structure that, if analyzed sensibly wouldn't make any sense at all when considering the condition of 'free enterprise', are just a few of the 'germs' which are eating away at 'him'.

And where are you friend, when you should be by the bedside of the intended 'victim'? You could probably save him!

Hard To Figure--

THE biggest disadvantage we've found, in trying to be a Christian, is the staggering number of opinions as to what constitutes one!

No Great Man Is Faultless--

MANY Alabama Democrats voted against Senator Lister Hill in last year's General Election. Of that there is no doubt. And most of them, echoing the tired song of the opposition: "we want representation in Washington — we want to be heard!"

We wonder how many of these "interested citizens" really know the work of Senator Hill, who recently celebrated his 25th Anniversary in the United States Senate — 40 years in Congress!

Very few know; and ignorance is the substance of arrogance, which breeds contempt.

Senator Hill, recently, spent long hours fighting for your Constitutional Rights. How many people know that —or have bothered to find out. A measure was being pushed before Congress to eliminate the filibuster — "the only parliamentary procedure left to fight some of the things the South objects so strongly too"! Senator Hill spoke at length against this proposal, practically every day. Is that "no representation"?

Senator Hill is known the nation over for his untiring efforts and devotion to the cause of better health and medical care for all our people. It is common knowledge. Is that "ignoring the people who have elected him"?

Senator Hill entered politics in Montgomery, Alabama as a young man. He was successful early in life. In 1938 he went to the Senate to represent Alabama, and he has been there to this day — and he HAS represented Alabama.

He has passed legislation and supported legislation effecting health programs, rural telephones, electricity, national defense and many other fields of public concern.

They say he is a "statesman" and a "humanitarian" of the highest order. They say he has contributed to his country and to the welfare of his fellowman "immeasurably" and "far beyond the call of duty"!

And they say: "Those of us who have known him through the years will understand why he has given that kind of service." "Because," they say, "he is that kind of man".

With his faults — some toward Socialism — we are still proud of what Senator Lister Hill has done for us here in Alabama, and proud of the mark he has made, which is recognized by people all over the world. He has shown the world that a man from Alabama can have quiet, but profound wisdom, compassion for his fellowman, honesty and the ability to speak his mind against adversity, and integrity and energy to do an arduous, sometimes thankless task, for so many years.

Along with the kicks and curses he gets, a work horse usually gets a little sugar now and again. We think Senator Hill can take the abuse, but a little sugar wouldn't hurt now and again.

He is respected by his colleagues in the Senate and Congress and he is respected by those who know and appreciate him here at home in Alabama — Let the record so state!

The Face of The Community--

"IF I were an industrialist looking for a site to locate, the first thing I'd do would be to look over the community's newspaper. The so-called country weekly can be an accurate reflection of the town itself—its progressiveness or lack of it; the attitude of its people, their pride or civic laziness.

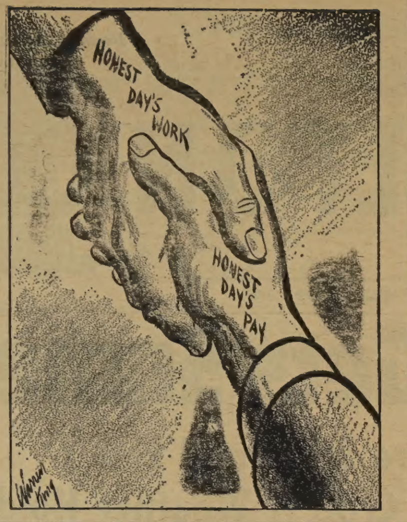
"Even more than serving as a civic mirror, the newspaper can be a definite influence on the type of town you have. One thing is sure, and it proves our point: whether you have been away for a few days, or a generation, your home town newspaper, whether good, bad, or indifferent is the most cherished piece of reading matter in the world."

Supply Too Great?--

IS your supply greater than the demand? Then try an advertisement in the Chilton County News and get the proof that the buying power of Chilton County is here — but you must attract it!

Weekly Habit--

READING Your Community Newspaper is a habit just like most anything else — but it's a good one ,if you are interested in your community it's growth and development. It's entertaining, too! Some of our subscribers (who have the habit) say they wouldn't be without their County paper. And some of them have been reading the News for 35 or 40 years. They depend on their newspaper and their newspaper depends on them. Get the weekly reading habit! It's a good 'un!



Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

Twenty five Republican members of the House last Thursday introduced an omnibus Civil Rights Bill, which — if passed — would place the federal government bulldozer in the backyard of every Alabama community.

The provisions of the sweeping, all-inclusive six sections of the measure contain the 1960 Republican civil rights platform. First, the bill would make the Civil Rights Commission a permanent board with far-reaching powers including the right to investigate voter discrimination.

The history of the Commission demonstrates beyond doubt that its entire conception is impracticable. Its actions in Alabama, for example, have widened rather than narrowed the breach between the races, and steps to give this body permanence and additional powers should be closely examined by Congress.

May Cut Congressmen—

To tie in with this, the bill also would direct the Bureau of Census to gather voter registration statistics by race to determine the extent of voting discrimination.

This provision is designed to enforce a section of the 14th Amendment which has not been used in its almost 100 years of existence—that representation in Congress can be cut if a state denies the right to vote because of race.

Withhold Funds—

Thirdly, the bill creates a Commission on Equality of Opportunity in Employment, giving permanency to the President's current committee.

This Commission would serve as a watchdog over every business or labor union dealing in government contracts and would also have jurisdiction over federally subsidized employment agencies.

The Commission would be further empowered to withhold funds from employment agencies and to compel businesses and labor unions to eliminate discriminatory practices when it discovers discrimination does exist.

Court Action—

At the heart of the controversial civil rights legislation is the provision that the U. S. Attorney General could initiate court action on behalf of any child denied admission to a segregated school.

Expected to be one of the most bitterly debated parts of the pending civil rights bill, this provision would permit the Justice Department to file integration suits as they presently do in voting cases.

The Republican-sponsored bill —if passed—would also empower the federal government to give "technical assistance" to states and localities at their request to aid school desegregation. It further provides that any citizen shall be considered literate and thus qualified to vote if he has completed the sixth grade—unless the state can prove otherwise.

Purpose Political—

The Republican-sponsored civil rights measure is an effort to "get in the act" prior to the introduction of civil rights legislation by the Democratic Administration. The constant clamor of both national parties for civil rights bills is an obvious effort to line up the Negro bloc vote, particularly in the large metropolitan areas. Unfortunately the growth of this vote makes it increasingly difficult for the views of those who live in areas affected by these measures to be impartially considered.

Alabama Attorney General Reports To The People

(This is the first installment of a weekly column to appear in the News from Attorney General of Alabama, Richmond Flowers. This report is in keeping with our policy of "the peoples' right to know", and we are happy to publish it in the name of better understanding, and a better informed public.)
—THE EDITOR.

The Attorney General's office is approaching the danger point rgearding personnel to defend the state in federal actions. It has already become apparent that routine work which this office does for the state departments has to be put aside or neglected in order to maintain a solid line of defense against federal suits.

Last week I attempted to present this problem to the Legislative Interim Committee on Finance. I requested a few additional lawyers and funds to hire local attorneys to aid in the fighting of these suits on the local level. With the realization of the shortage in the general fund, I limited my request to an increase of $25,000.

I further stated to the committee that my request was not based on what we would like to have, but what was absolutely necessary for us to present our best defense against the federals. This finance committee has a tremendous problem, and I feel they will make every effort to strengthen this department for the ensuing legal battles; and if it beomes impossible for the committee to aid us because of the more than $2 million deficit left by the previous administration, my office will still do the best job possible with the facilities at hand. The line is being drawn thin!

Already I have received letters from many localities asking me to investigate some of the unsavory conditions existing in these counties. The fort has already been established that the paint-striping probe must be continued. I will order an investigation of the school book controversy just as soon as personnel can be taken from other important work.

I have announced to Governor Wallace's Legislative Committee that my assistant and I are using our own personal cars and that this office is complying with the Governor's economy drive. Transportation has been reduced 30 per cent, and any use of state cars by the personnel of my office for any reason other than state business, has already been prohibited.

A Little Bit O' Tuck . . .

BY BOB TUCKER

THE average newspaperman in a country weekly works an average of from 65 to 75 hours per week at anywhere from 75c to $1.50 an hour and usually has very little, in a material sense, to show for it. It isn't hard to figure what we think of those fellows up in New York (or anywhere else) who are causing so much trouble and confusion in the newspaper field for a 30 or 35 hour week at a salary of some $125.00 to $150.00. We don't know whether to laugh or cry!

—O'—

ON the way back to work Monday night, we met Cat at the front door. We call her Cat, because that's what she is, a cat! We figured it was about time what with Spring coming on and we got something off our chest, all, so we let her have it with both nostrils. We stooped down and she stood up on her hind legs (she thought we had some goodies) and we let it fly: "Listen Cat," we said, "you're gonna have to tell that white Tom; the one that howls like a banshee, to stay off this dang front porch every night or we're going to blow his tail off!" She was still standing up on her hind legs, taking it all in; and we got to thinking how glad we were it was dark, because we probably looked like a fool standing there talking to Cat. That jasper she runs around with is as big as two cats and has a growl like a tiger. As a matter of fact, now that we mention it, he looks sort of like one!

We almost had him the other night. He was raisin' ned out on the front porch, and we could not concentrate on what we were reading (I think it was our Sunday School lesson). We went sneaking to the front door, eased it open, and there he was growlin' like a wild animal. He still hadn't seen us, so we figured "by golly here's our chance to kick the slop out of that old cat!" Our plan of attack was simple: we were going to open the door, turn on the porch light, kick the screen door open, yell like that cat, and kick him — all simultaneously! He still hadn't seen us (I think he was looking at Cat. He sorta goes for her).

Well, we opened the door, and (this had to be fast you know) turned on the light and lunged for the screen door — it was all for nothing — in our haste to give this varmint the boot, we had turned on the inside light instead of the outside light and he saw us before we could see where to kick him. By the time we got the light switch repaired he was gone. Something like that leaves one sort of swelled up inside so, rather than feel like an idiot, we went out into the yard and threw a big stick at an imaginary cat somewhere off in the dark. Then we didn't feel so foolish, we just looked foolish; but that was 11 o'clock at night, and there ain't many people out looking at fools that time of night. That's one on me, which is just going to make it twice as bad on him, when we get the right light switch on. I don't think Cat was listening to us anyhow — he'll be back — but we didn't feed her neither!

—O'—

OUR greatest admiration for the two young men who won in the County Public Speaking Contest, sponsored by the Future Farmers of America. They are Richard Harrison of Maplesville, who won first place; and Raymond Hilyer of Jemison who was the runnerup. These young men are learning early in life what some of us take years to learn and some of us never learn — the ability to speak their mind in front of others. America was built by men who were willing to stand up; in the face of adversity, and say what they felt was right. Congratulations fellows, the Spirit of America is on our side!

—O'—

MR. Charlie Cox says he's been in more scraps than any man in Chilton County; and that he's got the scars to prove it! We don't need proof! Any man that has done as much for Chilton County as has Mr. Charlie is bound to have some scars. Mr. Charlie has been around for a number of winters, and he always has the interest of the people close to his heart. He's a good man, and even if we don't know where he got all his 'scars', we are still aware of them, and we respect him for what he is now, as well as what he has been in years gone by!

—O'—

IN the past few years we have probably written a million or so words on 'why we are a Democrat' and a lady called us one day this week, and asked us what we were (politically speaking of course). It's enough to make a fellow throw down his typewriter and quit! We aught to know when we're well off however; usually when they call us, they're so busy 'telling' us what (they think) we are, that they never get around to asking us! Thank you ma'm for asking.

—O'—

"THIS is Your Chamber of Commerce"—that's the theme of the Membership Drive now underway in the Chilton County Chamber of Commerce. That goal of 225 units of membership may seem like a long way off, but two or tree organizational meetings have already been held, and the men are going great guns. Have you joined Your Chilton County Chamber of Commerce yet? There's still time, and if someone hasn't contacted you by now, they will. If you can't wait, you can contact the Chamber: just call J. H. "Skeeter" Stokes or Raymond Hamilton or Johnny Vines, or even the writer of this here column, and let us know your pleasure! They say "If you can't lick 'em — jine 'em", and we'll tell you right now, from what we have seen of these fellows who are working on this project — they ain't fit to be licked! They are working hard for your Chamber of Commerce!

—O'—

AROUND the clan council table (the supper table) we were discussing the other evening, as the winds whistled and howled outside, what to do if a tornado came across our path. All ages were joining in the discussion, and naturally, dear old Dad was expounding on the "what to do and what not to do" variations. After getting everyone reasonably confused, and seeing that we were getting little or no place, we turned to young son Mark and said: "Mark; if you hear a tornado coming you don't do anything except what I tell you to do! Do just what I do, fast; without asking any questions." He let that sink in pretty good we thought, but he doesn't have the confidence in us that we thought he had. Somewhat concerned with his own little hide, he said, "Yes suh, but how fast will you be running?"

Silence Is Golden, But Speech Is Platinum—

"Most of us have grown into adulthood believing that to be successful we should be thoughtful, and have a good standard of conduct and ideals. With regard to the thoughtfulness and good habits, nothing has changed. But in today's changing world, we must re-evaluate both our thinking and our actions; we can no longer be silent.

Recently, I attended a meeting of business and professional men. We were all trying to work together to solve a common problem. This meeting brought home to me, more than any other one meeting in my life, the tremendous asset a good public speaking ability is. As I listened and worked with the group, I was continually reminded that the leaders of the group were not the best qualified men, but still they were the ones that were getting the business accomplished.

"After the meeting I talked with one of the men who had not said anything in the meeting: he was one of the better qualified men in the group. As we talked he said to me, "You know, if you don't teach my boy anything else, I hope you teach him to be able to stand on his feet in any group and say what he believes."

This was a personal challenge that made me think and review my lesson plans, program of work and time schedule. Needless to say, I've added to my schedule more training for all in public speaking!

"I don't mean to imply that all we have to do to be successful is to become skillful speakers, but the training that goes into developing the ability to speak in public is without question, very valuable to any successful person.

"I would like to give an example of how that little bit of extra effort has worked with my students. One of my Junior boys at the beginning of the year, would not venture questions in class and would only answer with a "Yes" or "No" if possible. As a part of their work to qualify for the Chapter Farmer degree, the boys in his class had to lead a class discussion for 15 minutes.

On his day, this boy was absent, so I drove out to see him. He was feeding his sheep when I arrived. We talked about his sheep and his farm, and then ,without being prompted, he said, "Mr. Siminoe, I didn't come to school today be cause I can't lead a discussion for 15 minutes on anything."

It wasn't an easy situation, but he got through his discussion and is now average or better, in speaking ability.

"Logical, systematic thinking and organization of thoughts and the ability to express them clearly are abilities that come easier for some than for others; but we can help all of our students with just a little more "push"!"
—B. J. SIMINOE

Plans Made For Annual Fat Stock Show

The Clanton Civitan Club is again sponsoring the Chilton County FFA-4H Fat Stock Show this year.

Mr. Bobby Futral, 4H leader and Mr. J. Reed Thompson, representing the Agriculture teachers met with the Civitan Club Thursday night, January 24th to make plans for selling advertisements in the Stock Show Bulletin to raise the prize money.

Mr. Futral gave a report on last year's show and pointed out the improvements that have been made in the Fat Stock Show since the Civitans started their sponsorship of the event.

Mr. J. R. Thompson pointed out the prize money was distributed throughout the County. He stated that there are FFA and 4H boys and girls in the most remote corners of the County, who have calf projects.

Members of the Civitan Club will be calling on merchants during the month of February for advertisements in the Bulletin.

Our FFA and 4H members who are interested in cattle are the livestock men and women of tomorrow," said Mr. Thompson.

Your Telephone Manager

ALEXANDER GRAHAM BELL was a teacher of deaf children . . . deeply moved and concerned as he listened to the strange, awkward noises they made as they tried to speak. From this teaching experience came his interest in the mechanics of speech, and ultimately his invention of the telephone. Today, we communicate quickly and easily with all parts of the world because of the vision of this man of compassion and courage.

YOUR TELEPHONE IS PROBABLY THE BEST PERSONAL ASSISTANT — SECRETARY — SERVANT — ERRAND RUNNER you ever had! Millions of people think so. And it all begins in a Western Electric Factory where plastic handsets are patterned from a die mold like this one. Over 11,000,000 of them will be produced this year!

ENGLISHMEN IMPRESSED BY TELSTAR! That's the result of a survey conducted by a British organization similar to our Gallup Poll. According to a recent study, the public of Great Britain was more impressed by Telstar than by the launching of Russia's first Sputnik. Of the people polled, 55% rated Telstar as a "very great" achievement and the British "opinion of scientific development in the U. S." has risen as a result of Telstar.

WEATHER REPORT

LETTERS to EDITOR

Red Cross Was There; When Hurricane Slashed Chilton

If you are not old enough to remember, ask Dad, or Grandpa. Several years ago a hurricane hit Chilton County with terrible destruction and death following in its wake. Some of the worst hit communities were around Thorsby and Collins Chapel in north-central Chilton.

And the Local Red Cross, with the help of the National Chapter did more than its share in helping the stunned and homeless people.

This year—1963—the month of March is the time for us to prepare for these emergencies and to make it possible for loved ones to get home from military obligations in time of emergency. And most important, to make available life-giving blood for our local hospital.

The Chilton County Red Cross blood program saved the local patients in our hospital more than $7,925 last year, and blood was available when needed.

A large number of Chilton County Citizens will meet at the Nursing Home at 9 A.M. Thursday, February 28, 1963, to plan for the 1963 Drive to be conducted during the month of March.

If you are one of the Citizens called upon to contribute your time to this program, consider it an honor to serve your fellow man. When this volunteer worker calls on you for your support do your best and remember, they too, are giving their time.

Business houses and stores are being contacted to contribute 100 percent this year—they have not done so in the past. The school children are being asked to contribute through their schools and all churches are being asked to help out. The Girl Scouts and Boy Scouts are being asked to contribute "One Penny" for every year of their age, through their own Troop or Den. The local Clubs are being asked to contribute as groups. Merchants are being asked to report the number of employees at the time of consolidated contributions.

The local hospital administrator is asking one-half of one day's pay from all of the employees at the hospital and nursing home. Mr. Elmore says this was done last year also.

$4,489 Is Goal—

For the past three years, Chilton County has failed to meet its Red Cross needs by more than $400.00. This year, with the needs even greater, the goal is $4,489.00 and YOUR PART will help meet that goal!

Canned Condensed Soup and Ground Beef Help You With Dinner

Suppertime again! The kitchen is buzzing with activity and tantalizing aromas. Just the thought alone of good food is so inviting.

Meals need not involve long hours of preparation to be enjoyed. Simple, easy-to-prepare dishes that use wonderful convenience foods are high on the list of favorites.

For dinner tonight our tempting 30 minute skillet dish features ground beef . . . in the form of meatballs. The sauce is voted one of the most popular . . . and favorite . . . convenience items on the grocer's shelf . . . canned condensed soup. What would we do without this double-rich and double-thick soup, the ideal cooking ingredient for all creamed, skillet and casserole dishes. Today's recipe uses condensed Cheddar cheese soup as the sauce for our Meatball Skillet Dinner. This is combined with canned tomatoes and cooked noodles to make it complete.

In the 30 minutes the main dish is cooking, make a salad . . . greens dressed with oil and vinegar. For dessert simply open a can of chilled fruit.

What could be easier . . . what could taste better!

Meatball Skillet Dinner

1 pound ground beef
½ teaspoon salt
¼ teaspoon Italian seasoning
Dash pepper
1 can (11 ounces) condensed Cheddar cheese soup
½ cup milk
½ cup canned tomatoes, cut-up
⅛ teaspoon Italian seasoning
2 cups cooked wide noodles

Combine beef, salt, ¼ teaspoon Italian seasoning, and pepper. Shape into 1-inch meatballs; brown in skillet. Pour off drippings. Add soup; gradually blend in milk, tomatoes, and ⅛ teaspoon Italian seasoning. Cover; cook over low heat for 15 minutes, stirring now and then. Add noodles. Heat, stirring. Makes 4 servings.

CLANTON STUDY CLUB TO COMPETE FOR "WILSON AWARD"

The Study Club of Clanton held its February meeting in the home of Mrs. A. M. Thornton on Friday afternoon, February 1.

Presiding was the president, Mrs. Robert Powers, who opened by having the Club members to read the Club Collect. Mrs. L. H. Bodden, Club secretary, read the minutes of the last meeting. They were approved, after which Mrs. Ed Propst, treasurer, gave her report.

Chairman of the Club's standing Committees gave their reports, after which Mrs. Morgan Reynolds, chairman of the special Library Committee, reported that the local Club will compete with other district clubs for the Lucile Wilson Award, this year. She said that we would also send in reports to the chairman of the Alabama Federation of Womens Clubs Community Service Committee, which would put the local group in competition for the award given by Sears Roebuck for Alabama's best Community Service Project.

The president appointed Mrs. Joe Mullins, Mrs. Joe Moore, and Mrs. F. N. Scott to serve on the Nominating Committee.

Mrs. Charles Patterson introduced Mrs. Fred Blackmon, who spoke to the group on the topic, "Live and Learn Through Travel". Mrs. Blackmon spent a part of last summer in Europe and she made a very interesting talk on the subject.

Mrs. Renfroe Mullins, Miss Janet May, and Miss Nelda Mullins assisted the hostess in serving refreshments to those present.

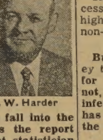
WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Every so often the press agents on the payroll of the Department of Agriculture rush out reams of material seeking to establish that the American housewife is actually paying less for food than some period a few years ago; the period depending on the whim of the writer.

* * *



C. W. Harder

Few, if any, housewives, however, believe these reports, especially if they are read immediately following a return from food shopping. The allegations seem to fall into the same category as the report of the government statistician who drowned while wading across a stream with an average depth of three feet.

* * *

Actually, the costs have to be higher, because included in the price of every container or package of canned or frozen food, there must be figured in the cost of the unworked hours devoted to putting these products on the market.

* * *

Under existing law, except in the states of Alaska, Alabama, and New Jersey, the employer pays the entire cost of unemployment insurance. The Federal government only pays the states a fee for administering the system.

* * *

The tax the employers pay is based on their employment experience. The greater the number of former employees drawing unemployment benefits, the higher the tax rate they pay on their payrolls.

* * *

This becomes quite a problem for employees in the canning, freezing or packing industries where the work is seasonal in nature. Hundreds of thousands of students, housewives, and other part time workers are employed during the growing seasons. As soon as the season ends, they draw unemployment insurance for many weeks afterwards.

* * *

Thus, by and large, food processeng industries pay a much higher rate than employers in non-seasonal operations.

* * *

But of course, the extra money to pay this higher tax rate for work not performed does not, as some politicians would infer, come out of thin air. It has to be added to the cost of the goods.

* * *

Thus, this one item alone is quite responsible for keeping food prices at a higher level than necessary.

* * *

In a recent poll conducted by the National Federation of Independent Business, 87% of the nation's independent business and professional people voted in favor of requiring the worker to pay for a portion of the unemployment insurance tax.

* * *

After all, if it is proper to force the employer to lay aside money for the employee's rainy days, it is quite fair that the employee should be forced to lay aside some while working, for his future benefit.

* * *

As it is now, every time a family sits down to dinner, an unseen ingredient on the table is comprised of taxes paid to send checks to thousands of people who only wanted to work in the summertime to make extra money. There is little wonder food costs are high.

Entertain The Easy Way

Entertaining at brunch is easy—it can be informal and calls for rather simple dishes. Some wintry weekend, try this brunch menu: Broiled Grapefruit, Creamed Chipped Beef with Sliced Hard-Cooked Eggs, Cranberry Bran Muffins, and plenty of good Hot Coffee. An ideal way to serve the coffee is in one of the new Instant Maxwell House coffee makers, now available in grocery stores. This carafe of heat-proof glass is excellent for making instant coffee by the "potful". . . the best way to bring out the fine coffee flavor . . . and so convenient for second servings.

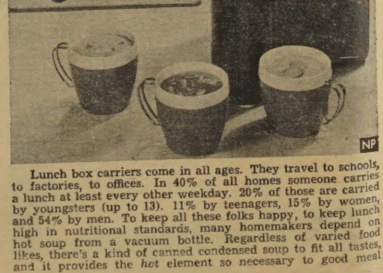
Cranberry Bran Muffins

¾ cup sifted flour
2½ teaspoons double-acting baking powder
¼ teaspoon salt
¼ cup sugar
1 egg, well beaten
¾ cup milk*
3 tablespoons shortening, melted
1½ cups 40% bran flakes
½ cup chopped uncooked cranberries

*Sour milk may be substituted for sweet milk; add ½ teaspoon soda and decrease baking powder to 2 teaspoons.

Measure sifted flour, add baking powder, salt, and sugar, and sift together. Combine egg and milk. Add to flour mixture, add shortening, and then mix only enough to dampen flour. Fold in cereal and cranberries. Spoon into greased muffin pans, filling each two-thirds full. Bake in hot oven (425° F.) 15 to 20 minutes. **Makes 8 medium-sized muffins.**

Hot Soup For Box Lunches



Lunch box carriers come in all ages. They travel to schools, to factories, to offices. In 40% of all homes someone carries a lunch at least every other weekday. 20% of those are carried by youngsters (up to 13). 11% by teenagers, 15% by women, and 54% by men. To keep all these folks happy, to keep lunch high in nutritional standards, many homemakers depend on hot soup from a vacuum bottle. Regardless of varied food likes, there's a kind of canned condensed soup to fit all tastes, and it provides the *hot* element so necessary to good meal planning.

Vegetable beef, beef noodle or beef soup make meals richer in protein. If lunch is low in vegetables, one of the vegetable-rich soups may be added. Soups prepared with milk improve in nutritional value, help increase milk intake for children or adults. Soup and sandwiches have been hailed as America's favorite lunch. This team makes a well balanced meal, and an easy one to tote for lunch. The soup and sandwich meal stands complete with a dessert of cookies, cake or fruit.

BEAN POT SOUP

Lightly brown 1 frankfurter, thinly sliced in 1 tablespoon butter or margarine. Add 1 can (11¼ ounces) condensed bean with bacon soup and 1 soup can water. Heat, stirring now and then. Pour into wide mouth vacuum bottle which has been rinsed in hot water. Makes 2 to 3 servings.

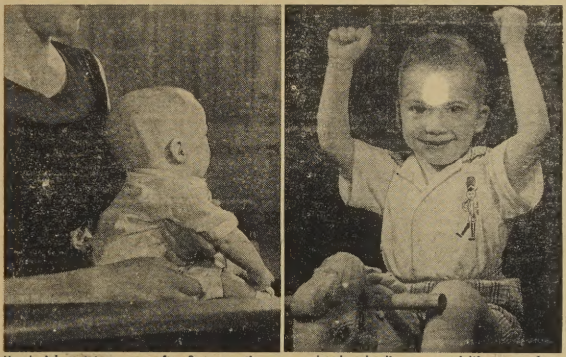
Assembly Program—

All departments of the Baptist Sunday School met together in open assembly Sunday morning. The Young People, with Mrs. Sam Woodley as leader, presented the program. Gerald Atchinson read the scripture and Lonnie Cobb led in prayer. The topic was "What Do We Owe The Church?" Paul Culp told how each one can help the church by regular attendance. Miss Della Cost, by loyalty, Kenneth Davenport, by service, Miss Lynda Clements by financial support.

Robert Lowery and Miss Pat Shaw sang, Jesus is Real and Precious to Me. Miss Rosa Cofer led the closing prayer.

This department has a well planned visitation program.

March of Dimes Helps Save Boy



Here's Johnny at age one after first operation . . . and today, leading a normal life at age four.

At his fourth birthday party, Johnny Wilson's big blue eyes sparkled as his mother carried in the most magnificent cake he had ever seen.

It was shaped like a huge boat plowing its way through mountainous waves of whipped cream and icing. Johnny's winsome smile beamed at friends and he gave out kisses all around.

It was a happy affair. Yet at one time, Johnny's parents had little hope he would live to celebrate even his first birthday. For he was born with the often fatal birth defect of water on the brain, or hydrocephalus.

Surgical treatment saved Johnny's life when he was three months old. At that time, doctors performed what is known as a shunt operation. They inserted in Johnny's head a plastic tube which allowed excess fluid from the brain to be harmlessly absorbed by the youngster's body.

Without the operation, fluid within the brain is prevented from taking its normal course, and causes the head to swell enormously. This is what had happened to Johnny. (If shunt surgery is not performed in time, mental retardation and blindness may ensue, even death, in certain cases.)

Since 1958, doctors have performed two other shunt operations and have treated Johnny for gastroenteritis and septicemia.

Today, Johnny leads a relatively healthy, happy and carefree life. Like any other little boy who lives on a farm, he loves to hug lambs, chase cows and tease chicks on the family's 100 acres near Columbus, Ohio.

He is a good example of thousands of afflicted children being helped to live nearly normal lives through a unique medical care program financed by The National Foundation-March of Dimes.

Babies with birth defects are born every other minute in the United States, 250,000 of them each year, almost 700 each day.

Johnny goes regularly to a special Birth Defects Clinical Study Center at Children's Hospital, Columbus, supported by March of Dimes funds.

It is one of more than 30 similar centers across the nation set up for the study and treatment of birth defects.

At the center, trained specialists work together to help children with many kinds of birth defects. They include a neurosurgeon, orthopedic surgeon, internist, psychiatrist, physical therapist and medical social worker. They have put their skilled hands and minds to work on Johnny's behalf.

Every four months, Johnny's mother drives him to the center for his check-up. A doctor always measures his head to make sure there is no change in size. Since 1959, his head size has remained relatively constant.

Johnny is growing up to be an impish, energetic and friendly little boy who likes to do everything and go everywhere. Especially, he likes to wheedle rides on a pony at the next farm. He'll settle, though, for a tour on the tractor with his mother or father, Julia and John Wilson.

Like Johnny, other afflicted children who receive proper treatment may live to enjoy shooting cap pistols, watching television, singing songs or playing a toy banjo—with the best of four-year-olds.

STANTON NEWS

By Miss Ruth Hicks

Fire destroyed hte home of Mr. and Mrs. E. H. Hayes and family in Stanton last week. The Maplesville firetruck came but the men were unable to extinguish the flames. Very little of their possessions were saved. It is my understanding that Mr. Hayes has been confined to a Veteran Hospital for quite some time and is seriously ill.

The body of Maxey Ford, who is believed to have drowned in Mulberry Creek last week, has not been recovered. This Negro lived at Plantersville and worked at Freemont, Ala. with Dallas Sand & Gravel Co.

C. C. Gay, Jr. of Clanton, spent Saturday with his father and mother and went hunting.

Mr. and Mrs. Grady Harrison and family of Route 1, Lawley, moved into our midst last week. This family moved into the house vacated by D. O. Burnett, Jr. and family.

Mrs. Minnie Harrison has been on our sick list. Her daughter Eunice, has driven down from Tuscaloosa, to be with her mother while she is ill.

,Mr. and Mrs. Willie Rush have moved to Plantersville after many years of residence on the Reynolds property.

Mrs. Lizzie Burnett (Mrs. J.L.) underwent an operation in the Selma Baptist Hospital last week and is doing nicely now.

Miss Edith Faye Royster of Birmingham spent the week-end with her parents, Mr. ond Mrs. Dan W. Royster.

Welcome to our party line! The J. B. (Buck) Burnetts have just received their telephone.

Jemison Has Winners In County Speaking; Quartet Competition

Reporter, Roger Littleton
Advisor, R. M. McGee

The Jemison Vocational Agriculture Department and the Future Farmers of America held its annual chapter public speaking contest recently, at the same time the Vocational Advisory Council held it's regular meeting. Mr. Cecil Williams, president; Mr. Joe Frank Cobb, vice president, and Mr. L. C. Shields, served as judges.

The chapter had eight boys in the final competition although all of the vocational students entered, but were eliminated prior to the school contest. The following boys competed for the chapter title:

Donny Pierce, Ag IV; Raymond Hilyer, Ag III; James Morris, Ag II; John Cost, Ag II; Donald Davenport, Ag I; Harold Bolton, Ag IV; Jerry Martin, Ag II; and Ronnie Woods, Ag II.

Raymond Hilyer was selected as the Chapter Winner.

Harold Bolton was selected second place winner. Raymond Hilyer went on to the County elimination and placed second for the five schools in the County. Maplesville placed first. The contest was held at Chilton County High School on Wednesday, January 23 during an assembly program.

The Jemison FFA Quartet placed first in the County competition. The Quartet is composed of Jerry Haynes, Larry Gore, Vivky Matthews, Charles Mundy and Fay Foshee playing the piano.

The winners will go on to the area and, if winners, to the district and statewide competition.

Quartet Visits Clanton Civitan Club—

Mr. McGee, advisor, carried the Jemison FFA Quartet to visit the Clanton Civitan Club on Thursday night, by an invitation of the president, Mr. J. Reed Thompson. A very fine meal was enjoyed and the Quartet sung a few numbers for the club.

Mr. Carlos Owens, chapter advisor of Maplesville, was also a guest and he had with him the winning speaker who gave his county winning speech to the Club.

Mr. McGee stated that the Jemison FFA Chapter has a new Sears Roebuck Angus Bull (pictured recently in the News) and he is being fed-out on the school grounds. He is making very good gains regardless of the bad weather since receiving him. He will be fed until next October and will be shown in the Sears Bull Show in Montgomery during the South Alabama Fair. We invite each and every farmer interested in better breeding to visit us and look the bull over. "We will use him for grading up the beef cattle in this area after the show next fall," said Mr. McGee.

Jimmy Jones "A True American"; John Champion "The Man And The Boy"; Wanda Cox "Opportunity"; Judy Dobbs and Susan Speaks "The Land of Beginning Again"; Chris Weed "Lord, Make A Regular Man Out Of Me".

Club members doing rhythm steps to "Yankee Doodle" were: Jerry Patterson and Carolyn Blackman; Philip Jones and Donna Williams; Chris Weed and Becky Scott; Lindsey Smith and Sandra Porter; David Holcombe and Wanda Cox; Larry Lockhart and Brenda Easterling.

The group enjoyed piano selections by Susan Speaks and Donna Moore.

M. G. Fields Reports—

Chilton-Unity Sponsors Clinic On Evangelism

On Sunday, January 27, at the monthly Executive Committee meeting, a resolution from the Missions Committee of the Chilton-Unity Association to sponsor an Evangelism Clinic was adopted.

The Brotherhood Department, Fred Bowles, president, and his co-workers, unanimously agreed to co-sponsor this Clinic on the regular Brotherhood Quarterly Meeting night, February 11, 7:30 P.M. at the Samaria Baptist Church which is located one mile south of Clanton, turn west three blocks off the Enterprise Road, or a half mile east off the Kincheon Road. Rev. Don Graham is pastor.

The theme: "A Deepened Evangelistic Consciousness Through Church Members", will be considered at the conferences, the pastors, deacons, superintendents, directors, presidents of the brotherhood and woman's missionary unions, under the leadership of M. G. Fields, W. L. Hicks, M. Z. Atchison, Fred Bowles, and Mrs. J. W. Johnson.

The 35 minute long conferences will be followed by an inspirational message on "Soul Winning", by Rev. C. P. Davis, pastor of the Macedonia Baptist Church. He is a great gospel preacher and soul winner, and will thrill the hearts of his listeners.

Special music will be rendered by the West End Choir. Rev. Cecil O. Sewell, Sr., pastor of the West End Church, and chairman of Evangelism, will be in charge. He will lead the pastors in their conference.

Brother Sewell is a fervent preacher of the word and soul winner. Since he came to the West End Church as pastor ten months ago, 86 people have been added to the membership of this church, 22 by Baptism. The Sunday School and Training Union enrollment has increased tremendously.

You are asked to announce this Evangelism Clinic at the services of your church this week-end, and to seek to enlist all the men and women of the church to attend and help pack the pews at the Samaria Church Monday night.

Don Graham, pastor

We want you to make your plans now to attend the Youth Rally at the First Church in Thorsby. It is Saturday nite. The 56-member BSU Choir of the Howard College will present a musical feast for you. They sing under the direction of Mr. Douglas Olive.

The Young People will have their Sweetheart Banquet on the 16. We have made many plans and will have a wonderful time. Arthur Duke, pastor of the Pate's Chapel Baptist Church will be master of ceremonies. Our main speaker will be John Will Wyatt. There will also be a king and queen crowned.

The Young Married People are going to have a banquet at one of the local restaurants on the 23rd of this month at 7:30. More plans will be announced later.

We are back on our regular schedule. We still have Prayer Meeting on Wednesday night at 6:00 to be followed by Choir Practice. On Thursday night visitation will be at 6:30. This is one way you can put all your knowledge of soul winning to work.

We invite you to all of our services. If you don't have a church home, we invite you to consider us.

Rev. Ed Beck—

Former All-Star Basketball Champion To Preach First Methodist Revival

THE First Methodist Church of Clanton extends an invitation to all residents of Clanton and surrounding communities to attend the Revival Services which will be held on February 17th through 24th.

Morning services during the week will be at 7 A.M. and all evening services will begin at 7 P.M.

REV. ED BECK

The visiting preacher for the Revival will be Reverend Ed Beck, Staff Evangelist with the General Board of Evangelism of the Methodist Church. Although only 27 years of age, this young minister has had an outstanding career in both sports and the ministry. While in High School he led his basketball team to two state championships and for three years was voted an All-State player.

The six-foot, seven inch pivot man was sought by approximately 50 colleges and universities and finally, he cast his lot with Adolph Rupp famous coach at the University of Kentucky.

Ed was elected captain of the freshman team and in two subsequent years captained the varsity squad. In his junior year (1956-1957) he won the Candler Trophy awarded for "highest qualities of scholarship, leadership, character and ability."

In 1956-57 he was selected the outstanding player in the Sugar Bowl Tourney at New Orleans, and in 1958, he captained his team to win the NCAA title, the most coveted victory a major university can win.

Ed's leadership abilities extended beyond the basketball court. In 1956 he became a member of the Student Government Association at the University. In 1957 he was elected president of the Senior Class in the College of Arts and Sciences. While in seminary he was chosen for membership in the International Society of Theta Phi "in consideration of scholarship and distinction". He was also given the honor of being chosen "the outstanding preacher in the senior class" at Candler School of Theology, Emory University.

Experience Extends Overseas—

Ed's experience also includes evangelistic activities abroad. Upon graduation from the University of Kentucky in 1958 he toured seven countries of the Orient as a member of a Christian basketball team called "Venture for Victory". In a dramatic and unorthodox approach to evangelism, the team played 83 games in seven weeks, preaching at and after the games to the crowds that came to see them play. They preached to over 340,000 people and saw 10,000 commitments to Christ. Then later — from April to June, 1961 — he was a member of the mission team that participated in the Tokyo Christian Crusade.

A Week Of Forceful Preaching Awaits You—

A week of forceful preaching awaits everyone who attends the Revival Services at the First Methodist Church of Clanton. Rev. Ed Beck will be joined in the services by Song Leader David Jones, Pastor of the Trinity Methodist Church of Prichard, Alabama.

Don't forget those dates: February 17 through 24th.

At Evansville, Ind.—

Former Maplesville Student Plays In "Big Broadcast"

Former Maplesville student, Miss Diana Jo Royster, was recently chosen to play piano in the "Big Broadcast" at Central High School in Evansville, Ind.

She was a student at Maplesville for eight years. She moved to Evansville to attend Central High School. She is an 'A' student and plans to major in mathematics and minor in Spanish.

Miss Royster is the daughter of Mr. and Mrs. V. S. Royster of Evansville.

Reduction In Premium Rates Says Local Agent

The second major reduction, in less than a decade, in life insurance premium rates by New York Life Insurance Company was announced last month by B. G. Godwin, local agent of the company.

Godwin said "it is gratifying to offer to the public an entirely new set of life insurance and annuity plans with generally lower premiums and liberalizations reflecting the improved investment earnings of the company, gains in life expectancy of the American people and reduced operating costs."

He said that premium reductions will average about 5 per cent on most new life and endowment plans.

Korean Veterans Have Until 1965 To "Get Educated"

Veterans taking education or training courses under the Korean GI Bill are reminded by the Veterans Administration that they may have to "cram" or double up classes to reach their goal as the deadline for such courses is now only two years away.

Congress has set January 31, 1965, as the cut-off date for the Korean readjustment program of education and training for veterans without service-connected disabilities.

To be eligible for such readjustment education or training the veteran must have had active service at any time between June 27, 1950, and January 31, 1955. He also must have served at least 90 days unless discharged sooner for a disability incurred in active service.

Almost as quick as you can say it, you're back in your lane again

One of the special joys of driving a Chevrolet springs from the vitality of the car itself. Even when you're soft-pedaling it, in no special hurry to get anywhere in particular, the feeling is unmistakably there. Comes a hill, a slow moving truck you want to pass or a real chips-down emergency—you've got surefired reserve power that gives you an extra margin of safety. A choice of engines with up to 425 horsepower sees to that. Short-stroke advanced-design engines that respond with smooth free-breathing efficiency unknown in the auto industry a few brief years ago. And coupled with that power is the kind of precise even-keel handling that puts you in complete control every self-assured instant you're at the wheel. Where do you get your hands on that wheel? Miss Litz Honored At Tea—

Miss Norma Litz, bride-elect, was honor guest at a tea on January 30, at the home of Mrs. S. T. Bentley.

Co-hostesses were Mrs. L. W. McReynolds, Mrs. Cecil Cleckler, Mrs Herschel Smith, Mrs. Charles Cleckler, Mrs. Bill Davenport, and Mrs. Frank Ross.

Receiving the many guests were Mrs. Bentley, the honoree, Mrs. Keith Litz, and Mrs. Leroy Martin.

Bouquets of red and white snapdragons decorated the living room. Guests were served by Mrs. Charles Cleckler, assisted by Mrs. Smith, Mrs. McReynolds and Mrs. Ross, in the dining room where tall ivory tapers glowed in silver candelabra enhancing the beauty of the tea table, which held the coffee service and a feature arrangement of red carnations in a silver footed container.

Gifts were displayed by Mrs. Cecil Cleckler and Mrs. Bill Davenport.

Guests were registered by Miss Rebecca Bentley at a table overlaid with a handwoven lace cloth and featuring an arrangement of candles and snapdragons.

Mrs. Ella Robinson, Hank and Craig were in Magnolia Springs, Alabama visiting with Mrs. Nat Bentley over the weekend.

Thorsby Methodist News—

The first Sunday of each month we have a lay speaker at our regular morning worship service. As our Lay Leader, Mr. Hudson Williams, has done an outstanding job in bringing fine Christian men and women to our pulpit on these special days. This past Sunday we were privileged to hear Mrs. W. F. Haywood, of Clanton, whose work with retarded children served as a rich source of information for her interesting message.

The WSCS meets this Thursday afternoon at 2:30 at the church. All members are urged to be present.

Friday night at 6:30 is the time for the church supper. Plan to join us for this regular monthly get-to-gether, where good food and good fellowship abound.

Worship services next Sunday at 11:00 A.M. A warm welcome awaits you at Thorsby Methodist Church. Come and worship God with us.

Pamela Kay Davis Is Nine Years Old—

Little Miss Pamela Davis of Birmingham, formerly of Thorsby, celebrated her 9th birthday of her aunt, Mrs. Estelle Hayes, anniversary Sunday at the home in Thorsby. Pam had many little friends and classmates to join her on this occasion. She met them at the door and led them into the living room where they played games and enjoyed records. After they were through playing, the guests enjoyed seeing Pam open her gifts. They then went into the dining room where the table was covered with a white damask cloth, centered with a huge birthday cake embossed in white and the decorations were pink and white roses. The cups which held the punch were covered with valentines and the napkins had a big Valentine heart on them. The cake was presented to her by her sister and husband, Mr. and Mrs. Carroll Scrrell of Bimingham. The guests, standing around the table, sang Happy Birthday while Pam blew out the nine candles. They wished her many happy returns of the day.

Mr. and Mrs. Jud Merrill and family of Tuscumbia, Ala. spent the week-end here visiting her mother, Mr. and Mrs. Marvin Wright.

Mr. and Mrs. David Vines enjoyed a day with the children, Sunday, January 27th, as this was their "Christmas" for the family at their home. All the families were present. Dr. and Mrs. Jack Vines and children, Mr. and Mrs. James Gentry and children of Birmingham, Jimmie Vines, and Mr. and Mrs. John Gore and baby.

The BSU Choir, Howard College, will sing at the Chilton County Youth Rally Saturday night at Thorsby Baptist Church.

Mr. Tom Maddox was carried to the Veterans Hospital in Montgomery. He will appreciate a card from you, as he will be in the hospital from 6 to 8 weeks.

Mrs. Effie Robinson remains very ill in a hospital in Miami, Florida.

Mr. and Mrs. U. H. Hallman of Centreville, Ala. visited the E. R. Yeargan's Sunday.

Mr. and Mrs. David Stroud and baby of East Chester New York moved here last week. They have been with her parents Mr. and Mrs. Ervin Pate, but plan to move to Montgomery, where he has secured a job.

NEWS OF—
REFUGE

Our services were cut short some last Sunday because of sickness, but there was a fine spirit, and the services both morning and night were good.

Our church will participate in the Simultaneous Spring Revival and we will be looking forward to a great time together. Plans are in the making.

Mrs. M. Lloyd Mims is in the Baptist Hospital in Selma in fair condition after undergoing surgery Tuesday of this week.

Little Belinda Ann Minor, the daughter of Mr. and Mrs. Billy Joe Minor was rather sick for a day or so, but is doing fine now.

Mr. Wayne Maddox was rushed to the Chilton County Hospital Monday afternoon in a rather serious condition. His condition is not too much improved at this writing.

Mr. and Mrs. Baurice Brown are the proud parents of a fine baby girl. They have named her DiCynthia.

Remember, we will be looking for you and all the family at church next Sunday.

DEAR 4-H JANES

At the January meeting of the Jemison Senior 4-H Club, most of the members turned in record sheets of work they had completed on the projects so far.

Willie Mae Green stated in her report, "I chose child care because I have eight little brothers and sisters". Her record shows that she has certainly helped her mother out by caring for the smaller children. Willie Mae is the daughter of Mr. and Mrs. James Green, Route 1, Jemison. She is also carrying a project in cooking.

A total of $23.78 has been spent by Janice Wyatt while making twelve articles in her sewing project. She has made aprons, skirts, dresses, and house socks along with other items. Janice said that her mother, Mrs. Dock Wyatt, gave her some most helpful information with her project and she has used this a great deal. She also said that she has received a lot from this project and plans to continue with it. Janice is 13 and has been in the 4-H Club for three years.

During the months of December and January, Brenda McClain has prepared 15 dishes and three meals. In her record, it can be plainly seen that her cooking talents range from simple dishes to more difficult ones. She has coked meats, vegetables and desserts. Brenda is the daughter of Mr. and Mrs. James C. McClain. Her younger sister, Marcella, is a member of the Mineral Springs Club.

I know all 4-H members are doing a good bit of work on their projects and I will give you another report next week.

Teen Talk Translators Needed For Events in March of Dimes

What's a gym jam? A Salk hop? A sock shuffle?

Do you give up? Want a translation?

All three are names of dances that will be held by teenagers across the country this January in honor of the 25th Anniversary March of Dimes.

The authority for this information is a blonde, hazel-eyed beauty who is national chairman for the Teen Age Program (TAP) of The National Foundation-March of Dimes.

She's Suzie Willett, 18, Wilmington, Del., a freshman at Russell Sage College, Troy, N.Y., where she is studying nursing. She became a March of Dimes volunteer several years ago because she "wanted to help people."

An enthusiastic worker, she traveled the state of Delaware and showed high school students how they could help carry out the March of Dimes programs to fight birth defects, arthritis and polio—a trio of cripplers of concern to young people as well as to older age groups.

HAPPY
BIRTHDAY!
MARCH OF DIMES

Suzie Willett, 18, Wilmington, Del., is national chairman of the Teen Age Program (TAP) for the 25th Anniversary March of Dimes held, as always, during the month of January.

Is Top Tap

This fall and winter, as the top T[illegible] she's been corresponding and talking with teens all over the country, advising them how they can make themselves useful in March of Dimes activities in their home towns.

"Just about all the teens I've met in my travels for the March of Dimes really want to do something constructive," Suzie says. "Most of them join TAP groups because this gives them an opportunity to contribute to the life of their community.

"There have been several national surveys which show that Dr. Jonas Salk, who developed the killed-virus polio vaccine solely with March of Dimes support, is a hero to teens. It's easy to see why. Dr. Salk is a dedicated man, absorbed in his humanitarian work. Teens are very idealistic and they gladly give their respect to anyone who earns it.

"I'm going to be a nurse because I want a career that involves doing something necessary and useful. I've worked as a hospital volunteer and I know that I'll be happy helping patients who can't help themselves."

Suzie, the daughter of Dr. and Mrs. Albert V. Willett, Jr., spent last summer as a Candy Stripe volunteer in Delaware Hospital in Wilmington. Her father, a chemist, is an executive with the Du Pont Company.

"I'm aware that occasionally a tiny minority of teens get into trouble and make headlines," Suzie says, "but I'll bet that if they found work which they enjoyed, even this small fraction would stay out of trouble. I think that most of all, a teenager wants to feel respected and needed. I guess in that sense, we're no different from anyone else."

Popular Events Planned

From telephone and letter surveys among TAPs all over the country, Suzie reports that the following TAP activities are shaping up as the most popular benefits for the 1963 March of Dimes:

- **Dances head the list, ranging from informal sock hops to Silver Anniversary Balls, glittering events which call for formal gowns and gardenias.**
- **Street sales—there seems to be an endless supply of items which TAPs plan to sell. These include tiny plastic Rainbow Crutches, balloons, lollipops, peanuts, donuts and carnations, among dozens of other products.**
- **Auctions — club members auction off their services to the highest bidder for a day or an afternoon, working as secretaries, baby sitters, shoe shiners and the like.**

"I'm thrilled that TAPs are so willing to pitch in and work for the March of Dimes," Suzie says. "This just proves one thing I've felt for some time—most of today's teens are idealistic, and they are searching for ways to express their idealism."

FROZEN GREEN PEA GOURMET DINNER-IN-A-DISH

2 tablespoons butter or margarine
2 tablespoons flour
½ teaspoon salt
Dash of pepper
1 cup half and half (milk and cream)
1 package (8 oz.) sharp pasteurized process American cheese, shredded or finely chopped
1 package (10 oz.) frozen peas, cooked as directed on package
1 jar (2½ oz.) sliced dried beef, torn into bite-size pieces
1 can (3 oz.) chopped broiled mushrooms, undrained
3 hard-cooked eggs, coarsely chopped
3 tablespoons chopped pimiento
¼ cup finely chopped green pepper
2 cans (4 oz. each) chow mein noodles, heated

Melt butter; stir in flour, salt and pepper. Add half and half all at once; stir until mixture is smooth and thickened. Add cheese; stir until cheese is melted. Fold in peas, beef, mushrooms, eggs, pimiento and green pepper; heat. Serve atop heated Chinese noodles. Yield: 4 servings.

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

REMEMBER: Results are what you pay for — Results are what you get, with Classified Advertising in the News.

Beanzza Is The Newest Thing In Pizzas

The crowd coming over? As soon as they arrive, why don't you pull a bubbling hot Beanzza from the oven. They'll think you're great!

When teenagers get together, there's always a hurrah for a new kind of pizza that's fun to make and good to eat. Canned beans & ground beef in barbecue sauce makes a pizza, or beanzza, deliciously different with its spicy tomato sauce and tasty beans & beef.

This Beanzza is so easy to create, even on the shortest notice. Just open a can and pile the beans & beef onto a refrigerated pizza shell. Next comes cheese; then let everyone choose his own topping . . . anchovies, mushrooms, or olives.

Beanzza.

1 refrigerated 9-inch pizza shell
1 can (1 pound) beans & ground beef in barbecue sauce
1 cup shredded Mozzarella cheese (4 ounces)
Anchovy fillets
Sliced mushrooms
Sliced stuffed olives

Place pizza shell on cookie sheet. Spread beans & ground beef on shell. Top with cheese. Arrange in alternate sections; anchovies, mushrooms, and olives. Bake at 400°F. for 20 minutes or until cheese is browned. Makes 4 to 6 servings.

"Boost Chilton County Peaches"

Local Restaurant Owner Buys Chilton Peaches

Above is J. E. Easterling, owner of Holiday Inn Restaurant, presenting to J. H. Stokes, president Chilton County Chamber of Commerce, a check for $270.00 covering the purchase of 50 cases of spiced peaches which were processed in the Auburn laboratory for the Chilton County Peach Pilot Processing Research Program.

J. E. EASTERLING has made by far the largest purchase of the processed peaches in Chilton County. However, the products have been used in all the county school lunchrooms, Clanton restaurants, Chilton County Hospital, and the more popular cafeterias in Birmingham and Montgomery. Alabama College, Montevallo, and the Auburn University Cafeterias have also used large quantities of both the frozen sliced and spiced peaches.

Attract Processing Industry—

Information supplied by consumers of these products is to be used to attract commercial processing industries to this area. The Chilton County C of C, under the leadership of J. H. Stokes, the Chilton County Fruit and Truck Growers' Association, the Alabama Extension Service and Auburn Experiment Station personnel, and other interested groups and individuals, are continuing to develop and improve products from the many commodities that are grown commercially in Chilton County.

Sweet 'Tater Has Potential—

The sweet potato is another real potential for processing. Production of this commodity can exceed 400 bushels per acre. Processed potato products include: sweet potato puree, dehydrated flakes, ready-to-cook pies, and other sweet potato specialties.

Looking For Stable; Flexible Market—

Production of blackberries, muscadine grapes, okra ,and several other selected commodities ould easily be geared to fit into commercial processing operation.

The local groups seeking better markets, and|or processing firms, are not considering strictly a canning plant, but a firm that can package or process our products and place them in super markets and food centers for immediate consumption or at least in a condition so the houswife will have very little to do in getting them ready to serve.

Chilton County products will then become competitive with products from other areas, and at the same time become less perishable, and yet compete with even the fresh market products.

A Great Economic Boost—

An efficient processing firm in this area could mean a great economic boost. The farmer could become more specialized. He could use more mechanical equipment, devote more of his time to improving quality and yields per acre. He wouldn't have the worry and uncertainty of finding a market and of out-of-state or county competition.

Miss Rich On Dean's List At Massey

SHIRLEY Rich, daughter of Mr. and Mrs. John A. Rich, has earned a position on the Dean's List for the second fall term at Massey College in Birmingham.

She has gained this academic distinction for both of the quarters during which she has been enrolled in the Professional Secretary Course. She graduated from Chitlon County High School with the Class of 1962.

Some Lose 90 Per Cent of Total Peach Crop; Other Losses Vary

ACCORDING to County Agent, John Sellers, many peach growers are continuing to ask for help in determining cold damage of fruit buds and to inquire when their insurance policies will be paid.

Federal Insurance Man Visits County—

Mr. McCullers representative of the Federal Crop Insurance Department, visited the County Agent's office this last week and said that no estimates would be made of cold damage until after the May crop.

Mr. Sellers further explained that farmers are not insured against any particular variety loss or against cold damage to fruit buds, but that their policies cover damage of an entire orchard or unit.

Early in May a committee of peach growers will inspect orchards and determine the extent of damage and the percentage of a normal crop is set.

Pruning Recommended—

It is recommended that farmers who have not pruned should, at an early date, head the trees back at a normal height leaving 10-12 inches of current growth, and leaving rather heavy fruiting limbs and twigs.

This will tend to give the farmer a better chance to set a heavy fruit crop where a high percentage of fruit buds have been damaged.

Sellers said, "where a farmer determines that he is showing a very high percentage of cold damage, he possibly should discontinue all other expense of maintaining the orchard until he can determine whether he has set sufficient fruit to justify normal expenses of spraying and feritlizing."

However, if the farmer has considerable peach tree borer damage or scale he is encouraged to carry out control practices for these at an early date, using oil for the scale and Ethylene Dichloride Emulsion for control of borers.

How To Determine Fruit Bud Damage—

Mr. Sellers noted that some farmers, in trying to determine bud damage, are pinching the fruit buds from the fruiting twigs and if green is observed in the base they are considering the bud is in good condition.

This is not a true evaluation. The bud should be cut through the center with a sharp knife, and then examined. If the center of the bud is showing black or brownish discoloration this is an indication that the bud is damaged to the extent that it will not set fruit.

This discoloraion denotes that the pistil and stamen of the flower are damaged to the extent that pollination will not take place. A flower might appear, but it would be sterile, or an imperfect flower.

Summary of Damage By Varieties—

A summary of damage of various varieties is that the Coronet Keystone, Hiland, Cardinal and Redcap are showing more serious injury. These in most cases, are in the 90 percent damage bracket.

Mr. Reedie Culp and son Chas. of the Union Grove Community, are reporting approximately 90 percent damage on all varieties, while in other parts of the County some growers have less than 60 pereent damage on all varieties.

Former County Road Engineer With State Highway Department

HAROLD J. Lewis, former County Engineer for Chilton's road Department, will continue in the same position he has held with the State Highway Department since 1958, under the new administration, Ed Rogers, director.

Mr. Lewis began work with the Highway Department as the "Right-of-way engineer in 1958 In 1959 that Section was elevated to bureau status, with Lewis as head. Prior to 1958, he worked nine years as County Engineer for Chilton County.

A native of Pennsylvania, Lewis had five years experience with the Pennsylvania Turnpike Commission as construction engineer and soils engineer on the construction of toll roads. Registered as an engineer and land surveyor in Alabama and Pennsylvania, Lewis obtained his education through attendance at Carnegie Institute of Technology, Pennsylvania State Extension University of Alabama Extension and Jones Law School, plus completion of the civil engineering course from International Correspondence Schools. His formal training also includes a series of courses offered by the American Institute of Real Estate Ap[illegible] Lewis lives on 8th Street in Clanton.

NOTICE!

IF you have not mailed in your Christmas (TB) Seals envelope, would you please sign it and mail it right away. We need the envelope for our records.

Thank You,

S. Monroe, Liberty National; and H. Gaines Burnette, retired businessman.

These are some of the men who are initiating the "225 Drive" for the Chilton County Chamber of Commerce.

As you can see, members of the Chamber eat well; and picture taking (as you can see by the expressions) was secondary on this agenda—Let's get at the vittles!

(News photo by SCOTT)

"225 or bust", says Raymond Hamilton, chairman of the Big "225" Drive now well underway in the Chilton County Chamber of Commerce.

The Committee met Monday and a total of 20 new units were sold in less than a week!

"And this week" says the enthusiastic Mr. Hamilton, "we had to spend most of our time getting organized". The Goal is getting closer—the ball is rolling—and well-trained teams are contacting merchants and businessmen this week, throughout the County, recruiting new members and renewing old ones.

McKinney, Headley Tops In Units Sold—

Top membership salesmen for this week were Johnny McKinney of the Peoples Savings Bank and Melvin Headley of the First National Bank.

The Thorsby-Jemison team of Joe Cobb and P. F. Singley are planning their "big push" this week.

"This activity and enthusiasm is essential", said Hamilton, "If we expect to have available the necessary funds and manpower to develop commerce and industry in and for Chilton County!"

Wreck Injures Four Monday

EARLY Monday morning, between 5:30 and 6:00 o'clock, a car driven by James Eiland, of Clanton, ran off the Old Thorsby Highway injuring all the occupants.

A heavy fog was beileved to have been the cause of the accident, which occurred where the Old Thorsby Road intersects with the Liberty Hill Road.

Besides Eiland, who received a broken arm and other minor injuries, were: Jimmy Easterling, injured slightly with a broken finger; Lamar Edwards, who sustained several fractured ribs and other painful injuries.

Most seriously injured of all was Miss Linda Brown, who was thrown into the windshield of the car which inflicted serious scalp wounds. She is in Chilton County Hospital.

Spigener ambulance, which answered the call picked up Miss Brown and Mr. Edwards, but Mr. Eiland was pinned under the steering wheel. While the ambulance brought the two injured most severely to the hospital, Chief of Police Wallace Foshee, office Dewey Hand and Henry McKee freed Mr. Eiland. The ambulance returned and took him to County Hospital also.

The four were on their way to work in Birmingham where they are employed at Hayes Aircraft Corporation. Reports stated that the auto was a "total loss".

Jaycees, Peaches, And "Mr. X"

SHOWN L. to R. above, are: Bo Littleton, Clanton Jaycees; Miss Rebecca Bentley, Alabama Maid of Cotton and 1962 Chilton County Peach Queen; Mrs. Mary Ann Taylor, Clanton Jaycettes; and little Mr. "X", who is unidentified.

Little Mr. "X" has just purchased a "Chilton County Peach" tag from Chilton County's number One 'Peach'—that explains the hand-holding routine! He just couldn't resist the lovely Miss, so he bought a tag from her.

In case you're wondering what this is all about; it's all about "Boosting Chilton County Peaches" and the Jaycees figure that a good way to it, is to use the talents of a pretty Chilton County lass.

Mr. Littleton says the tags are on sale "practically everywhere", and you can buy one from a member of the Jaycees.

The idea is to boost Chilton County's favorite crop—Peaches—and it's a pretty good idea.

The scene above was taken last Saturday by News photographer Semmie Scott at the Dixie Super Store in Clanton.

Who is that little fellow, anyway?

"The only thing necessary for the triumph of Evil -- is that good men do nothing!"

Two Plus Two. . .--

WHO are those in our midst, who would destroy the age-old custom of society of an honest day's work for an honest day's pay? If you are an honest man — do you believe that you could pay a worker ten cents an hour more than he is getting, unless that worker makes at least ten cents an hour more for your business? And economics tells us that if he is earning a percentage of the profits, then those same profits must be increased considerably more than the extra ten cent wage increase — if you are to continue in that business! Logical arithmetic? Then why do so many of us demand something that does not make mathematical (or any other kind) of logical sense? Can you answer it?

Throw Us A Bone, Please--

ARE you, like a faithful puppy, afraid to "bite" the hand that feeds you? It makes sense to believe that you would — but why should you — a free and able human being — be living off of a handout?

That same hand that feeds you that Government handout — the one that makes you dependent upon it — is the same one that holds the shackles, so to speak, while you step obediently into them, without a whimper!

As long as a puppy is satisfied with a bone, he gets a bone. But if he willingly does something independently which makes him noticeably worth something, he then gets consideration. As long as we in Alabama and Chilton County sit on our hands and open our mouths for a bone of Federal assistance, a bone is what we will get.

There is nothing wrong with Federal Aid that couldn't be cured by less of it. It's the basic law of nature — or borders on it — moderation is the key to happiness, usefulness and a long life of independence.

The Woodshed And Papa's Belt--

SOME people believe in overdoing even moderation — which then becomes over-indulgence once more. Those who frown upon spanking a child, or otherwise punishing them physically, say that if we are going to resort to that kind of treatment then we should also resort back to the thumbscrew, the rack and the "cat 'o nine tails'!

Which is of course, ridiculous. Anyone who believes you can "talk" all children or juveniles into obedience, have never had it to do. It is commendable to hate capital punishment, in our opinion, but the balance of nature does not require that all firmness and all authority be disposed of!

A child is impressionable; and if you impress upon him the idea that he can get away with anything he wishes to, with the only punishment being a tongue lashing, you are in for a terrible shock. The woodshed and Papa's belt, properly applied; have more persuasive powers and more lastingly contribute to a child's development and respect for law and order than all the psychology and pussy-footing that can ever be administered. Again we say, moderation — not annihilation!

Some "bleeding hearts" and "nice Nellies" believe that passive toleration is the answer to everything — it is only the answer to some things. It is not a miracle potion to be taken in large gulps.

Mr. Robin: Prognosticator--

THE thermometer may disagree somewhat; but according to Mr. Robin Redbreast in our backyard, Spring is just a hop and a skip away!

No Longer 'Just Talk'; Selden Stands Up!--

SIXTH District Representative Armistead Selden, who writes a weekly column "Report From Washington" in the News; has gained much favorable support since last week, when he called a spade a spade; and this week's message to the people is just as emphatic.

The News has always welcomed Mr. Selden's weekly offering. Though he has been too conservative with his opinion—we felt—he has nevetheless reported facts to the people, and done it with finesse.

The past two weeks, however, his column has created several phone calls to our office, and been the subject of many conversations in Chilton County. Rep. Selden has unquestionably stood up for the rights of the people of the South, and the Nation, and the people recognize this stand, and are commenting on it.

It has been our opinion for some time, that we could never be heard in Washington unless our representatives in Congress stood up for what we believe. Rep. Selden has taken his stand for his people. This kind of statesmanship is hailed by the people "back home" as fortitude—it brings out the patriotic spirit in us—it proves that freedom is not dead.

We hope and pray that Mr. Selden will accept this mandate from the people, to stick to his guns; and having spoken out in our behalf, will continue to stand up and be counted for the right, regardless of the adversary or the consequences.

Appeals for good government are what the people want to hear. Sanity in our national and international affairs is the common goal of all good Americans.

Mr. Selden's efforts in behalf of the people of the United States are appreciated. As long as he stands for the people; and as long as he makes every effort to be heard by the powers that be—he will have our support!

If you did not read "Report From Washington" in last week's News; we think you would appreciate it. If you can't find your paper—we have one.

It's A Good 'Un--

GET the weekly reading habit—subscribe to the Chilton County News and keep up with neighbors, schools, churches, local government and what your representatives are doing for you in Montgomery and Washington—Like we said: "Get the Weekly reading habit!"

The "Average" Man--

THE "average" man, in his own opinion, is average only generally. Literally, he is paid under the average, he works more than the average and his mental ability is far and away above the "average"!

In other words: for a man to be average—he has to be pretty extraordinary!

Life Is Peachy--

"VARIETY," they say, "is the spice of life!" And that is certainly true with regards to Chilton County's Peach Industry for 1963!

If we were dependent, for example, upon the variety of peach called "Coronet", we might all just as well take off and go fishing! Fortunately, the peach grower learned a long time ago — and well, because it was the hard way — not to put all of his peaches in one basket!

Chilton County still grows the most delicious peaches in the world; and come spring, the Lord willing, we'll have some for you!

Spite That Old Face--

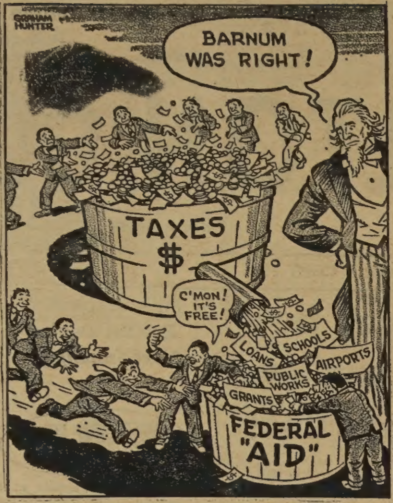
A UNION demands that an employer pay its members what usually amounts to inflationary wages. Then the Union demands from its members a certain amount a month for the privilege of working.

If that is agreeable with the employer, O.K. But then the Union takes the accumulation of that "certain amount" and uses it to pay striking members enough to live on, so they will not have to work for the employer, until he agrees to certain other particular demands of a particular Local of that Union. If that isn't biting off your nose to spite your face, then we don't understand what it is!

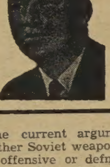
Heart Is The Heart--

JUST as sure as we're born, someone will write us about "Unions" and tell us about the fringe benefits, the medical benefits and the retirement benefits afforded by the dues mentioned. Does that alter the fact that the demands are killing the employers. When the heart stops beating, the whole body dies — not just part of it.

FOOLING OURSELVES!



Report from Washington



BY

ARMISTEAD SELDEN

Congressman, Sixth District

The current arguments over whether Soviet weapons in Cuba are offensive or defnsive continue, but this controversy may well become irrelavent unless we face up to the subversive threat posed by a Communist base in the Americas.

The very existence of a Soviet Cuba in this hemisphere is the "offensive" weapon on which the Kremlin relies in its campaign to destroy the Inter-American system. Through his puppet regime, Khrushchev plans to export revolution and terror throughout Latin America.

Repeated Warnings—

For over three years, I have repeatedly urged both the Eisenhower and Kennedy Administrations to face up to the threat of a Communist Cuba. But the cautious action taken by our government to halt Soviet encroachment in the Western Hemisphere before the October crisis was either too little or too late.

The United States finally gained the initiative, however, by the President's firm stand last October. America's friends throughout the world were heartened by our firm resolve at a time of supreme crisis. Our own people gained new confidence in the course of our Nation and the future of freedom everywhere.

Initiative Lost?—

The cold winds of the new year have had a sobering effect, however. Evidence mounts that the Communist military threat to the hemisphere, far from being eliminated, is being bolstered.

The initiative we had gained last October now seems to be slipping from our grasp—if it has not already slipped.

In a statement I made on the floor of the House last week, I pointed out that no amount of aerial surveillance can check the subversive threat posed by the existence of an alien, hostile force in the heartland of the Americas. I said further that Communist subversion — which cannot be considered "defensive" —remains the Kremlin's primary weapon in this hemisphere.

Subversive Hearings Set—

My remarks of last week were made in connection with an announcement that the subcommittee on Inter-American Affairs, of which I am chairman, will begin hearings February 18 into the nature and extent of Castro-Communist subversive intrusion into this hemisphere.

In these hearings, the subcommittee plans to probe the extent of the Cuba-based Communist menace to the Americas, the reported transshipment by Castro of Soviet arms to other Latin American countries, and the current and long-range U. S. policy on the presence of Soviet bases in this hemisphere.

Our continued failure to recognize and cope with the export of Castroism in Latin America is an open invitation to the creation of new "Viet Nams" in our own backyard. It is my hope, therefore, that the hearings scheduled to begin February 18 will spotlight this problem.

A Little Bit O' Tuck . . .

BY BOB TUCKER

WE have a drawer in our desk labeled "Crank Letters". and you'd be surprised how full it is!

Something new goes into it practically every week, and we wonder sometimes that if all the energy spent on this type of "thinking" were put to some constructive use, we would have a force that would make Genghis Khan and his hordes look like a bunch of fleas on a dogs back.

They cover a multitude of sins (mostly those construed to be ours) ranging from "why don't we change the name of our newspaper" to extreme opinions on the racial situation: segregation and integration.

One will say she thinks we are a bunch of idiots for not giving her credit for paying her subscription—clearly an oversight on our part; and another will run some religion—and it's beliefs—right into Hades!

This type of mail is unwanted, unnecessary, and very frequent and we are sure that if an editor had his way about it, there would be a law against it. It also serve only to show how narrow-minded some of us are—and how many!

And speaking of letters, we get those come-on gimmicks by the scuttle-full, too!

We got one from an insurance company the other day that said it wouldn't charge the $50 that is usually charged to fix your car, if the fellow you hit was carrying the same kind of insurance you were. Now, before we collide, we always jump out and inquire whether or not they have our brand of insurance. If they don't—we don't hit 'em!

Another favorite "come on" letter is the one that offers to loan you money because "you qualify" or "you have been selected" or "you are one of the chosen few". In the same mail you get a letter from their lawyer telling you what a snake in the grass you are for not living up to your previous obligation and that he is going to take "stringent action" if you don't cough up the loot. "We trusted you" they say, "and you let us down". Then, when you get through wiping your eyes, you notice a footnote at the bottom of this "personal" letter. It says: "This is a matter of principle with us (it's not the money at all) and we intend to go to whatever extremes necessary to collect this dispicable account"! And then they sign, "sincerely and ever-lovingly yours"; etc.

—O'—

WHEN a fellow starts telling you what a good car he has; that he ain't about to drive a "new car for a couple a months, and then have to let it go back, because he can't meet the payments"; you can be assured that he is fed up with his heap and he is about to take the fatal plunge into the cold, unfriendly waters of "debt"!

—O'—

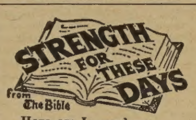
CHILD psychology works two ways; in fact, more often than not, it's the parent who learns something, and Junior goes on his merry little way, much the wiser. Son Mark has been sent to ye olde bathroom numerous times to "wash up" in the hopes that some of the dirt rubbed off would rub some habit on! He always comes out as dirty as he went in, and wet (soppin') from his fingers up to his shoulder. Mother delivered the message the other evening that "Mark was not to go to the bathroom to wash up anymore!" Now if that's not playing right into their dirty little hands, we'd like to know what you call it. A clear case of "they didn't teach me anything; but I learned a lot, anyhow!"

WHILE Skeeter Stokes was in Auburn Monday learning to make Potato Puree (whatever in the heck that is) the boys in the Chamber of Commerce were reporting to chairman of the Membership Committee, Raymond Hamilton, on what they had done the past week. Better than 20 new members have been signed up in the Chilton County C of C since last Monday. Now is that progress—or is that progress! We still have until March 1st to make our quota of 225 membership units, and it may surprise many people to know that the goal—which is a big 'un—just may be topped! The Big Drive is on—and with enough support and enthusiasm, the Chilton Chamber is in for some good times—and good work—ahead!

Come on and join up! You can still make it before the deadline.

—O'—

HEARD a lot of praise and comment for and about Joe Hopper and Pete Johnston lately. Seems they have shown considerable amount of brains in national circles. Some folks may have forgotten it—or may not have ever known it—but it still takes intelligence and the proper application of brains to really get somewhere in this world. It is encouraging to know that some of the most intelligent members of the younger generation can be found right here in good old Chilton County. We understand that Norman Roberts, a local son, showed a similar ability a couple of years back when he was attending Marion Institute. He was, in fact, the only one at Marion Institute to acquire national recognition for having exceptional ability in the "brain" department. Just as the pen is mightier than the sword; the brain can give brawn a licking every time up!



Here am I; send me.

Soil Conservation News

By Olin G. Fields

Jim Oliver and Doyle Gay of the Dry Valley Community, and cooperators of the Chilton County Soil Conservation District have applied all the perennial grasses called for in their district farm plan except twenty acres. They plan to finish the job this spring and start clearing land to put additional acreage of Coastal Bermuda and Fescue grasses.

Soils and land-use maps have been ordered on the following farms: Joe Smith, Gaston Wilson, Cecil E. Giles, R. P. Lawley and William Thomas.

Thursday of last week, I. W. Smith and I attended a woodland demonstration in Tuscaloosa Co. New method of planting, girdling, and a D plus 6 spacing of pulp and saw logs were demonstrated.

Land preparation for soil conservation crops of Coastal and Bahia grasses should be started soon. Also, land preparation for Bicolor Lespedeza seedlings will have to be done soon.

The following have ordered seedlings: William Thomas, Hudson Brown, J. T. Cobb, R. O. Williams, W. H. Brantley, Neal C. Mullins G. C. Robbins, W. B. Adams, Leon Mims and W. W. Cody

Shrinks Hemorrhoids Without Surgery
Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in *suppository or ointment form* called *Preparation H®*. At all drug counters.

Don Graham, pastor

The Youth Rally at Thorsby last week was a real success with 432 present to hear the Howard College Baptist Student Union Choir. This Choir, under the direction of Mr. Dougals Olive, is made up of young people from all over the country who have to audition for this honor.

The next meeting will be at Chestnut Creek Baptist Church on March 9th. Four students from Howard will present a program on the Student Mission Program. Let's break another attendance record!

We were happy to host the Evangelism Conference last Monday evening. Six different interested groups studied ways and means of improving evangelism in our churches. After the group meetings, they met for a revival service. Rev. C. P. Davis, pastor at Macedonia delivered the message.

Sweetheart Banquet Saturday Night—

Our Young People and Intermediates have planned a long time for their Sweetheart Banquet which will be held this Saturday night at 7:00. They have elected a king and queen and they will be crowned at that time. John Will Wyatt will be the speaker. Arthur Duke, pastor of the Pate's Chapel Baptist Church will be the emcee.

We will have the dining room of Martin's Restaurant. Several of the men of the church are going to give their impression of some of the modern music. They are Messrs. Pat Powell, Allen Ray, Bill Kee; Odis Sewell and J. T. Cobb and the pastor will also help with the entertainment.

The Young Married People are to meet at one of the local restaurants on February 23 at 7:30. They are to have their banquet for a late Valentine's celebration.

In the midst of all the activities, don't forget our Visitation Program. Be sure to come on Thursday night at 6:30. We will visit the sick in the community and those who have no church home.

Cox Chapel News

Rev. and Mrs. Zirlott and children were dinner guests of Mr. and Mrs. Margon Ratliff and family Sunday night.

We are glad to report Miss Margaret Wilson is home from the hospital and doing fine.

We are also glad to report Mrs. A. J. Cox much better at this writing.

Miss Betty Jackson was the diner guest of Miss Sue Ann Wilson on Sunday.

We are sorry to report that the Argles Mayfield family has been sick.

Mr. and Mrs. George Wilson and Sue had as guests last week end, his sister of Birmingham, Mr. and Mrs. J. M. Fox

We extend our sympathy to the friends and relatives of the George Wilsons and the Bill Wilsons in the death of a sister, Mrs Chism of Montevallo.

Mrs. George Wilson was home this week with her family.

Mr. George Wilson is sick with the flu. We hope for him a speedy recovery.

Mr. and Mrs. Vance Atcheson had as guests the week-end, Mr. and Mrs. Bobby Clements and Mr. and Mrs. James Thomas.

Maplesville Sr. 4-H Girls Study Clothing

The Sr. 4-H Club Girls of Maplesville High School met Friday. February 8th at 9:05 A.M. in the Vocational Agriculture Room. The meeting was called to order by Leah Hess, president.

This month's demonstration was on colthing. Mrs. Radford talked about the correct types of cloth, needles, thread, and scissors needed in order to sew correctly. The demonstration was interesting and helpful to all those present.

The meeting was adjourned until our regular meeting in March.

Mrs. Sexton Nominated As "Teacher Of Year"

MRS. Elsie Conway Sexton has been nominated as the No. 1 teacher of the year. She is a sixth-grade teacher at the Henry M. Adair School. Mrs. Sexton began her teaching career in 1932 at McCary, a one-teacher school near Maplesville.

She taught there and at Isabella for one year each. From there she went to Enterprise School as a first grade teacher for six years. She went to the Clanton Elementary School in September 1941, and taught until this year, when she went to the Henry M. Adair School.

Mr. Sexton holds both an AB and ME degree from Alabama College, with a major in English, supervision and education, and a minor in social science and art.

Mrs. Sexton is the mother of two children a daughter age 15 and a son, four years. She is the wife of the late J. W. Sexton of Clanton.

Any who want to express a complimentary remark and vote for Mrs. Sexton may do so by writing to: Favorite Teacher Editor, Birmingham Post Herald, Birmingham 2, Alabama.

SCHOOL UNANIMOUSLY ENDORSES MRS. SEXTON

26 TEACHERS of the Henry Adair School in Clanton have signed an endorsement, which was released to the News late Wednesday morning, of Mrs. Elsie Sexton as Favorite Teacher.

The endorsement said: "Because she is a most excellent teacher, a cooperative fellow-worker and a fine citizen who is making a real contribution to her home and family, her school, her church and her community, we the entire staff of the Henry M. Adair School of Clanton wish to endorse the nomination of Mrs. Elsie Conway Sexton as our Favorite Teacher in the Birmingham Post Herald Favorite Teacher Contest."

TO IMPROVE YOUR SOIL

Your soil may be that dream soil "a rich, friable loam", but it isn't likely for usually such a soil exists only in the minds of the people who write about gardening.

You're far more likely to have what the builder left you after he finished your house and the bulldozer finished back-filling.

Don't despair, it's easy to improve soil. Add any kind of organic matter you can lay your hands on: leaves in the fall, vegetable leftovers like pea pods and outer cabbage leaves, grass clippings during the summer months, and so on.

Start in one corner of your yard and dig a hole about 18 inches deep. Fill it with organic matter; cover it with some of the soil you removed. Dig another hole next to it and repeat the process. As the organic matter decomposes and settles, add more soil.

In six months time you can spade or rototill the areas treated as described above and, with a little added fertilizer, grow almost anything in that improved soil.

Green Thumb Tips

One vegetable that should be grown in shade is garden sorrel. Delicious as a green vegetable; the foundation for a gourmet soup; the acidity in the leaves increases when the plants are grown in hot sun. This is the reason for giving it a shaded location.

* * *

Food for birds is particularly necessary in late winter when natural supplies are at a low point. Remember that the birds that come to your feeders are apt to spend the summer ridding your garden of insects.

* * *

Make up your mind that crabgrass will not be a pest in your garden this year. Investigate NOW the various pre-emergence controls, decide which kind best suits your lawn and conditions, and apply it as early in spring as manufacturer's directions permit.

* * *

Looking for a green edging for a bed or border? Grow perennial candytuft from seeds and you've found your edging. Leaves are green all year long. Flowers may be pure white or pinkish-white depending on the species you buy.

* * *

The homemaker who longs for a new vegetable should try growing okra in the garden. Small, tender pods may be used in soups, dipped in batter and fried, or combined with tomatoes for a vegetable stew.

Balance Your Budget

The house is small, but the vegetable garden is large in this picture. However, even a small home garden will give your family many delectable, full-flavored meals of vegetables.

The recent freeze in the southern states has upped vegetable prices as well as those of citrus fruits. You can, however, recoup the extra dollars spent for the all-important, vitamin-laden greenstuffs you feed your family this winter. Simply and easily the money can not only be regained but supplemented by planting a home vegetable garden as soon as the weather permits.

Even a tiny space will yield many meals of vegetables. Consider that area behind the garage. If it's in sun almost all day, it can be converted to a vegetable garden this year. Or a long strip on one side of the back yard or a border surrounding the patio will serve as well.

A simple plan for an area only 4 feet wide and 10 feet long would provide for 4 rows, each the length of the area.

One of these might be planted half to carrots and half to beets, with radish seeds sown between beet and carrot seeds; radishes to be pulled and eaten before the other crops grow large.

A second row might be devoted to broccoli or cabbage if your family likes these vegetables. Otherwise, how about bush type squash?

A third row could be used for half a dozen tomato plants staked and trained to a single stem each. Between the tomatoes lettuce might be grown, planting only 3 feet of row at a time so as to have fresh, young lettuce for a long period.

Swiss chard, the green that yields most over a long harvest period, would be a good choice for that fourth row. But, if your family prefers spinach, then plant spinach very early and, when it has been eaten, plant turnips for a later crop.

Plant early so as to get the most yield from the area used. Don't grow any vegetables that your family doesn't like.

Cover over the ground between rows with layers of newspaper or something equally inexpensive just as soon as the vegetable seedlings are well above ground. This makes weeding a minor chore.

Above all, pick the vegetables when they're young and tender — don't let them get old and tough. And have fun!

Your New Year's Resolution:

Be A Creative Cook

—Olney and Carpenter, Inc., Photo

Is there a homemaker anywhere who, at least once in her life, hasn't headed her New Year's resolution list with the determination to be a more creative cook? If you've made this resolution for '63, then duck should play an important role in your menus.

A 4½-pound duck will serve 4 people. If you like your duck roasted medium rare — juices should run slightly rosy when the meat is pricked. If the duck is to be served well done, its juices should run clear yellow. (Over-cooked duck meat is brown, dry and disappointing.)

Here are several ways duckling can be prepared: Canton a l' Orange, or duckling with orange; duckling with olives, turnips, cherries, peaches or pineapple; and duck with sauerkraut or red cabbage . . . quite appetizing when the duck is braised.

Perhaps the most popular way of preparing duck is to stuff it. You can use onion, chestnut, sausage, apple and peanut. If you do not use stuffing, put two cored and quartered apples, a sliced orange, or a handful of celery leaves into the cavity of the duck before roasting.

Preparing a duck for roasting: Remove loose fat from the cavity around the neck. Rub inside with salt. stuff lightly with onion stuffing. Do not truss or prick skin. Close opening with skewers, lace with cord. Place breast side up, on rack in shallow roasting pan. Do not add water. Roast uncovered at 325 degrees for 1½ to 2 hours for moderately done, 2 to 2½ hours for well done. Meaty part of leg should feel tender (use paper towel), and should be easy to move up and down. For a pretty shine, (about 30 minutes before the duckling is done) brush it with honey glaze.

ONION STUFFING
(for 4½ to 5 pound duck)

4 cups stale bread crumbs
½ cup melted butter or margarine
½ teaspoon salt
¾ teaspoon sage
1 (3½ oz.) can O & C French Fried Onions
Water or giblet broth

Combine all ingredients, adding enough water or giblet broth to make a stuffing of desired consistency. A good stuffing may be light and crumbly or firm enough to slice.

What...
can you buy for
5¢

Chewing gum . . . a candy bar . . . a notebook . . . pencil . . . not much, huh?

WSCS Meeting—

The WSCS of the Methodist Church met at the church Sunday afternoon at 2:30.

The president, Mrs. A. C. Bratton, presided over a short business session.

The group had the pleasure of hearing Rev. Tommie Davis on the "Life Of The Wesley Family", the promoters of Methodism. A third talk will be given soon.

YWA Met; Mrs. Plier—

On February 4th, the YWA met at the home of the counselor, Mrs. Marie Plier.

In a business session, the group discussed going to Montgomery to a YWA Banquet. On February 12th there was an observance of Focus Week and a special meeting.

The theme for Focus Week: "To Share Christ". This emphasis coincides with the theme for 1963 World Missions Year in the Baptist Jubilee Advance, "Sharing Christ With The Whole World". YWA is an auxiliary of WMU. Focus week is to inform the churches of its value in promoting missions.

The hostess served potato chip, cookies and hot chocolate.

NEWS OF—
Mt. Carmel - Adams

Rev. Charles Forriester, pastor

We are happy to report that our attendance is improving. We still have several on the sick list, who need our prayers.

We finished our Study Course Sunday night and feel that it was a great blessing to those who participated.

Our WMS had their regular meeting Sunday afternoon at 3 o'clock. A very delightful tea party was enjoyed after the program.

The YWA's were the guests at this party.

Mrs. Effie Perry has been visiting her son, his wife and children, Mr. and Mrs. Newman Abrams, Ronnie, Albert, Yvonne and Yvette and Terry in Tampa, Florida. We missed her while she was away and are glad to see her return.

Rev. and Mrs. Forriester, Miss Linda and Barbara Ousley were Sunday guests of Mr. and Mrs. E. A. Lenoir.

Mrs. Effie Perry and brothers, Mr E A , Lee, and Allen Lenoir visited their brother, Mr. Carl Lenoir of Phenix City, who is in the Veterans Hospital in Tuskegee, Ala.

We have a new member in our church, Mr. Vester Sims and we welcome him into our church family.

Miss Sandra Jo Melton celebrated her 8th birthday with a party Saturday afternoon. Happy Birthday, Sandra.

Little Timmy Mims was on the sick list Sunday. We missed Timmy and his mother, Mrs. Jo Ann Mims.

Don't forget our Wednesday night Prayer Service at 7:00 o'clock with choir practice following and do be very much in prayer for our Spring Revival which will be the last week in March. Also remember the sick and shut-ins in your prayers.

Mr. And Mrs. Marcus Celebrate 40th Anniversary

One of the loveliest social events of the year at Thorsby, was in the home of Mr. and Mrs. Earl Marcus on Saturday night, February 9th. The occasion was the celebration of the 40th Wedding Anniversary of Mr. and Mrs. Marcus.

The Marcus home was never more beautiful than on this occasion. Rev. Laney McReynolds was the first guest and was there to see Mr. and Mrs. Marcus present each other with rings. Mr. Marcus surprised her with a beautiful Eastern Star ring and his ring was a yellow gold bond, Rev. McReynolds led in prayer.

The guests were greeted at the door with neices and nephews, Mrs. J. D. Stuart, Mrs. Foster Miller, Mrs. Norman Anderton and Mr. Osmond Honeycutt with honored guests, Mr. and Mrs. Marcus.

The living room was beautifully decorated with arrangements of red and pink snapdragons, on the mantle were silver candelabra which held three red candles and arrangements of flowers.

The dining table was covered with a pink linen cloth with embroidered lace inserted, made in Naples, and centered with a crystal punch bowl and two silver candelabra's which held three red candles each. Individual cakes embossed in pink with red rosebuds and pineapple punch was served by Miss Frankie Griffin and Norma Anderton.

Guests were registered by Mrs. Donnie Bean and on the desk was a vase of red carnations.

Mrs. Marcus wore a red wool sheath dress with pink carnation corsage and gold chain necklace and ear bobs.

There were many out-of-town guests along with the local people who attended this affair.

Rev. and Mrs. B. B. Burks of Silver Hill, Ala. visited Mr. and Mrs. Delbert Collins last week.

Several friends called to see the Burks and on Wednesday night a pot luck dinner was enjoyed by Mr. and Mrs. Dewey Davenport, Mr. and Mrs. Earl Marcus, Nettie Mims, Rev. and Mrs. M. G. Fields, Sam Pate, and Bob Goodgame, Polly Smith and Lettie Collins at the home of Mr. and Mrs. Collins.

We are very happy to have Mr. and Mrs. Archie Ogburn and his nice family back in Thorsby. We hope the Ogburns are back home to stay.

Tea Honors Brenda Jones, Bride-Elect—

Miss Brenda Jones, bride-elect of Leroy Blackmon, was honored at a Tea Wednesday, February 6th at the home of Miss Lessie Robinson and Miss Era Holcomb.

Miss Lessie Robinson, Mrs. Nina Jones, Mrs. F. G. Blackmon was in the receiving line to greet the guests. Mrs. Sammy Jo Collins presided over the bride's book while the lovely bride, Miss Jones opened her many lovely and useful gifts. Lovely arrangements of pink and white snaps were used in the living room and dining room for decorations. The dining table was covered in a white lace table cloth over green linen cloth. A silver candelabra was placed at the end of the table with candles in each holder which held three candles and silver cake stand, which held the individual white cakes with pink snap designs and two silver candy stands with nuts and mints and another table which held the punch bowl was covered with a crochet cloth over green satin. The punch bowl sat in a large crystal bowl. Green and pink cedar surrounded it.

Mrs. Harold Mims presided over the punch bowl and gifts were displayed by Mrs. Jimmy Benson and Mrs. James Blackmon.

Jones-Blackmon Vows Said

Miss Brenda Jones of Clanton and Mr. Leroy Blackman of Thorsby were united in marriage on Sunday, February 10th at 3:00 P.M. at the home of a sister, Mr. and Mrs. Alton Hamm of Calera.

The candles were lighted by little Teresa Blackmon and Earl Hamm. Rev. McReynolds officiated at the double-ring ceremony. The bride wore a blue wool suit with matching accessories.

A reception following the wedding was held in the dining room. The table was covered with a white linen tablecloth and a beautiful three-tiered wedding cake centered the table. Flowers used were pink and white glads. Only the family and close friends attended the wedding. After a short wedding trip, the couple will live in Calera.

Mr. and Mrs. L. C. Cagle and daughter Carol of Birmingham, Mr and Mrs. Jerry Cagle, all of Hueytown, visited the Marvin Wrights over the week-end.

Mr. Henry Higgins of Louisville, Ky. visited here the week end. He is being transferred to Atlanta, Georgia.

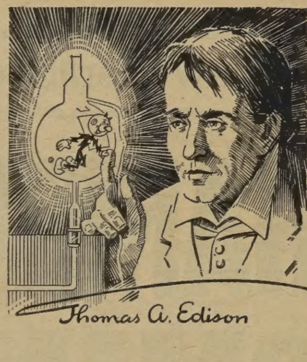
Electricity Powers Progress



"Yes . . . there are indispensable men, and we recognize that Thomas Alva Edison was the indispensable man of the two centuries which his life spanned."

Thomas W. Martin
Chairman, Board of Directors
Alabama Power Company

This week—National Electrical Week—marks the 116th anniversary of the birth of Thomas Alva Edison . . . the one-time newsboy whose contributions in harnessing electricity made him "the indispensable man" of the two centuries in which he lived.

Thomas Alva Edison . . . who developed the first practical electric light bulb and the equipment necessary to bring its magic into the home . . . founded an industry which has become one of the nation's largest and most vital . . . an industry which has put the wonders of electricity to work in thousands of ways, making our lives richer, fuller, more secure.

Alabama Power Company is proud to be part of America's investor-owned electric utility industry. It is proud of its role in placing the marvels of electricity *literally* at your fingertips . . . in the home, on the farm and in industry.

In meeting its responsibility to you, Alabama Power Company is constantly designing, planning and building. During the next three years alone, the Company will invest more than $200,000,000 in generating, transmitting and distributing facilities to insure those it serves an always adequate, efficient and dependable supply of electricity at the lowest cost.

Electricity spells progress. It does today; it will tomorrow. And Alabama Power Company will have it available for you . . . in whatever amounts are needed . . . at the flick of a switch.

Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the *Jet-smooth Chevrolet,* about as luxurious as you can go without going overboard in price; the low-cost *Chevy II,* a good-looking car that would send any family packing; another family favorite, the sporty *Corvair,* whose rear-engine traction will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, *Corvette*—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already? The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

DEAR 4-H JANES

It's "as you like it" for the spring silhouette—equally favored full-skirted or slim. But "slim" doesn't mean tight; there is an "easy" look even to the fitted sheath.

Next month is the time for the annual 4-H Apron, Skirt, and Dress Revues in the local clubs.

The County Revue will be held in early April. Those of you who are planning to enter have already started making plans for the garment.

Here are some important signs of spring which might help you in planning not only the garment for the revue, but also in making plans for other items you hope to make this spring and summer.

One of the important touches to be used this spring is called the "lingerie touch". This means to make garments frilly with lace and tucks. The touch of crisp white heralds the new season in all types of fabrics, plain color or patterned, and in all sorts of clothes, including sportswear.

Borders are also a bright note for spring. Take a beautiful border print to make up in a blouse, the top of a two-piece dress, a full skirt; or apply a border, of lace; cross-stitch on a gingham check, of colorful embroidery, of flower-shaped medallions.

There are clothes to "line" in—the comfortable, easy - going dresses and suits and topcoats that form the backbone of a well-rohnled spring wardrobe, and that have a thousand-and-one uses in today's busy, active doings.

A "must" for every spring wardrobe is the jacket dress. This is a dress with its own jacket and gives the finished, ladylike look so typical of the season.

It's an especial boon when a sleeveless dress isn't quite the thing for the material. Make the jacket to match or contrast with the dress.

I hope these ideas for spring fashions will help you. I will give you some more tips on spring colors, fabrics and trims later on.

—Your Assistant.

Calloway-Williams Vows Said

Mrs. Johnny Williams

MISS Mildred Ann Calloway became the bride of Johnny M. Williams at the Methodist Church in Verbena on Saturday afternoon at 4:30 o'clock, February 9th. Rev. Royce Ballard of Prattville, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Winston Calloway and Mr. and Mrs. Robert Lee Williams of Clanton.

The church was beautifully decorated. Lange white satin bows of ribbon marked the columns of the church on the outside. At the entrance of the church, at each aisle, a seven-branched candelabra with burning candles gave a soft glow. On each side of the altar were banks of Magnolia leaves, two tree candelabra with burning candles and two floor baskets of white gladioli accented with American Beauty roses, which were radiant. At the Mothers Pew was a fourteen branched candelabra with burning candles.

Miss Beulah Askins of Alabama College accompanied Miss Carolyn Howard on the piano as she sang "Because" and "The Lord's Prayer". She is also from Alabama College.

Miss Virginia Faulk of Montgomery served as maid of honor. Bridesmaids were: Miss Sheryl Calloway, sister of the bride, Mrs. Byron Driver and Miss Madelyn Williams, sisters of the bridegroom.

Thresa Moore of Bessemer, was flower girl. Kenneth Gray, uncle of the bridegroom, served as best man. Ushers were: Byron Driver, Jerry Guinn, Charles Burkhalter, Richard Gilliam and James D. Moore, uncle of the bride.

The bride, given in marriage by her father, was a picture of loveliness. Her gown was designed with Chantilly Lace, bodice and skirt of white organza, ending in a chapel train. Her veil of illusion was attached to a lace cap.

She carried a Bible topped with a cascade of rosebuds, seed pearls and lillies of the valley with satin streamers.

For her daughter wedding Mrs. Calloway chose a light green lace sheath. Her hat was tissue taffeta, white rosebuds and green leaves. She wore a corsage of white feathered carnations. The grooms mother wore a rose two piece lace dress, a small pink hat and her corsage was of pink carnations.

M. G. Fields: Simultaneous Revival Progress

WAIT A MINUTE! Don't miss reading this. Souls wait for you to show the concern of your heart.

The Division of Evangelism of the Chilton-Unity Baptist Association is charged with the responsibility of continually developing the work of Evangelism for effective soul-winning.

Since Evangelism is the first part of every Christian's normal response to Christ, the division of Evangelism leaders seeks to intensify the spirit of evangelistic urgency and a favorable climate by challenging every church to participate wholeheartedly with the Simultaneous Revivals in this Association March 24-April 7, for one or two weeks.

Churches cooperating the week before or after these dates will be consilered participating.

All the churches are especially invited to cooperate by attending the big Kick-Off Rally on March 24, 2:00 P.M. at the First Baptist Church, Clanton. Dr. Vance Havner ,who is to be the Revival preacher for the First Baptist Church at Clanton, will be the speaker at this Rally.

The great Evangelism Clinic held at the Samaria Baptist Church last Monday, which was well attended, helped to create the energetics in Evangelism for the Christian individual and for the church physically and spiritually. 32 churches have already committed to participate on the above Simultaneous Revival dates:

Bell Lane, Bethsalem, Cane Creek, Chestnut Creek, Clanton First, Collins Chapel, Concord, Ebenezer, Friendship, Hillcrest Jemison First, Liberty Hill, Macedonia, Maple Springs, Maplesville, Mount Carmel No. 1, Mount Carmel No. 2, Mount Pleasant, Mulberry.

New Salem, Northside, Oak Grove, Pleasant Valley, Providence No. 1, Poplar Springs, Refuge, Shiloh, Thorsby First, Union Grove, West End, New Cedron, and others are expected to participate.

The goal is more than 40 churches participating.

In next week's issue of the News, we will announce the participating churches, pastor, evangelist, singer and dates of the Revivals. Please mail this information suggested on the letter titled "My Agreement To Participate", at once.

from The Bible

Let us press on unto perfection. —(Heb. 6:1).

A balanced life is what makes for contentment as well as growth. If we had been meant to be only physical, only mental, or only spiritual, we would have been created differently. DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

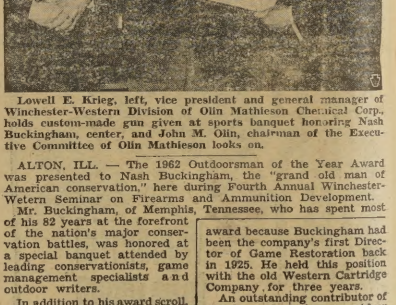
THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

REMEMBER: Results are what you pay for — Results are what you get, with Classified Advertising in the News.

Southerner Named 1962 Outdoorsman



Lowell E. Krieg, left, vice president and general manager of Winchester-Western Division of Olin Mathieson Chemical Corp., holds custom-made gun given at sports banquet honoring Nash Buckingham, center, and John M. Olin, chairman of the Executive Committee of Olin Mathieson looks on.

ALTON, ILL. — The 1962 Outdoorsman of the Year Award was presented to Nash Buckingham, the "grand old man of American conservation," here during Fourth Annual Winchester-Wetern Seminar on Firearms and Ammunition Development.

Mr. Buckingham, of Memphis, Tennessee, who has spent most of his 82 years at the forefront of the nation's major conservation battles, was honored at a special banquet attended by leading conservationists, game management specialists and outdoor writers.

In addition to his award scroll, Mr. Buckingham was presented with a custom made Winchester Model 21 shotgun with an appropriate inscription,.

Col. Forrest V. Durrand, director of Tennessee Game and Fish Commission and Dru Pippin, Commissioner, Missouri Conservation Commission, attended.

The Outdoorsman of the Year is selected by a national poll of some 4,000 outdoor writers and conservationists and is donated by the Winchester-Western Division, Olin Mathieson Chemical Corporation. Former recipients include Gen. Curtis LeMay, the late Dr. Logan Bennett, Walter Alston and Robert Taylor.

In making the 1962 award, John M. Olin, Chairman of the Executive Committee, Olin Mathieson Chemical Corporation, stated that Mr. Buckingham's entire life has been an example for the nation's conservationists and sportsmen. He expressed particular pleasure with this award because Buckingham had been the company's first Director of Game Restoration back in 1925. He held this position with the old Western Cartridge Company for three years.

An outstanding contributor of articles and stories on outdoor subjects to national magazines, Nash Buckingham was one of the founders of the Outdoor Writers Association of America and has received their coveted "Jade of Chiefs" award. In 1928, he helped found the American Wild Fowlers, a foundation devoted to the study of waterfowl conditions in this country and Canada, subsequently absorbed by More Game Birds in America, and later to become Ducks, Unlimited.

A lifelong hunter and conservationist, he was the first to receive the Field & Stream trophy for "outstanding service to conservation" in 1947. At that time it was noted Nash Buckingham was "one of America's greatest shots, one of its foremost field trial judges."

Author of books on hunting, fishing and the outdoors, his latest, "De Shootin'est Gent'man," was published recently by Thomas Nelson & Sons.

How To Have Pansies All Season

Many greenhouses grow Arcadia, the strain of pansies illustrated. This contains pastels as well as deeper colors; has been developed for winter and early spring bloom.

Pansies are real "toughies" and will bloom for months if given just a little care. Here are tips which will enable you to get a full season of bloom from your plants.

Though greenhouses and growers sell pansy plants when they are in full bloom and gardeners who have raised plants from seeds often transplant them at that stage, this is not the best time to move pansies.

They will perform much better if transplanted before buds begin to form on the plants. Thus they need not bear the shock of transplanting at the same time as they are producing flowers.

Keeping flowers picked is synonymous with keeping plants blooming. When flowers go unplucked, plants use nourishment to form seeds instead of buds.

Fertilizing lightly once a month will give pansy plants the necessary "lift" to insure continuing production of large-size flowers instead of ever dwindling ones.

Nipping back any long shoots at the same time as fertilizer is given prevents that "leggy" look, while at the same time it encourages the plant to make new growth.

There's one more little trick that anyone can use to help pansies flower longer. As each plant is set out, leave a little cup in the soil around its base. All season long, whenever it rains, this depression will catch and hold a little extra water, which is just what pansies like.

22 Burglaries Reported Here

ACCORDING to reports from the Sheriff's office this week, ten persons have been arrested on charges of burglarly and forgery in a four-county area, here in Central Alabama.

Chief Deputy Sheriff T. J. Lockhart said that two persons had been charged on seven different cases of forgery and 22 burglary cases, involving some ten defendants, had been investigated by the Sheriff's forces, in Chilton County alone.

It is also reported that there have been two cases of burglary investigated in Shelby and Bibb Counties and one burglary in Perry County. Most of the defendants have made bond on the charges.

Chief Deputy Lockhart was very appreciative of the cooperation of the other law enforcement branches in the Central Alabama area and he said, "This kind of thing certainly points to the importance of cooperation in law enforcement between the various agencies within the County and elsewhere." Lockhart also expressed the thanks of the City Police Department for their help in these cases.

Some of the places burglarized were school buildings in the counties involved, as well as grocery stores and service stations. Only a portion of the materials stolen have been recovered by the officers.

Internal Revnue Service News

The W-2 withholding tax statement is one of the most important documents for preparing a Federal Income tax return, George D. Patterson of the U. S. Internal Revenue Service said today.

Form W-2 should be carefully attached to the income tax return, but please do not use pins on the card Form 1040A, Mr. Patterson added.

In a joint return, where both husband and wife worked, the W-2's for each must be attached. When either or both parties to a return held more than one job during 1962, all W-2's must be attached.

If a W-2 Form has not been received from an employer, secure one from him. Refunds cannot be paid nor can credit be given for taxes withheld without required W-2's. Failure to include this statement, Mr. Patterson added, will mean a delay in processing the tax return and the refund.

MISS Evelyn A. Kelly, 52 year old native of Chilton County, died on February 8 in Florida. She had been a postal clerk for 12 years and was postmaster of the Pineland, Florida Post Office for the past six years.

Among the survivors are a sister, Mrs. Nort Williams of Jemison and a brother, W. H. Kelly also of Jemison.

Miss Kelly was buried in the Ft. Myers, Fla. cemetery.

She was the daughter of the late Mr. J. A. Kelly and Jennie [illegible] Kelly.

Attending the funeral of Miss Evelyn A. Kelly in Pine Island, Fla. were these relatives: a brother, Mr. William Kelly, a sister, Mrs. Nora Williams, her son Edward, of Jemison; a sister, Mrs. Mildrel Paschal; a brother in-law, Mr. Aubrey Glasscock; all of Birmingham. Mrs. Joyce McCullough, a neice of Clanton.

Chilton Hosts Annual Conference Lunch Supervisors

THE Eighth Annual Work Conference of the Alabama Association of School Lunch Supervisors is being held at Holiday Inn Motel in Clanton, February 22. There are supervisors from both city and county systems all over Alabama participating.

Mrs. Fannie Sue Jones, School Lunch Supervisor, Decatur City Board of Education and President of the association says the theme of the workshop is "Moving Forward in School Lunch Supervision Through Preparation of a Handbook and Workshop Training Course Outline".

During the three day workshop speakers and consultants are representatives from the United States Department of Agriculture, Washington, D. C., the U. S. Dept. of Agriculture, Area Office, Atlanta, Ga., the Georgia State Department of Education, the Alabama State Department of Health and the Alabama State Department of Education.

Mrs. Louise F. Apperson, Chilton County School Lunch Supervisor, is in charge of all local arrangements.

Clanton and Chilton County are ready to welcome the group to our city and county.

Chilton Road Progress

THE accompanying photo shows the Samaria Baptist Church to the left.

The picture shows the improvements made to the church grounds and the parking lot paving.

This Farm to Market Road was built entirely with County forces. The length of the project is 2 miles at a cost of $40,617.70, from the following funds:

30 percent Federal; 35 percent State and 35 percent County.

Work was begun on the Project in October of 1961, and was completed in June of 1962.

Local Girl In State Finals For Junior Miss Alabama Honors

Miss Ellen Kay Wright, daughter of Mr. and Mrs. Lawrence E. Wright of Clanton, is one of the finalist in the Alabama Junior Miss Pageant to be concluded tonight, February 21, 1963, at the Alabama Theatre in Birmingham. Miss Wright is one of the 24 finalist selected from approximately 250 entries for the title of Alabama's Junior Miss. Miss Wright is representing the Clanton Jaycees in the State Pageant. She is a senior at Chilton County High School, member of the Beta Club, an officer in the Junior Music Club, a member of the First Baptist Church, and a Junior member of "Town and Gown" a theatrical group sponsored by the University of Alabama. Miss Wright participated in the 'Town and Gown" Production of the World Premier of "Never Been Kissed" and "Glittertind" and also had the teenage leading role in "Bye, Bye, Birdie", directed by Jean Bayliss of New York, who did the Chereography of the original production of "Bye, Bye, Birdie" on Broadway.

Alabama's Junior Mill will be selected according to the judging of talent appearances in evening dress, street clothes and walking shorts. The lucky girl selected to represent Alabama at the National Junior Miss Pageant to be held at Mobile, April 1, 1963 will be selected during the final judging February 21, 1963. Miss Wright has the honor of being one of 10 girls, out of the 24 finalists, selected to participate in the Junior Miss Pageant and will do a number from the musical stage productios "Bye, Bye, Birdie."

Southern Timber To Have Bright Future

Although we are presently producing more timber and timber products than we are using, and many factors have combined to make the market appear weaker than it has been in a number of years, southern timber is believed by many experts to have a bright future. The increasing ned for packaging matrials, research in the use of timber and timber products, and other factors, promise a greater demand for southern forest products as our population increases in the years ahead.

According to G. B. Auburtin, manager of the Federal Land Bank Association of Marion, Alabama, the present market situation has brought no change in the loan policies of the Federal Land Bank, long a leader in making long term loans to timber growers. Loans will continue to be made Auburtin further stated, with confidence in the industry and with the same servicing features that have appealed to timber growers for many years.

Where long term financing will make it easier to weather the present market situation, owners of timber tracts may find it worthwhile to talk with the nearest Federal Land Bank Association manager. Loans are made under variable repayment plans at low interest rates and for terms of 5 to 35 years.

Eleven Scouts Attend "Eagle Day"

Eleven Eagle Scouts from Clanton attended the Third Annual Eagle Day in Montgomery, on February 8, 1963. This was the beginning of Scout Week, and marked the 53 anniversary of scouting in America.

Gov. George Wallace met the boys at 8:30 in the morning. They were welcomed to Montgomery and toured the State Capital.

The boys spent from ten until noon with a selected counselor in their field of career interest..

The Montgomery Lions Club had a luncheon at the Whitley Hotel and gave recognition to the Scouts.

The Eagles from Clanton were Michael Ralph Johnson, Gary Bennett, John H. Lawrence, Robert M. Mullins, Joseph P. Johnson, Ricky Wyatt, Gary Williams, Roger Davis, William B. Vance, Alex W. Jackson and Don Bennett. B. L. Vance assistant scout master of Troop 257, also attended the meeting.

Misses Janette and Dian Crew spent the week end in Clanton with their parents Mr. and Mrs. Dewey Crew. The girls are employed in Birmingham.

Mr. and Mrs. Lamar Clayton spent the week end in Attalla at their farm. Their daughter Penny and Dixie Brooks accompanied them.

Clanton Telephone Booth?

The familiar telephone booth, dependable helper to thousands of Alabamians on the go marks its 85th anniversary this year.

Its birth took place when a young man pulled the blankets off his bed and draped them over a crude telephone set at one end and a barrel hoop at the other. The young man was Thomas Watson, assistant to Alexander Graham Bell. His objective: same in 1877 as today — to gain privacy for conversation.

Watson's first enclosure has grown to more than 600,000 Bell System telephone booths ranging from the one in the corner drug store to drive-in phones for motorists, sail in models for boatmen and flying phones, now being tried out on airliners.

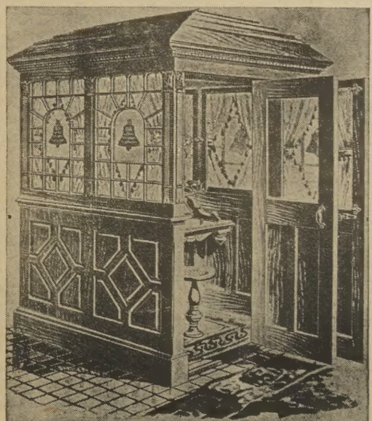
Today there are 8,921 Bell System phone booths in Alabama. 36 of these are located in Clanton. The busiest Southern Bell phone booth in the State of Alabama is located in the Mobile Infirmary.

The world's busiest phone booth is believed to be in the main concourse of New York City's Grand Central Terminal. It's fame rests chiefly on its location; it is the first booth to meet the eyes of thousands who pass daily through Grand Central. In one 12 hour obse rvation period, it was never unoccupied for as much as two minutes between customers.

To stand up under the daily rush and attract customers, too. phone booths are ruggedly built in a number of shapes and sizes convenient for people on the run. Supplying them is one of the jobs of Western Electric, which also makes the coin telephones and other equipment used by the Bell System telephone companies. Western Electric's disrtibution centers throughout the nation assemble the metal outdoor booth from parts fabricated by outside manufacturers. The centers also repair wooden booths and clean and refurbish the telephones themselves.

Public telephones are thought to have appeared first in Bridgeport and Black Rock, Conn., in 1878. In the early days of the phone booth a,n attendant presided and ceremoniously ushered customers in, bowed them out and collected the charges.

Western Electric put its first standard phone booth on the market in 1882 and the company has been supplying them ever since. Annually, Western Electric provides the operating companies of the Bell System with some 27,000 new booths of various types.



NEW HOURS SET FOR LOCAL FHA OFFICE

THE Farmers Home Administration Office will be closed all day Friday, February 22, 1963 in observance of George Washington's birthday.

Join The '225 Drive' Only One More Week To Go!

In 225 Drive--

C of C Doubles Membership

STILL another week to go in the big "225 Drive" in the Chilton County Chamber of Commerce, and the teams of men out getting new members have more than doubled the membership as it was at the beginning of the Drive.

This past week alone 25 new memberships have been added to the growing list, topping last week when 20 new members were added.

Tops in sales this week were Raymond Hamilton and E. S. Monroe. Coming in with a close second were two seperate teams: Johnny McKinney and Melvin Headley in Clanton and P. F. Singley and Joe F. Cobb in the Thorsby-Jemison area.

Now is the time to see one of the teams in your area. If you are not paid up in your Chamber membership or if you have never belonged to the Chamber, you can serve yourself, your business and your community by joining up today!

There will be a meeting of the teams and publicity committee next Monday at the Dixie Cafe, 12:00 noon.

Membership Is $12.50 Per Unit—

Membership in the Chamber is $12.50 per unit and a business may purchase as many as four units, depending upon the size of the business and the number of employees. Several businesses in the County hold as many as four paid-up units for the 1963 year.

Jehovah's Witness Convention At Enterprise

Jehovah's Witnesses from the Clanton area will attend a three day circuit convention starting March 22 at Enterprise, Alabama it was announced this week.

The spring convention is sponsored by the Watchtower Bible and Tract Society of Brooklyn, New York, the world headquarters and governing body for Jehovah's witnesses.

In making the announcement, William Robinson, presiding minister of the Clanton congregation said, "The Enterprise convention will be attended by witnesses from central and south Alabama with the expected attendance of more than 600 delegates.

Preparations are under way in Enterprise to house the visiting ministers and their families."

Robinson said that the principal speaker for the meeting will be James A. Hinderer, district director of the Watchtower Society. He will speak on the subject "Who Will Win The Struggle For World Supremacy?" Sunday, March 24.

The program will have among other features a discourse on baptism, followed by an immersion service for new witnesses. The witnesses had a world-wide increase of more than 69,000 new ministers last year.

Robinson stressed that this is to be a family convention and delegates were invited to attend all sessions with their families.

4-H Report From Henry Adair School

Jeff Moore, the President opened the meeting. Mike Williams gave the devotional. The group sang "America" and then pledged allegiance to the flag of the United States and the 4-H flag. Mr. Bobby Futral discussed the different 4-H Club projects and gave pamphlets regarding tractors, after which the meeting adjourned.

Write Your Congressman--

THE following are excerpts from an editorial published in the Alabama Baptist newspaper. The importance of this article to the churches and church members of this community, regardless of demonination, is obvious. We thank Rev. M. G. Fields for contributing this information to us, so that we may further enlighten you of other opinions on this matter—THE EDITOR.

(Titles of the two articles referred to are: " Tax Proposals Would Injure Private Institutions" and ,'President Calls For Tax On Contributions" the second of which is written by Dr. J. R. White, pastor First Baptist Church, Montgomery, Ala.)

"President Kennedy in his tax message to Congress on January 24, 1963 called upon the Congress to pass legislation establishing 'a floor under itemized deductions of individuals'.

"He recommended that all such deductions including contributions to churches, religious and charitable organizations, colleges, hospitals and other non-profit organizations, as well as interest on home mortgages, personal loans and instalment purchases, taxes, medical expenses and other allowable deductions, be limited to those in excess of 5% of the taxpayer's adjusted gross income.

"This means that the first 5% of the taxpayer's 'net income' would be taxable before any deductions are allowed. The taxpayer would thus be required to pay Federal taxes on that portion of his contribution to the church, college hospital or charitable organization of his choice. This would discourage all such contributions and strike a damaging blow to the free church, the private college, the non-profit charitable organization in America.

"Back of this insidious suggestion is the ultimate plan to turn these necessary functions over to the state to put all charities under government control: nationalize education and to establish a tax supported state church.

"Write your Senators and Congressmen immediately and express your opposition to this recommendation by the President!"

Suggested Message: "Honorable Senator|Congressman: Please oppose President Kennedy's recommendation on limiting income tax deductions to those in excess of 5% of taxpayer's adjusted gross income. This would put a tax on church contributions.

Readers, Readers--

AND since we have a line or two here; we'd like to thank all those folks who subscribed to the News last week and the week before. We appreciate it. and we'll try and give you a good newspaper—one you will enjoy!

Strength For The Future--

IT is with great interest that we learn that Miss Judy Sharon Cox has been chosen the winner from Chilton County High School in the 1963 search for the American Homemaker of Tomorrow. In so doing, Miss Cox becomes eligible for one of the 102 scholarships with a total value of $110,000.

Having scored first in her school in the knowledge and attitude test on homemaking, her paper has been entered in competition with those of other state high school winners for state-wide honors.

The State Homemaker of Tomorrow will be named in the spring. She will receive a $1,500 scholarship from General Mills, sponsor of the program. Runners-up and others will receive similar awards. The national winner will receive a $5,000 scholarship. Some 410,466 girls from over 12,000 schools have participated in this program, this year.

This kind of program is encouraging, when it is evident that it is aimed at creating better homemakers for the future. The News is strongly in favor of teaching such basic and necessary ideas, and we are proud of Chilton's entry this year. We wish her lots of luck, and success right on through the big finals—everyone knows there's nothing like a Chilton County Homemaker!

"Mr. X" - Reflects--

IF you read the News last week (and we hope you wouldn't miss it a'tall) you saw a "Little Mr. X" on front page with Chilton's lovely Peach Queen and Alabama Maid of Cotton. He was buying a car tag from her. Well in the mail this week, we received the following communique: "I am Mr. X. I am 6 years old. I live in Thorsby. Ardie Folk" Ardie's folks are Mr. and Mrs. Arden R. Folk of Thorsby.

Ardie, we're sure glad we found out who you are. Thanks for notifying us. . . and thank your Mom for us, too: she was very helpful and very gracious.

Are You A Local Litterbug?--

DURING the month of February let us ask ourselves this question: "Am I A Litterbug?"

That is the recommendation of the Garden Club of Clanton as it solicits the support of all Chilton County citizens in their "Litterbug Campaign" during this month of February.

In their words: "Look at your home, yard, car, public highways, etc. There is always something each of us can do to enhance the appearance of our personal and public property. With the united efforts of everyone to concentrate on a clean-up campaign in our city and the County, the results will be enjoyed by all."

Those Who Do It - Won't Read It

WE are getting to be somewhat of an authority on direction and roads to the left and to the right in Chilton County. We make a hobby, so to speak, out of following roads we don't recognize, or have never been on before. It's a lot of fun on a family outing. The point we were going to make however, was somewhat of a different nature than having fun.

In any direction you take from Clanton you will find an area which has been chosen by the local inhabitants to deposit garbage and trasr—a sort of neighborhood or community dump or rubbish heap! The only thing is, nobody caretakes it, and it doesn't disappear—it is just an unsightly blot on an otherwise lovely landscape and community. The residents in these areas who do not practice this "trashy" habit should get together and do something about it. It would certainly help the looks—and possibly the health—of their community.

Report from Washington

BY

ARMISTEAD SELDEN

Congressman, Sixth District

Even with the mounting concern in Washington over increased Communist activity in the Americas, a rumble once again is heard on Capitol Hill to abolish or curb the powers of the House Un-American Activities Committee by cutting its appropriation.

The renewed oral brickbats and negative votes thrown at one of the most successful vehicles Congress has in its fight against internal Communist subversion are not new. Opposition to the committee has existed intermittently since the group became a stanling committee in 1945 for the purpose of investigating un-American propaganda.

Public recognition of the threat of Communist subversion and infiltration has been sharpened by the existence of a Soviet military and propaganda fortress 90 miles from our shores daily pumping the venom of communism not only into the countries of Latin America, but into the United States as well.

Keeps Constant Check—

To keep a continuous check on fifth column infiltration and conspiracy in this country, the House Un-American Activities Committee is doing a creditable job. Indeed, at present the committee is one of the best Congressional tools we have to "make out" Communists and fellow-travelers, and of keeping a vigilant surveillance over Red methods of propaganda and tyranny in the U. S.

Two of the strongest legislative restrictions on Communist Party activities in the U. S. came from recommendations of this committee. Also, the group has contributed much to the understanding by the American people of the character, purpose and extent of international communism and its threat to our national security.

The Un-American Activities Committee plays a necessary role in our ever increasing battle against the internal enemies of our way of life. My efforts will be directed towards retaining this committee and supplying it with the appropriations necessary to carry on its vital work.

UN Aid To Cuba—

The announcement made last week that the United Nations plans to give economic aid to the Castro regime constitutes flagrant contempt for the Inter-American policy of economic sanction against Castro laid down at the Punta del Este conference, which I attended.

Aid to Cuba by the UN will undermine and nullify the policies of the Organization of American States, the hemispheric organization through which we have obtained multi-lateral support in fighting Castro-Communism's threat to our hemisphere.

There has been much talk in recent months concerning the United Nations venturing into policy areas where it does not belong. This is just such an instance. I beileve that the U. S should seriously reappraise our financial role in supporting UN policies which run contrary to our own solemn hemispheric commitments.

Drought Aid Okayed—

Most Alabama farmers in counties stricken by severe drought and bitter cold may now receive a 50 per cent rate reduction to transport hay and cotton seed hulls.

Following authorization by the Interstate Commerce Commission, all major railroads serving Alabama have agreed to reduce their rates in order to aid Alabama cattlemen who are in urgent need of livestock feed. Your local ASC office can make all details of this program available to you.

In the past weeks, I have been in constant contact with railroad officials—as well as officials of the Department of Agriculture and the state of Alabama—seeking the rail rate reduction, and I am pleased that our efforts have been successful.

Thomas Jefferson Protested--

THOMAS Jefferson freely expressed his concern over the dangers he saw in some of the ways the U. S. Supreme Court performed in his day.

Jefferson considered it urgently important to check "unconstitutional invasions of state rights by the federal judiciary." By what means? Jefferson himself asked the question and stated in answer: "Not by impeachment, in the first instance, but by a strong protestation to both houses of Congress that such and such doctrines, advanced by the Supreme Court, are contrary to the Constitution."

In other words citizen: if you do not protest doctrines which you believe to be contrary to our Constitution, then you get what you deserve, and vice versa! Speak up!

YOUR HEALTH

ACCIDENTS

One out of every four persons in this country annually suffers injury that requires medical attention or curtails activity for a day or more. This means that 45,000,000 people ae injured every year. The injury rate for males is 300 per 1,000 population and slightly more than 200 for females.

Of the 255 persons per 1,000 population recorded as injured, 27 per 1,000 have had motor vehicle accidents, 46 injured at work, 107 injured at home and 73 are on the injury list from other causes. The other causes have resulted principally in accidents that occur in public places such as schools, recreation centers, stores and offices. Remaining are two persons per 1,000 population in accidents classified as cause unknown.

Nearly half of all injuries occur in the home or on home premises. In the sum total of persons injured annually, one out of four has had a fall. Persons fall on the stairs, on the steps, on the floor and from a height.

Among females, more than half of injuries occur at home; and among males, about a third of injuries occur at home. Records show injuries at home amount to the highest number among children, and somewhat less among people 65 years of age or older. Of the persons injured every year, approximately eight out of ten require medical care. Fir the remaining two out of ten, the consequences of injury are probably nothing more serious than a short restriction of activity.

SOME people are horrified at the prospect of losing their natural teeth or their natural hair; but it doesn't seem to bother them one iota that, due to their actions—or lack of it—future generations may lose their natural color!

THEN there were three. . . two nice fellows came by to see us Monday, and we talked a good little bit about Southern Bell and about Tucker-Wayne which is the advertising agency which handles Southern Bell's advertising in the Chilton County News. Then we talked about Lee M. Comer, local manager for Southern Bell. Then, when we had old Lee talked to pieces, we talked about the Press Association Convention which takes place in Montgomery this weekend. When three fellows get to talking about such things as this, there are bound to be some good, solid, constructive, revolutionary ideas sift out. Wonder what some of 'em are?

—O'—

A FELLOW we know, who by the way, is a mighty nice newcomer to this area, told us the other day that he had never (before he came to live with us) met a person from Chilton County that he did not like, and that wasn't friendly and helpful.

Now he knows why we claim all that Southern Hospitality and friendliness—it's a natchul' born trait we have. And the important thing is, the folks around these parts, by and large, work at cultivating this instinct.

Being nice to folks has it's rewards--sometimes you get kicked around and taken advantage of—but in the long run, it is well worth the effort it takes. As a matter of fact, we recommend it as a permanent diet—it sure makes things taste better!

TOPS in sales in the "225 Drive" for membership in the Chilton County Chamber of Commerce last week are Raymond Hamilton and E. S. Monroe with eight new units of membership. Tying for second place last week are Johnny McKinney and teammate Melvin Headley; and in the Thorsby-Jemison area P. F. Singley and Joe F. Cobb with seven each.

Last week's total number of new units sold was well over the week before's total of 20 new units. The Drive for 225 is Alive! Keep up the good work fellows—the more people represented, the better chance everyone has of knowing what is going on in the Chilton County Chamber of Commerce. We predict that 1963 will mark a milestone of progress for the C of C. What do you think?

Library Board Thanks County Governing Body

Judge J. C. White
& Members of Chilton County
Board of Revenue & Control,
Clanton, Alabama

Dear Judge White,

"We, the members of the Chilton County Library Board, would like to express our thanks to you and members of Chilton County Board of Revenue and Control for the action taken to assure our county of a continuing library program through the years to come.

Since each member of our board was asked to serve by our county governing body, we have made every effort to get our library program in good shape to provide service to our communities, schools, and citizens. It has been so heart warming to see the response to our service. Approximately 10,000 volumes are used in our county each month. This is indicative of the need. The leaders have been most cooperative in each community also.

Your approval is certainly a step of progress for our County. The knowledge gained through books by our citizens will be repaid many times in years to come. With Regional Headquarters here, our county will have ready access to all the many volumes at any time.

Our library board appreciates the opportunity to lend a hand being of service to our community.

Thanking you again for your splendid cooperation.

Sincerely,
Morris Moatts, Chrmn.
Chilton Co. Library Bd.
Members: Mrs. Leo Langston
Mrs. Hugh Champion
Mrs. Ed Clapp
Mrs. Raymond Giles.

Judge Writes On Endorsement Of Library Service

"I'm grateful to the Chilton County Board of Revenue and Control for endorsing my recommendation that was made to the Board on Monday February 11th that they include the necessary funds in our 1963-64 Budget on October 1, 1963 to keep the Regional Library Service in operation.

I feel that the service now being rendered to our schools and all people throughout Chilton County should be continued. As most of you know the Mobile Library Service has been on trial for the past year. It appears from the records to have been received whole-heartedly by many hundreds of our school children, parents and book readers throughout the County.

I'm sure all of us are aware of the fact that good book help to make good citizens. There has always been an urgent need for more library service in every community throughout our County. I feel that the educational and recreational needs of our people through the reading of good books should be aided and encouraged in every way possible.

The Regional Library now has available 13,000 books that are available through the Mobile Library to every child and adult in our County and since the date of its first operation 51,553 books have been used.

"Again, may I thank the Board for their support of this most worthwhile service to our people.

Your friend,
J. C. White.

BUILDERS

The local Kiwanis Club held its regular weekly meeting at the Dixie Cafe Thursday night. Attendance was good considering the weather and so forth.

The program was under the direction of the Boys and Girls Committee with Charlie Patterson as chairman of this committee. Guests present at this meeting were Dan Mims and Mrs. Martha Radford, representing the Alabama Extension Service, and Larry Fullen and Sherry Wyatt, representing the 4-H activities of the County.

Larry presented the story of 4-H to the group after which Mr. Mims presented a film on 4-H work. Larry told us that only one half of the boys and girls enrolled in 4-H are from the farm now. Girls and boys from the urban areas are taking advantage of training offered.

Sherry talked about the new 4-H program and advised the group of a statewide fund drive coming up in March.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The question still pops up. Is government anti-business?

* * *

Many in Washington along with thousands all through the land think that government is actually anti-business.

* * *

There are others who take a differing position.

* * *

Their contention is that government is not actually anti-business. Rather, it is business-ignorant.

* * *

C. W. Harder

Both schools of thought found ample confirmation for their views in the hassle that led to new rulings on expense account deductions for income tax purposes.

* * *

And even despite fact a mighty roar caused bureaucrats to revise some of the more radical regulations, even in its present form, the regulations show either an enmity toward, or an ignorance of business.

* * *

Some bureaucrats seem to feel that if Mr. A. buys Mr. B. a lunch, then Mr. A. should immediately get an order from Mr. B. In a free competitive society this seldom happens.

* * *

Cultivation of contacts is a long process, and a never ending one. The major deals on business, whether it be the establishment of a new dealership or setting up a franchise arrangement are usually not hastily concluded.

* * *

Both parties in such arrangements usually talk to many people, and it is usually most necessary to sustain talks and contacts over a long period.

* * *

Because after all, business is still largely done by people with other people, and for a successful relationship in business, it is necessary to ascertain if there is an adequate degree of compatibility. This is not learned in discussions over a desk top.

* * *

Thus, business spends some money in entertaining to gain information, data, new ideas.

* * *

And in entertaining, business provides a substantial amount of employment for restaurant workers, entertainers, musicians, transportation workers.

* * *

Of course, enforcement of the new regulations will require the government hiring thousands more to carry on the witch hunts. And while the measly amounts they get for the government will not pay their salaries, to say nothing of the millions of dollars that will be lost in executive time in business answering questions, this is not considered.

* * *

Because in Washington nothing is more sacred than making big government bigger. And this viewpoint is shared by the two biggest threatening forces in government today. One is the clique dedicated to undermining American free enterprise to accellerate socialism in the nation. The other is the group who early in life got jobs with government for security, know nothing about business, and feel their future security depends on more and more people joining the government payroll. The picture is not pretty.

Local Red Cross Services Welcomed

From Korea to Alabama — Maine to the Middle East — wherever servicemen and women are stationed, they have a constant link with their families through the Red Cross.

Most times the servicemen are not permitted to return home in case of emergency without verfication from the Chilton County Red Cross Chapter.

This is why the lcoal chapter suggests families work through them in case of emergency before the serviceman is contacted.

In the space of a few hours the field director may have to inform a serviceman of serious illness in his family, help him with his application for military move, give necessary counseling, and provide funds for transportation expenses where necessary.

Back home in the OTHER end of the link — the Red Cross Chapter Home Service Worker - getting the facts and meeting family problems caused by the illness. Yes, the Red Cross is "always there" to help and do. It' a responsibility delegated to the Red Cross by the United States Congress. These messages cost the local chapter money, contributed by you.

In 1962 the Chilton County Red Cross contacted 152 servicemen throughout the world.

In 1962 the Chilton County Hospital used 317 pints of donated Red Cross blood at an expense to the Chilton County Red Cross of $317.00 or $1.00 per unit to process.

These are two of the services rendered by the Red Cross — locally. You will see the Red Cross in action at the river, in water and small craft safety services, disaster, first aid, nursing service and family assistance.

If you are called on as a worker this year during March your time will be well spent and if a volunteer worker calls on you for a donation remember it could be used for your comfort and convenience — Give Your Best!

Chilton County Farmers Repay Nearly $190,000 To U. S. Agency

In 1962 Chilton County farm families repaid nearly $190,000 in principal and interest on loans from the U. S. Farmers Home Administration, Isaac C. Byrd, County Supervisor of the agency - announced in Clanton today.

The amount repaid by Chilton County farmers in 1962 was twenty five percent more than the amount for the previous year.

Mr. Byrd said. "The record of Chilton County farm families using Farmers Home Administration credit proves once again that with adequate credit plus technical advice on farming problems, small farmers can operate successfully under modern agricultural conditions."

FAMILY FARMER NOT OBSOLETE—

"The family farmer is not obsolete, as some commentators charge. Given access to the best farming information available and capital to do a modern job of farming, he is and will remain the mainstay of the state's agricultural economy."

Mr. Byrd also reported that in 1962 his agency had its biggest year in history. Nationwide, Farmers Home Administration lending totaled $754 million, an increase if 17 percent over the amount for 1961 and 24 percent over the total for 1960.

A total of $381,000 in loans to Chilton County farm and other rural families were made by Farmers Home Administration during the year. This was the same as the amount for 1961 and thirty percent over the 1960 volume of loans.

Most Goes To 100 County Farmers—

Of the $381,000 loaned by Farmers Home Administration in Chilton County during 1962, $144,000 went to ninety farmers to buy equipment, livestock, fertilizer, pesticides, feed, tractor fuel and other supplies for farm and home.

Farm ownership loans totaling $49,000 were made to ten Chilton County farmers to buy, develop, or enlarge their farms and to refinance debts.

Rural housing loans totaling $188,000 went to Chilton County families to build or improve houses and service buildings on farms and in rural communities.

The Food and Agriculture Act of 1962, signed by President Kennedy in September, added a number of new loan authorizations to the Farmers Home Administration program of supervised credit in the County, Mr. Byrd reported.

Loans Broadened—

Farm operating and ownership loans were broadened to include the financing of recreational enterprises designed to help supplement farmers's incomes.

Small towns and associations of farmers and other rural residents now may also borrow funds to finance changes in land use, including development of recreational facilities.

Housing Act Helps

The Senior Citizens Housing Act of 1962 established a Farmers Home Administration program of loans to individuals, corporations and groups to build rental housing for the elderly in rural areas. Loans were also authorized to inlividuals over 62 to buy, build or renovate housing for themselves.

These new authorizations were in addition to a general modernization of Farmers Home Administration existing lending programs brought about by the Agriculture & Housing Acts of 1961.

All Farmers Home Administration loans are accompanied by technical advice on farm and financial management. Loans ore made only to applicants unable to obtain needed credit from conventional lenders.

DEAR 4-H JANES

I want to first express my appreciation to Sherry Wyatt and Larry Fullen of the Clanton Older Youth Club for doing such a fine job in presenting the 4-H at the Clanton Kiwanis Club meeting last Thursday, Thanks!

In my last article, I told you a little bit about the fashions for spring. Many of you have wondered about the most popular colors for the coming season. "Pretty and feminine" describes the spring colors. Softened and whitened, many have a chalky effect. Pure, sunny pastels are favorites; the palest are used as neutrals and in print backgrounds.

Yellow is easily the prima donna, it ranges from creamy tints to shades of butter, banana, daffodil, buttercup lemon twist to name a few. It is lovely in combinations with gray or golden brown.

Neutrals are as popular for spring as they were for fall. Creamy, off white tones are tops natural linen and parchment also stand high; yellow-influenced tones of sand, straw and caramel and a pale silvery gray are important. Soft "melted" brown shades look new. But the newest is willow, a grayed, watery green.

As always, navy is in the picture. Newer are the lavender cast blues such as hyacinth, periwinkle and French.

Spring pinks range from delicate petal and shell tints to deep strawberry and often appear in prints combined with the neutral willow green. Many are influenced by coral which itself is important in lucious tones of pink apricot, shrimp and Persian melon. And of course classic red is very much alive.

Pastel greens are touched by yellow, and the apple, mint and lettuce greens look fresh and cool. Balanced bluish jade adds a note of novelty.

In this season, with color rampant, dark brown and black accented with stark white play a sophisticated role.

Remember when thinking of colors for your wardrobe, wear only the colors which are becoming to you.

Your Assistant.

Big Soups Fill A Big Season

It's the BIG season—big, cold, big snow, big appetites, and big soups!

Those "Soups" are amazingly successful in taking the edge off the other "bigs". Hot soup is cheerful. It virtually steams congeniality.

Some of the most appetizing, chill-chasing soups can be created from the tiniest cans—like a can of vegetable dry soup mix. Just one of these flavor-packed 2 ounce cans will make more than three cups of soup.

Plan to serve this simmering welcome called Shanghai Bowl the next time you're having friends in for the evening. A late supper will be no trouble at all when centered about this hearty winter soup. The unusual additions of beef, shrimp, and a dash of saffron give it an exotic quality. Present the soup in a tureen accompanied by a tray of sliced Chinese cabbage, carrots, and cucumber strips, and some sesame seed wafers. Cheese pie and a choice of tea or coffee finish the meal.

Shanghai Bowl

¾ cup cubed cooked ham
1 tablespoon butter or margarine
3 cups water
1 can (2 ounces) vegetable dry soup mix
¾ cup cut-up cooked shrimp
1 teaspoon lemon juice
Dash saffron

In saucepan, brown ham in butter. Add water and soup mix. Partially cover; simmer 15 minutes, stirring now and then. Add remaining ingredients. Heat, stirring. Makes 3 to 4 servings.

Verbena HD Club Studies Care Of Flowers

Fourteen members of the Verbena Home Demonstration club met on Thursday, February 7, in the home of Mrs. Anna Mitchell with Mrs. Mary Turney as hostess.

Lead by the president, Mrs. Meroney, the meeting was opened with the reading of the Home Demonstration Club Woman's creed, followed by the scripture reading, Psalm 150:1-6, by Miss Annie Lamar.

The story of the hymn of the month was read by Mrs. Oscar Howard and the group accompanied by Mrs. Turney sang two verses of the hymn. The club collect was repeated in unison..

"The Care of Yard Flowers", was the subject for discussion and roll call was answered by each member giving a brief outline of her plans for changes in her flower garden. A call for the members contributions to the March o fDimes netted $10.75.

Two very splendid resolutions introduced by Miss Lamar, were adopted as projects for 1963 that each member secure a birth certificate and that each register to vote. Last year's project, Making layettes for needy families, proved so rewarding, to donors and recipients alike that it was decidede to continue this worthy project throughout 1963. The meeting was closed with the Mizpah.

During the social hour that followed, the recreation leader, Mrs. Richards, conducted a quiz game, testing the memories and powers of observation and concentration of the members, which created a lot of merriment.

A colorful Valentine theme was carried out in the delicious refreshments served by the hostess assisted by Mrs. Massey and Mrs. Rutland.

"George and Martha", a pair of dolls dressed by Mrs. Turney in handsome colonial period costumes were conspiciously displayed in honor of Washington's birthday.

Mrs. Ruby Hoyell invited the club members to meet with her on the first Thursday in March.

VERBENA WSCS MET WITH MRS. STROCK

The Verbena Methodist Womans Society of Christian Service met with Mrs. C. S. Strock, February 12. Mrs. Ben Frucci, co-hostess.

For the opening of the meeting the president read a poem, "The Demensions of Prayer".

A brief business session was held.

The devotional was given by Mrs. O. L. Howard on the subject, "He Is Mine."

The program was given by Mrs. Ben Frucci. Her topic, The Faith That Compels Me and Gods Promises.

The closing number was an accordion solo, Day Is Dying In The West, played by Mrs. Paul Higdon.

During the social hour a salad plate was served. We were glad to have Mrs. W. L. Newton from Chattanooga, Tenn., present.

The members present were mesdames: J. S. Williamson, Mary Turney, P. F. Mitchell, T. J. Mims, O. J. McGriff, O. L. Howard, Paul Higdon, Joe Gibson, D. I. Deramus, S. L. Gibson, Ben Frucci, C. S. Strock, O. E. Howard.

MAPLESVILLE 4-H CLUB MET, 8TH

The Fifth and Sixth Grade girls met February 8, 1963 in the Sixth Grade classroom.

Myra Rhodes, the president called the meeting to order.

Marilyn Latham, the vice-pres. had charge of the devotion and led the Club in the Pledge of Allegiance to the American flag and the 4-H Pledge.

Vicky Real and Susan Brown led the singing. Brenda Pate called the roll. Forty members were present.

The president turned tre meeting over to the Club leader, Mrs. Martha Radford, and she gave an interesting discussion on materials and sewing. She also reminded us of the Skirt and Apron Revue to be held in March.

Sandra Cox Celebrates Her 13th Birthday February 14th

An unusual party was given for Sandra Cox on the night of February 14th at the home of her parents, Mr. and Mrs. Cleo R. Cox. It was a "Wacky, Valentine Birthday Party" and every thing was carried out in an unique manner. The party rooms were decorated in the Valentine motif with signs to direct the activities.

A large tray of roasted peanuts was set up to be eaten between games. Much fun and merriment was created after broken hearts were matched, when the boys pinned large hair ribbons and tied sashes on the girls and in turn the girls pinned bow ties on the boys. When all were suitably dressed Jimmy Hayes led the group in singing Sipping Sider Through A Straw" as they sipped Apple juice.

The "Have A Heart" theme was carried out in a heart relay and in other ways.

For refreshments each boy had to choose a box tied with a bow and share the lunch with the girl whose name was inside. They were packed with party sandwiches, potato chips, corn curls asd Valentine cakes. Bottle cokes were served with the lunches.

When they finished eating, Sandra shared her excitement of opening her many lovely gifts, with her friends.

Those enjoying this fun party were Garla Snead, Janice Hardy Dixie Brooks, Donna Minor, Cindy Payton, Rebecca Langston, Joan Blalock, Kathy Goddard, Vickie DeVaughn, John Rockett Larry Bodden, Johnny McKee, Kirk Stokes, Landy Godbold, Ralph Crowe, Marshall Williams Charles Cunningham, Tim Bodey Jimmy Hayes, Mike Bennett, Jeff Biankenship, the honoree, Sandra and her sister Wanda Jeanne.

Mrs. Woodrow Rockett assisted Mrs. Cox.

Homemakers H. D. Club To Remember Golden-Agers

Mrs. Arnold Cox was hostess to the Homemakers Home Demonstration Club on Thursday, February 14.

Mrs. Raymond Cox presided in the absence of our president, Mrs. Arnold cox gave the devotional from Psalm 150 with Mrs. Mary Lee Cofer leading in prayer.

Mrs. Lawrence Davis gave the story of the hymn and read the hymn, "Sweet Hour of Prayer".

Pledge of allegiance to the U. S. flag was given by the group.

The minutes of the last meeting was read and approved. Roll call and treasurers report was given by Mrs. Grover Rich.

Each member who has a golden-ager in their family or has a neighbor wrote their name and birthday on a slip of paper and these were drawn by the various members to be remembered through this year with cards and gifts.

An offering for the March of Dimes were taken.

Mrs. Lane discussed the trip that the ladies of the various clubs will take later... . She also spoke on the cooking school and dress revue and the book mobile.

A very interesting demonstration was given on rooting rose cuttings. Three pots were set out that each club member will share when they have rooted. Arrangement of plants and colors were also discussed by Mrs. Charlie Sandlin and Mrs. Harvey Deason.

Delicious refreshments were served to 12 members one visitor and our County agent.

The March meeting will be at the home of Mrs. Charlie Gentry.

R. C. Williams Honored After 28 Years Of Service

Shell Company and Employees Attend Retirement Banquet

RETIRES AFTER 28 YEARS

AT a recent Banquet at Holiday Inn south of Clanton, R. C. Williams was honored for his service to the gasoline and oil industry in Chilton County during the past 23 years...

The affair was attended by all the Shell Oil Dealers and Distributors in a three county area, and awards were also given to three local men for 25 years of service with Shell in Chilton County.

R. C. (Carlos) Williams was born and reared in Chilton County. He is a Veteran of World War I.

He was employed by the Shell Oil Company in Birmingham, and in 1940 he moved back to Clanton as Shell Jobber for Chilton, Shelby and parts of Autauga Counties.

During World War II, R. C. was active as Chairman of Bond Drives in the County, Chairman of Red Cross Drives and Rubber Scrap Drives.

He has served as president and vice-president of the Clanton Country Club, Chamber of Commerce and Kiwanis Club. He was County chairman of the oil Jobbers and has been president and vice-president of the Ala. Petroluem Jobbers Association.

Not only has he served on the City Council for a period of eight years, but he also served as Chairman of the Industrial Board.

Active in the Methodist Church of Clanton, he has served as Supt. of the Sunday School, Chairman of the Board of Stewards, and president of his class the Wesley Fellowship Class. He took an active part in the Junior Board of Stewards when it was organized at the church and he also helped to organize--and later serve as president--the Men's Fellowship Club at the First Methodist Church.

He is now serving on the Board of Directors of the Peoples Savings Bank in Clanton.

R. C. is married to the former Myra Samuel of Birmingham and they have two lovely daughters: Lynn, who attends Auburn University and Faye, a student at Chilton County High School.

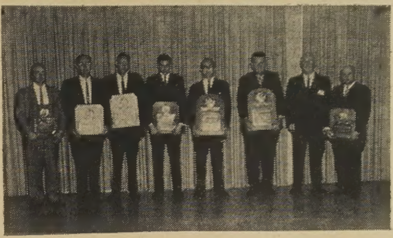
R. C. Williams has retired after 28 years of association with the Shell Oil Company. Willie Hayes and Dave Moore, former employees of Williams Oil Company, are now distributing Shell products as commission agents for the Company.

PICTURED here are Dave Moore, left, and Willie Hayes, both long time employees of Williams Oil Company in Clanton, who have taken over the reins and are operating the business as commission agents for the company. They have many friends in Chilton Countp who are wishing them every success in this new venture.

PICTURED here is R. C. Williams presenting three of his dealers with an Award of Merit for 25 years of service to Shell Oil Company in Chilton County.

They are C. E. Bowden, in South Clanton, who started his Shell dealership in an old streetcar and developed his business into one of the best in that part of the County. [illegible] then there is [illegible] Whitesides, also a 25 year man and "Skinny" Parker of Parker''s [illegible], with 25 years of service.

(News Photo By SCOTT)



[illegible] are the seven men who were awarded Shell Placques for outstanding service during the past 25 years. The awards were made at the Retirtement Banquet, given in honor of Mr. Williams, recently at the Clanton Holiday Inn.

ABOVE is a scene taken at the "Surprise" Retirement Party which was given for R. C. Williams, upon his recent retirement from "active duty" with the Shell Oil Company. Several of the men pictured [illegible] representatives of the Shell Oil Company and the others are dealers and distributors of Shell products in Chilton, Shelby and Autauga Counties.

NEWS OF—

REFUGE

We had a fine day last Sunday, with good attendance. However some were hindered because of sickness. Mrs. Lloyd Mims was back at church Sunday following surgery in a Selma hospital. Little Lenore Easterling was rather ill for a day or so last week, but is doing fine now. Little Reid Maddox was sick over the week end.

Our cottage prayer meetings, leading up to the simultaneous revival are being held in various homes in the community. The meeting next Wednesday night. February 27 will be held in the home of Mr. and Mrs. J. S. Easterling. Services will begin at 7 o'clock.

The families of Mr. and Mrs. A. N. Mims met with them last Sunday in celebration of his 70th birthday. All the children were present except their son Nathan, who was kept away because of illness of one of the children.

Mr. Preston Adams and his little son Ray was in a car wreck last Thursday near Concord church, both received rather painful injuries. They are in the Chilton County Hospital, but doing nicely.

Since the pastors house and phone numbers became a little entangled in the news lost week we are listing them again. The house number is 101 Norfield, and the phone number is 1754J.

At this writing the weather seems to be opening up somewhat and maybe sickness among our people will give way and we can again settle down to normal and our people will be on their way back to church. Our attendance was better last Sunday than it had been in several weeks.

We find in Ephesians, chapter 5 and verse 25, that "Jesus loved the church and gave himself for it." So, if we love the Lord, we will love the things that he loved. Again, he said in the sermon on the Mount: "Blessed are they that hunger and thirst after righteousness, for they shall be filled...'.'

NEWS OF—

Taking part on the program, Christian Witnessing were: Mrs Tom Cost, Mrs. Sam Woodley, Mrs. Lonnie Cobb and Mrs. Donald Jones. Mrs. Cora Ellison led in prayer for the missionaries serving at home and abroad who had birthdays that day.

The circle provided two sheet remembering a family that is sick.

The hostess served sweet potato pie with ice cream, coffee or cold drinks.

CIRCLE MEETING WITH MISS CLEMENTS

Monday afternoon, February 18, Miss Mary Clements was hostess to WMU Circle Two.

Mrs. Herman Shirley presented the program Christian Witnessing assisted by Mrs. B. C. Lenoir, Mrs. J. A. Peterson, Mrs. George Naish and Miss Clements. Scripture for witnessing was read.

From the love offering, a gift was sent to a member's mother.

The meeting closed with prayer.

The hostess and Mrs. Shirley served pound cake, apple sauce jello for a Valentine motif, candy hearts and coffee.

FORMER RESIDENT WINS HONORS

Mrs N. L. Self, Birmingham, daughter of Mrs. Martin Peterson, Jemison won top honors in the arrangement section at the 11th annual Camelia Show in Birmingham.

The theme of the section was Camelias in the Space Age.

Mrs. Self's entry was: Space Needle. She modeled her own tall ceramic containers shaped liked the base of the well known symbol. A single Rose Dawn Camelia was the focal point of the arrangement which featured yucca and begonia foilage.

Mrs. Self no doubt inherited a love of flowers from her mother who raised many varieties until her health failed.

Congratulations to Mrs. Self..

JUNIOR G. A.

The Junior G. A. met at the Baptist church, Friday, February 16 at 3 o'clock with Mrs. Louis Brasher counselor.

Jenny Bolton, vice president, called the meeting to order. Janelle Lenoir read the scripture. Mrs. Brasher led in prayer. The girls repeated the watchword. Star Ideals and pledge of allegiance.

The minutes were read, roll called and pledges paid. The girls seperated in groups to study Forward Steps.

Cokes and cookies were served by the counselor.

Worship Service 7:30
Wednesday night Prayer Service 7:00

Our attendance was good for Sunday school. We are very glad to see our attendance picking up. Rev. Forriester brought a very good message.

Rev. and Mrs. Forriester gave the Intermediates class a Sweetheart Banquet Saturday night. Miss Myra Chambers was queen of hearts and Mr. Crawford Dees was King of hearts. After refreshments they had some games. The Intermediate class wishes to thank Rev. and Mrs. Forriester for the banquet. The chaperones were Mrs. Basco Chambers and Mrs. Sybil Hazel.

Sunday guest of Miss Linda McMinn were Miss Kay Thornton and Miss Linda Ousley.

Mrs. Virgil Melton is in bed sick with the flu. We hope she will soon be up and feeling better.

Sunday guests of Mr. and Mrs. E. N. Lenoir were Miss Barbara Ousley and Miss Glenda Osborn.

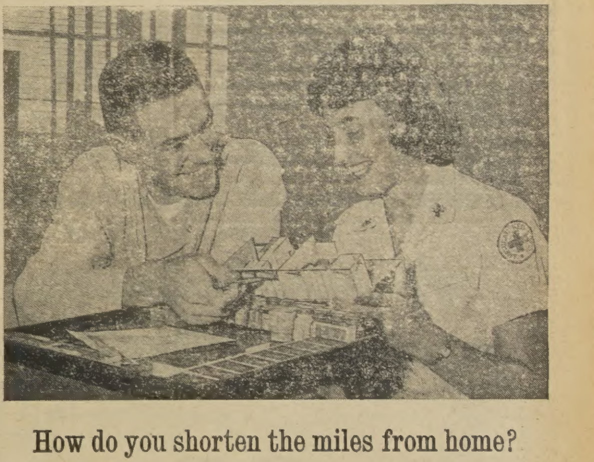
Rev. and Mrs. Forriester were Sunday guest of Mr. and Mrs. Welch Roebuck.

We were very glad to see Mr. and Mrs. Donald Chambers back in Sunday School Sunday. Their two little boys Mike and Todd have had chicken poxs.

Don't forget our prayer service Wednesday night at 7 o'clock with Choir practice following the service.

We hope that everyone will be much in prayer for our Spring Revival the last week in March.

Pray for the sick and shut ins in our community.



How do you shorten the miles from home?

To a lonely serviceman, separated from his loved ones, a peaceful "Stateside" barracks can seem as far from home as does a cold-war outpost halfway 'round the globe.

The actual distance doesn't really matter. What does matter is anything that will bring home a little closer, if only for a moment. And that's where the Red Cross comes in, helping shorten those miles from home. The Red Cross has been helping servicemen the world over for a hundred years . . . ever since Henri Dunant, founder of the Red Cross, inspired men and nations to write a new chapter in the history of human compassion . . . the Geneva Conventions.

Today, wherever U.S. servicemen and women are stationed, wherever their families live, Red Cross help is available to them when personal problems and family emergencies arise. And you are there, too, for it is *YOUR* help that the Red Cross carries around the world.

ALWAYS THERE...WITH YOUR HELP

Progress Report For Past 4 Years Of Board of Revenue & Control

In a report to the News this week, Judge of Probate J. C. White, speaking for the Board of Revenue and Control, said:

"Four years ago the Chilton County Board of Revenue and Control and I promised the people of Chilton County that we could build a new courthouse and jail with our present tax revenue without raising anyone's taxes. Also, that our road building program could be carried forward at the same time and that no other appropriations would be cut.

"We are fast fulfilling that promise," says Judge White, "in fact we are doing even more. For the past four years, we have built more roads and bridges than ever in the history of the county and the records will show that we are doing everything in our power to give each district its pro rata share of paved roads.

The following is a record of Chilton County paved roads completed, under construction, and approved for construction from January 1959 through 1963, as taken from the records of the highway department:

SAVING ON OFFICE SPACE

"I would like to further add," said the Probate Judge, "that we are saving the schools of Chilton County approximately $3,200.00 annually on space and utilities and the Pensions and Security Department is paying for their space in the new courthouse at the rate of $3,157.44 annually."

"Also," he said, "the County, for the first time on record, received $20,890.47 in interest on unencumbered bank deposits."

The Judge made it clear in his remarks that if you have any questions about these, or other projects concerning County funds, to contact him in his offices at County Courthouse.

Jemison Chapter Observes National FFA Week

VOCATIONAL Agriculture students in the Jemison High School are joining Future Farmers of America members throughout the nation in activities to focus attention on the importance of agriculture during National FFA Week, February 16-23.

The above photo is of the 1962-63 FFA Class at Jemison.

"AGRICULTURE — Vital To America" is this year's FFA Week theme. The farm boys will undertake a campaign to inform the general public about the importance of the agricultural industry to America, and of the numerous and wide variety of opportunities that exist in this field for young men who have a background of farm experience and training.

"We have such an abundance of food in America, that people are taking farmers for granted," said Mr. McGee Vocational Agriculture teacher and FFA Advisor. "Actually farming is our largest and most vital industry, and it is becoming increasingly important with our expanding population. In our area, particularly, most of the businesses, and most of the jobs, are basicly dependent upon surrounding farms for their existence. Take away the farms and for all practical purposes you would destroy the entire community."

Locally, members of the Jemison FFA Chapter plan to observe FFA Week by holding a chapter meeting and initiating the new members or the "Green-Hands". "We also plan to put several spots on the radio program concerning National FFA Week.

The Jemison FFA Chapter has 103 members. The Officers are as follows:

Royce Davis, President; Jerry Haynes, Vice-President; Donny Pierce, Secretary; Roger Littleton, Reporter; Larry Cobb, Treasurer; Jackie Hicks Sentinel.

The national Future Farmer organization has 383,000 members, with 9,000 local chapters in 50 states and Puerto Rico. Membership in Alabama totals just under 15,000.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although usually recognized as a Revolutionary War General and our first President, Washington's first love was the farm. He was one of the first in the nation to practice contour planting, crop rotations, fertilization; and other soil conservation and improvement methods.

During FFA Week February 16-23, the Jemison FFA Chapter and Mr. McGee, Vocational Teacher and Advisor, would like to invite each and every adult and young farmer in the Jemison School district to visit our school and school farm and take a look at our farm which we are trying to develop, look at our few registered Hereford Heifers, our very fine Angus Sears Roebuck bull now on full feed here on the school farm and our Hereford bull which is now in his second breeding season. We also have a new Ford tractor and have just made the last payment on it with the full equipment.

Mr. McGee states that if he or the department can be of service to any of you in any way, feel free to call on us.

Reporter, Roger Littleton
Advisor, R. M. McGee

Mr. Mims offered the following resolution for adoption which was duly seconded by Mr. Motley

BE IT RESOLVED: That the words reading, "November 1, 1962," Line 2, Page 516 of the Minutes of November 26, 1962, are hereby amended to read, "October 1, 1962."

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, The County Engineer informed the Board that he had employed Charlie L. Ellison, as Foreman, H. B. Hawkins as Operator, William A. Porter as Truck Driver, all effective January 14, 1963, Tommie Joe Jackson as Guard, effective January 21, 1963, and Marvin Martin, as Distributor Operator, when needed, al lsubject to the approval of the Board.

WHEREUPON, Mr. Cost offered the following resolution for adoption which was duly seconded by Mr. Motley:

BE IT RESOLVED: That the employment of the above named is hereby approved as recommended by the County Engineer.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Mims offered the following resolution for adoption which was duly seconded by Mr. Headley:

BE IT RESOLVED: That the employment of Edgar Leach as Guard, County Wide, to the job now held by Tomie Joe Jackson, is hereby recommended to the County Engineer until July 1, 1963, in order that he might qualify for Social Security benefits at age sixty-two.

The above stated reholution was rejected by Messrs. Headley and Mims voting "yes", Messrs Cost and Motley voting "no" and Judge White, Chairman, voting "no", and the Chairman declared the same rejected due to failure to receive a majority vote.

Mr. Motley offered the following preamble and resolution for adoption which was duly seconded by Mr. Mims:

WHEREAS, The Board of Revenue and Control of Chilton Cocnty, Alabama, is desirous of constructing by contract under the provisions of the "Farm to Market Road Act of 1943" sections of roads included in the Chilton County Road System, and described as follows: (1) Beginning at a point on FAS Route 178 at Teels Store and extending Easterly to Jumbo. (2). Beginning approximately one-half mile South of the South City Limits of Maplesville on Alabama Number 22 ond extending Southeasterly to Adams. (3). Beginnng at Oak Grove Southerly to Center Hill Church and North from Oak Grove to Highway 31.

NOW, THEREFORE, BE IT RESOLVED: That the Board of Revenue and Control of Chilton County enter into an agreement with the Highway Director of the State Highway Department, providing for the addition of the following described roads to the existing State Aid County Road System of Chilton County: (1). Beginning at Adams Church and extending Northwesterly for approximately 2.0 miles. (2). Beginning at Oak Grove Southerly to Center Hill Church and North from Oak Grove to Highway 31 (3.) Beginning at a point on FAS Route 178 at Teel's Store and extending Easterly to Jumbo, and

BE IT FURTHER RESOLVED: by the Board of Revenue and Control of Chilton County, that the State Highway Department and U. S. Bureau of Public Roads be notified of the opinion of the Board of Revenue and Control as to the roads that should be added to Federal Aid Secondary System and their imporance. The county roads which have already been recommended by the County for inclusion in Secondary Systems but not yet approved are as follows: (1). Beginning approximately one-half mile south of the city limits of Maplesville on Alabama Highway Number 22, and extending easterly to the Sardis Church paved road, approximately 5.5 miles. (2). Beginning at a point on FAS Route Number 693 approximately .2 mile north of U. S. Highway Number 82 and extending northeasterly to FAS Route 227 near New Cedron Church, approximately 5.0 miles. (3). Beginning at a point on FAS Route 1726 west of Bell Lane Church and extending northwesterly to a point on FAS Route 1727 north of Yellowleaf Creek, approximately 1.5 miles. (6). Beginning at a point on FAS Route 178 at Teel's Store and extending southeasterly to a point on FAS Route 225, approximately 7.0 miles.

The above stated preamble and resolution were adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, The County Engineer submitted Requisition Number 844 to the County Purchasing Agent, requisitioning one 1963 Galaxie "500" Town Sedan V-8, Thunderbird 390 — 4V Special V-8, cruise—o—matic transmission, power steering, and 800x14 white sidewall tires or one 1963 Impala 4 door Sedan 1869, 300 horsepower, automatic transmission, power steering, and white sidewall tires, less trade in of one 1960 Ford Sedan, and

WHEREUPON, The Circuit Clerk submitted the following requisition numbers to said agent, requisitioning the following items: Number 942 for one State Witness Certificate book and Number 945 for 5000 State Subpoenas, and

WHEREUPON, Mr. Cost offered the following resolution for adoption which was duly seconded by Mr. Motley:

BE IT RESOLVED: That the following bidders, having the lowest and best responsible bids, be and the same are hereby awarded the stated bids: Clanton Motors, Inc., in the amount of $1,526.83 for said new automobile, Roberts & Son, in the amount of $63.50 for said certificate book, and The Union-Banner, in the amount of $95.00 for said State Subpoenas.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Motley offered the following preamble and resolution for adoption which were duly seconded by Mr. Mims:

WHEREAS, On July 2, 1962, Paving Fund Warrant Number 7012, in the amount of $4.32, was issued in favor of Alvin's Welding Shop and as of this date vendor claims that said warrant has not been received by him and said warrant has not cleared through the bank which it was drawn upon.

NOW, THERESORE, BE IT RESOLVED: That the County Treasurer is hereby authorized and directed to issue a "Stop Payment Order" on above described warrant and issue a duplicate in place of described warrant.

The above stated preamble and resolution were adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

Mr. Motley offered the following preamble and resolution for adoption which were duly seconded by Mr. Cost:

WHEREAS, Judge White, Chairman of this Board, informed the members of the Board that a careful study and analysis of information furnished by the County Engineer of the County Wide Public Road System reveals the fact that the distribution of paved roads had gotten out of balance in proportion to the total road mileage in each district, and WHEREAS, Certain roads were removed from normal rotation schedule that were scheduled to be built last year, 1962, and postponed until some future date. It is now deemed proper and fair to all the taxpayers in Chilton County that those roads be programed and rescheduled to be done at the earliest possible date.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED: That the County Engineer is hereby authorized and directed to proceed immediately after completing the present project in District One, with the grading, basing and paving, numerically as listed below: (1). Durbin's Store-Sardis Church Road, 4.6 miles. (2), Autauga County Line East of Plantersville North, 3.9 miles. (3). Highway 22, one-half mile South of Maplesville, Southeasterly toward Adams Church, 1.5 miles. (4). Lomax-Bell Lane Church, 1.6 miles. (5). Martin Memorial Northerly, 2.2 miles. (6). Teel's Store near Mineral Springs Easterly to proposed Clanton-Wilsonville Road, 2.4 miles. (7). Oak Grove Southerly to Center Hill Church and North from Oak Grove to Highway 31, 2.6 miles. (8.) Maccdonia Church Road two miles West of Alabama 191 Southerly to Bibb County Line, 3.5 miles.

The above stated preamble and resolution were adopted by Messrs. Motley and Cost voting "Yes", Messrs. Headley and Mims voting "No", and the Chairman voting "Yes" and declared the resolution duly adopted.

Mr. Motley offered the following resolution for adoption which was duly seconded by Mr. Mims:

BE IT RESOLVED: There being no further business to come before the Board that said meeting recess until next regular Board meeting. .

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

I, Robert L. Fullen, Clerk of The Board of Revenue and Control of Chilton County, Alabama, hereby certify that the foregoing minutes of the proceedings of said Board meeting of January 28, 1963, were entered and recorded in this minute book, reproduced and a sufficient number of copies of some were placed in the office of the Probate Judge, a copy of same was posted in a conspicious place in the cocrthouse on the 5th. day of February, 1963, and a copy of same was furnished to the Chilton County News, a newspaper published in Chilton County, for publication.

Telephone Aid For Weary Taxpayer

To obtain quick and accurate Federal tax information, just pick up the telephone. George D. Patterson of the Internal Revenue Service announced today that he has expanded his office telephone service this year.

Special telephone lines are open from 8 A.M. to 4:45 P.M., Monday through Friday. There is little waiting except perhaps during the lunch hour when most calls come in.

Use of our telephone service helps both the taxpayers and the Revenue Service, he added. It is free from interruption and distraction and best of all the taxpayer doesn't have to wait in line to get his tax information.

West Virginia's Charleston is the focal point for a Magic Circle vacation bonanza motor trip, starting at the golden-domed, Italian Renaissance style Capitol. Here the State Museum's fascinating exhibits include delicate native crystal, a bullet-pierced moonshine still, and the trap Daniel Boone used to catch his "bar". Among Charleston's modern industrial plants is the world's largest axe factory.

Superb green mountain and valley vistas mark the "highway through the clouds"—the West Virginia Turnpike. Beckley draws visitors nationally to its Antique Show and to the mid-July Mountain State Folk Festival of square dances, home crafts and spelling bees.

Westward is Pinnacle Rock State Park, and Bramwell, noted for fine old homes. Dipping briefly into Virginia, there is a drive through an 11½-foot deep seam of the well-lighted Pocahontas exhibition coal mine. Bluefield calls itself "the air-conditioned city"; pretty girls serve free lemonade on the streets any day the temperature soars up to 90.

Return trip highlights are Organ Cave, named for its great white stalactite formations which produce musical notes when tapped; Lewisburg's revered Old Stone Presbyterian Church, which has been in continuous use since 1796; and Hawks Nest State Park for a spectacular panorama of New River Canyon, 585 feet below.

Two Wonderful Ways To Say Welcome

After a fast game of tennis on a warm afternoon, a shower and a light supper are most appreciated.

You can welcome your partners to the table by offering a choice of two frozen prepared main courses (each an individual portion) . . . meat loaf with tomato sauce and green beans, or beef with gravy and parsley potatoes. Or, for the turkey lovers in the crowd, heat some of the sliced turkey main courses. To heat 4 different main courses at one time, set the oven at 450° F. or hot, increasing heating time to about 40 minutes. All offer generous-size servings of meat . . . with gravy or sauce, and a vegetable.

An added touch to the meal is the big wooden salad bowl . . . overflowing with washed crisp greens, cucumber slices, and tomato wedges. Toss with your own special dressing.

Tennis players of all ages like something cool. Make dessert refreshing ice cream sodas. Serve in old-fashioned soda fountain glasses set in metal holders.

Some favorite combinations are:

a) vanilla ice cream and ginger ale
b) coffee ice cream and a cola-type beverage
c) vanilla ice cream and root beer
d) lime ice and ginger ale . . . sometimes called a "freeze"

Sippers of colorful plastic . . . available in variety stores . . . are fine for drinking and eating sodas.

CHILLED SOUP FOR COUNTRY AND CITY MENUS

The country gardener . . . or the city slicker . . . will find this chilled soup fun to make and a delight to eat. It's like bringing the garden into the soup tureen. Frozen condensed potato soup finds an excellent partner in fresh vegetables. Here's how you make Potato Vegetable Soup: In saucepan, combine 1 can (10¼ ounces) frozen condensed cream of potato soup, 1 soup can water, and ¼ teaspoon caraway seeds; heat until thawed, stirring now and then. Blend in ¼ cup sour cream, ½ cup shredded cabbage, 2 tablespoons shredded carrot, and 1 tablespoon chopped green pepper. Place in refrigerator for about 4 hours. If soup seems a little thick, thin to desired consistency with milk. Serve in chilled bowls. Makes 3 to 4 servings.

Near Enterprise--

Verbena youth Killed Friday

LAST Friday, at about 11:15 p.m., a 1961 automobile driven by 17 year old Robert (Bobby) Lane Thomas, ran off the road near Bethsalem Church, between Enterprise community and Billingsley, throwing the boy from the vehicle. Martin's ambulance rushed the victim to County Hospital and he died soon after arrival there.

Thomas was driving alone and no other vehicle was involved according to the report to the News. He was the son of James Edward Thomas and Margaret Patterson Thomas of Route 2, Verbena.

Obituary will be found elsewhere in this issue.

Ellen In Top 10; Jr. Miss Alabama Title

MISS ELLEN WRIGHT

Miss Ellen Wright, daughter of Mr. and Mrs.. Lawrence E. Wright of Clanton, was selected in the top ten of the 26 finalists in the Alabama Junior Miss Pageant which was concluded Thursday night, February 21 1963 at the Alabama Theatre in Birmingham. Miss Wright also had the honor of being one of the ten finalists to perform in the Junior Miss Production. She sang and performed "How Lovely To Be A Woman," from the musical hit "Bye, Bye, Birdie." For her outstanding beauty and talent, Miss Wright received a scholarship to Alabama College where she plans to major in speech and music.

The state Junior Miss Pageant was sponsored by the Birmingham News, Alabama Theatre Stations WAPI and WAPI-TV, Alabama Federation of Women's Clubs and the Alabama Junior Chamber of Commerce. Miss Wright was sponsored in the State Pageant by the Clanton Junior Chamber of Commerce.

Alabama Press Elects Officers; Three To "Hall Of Fame"

Herve Charest, Jr., editor and publisher of The Tallassee Tribune, is the 1963 president of Alabama Press Association, trade organization of weekly and daily newspapers in the state. He was elected at the ossociation's annual convention in Montgomery February 21-23, which was attended by more than 200 persons.

Other officers are Buford Boone, The Tuscaloosa News, first vice president; E. M. Howell, The Onlooker, Foley, second vice president; and Jones Giles, Tuscaloosa, secretary-manager.

J. Glenn Stanley, The Greenville Advocote, immediate past president, became chairman of the board of directors. Two members of the board, George Cox, Mobile Press Register, district one; and Bob Bryan, Times-Democrat, Cullman, district seven; were reelected. New members elected to the board are Ed Dannelly, Andalusia Star-News, named to fill the unexpired team of E. M. Howell, district two; Grahom McTeer, Lee County Bulletin, Auburn, district three; Ewell Reed, Arab Tribune, district five; and Victor Hanson II, Birmingham News, district nine.

The board of Alabama Newspaper Advertising Service, Inc., business affiliate of Alabama Press Association, was expanded from four to five members. Those elected to this board are J. C. Henderson, Alexander City Outlook; Steele McGrew, Limestone Democrat, and Alabama Courier, Athens; William Stewart, The Monroe Journal, Monroeville; Arthur P. Cook, The Sun Papers, Birmingham; and Ralph Callahan, Anniston Star.

Members of the APA board of directors are elected for two-year terms, the odd number districts being filled one year and the even number district the next. Directors beginning the second year of their term are Ralph Callahan, Anniston Star, district four; Jim Oakley, Sr., The Centreville Press, district six; and Luther Baker, The Florence Times and Tri-Cities Daily district eight.

Speakers at the APA convention included Gov.. George C. Wallace and Col. W. J. Clasby, chaplain, Maxwell Air Force Base, Montgomery.

The delegates passed a resolution commending Gov. Wallace for his announced intention to see that the records and proceedings of departments of the state government are made available to the news media of Alabama at all times.

Ed Crawford, director of University Relations at Auburn University, presented plaques to families of three prominent news paper men named to the Alabama Newspaper Hall of Honor. Receiving the plaques were Mrs. Tom Parish for her father, William Lee Gammell, (180-1954) editor and publisher of The Clayton Record; G. C. Thomason for Franklin Potts Glass, (1858-1934) editor and publisher of daily newspapers in Birmingham Montgomery and St. Louis; and Mrs. Grover Hall, Sr., for Grover Cleveland Hall, Sr., (1888-1941) editor of the Montgomery Advertiser.

100 Mark Hit By Chamber

Illness; Bad Weather Prompt 2-Week Extension

"THE Chilton County Chamber of Commerce has reached the half-way mark in its 1963 membership drive," reports Raymond Hamilton, membership committee chairman. This was good news to the hard working teams of Chamber of Commerce members who met at the Dixie Cafe this past Monday to report on the week's progress in getting new and active members for the organization. Top sales team for this past week was the Thorsby-Jemison area team composed of P. F. Singley and Joe Frank Cobb. During this past week they sold 14 new membership units to businesses in the Thorsby-Jemison area.

One hundred and one units have been received, reported Hamilton, approximately 25 other new units have been pledged.

Membership in the Chamber is may purchase as many as four units, depending upon the size of the business and the number of employees. Several businesses in the County hold as many as four paid-up units for the 1963 year.

IS YOUR NAME WRITTEN THERE?

Little Over 5 Thousand Re-Identified

Dear Voters:

THE Board of Registrars have just submitted to my office the names of all voters that have re-identified themselves through February 18th. 1963. This list reveals the fact that only 5,605 people have re-identified. The last qualified voters list as compiled in my office contained a total of 12,038 names so it appears from these figures that many of you have not re-identified. Now I would like to beg and urge you to attend to this matter at your earliest convenience as the law requires that everyone must re-identify before the next election.

The purpose of the re-identification law was not to dis-qualify any legal voter but to remove the names of all non-residents and persons deceased from the poll list.

Please do not re-identify more than one time but if you have not attended to this matter please meet the Board of Registrars on the First or Third Monday in each month or come by my office and any of my clerks or myself will be glad to re-identify you.

Yours truly;
J. C. White
Judge of Probate

Chilton's Progress Affects The Local Red Cross

CHILTON County is no longer able to sit still and let the fast traffic pass us by on U. S. 65. At the present time two minor construction projects of process are under way. The Holiday Inn Motel and Chilton County Hospital projects being constructed by a local contractor are in excess of $300.000. This type of progress in addition to the new roads are here to stay and good for all and income for the local citizens.

As our county progresses and our young men are stationed all over the world in the Armed Forces we find ourselves in greater need of help-help we are not able to offer ourselves. This is where the local Red Cross Chapter comes in to help in time of need and to collect blood for the hospitals and to communicate with our loved ones where ever they are. Due to this increase of use the Chilton County Red Cross has set a goal of $4,489.00 for this year. This amount is to be collected from the business houses, clubs, churches, you and I this March, 1963.

Some business houses and offices are asking the employees to contribute one-half of one day's pay.

This year when you are called on for a contribhtion by a neighbor of local Red Cross Chapter do your best.

A large number of Chilton County citizens will meet at the Nursing Home at 9 a.m. Tuesday, March 5, 1963 to make final plans for the 1963 Drive.

Fire Rips Through IGA Store; 75% Loss

EARLY Monday morning, sometime between 4:30 and 5:00 o'clock, a fire, believed to have been caused from a shortage in a cash register, gutted the West End IGA food store, leaving about 75 percent of the stock damaged and several pieces of equipment completely lost.

Owner, Grady Taylor, who was in the hospital recuperating from the flu at the time, said that they are getting to work to clean up the mess. "The loss to our stock," he said, "is so great that we are going to put in a complete new stock of goods through out the store."

Mr. Taylor said that he was putting the carpenters and painters to work immediately, his adjuster was in town working, and that he and his employees would begin working immediately to get back into business. "If we work hard we think we can be operating again by Monday." Mr. Taylor said.

There was quite a bit of water and smoke damage besides the fire. The blaze was reported by City Police officer Thornton, while making his morning rounds according to Police Chief Fosher.

Estimate of the damage in total dollars was unobtainable Wednesday.

Flu On Increase Here; Not Yet Epidemic

AT presstime Wednesday there were 52 patients in County Hospital according to Administrator Elmore, which is an increase over the past two weeks and the hospital is operating at near full capacity.

The increase is not all contributed to the influenda or upper respiratory infection. There are a number of upper respiratory cases in the hospital but the general condition of the County could not at this time, be considered an epidemic..

Mr. Elmore, the Administrator said the average daily admission and discharge is about eleven.

This month there was 20 births a below average.

The amount of surgery performed is increasing monthly and the two operating rooms are adequate at this time. The present amount of surgery and X-rays reported performed is far in excess of most hospitals this size in most other areas in the state.

Due to the present patient load and conditions, the Hospital Staff has requested the public to limit their visiting to the greatest extent possible and please do not bring children. The patients appreciate a card or flowers and the quiet conditions add greatly to the recovery of all the sick.

Attends State Farm Convention

Howard J. Maddox, agent in Clanton for the State Farm Insurance Companies, will attend the national convention of the State Farm agency force March 4-5-6 at the Americana Hotel in Miami, Fla.

Howard Maddox and his fellow agents and managers will meet with top executives of the State Farm companies during the three day business session.

An agent for State Farm for thirteen years, Howard Maddox has attended ten previous conventions. He lives at 404 Lakeview Heights and his office is located 314 North 7th. St... in Clanton.

Ratliff's Proud Of Grandson's Honors

DANNY Hoglund, grandson of Mr. ond Mrs. H. L. Ratliff of Maplesville, has been signally honored at the Central Florida Junior College, at Ocala, where he is a student. He is the son of the former Willie Dean Ratliff, who is a graduate of Isabella High School, Class of 1941.

The following is an account of Danny's achievements.--THE EDITOR.

Danny (Daniel) Hoglund, 19 son of Mr. and Mrs. Daniel Hoglund, of 305 Fuffner Ave.., will be remembered by dozens of readers as their "paper boy," for around six years, ending about seven years ago. Well, Danny is in his second year in Central Florida Junior College, at Ocala, his mother tells me, and looks forward to entering Florida State University, Tallahassee, in September. After that? Dental school!

Last year he was president of his freshman class. He also was voted the most popular boy on campus, thereby earning the cognomen 'of "Mr. Central.' Right now he is president of the student government organizotion, a position won after a whirlwind political campaign which he had been advised not to enter, by some of the other student politicians, of course Already he has learned that not all advisers are altruistic.

His brother, John, 15, is o Charleston Hiyh sophomore. His ambitions have not yet crystalized to the extent of Danny's.

The father of the two is a long time du Pont man.

Danny is a man of parts. He has been sent all over Florida as the representative of the college which, like most schools, wishes to make friends and influence people.

Obviously there is a future for this young man who began his battle with life by passing papers.

Concord PTA Meets Monday

THE Concord PTA will meet Monday night, March 4, at 7:00 O'clock at the school. All patrons and interested citizens are invited to attend this meeting.

Thorsby Banker Heads April Cancer Drive

RANDAL Marcus of Thorsby will serve as Chilton County chairman of the American Cancer Society's 1963 educational and fund raising crusade in April.

Announcement of his appointment and acceptance was made by Charles F. Grisham, of Birmingham, statewide chairman for the ACS Alabama Division.

"We are fortunate to have the high caliber of leadership which Mr. Marcus brings to this year's crusade," Grisham said. "I am certain that under his chairmanship, new records will be set in fund raising, and new goals will be attained in the educational phase of the campaign."

Thirty cents out of each dollar contributed in Alabama goes for research, 60 cents stays in the state for service to patients and educational work, and 10 cents is used for fund raising administration and purchase of educational materials.

Since 1945 the American Cancer Society has allocated $1,196,-500 for research at Alabama institutions.

Southern Research Institute is playing an important part in the American Cancer Society's all out fight against leukemia, which is the object of a $2,000,000 research program.

Mr. Marcus is employed as cashier at the Bank of Thorsby. He is a member and treasurer of the Collins Chapel Baptist Church. A native of Chilton County he attended Jemison High School. He is married to the former Thomasine Smitherman of Montevallo. They have one daughter.

Pancake Day's A'Coming!

ANNUAL Pancake Jamboree will be held at the First Methodist Church on Saturday, March 2nd, under the direction and auspices of the Methodist Men's Club. Serving will be from 5 a.m. to 6 p.m.. .

This event, which has grown to be one of the favorite of many citizens, is handled entirely by the Men of the Church. Everything from selling tickets to cooking pancakes and bacon is supervised by the menfolk.

Those who have enjoyed the Pancake Jamboree before say they wouldn't miss it for anything. You may get your ticket from any member of the Methodist Men's Club and you get "all you can eat for $1.00". Children will be served for 50c -- pay at the door.

Jim And Jesse Coming To Clanton

THE American Legion will sponsor Jim and Jesse along with the Virginia Boys at the Wadesonian Theatre, Saturday night at 7:30.

This will be a good program for the entire family. Drinks and refreshments will be on sale by the American Legion Ladies Auxiliary.

Advance tickets on sale at Ray's TV anl DeWitts cafe. Price will be 50c for students and $1.00 for adults. Come early for a good seat.

S. S. CLASS MET

The Sunday School Class of Mrs. Grover Rich had their class meeting at the home of Judy Cole last Wednesday afternoon, Feb. 20, 1963.

The meeting was called to order by the President Jane Cox who also gave the devotion. Both the old and new business was attended to. A matching game was played and delicious refreshments of cookies and cokes were enjoyed by all.

Those who had the pleasure of attending this meeting were: the teacher, Mrs. Grover Rich, along with the members of the class, Jane Cox, Jackie Fike Margaret Wood, Judy Cole and Rebecca Gwathney. .

Young Citizens In Action--

ALICE Todd of Hope Hull, Alabama, has been selected as one of six 4-H Club members who will present in coast-to-coast appearances the story of the nation's 2,300,000 4-H'ers.

Miss Todd and the other representatives are slated to arrive is Washington Saturday, March 2, for four days as good-will ambassadors in the nation's capital. Later in the week they will report 4-H accomplishments to business, agriculture and education leaders in New York and Los Angeles.

The three boys and three girls will open National 4-H Club Week while in Washington. The March 2-9 national observance theme is "Young Citizens in Action."

And on the home front, in Chilton County, the 4-H'ers under the guidance and supervision of Mr. William R. (Bobby) Futral and Mrs. Martha K. Radford, are set to go and make this the biggest 4-H Club year this County has ever seen. This newspaper has consistently sung the praises of the 4-H Club program as one of the moral backbone links to the future.

It is entirely possible that this work being done with the youth of our nation will be the salvation of civilization, as we have known it.

The News says "hurrah" for the "Young Citizens (of Chilton County) in Action" and it can be a forgone conclusion that this newspaper is behind the 4-H'ers 100 percent. Kids, your organization is most welcome in your community and we congratulate you now on all past and future efforts and accomplishments.

A Thorn In The Toe--

CASTRO and communism in Cuba is a very definite threat to the United States. A fifth grade child, knowing the basic situation, could ascertain as much without any difficulty. Yet, even our government officials bicker about "whether it is, or whether it aint"!

Now we certainly fear the wrath of God upon those who would judge their fellowman. And it is this same fear that prompts us to want to stop those who do not believe in God, from destroying everything He has built.

It is past time the pacifists and the do gooders stepped out of the way and let those speak who say: "The problem which Cuba (Castro and communism) present to the United States can only be solved by military action."

As painful as it may be for us to say it, why don't we get on with it?

The First 100--

CONGRATULATIONS to the men of the Chilton County Chamber of Commerce' "225 Drive" for membership. In the face of many adverse conditions, not in the least of these being inclement weather and sickness, these men, as of Monday, have sold more than one hundred units of membership in the C of C in less than a month. To some that may be little accomplished; but to those who really know, it is the beginning of a new era for Chilton County. We have never gone so far in this direction and the farther we go, the more it looks like the right track.

Those men working in Clanton, in the Thorsby-Jemison area and even in the Verbena area deserve the thanks of every citizen of this County.

There is no one thing that Chilton County needs—and can use—more, than an active, vibrant organization of business and professional men, who are willing and able to uphold and extend the economic progress of this community.

Our hat is off to the men of the Chamber of Commerce.

Can You Hear Spring? Listen!--

DID you know that you can hear Spring waking up? Spring is the season of the year that hibernates in the Winter and we have already heard the first faint sounds of its awakening.

If you want to hear, you must listen —and very quietly.

It's as though Spring didn't know we were listening; and in the still of a new day, just at daybreak, you can hear the sounds which unmistakeably tell you Spring is waking up.

Though the chill in the morning air assures you that Winter has not given up, the birds and animals tell you that they know it is time.

New life is showing its first signs all around you. The air is clear and clean; the wind has a faint but definite warmth about it. And the noises made by the birds and wildlife are sweet and cheerful and expectant. Spring is new life; and new life is hope.

"And to everything, there is a season. . ." God, in His wisdom, gives new hope.

Always Bragging--

A MAN, if he is a man, always proudly boasts of that manhood if he has fathered a child. And what man deserves to boast of such a thing? Which one of us had one thing to do with our 'ability' to become fathers? A father of children only deserves to 'boast' after he has raised those children to be worth something to humanity. And by that time, he is just wise enough to know that he was unfit for the job to start with. As the poet says, "only God can make a tree!"

What Is Loving?--

IT IS very strange that the cares and woes of the world are only complicated —seemingly endless—to adults! To a child, everything is simple, especially getting along with others—a very wonderful ability that seems to be lost somewhere between childhood and adulthood.

A child can tell you how to like, or love others. Or he can tell you exactly how and why to dislike someone; it's that simple to him. Adults try to be logical (sometimes) and to weigh opinions and analyze, and it is confusing to them.

We asked our three-year-old son who he loved. Since he was talking and playing with us, he said, "I love you!" Then we asked him what loving someone meant. He replied, very sure of himself: "It's just loving!" And then he said— because he thought we really didn't understand and he would help clear it up for us and ease our mind— "Everybody loves everybody!" And at that moment, to him, that was the absolute truth. I loved him, and he loved me. . . and what else mattered?.

And we say, "well, he's too innocent to understand; he will have to learn." How innocent is 'too innocent? And if he is too innocent; why did the Lord say we would have to be just like him before we could enter into his Kingdom?

It would seem that it is the adult who must backtrack and learn. If leaders of nations captured and possessed this boy's innocence—this simple truth of wisdom—what would we have? Brotherly love, perhaps?

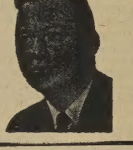
Report from Washington



BY

ARMISTEAD SELDEN

Congressman, Sixth District

The House Subcommittee on Inter-American Affairs, of which I am chairman, is now in the midst of the second week of hearings on the Kremlin's "Operation Subversion" plan for the communization of the Americos.

This week the subcommittee is hearing testimony from Director of Defense Depatment Intelligence Lt. Gen. Joseph F. Carroll, former Ambassador to the U. S. from Guatemala Col. Jose Luis Cruz-Salazar, and the U. S. Ambassador to the Organization of American States deLesseps S. Morrison.

In addition to the statements made by U. S. government officials, the subcommittee heard testimony last week from former prime minister of Cuba and now one of the leaders of the Cuban government-in-exile, Dr. Manuel deVarona. He went into great detail on ways the Kremlin has rolled the Iron Curtain of Communism to only 90 miles from our shores and is presently attempting--little by little, country by country--to unfold it over the entire Western Hemisphere.

Base for Subversion

Dr. deVarona said that although only an estimated 15 per cent of the Cuban people actually favor Castro, the Khrushchev puppet regime in Cuba is effectively using the island fortress as a base for Communist indoctrination, a training ground for subversion ,infiltration and terrorism.

Another witness-Assistant Secretary of State Edwin M. Martin told our subcommittee that Comusist activities in the Americans have not only been stepped up, but that major emphasis is now being placed on violence and terror. Secretary Martin said the export of Castro Communism throughout Latin America is now receiving greater amounts of material and financial support from Russia and Red bloc nations than was the case six months ago.

Central Intelligence Agency Director John McCone and the U. S. ambassadors to both Hati and Venezuela also testified last week on the extent and seriousness of the Cuba based penetration financed by Russian rubles to disrupt our hemispheric security and freedom. Their testimony was given in closed session but portions of it will be released at an early date.

The consensus of testimony of the witnesses heard thus far is that the Castro-Communist machine is working overtime in this hemisphere, especially since the October missile crisis, in its campaign to dominate the world.

Cuba—Bitter Lesson

We in the United States looked at Korea, at Loas, at Viet Nam and few thought it could happen in the Americas. But it has happened here, and the U. S. should have learned a bitter lesson from the Cuban experience.

The brazen Russian deception in Cuba should teach our nation that the road that leads from Moscow to Havana can also lead to Caracas, to Rio, to Buenos Aires, to Quito--indeed into the United States.

Our nation stood firm in Korea. We stand firm now in Berlin, in Viet Nam, in Laos. The hour is late, but we must now stand firm on the threat to the Americas, for it seems pointless to fight for freedom in Berlin or in the jungles of Viet Nam and not maintain freedom on our own side of the globe.

It is the intention of the Subcommittee on Inter-American Affairs to detect which roads the Communists are presently taking in their 'grand design' of subversion in this hemisphere, and to recommend road blocks to halt their progress.

Letter To Judge White And Board of Revenue

We, the members of the Clanton Public Library Board would like to express our appreciation to you and the other good members of the Chilton County Board of Revenue and Control for the action taken by you relative to the cintimnation of Public Library service in our County.

You have shown by this action that you are eager to spend our public money in the wisest way to serve the greatest need.. What better way could this have been done than by making books available to all our citizens.

As Chilton County goes forward to the more abundant life for all its citizens and future citizens your illustratious names will go down as the honorable leaders who made this noble beginning posible. Chilton County can never forget your forward reaching action and the fruits of your efforts will be realized in a higher standard of education and in improved reading habits by the majority of its citizens.

Again with all this momentous action and for your unselfish foresight.

Sincerely,

Mrs. Omar Reynolds, chairman of Clanton Public Library Board; Mrs. Charles Moore, member; Mrs. Clint Carlisle, member; Mrs. Joe Earl Cowan, member; and Mrs. A. M. Thornton, member.

Maplesville FHA News of Week

The Maplesville Chapter of the Future Homemakers of America met February 21, at one o'clock in the high school auditorium. The president, Carol Owens called the meeting to order with the opening ceremony. Brenda Ratliff, secretary, read a letter from the Talladega School for Deaf and Blinl, thanking us for our contribution. Linda Johnson, treasurer, gave the financial report and reported on the progress in the sale of men's socks to help make money to purchase furniture for the living room.

After the business, Mary Lee Lawley, vice president introduced the guest speaker, Rev. Robert Edge, pastor of Maplesville Baptist Church. Rev. Elge spoke to us on one of our national projects, "Marriage Calls For Preparation."

Carol Owens adjourned the meeting with the closing ceremony.

Our next meeting will be March 19. The guest will be Superintendent of Education Mr. Gordon Conway who will speak on another of our national projects "Stay In School."

YOUR HEALTH

STROKE VICTIM

A major illness that strikes one member of the family affects all members of the family - a stroke, for instance. Once the immediate threat to life has passed, there are problems as a result of necessary changes in the family living habits. Usually long-range and not easily resolved, the situation calls for family members to adapt themselves to new responsibilities and roles. Such changes are difficult for most people, sometimes producing conflict and resentment.

No matter how mature and considerate, it will take time for the family to adapt to the change On the other hand, an overprotection adds to the patient's feeling of total dependence which tends to delay or defeat rehabilitation.

A vital phase in the care of a patient who has had a stroke is to help him to stand on his own feet, not only physically but emotionally and socially. Encouragement and reassurance are needed as the patient begins rehabilitation activities. Progress must be a step by step achievement, each step within the ability of the patient. A sudden big step which may fail of attainment is likely to discourage the patient, for he has a decreased ability to withstand frustration.

Every person who has had a stroke needs to aspire to a state of personal independence. In this, the family is most important. In care of the patient with a stroke, he must be looked upon as an adult; rehabilitation must be maintained, and the goal of his personal independence ever kept in mind.

A Little Bit O' Tuck . . .

BY BOB TUCKER

OUR personal apologies to Mrs. Elland (she'll know who we mean) for failing to assist her in an effort of good will. We had the opportunity to be a part of her effort, and we muffed it. Mrs. Elland, we did, however, relay the message part of the deed to the intended party, and they were most grateful. Give us another chance sometime!

—O'—

JAMES Langston is the only man in Chilton County with a sun tan! You ask him why, the day you go into Firestone to see what you can see.

—O'—

HAVE you ever tried to sneeze while carrying a cup of hot Java in each hand? If you think its easy, ask old Doug Barton up at Stokes!

—O'—

TWO new medical doctors are coming to Clanton, and one of them is Dewey (Dr.) Foshee, an old-time Chilton Countian. We didn't know Dewey was a "sawbones" but we're glad he is coming back home to hang out his shingle, or whatever it is doctors do!

—O'—

THE butcher, the baker, the condlestick maker, and everybody in between is joining the Chitlon County Chamber of Commerce "225 Drive" for membership units. Don't be afraid to get in on it—it's just what the doctor ordered!

—O'—

AND speaking of the Doc again; he said he knew just a bunch of folks who had the flu—but he didn't want to spread it around!

VERY sorry indeed to learn of Mr. Grady Taylor's very bad luck out at West End IGA this week. He was burned out; and on top of that he was in the County Hospital at the time with the flu. And you thought you had problems!

—O'—

DOC Levine is having his store redone from stem to stern and top to bottom and knowing how you folks go for sales—we're going to talk him into having one. There's nothing like a good old Remodeling Sale to make you need remodeling.

—O'—

OUR News companion Buck Tucker was telling us of a Siamese cat he knows who has a habit of jumping up on the commode top when anyone is in primping in the mirror. The other day old Si jumped up on the top and the top was off! Wonder what x$*!O?!$z means in Siamese?

—O'—

OUR deepest sympathy to the family of Harvey Cleckler, local barber, who passed away suddenly last Sunday. He was good at his trade; which is about as much as you can say about anyone. Benjamin Franklin's tombstone reads: "Benjamin Franklin - Printer".

—O'—

OUR thanks to Jon Will Pitts, secretary for the Chamber of Commerce, for his assistance to us in publicizing the "225 Drive" which is now in its final stages. He is a very thorough fellow and we appreciate his help.

NEWS OF—

Samaria

Don Graham, Pastor

Our deacons have planned to meet Saturday night for the monthly deacons meeting. They will meet with their wives at 7:30. They have a lot to discuss and to decide on. They need your prayers.

The Young Married People had a banquet at the Dixie Cafe last Saturday night at 7:30. They had a wonderful time with a lot of food and talk. Everyone felt completely exhausted and thoroughly happy.

We have changed all our night services to 6:30. Note this change for Prayer Meeting and Training Union. Our Visitation Program will still be on Thursday night at 6:30. This will put the Sunday night worship service at 7:30 and Choir practice at 7:30.

Sunday before last, we had a record attendance of 132. We have truly been blessed in the past months and we will have to keep working just as hard and harder to keep this attendance. There was a great difference in our attendance last Sunday, though, because of the great amount of sickness in our community.

We want to invite you to visit our services any time.

Sweetheart Banquet

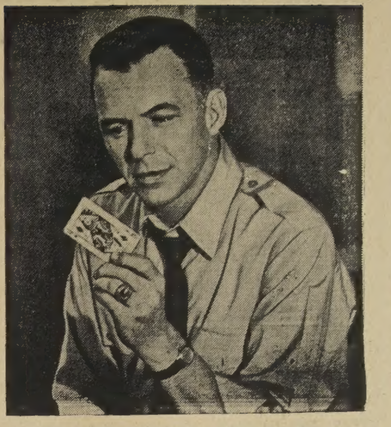
On February 16, the youth of Samaria Church had a Sweetheart banquet at Martin's Resturant at Jemison. We started our banquet at 7:00. The master of ceremonies, Arthur Duke, called our banquet to order and suceeded in acquainting everyone.

The decorations carried out the theme of Stairway to the Stars. There were many beautiful decorations.

The meal was served and everyone chattered during dinner. As a background, the group listened to soft music. Later the unmelodious Melodaries gave their rendition of Wolverton Mountain. There has never before been such an edition and we hope there will never be one to match it. The Melodaires were composed of Allen Ray, Training Union Dircetor, Pat Powell, President of the Young Married People's Class, Odis Sewell, Sunday School superintendent, Bill Kee, Intermediate teacher, and our pastor.

The height of the evening was the crowning of our King and Queen. These were selected by the Young People on the basis of the best Christian and their service daily. Glenda Cobb and Jimmy Glenn were crowned..

Our master of ceremonies did a chalk talk to set the scene for our speaker Jon Will Wyatt, to bring his message. Everyone completely enjoyed the evening and left with a joy an deagerness to live a better Christian life.



Frank Sinatra, Janet Leigh and Angela Fansbury in, "The Manchurian Candidate". There's never been anythisg like it! Starting Sunday, March 10th at the Clanton Drive-In Theatre.

NEWS OF—

Chestnut Creek

Rev. James Benefield, Pastor
Sunday School 10 A.M.
Worship Service 11 A.M.
Training Union 6 P.M.
Evening Worship 7 P.M.
Wednesday Prayer meeting at 6:30 P.M.

Our Sunday School attendance was 69. After reading Romans 12 verses 17 to 21 Bro. Benefield preached a fine sermon, The Nature of Christian Love, Part 1."

Training Union attendance was 60 and there were 30 daily Bible readers. Our Sunday night sermon "The Nature of Christian Love, Part 2' was based on 1st Corinthians, Chapter 13.

We would like to express our deepest sympathy to the family and friends of Bobby Thomas, who was laid to rest here at 2 p.m. Sunday, 24th.

Deacons will have their regular monthly meeting Friday night at 6:30.

The Youth Rally will be at Chestnut Creek, March 9.

Please remember in prayer all the sick and snut-ins.

MACEDONIA NEWS

Pastor Rev. C. P. Davis
Sunday School 10:00
Worship Service 11:00
Training Union 6:30
Worship Service 7:30
Wednesday night Prayer Services 6:30.

Bro. Davis brought two wonderful messages Sunday and Sunday night. Our attendance was good at both services. Lets all be back Sunday and bring some one with us.

We were glad to have Bro. and Mrs. Grady Williams to worship with us Sunday night. We welcomed all visitors to come and worship with us.

Mr. Hoyt and Miss Mariah Freeman's visitors during the week were Mr. and Mrs. Eddie Childress, Mr. and Mrs. Charles Allen and Ludie; Mrs. Briggs Gibson and Timmy. Mr. Hoyt and Miss Mariah Freeman visited Mr. and Mrs. Stanley Hayes, Mr. A. L. Brown, Miss Nellie Brown and Mrs. Nettie Dixon in Maplesville Sunday.

Mrs. Era Rasbery and Mrs. Nolia Easterling visited a few days last week in Selma with Mrs. L. W. Felts. .

Saturday visitors of Mr. and Mrs. Pratt Crumpton were Mr. and Mrs. J. N. Crumpton.

Visiting Mr. and Mrs. Morgan Davenport Sunday afternoon were Mr. and Mrs. Prat Crumpton; Mr. and Mrs. M. Z. Atchison and Mrs. Ethel Smith

Mr. and Mrs. Woodie Rasberry Sunday guests were Mr. and Mrs. Harvey Glasscock, Dot Smith, Carolyn Giles, Mr. and Mrs. Elbert Church and Nelda Rasberry.

BIRMINGHAM:
ANOTHER LITTLE ROCK?
Birmingham, says one local newsman, could wind up making Little Rock "look like a church social." In this week's Saturday Evening Post, you'll learn what's ahead for the troubled city. How much depends on the outcome of next week's mayoralty election. And whether Alabama is getting a fair shake in the northern newspapers.

JEMISON NEWS

By Mrs. George Naish

Many will be pleased to know that the Mobile Library Service has been placed on a permanent basis. It was endorsed by Judge White and the Board of Revenue and Control and the necessary funds for this have been placed in the 1963-64 budget.

Many points in the County are reached, hundreds of children, their parents and book readers will have the privilege of securing the best reading material.

An added feature in the Clanton Library is a special place for objects of historical nature anyone may loan to be placed on exhibit; relics, photographs and manuscripts that would be of interest in the County. If you have any of these, contact Mrs. B. E. Reeves, Clanton librarian.

Active in the Library Service were several organization in Clanton and members of the local board in Jemison.

School News

Friday night, February 15, the second annual Miss JHS contest was held in the auditorium. Roger Davis was master of ceremonies. The 29 girls participating in evening dresses were judged on beauty, poise and personality.

As the names were called and the names of their sponsor given, the girls walked across the stage, decorated in Valentine and cupids; then they walked down the ramp and passed before the judges, who selected the top ten.

While the judges were making their decisions the audience was entertained by Shirley Glass singing, "My Happiness" and a tap dance by Veronica Harrell and Donna McNeill.

The top ten: Nell Champion, Karen McGee, Judy Hayes, Karen Kentry, Carolyn Giles, Sandra Rogers Janice Smith, Barbara Dunaway, Elaine Peters and Wanda Nelson.

These girls were presented and the judges were asked to select the top five. At this time the audience enjoyed a Spanish dance by Judy Garner and 2 songs by the FHA quartet.

The top five: Karen Gentry, Karen McGee, Sandra Rogers, Barbara Dunaway and Elaine Peters. .

During the time the judges were making a final decision, Patricia Vines played a piano solo, the FFA sang three songs.

The final announcement: Miss Sandra Rogers, Miss JHS; Elaine Peters, 1st Alternate; Karen McGee 2nd Alternate. Miss Rogers was crowned by Ann Horton, Miss JHS of 1962.

Miss Rogers was presented a dozen red roses and a charm bracelet.

March of Dimes: Mrs. Broadhead's room presented the school with the largest sum of money. Mrs. Hixie Easterling's room' was second. In high school, Mr. and Mrs. J. R. Ekblad, Miss Martha Norwood and Mrs. Martha Easterling turned in $25 each and will enjoy a half holiday with their students.

The total collection: $343.68

ALPHA DELTA KAPPA MET

The February meeting of Kappa chapter, Alpha Delta Kappa of Clanton Alabama was a seated tea given at the home of Mrs. Walter Haywood. The tea was given in honor of the retired teachers of Chilton County.

The guests were invited into the living room by Mrs. A. G. Littlejohn and Mrs. Russell Sutley. The coffee table held a beautiful arrangement of red carnations in a white milk glass bowl. Guests registered at a red heart shaped guest book.

Miss Elizabeth Barton president of the chapter asked the guests to be seated. She talked to them briefly on the aims and accomplishments of Alpha Delta Kappa. .. ..

The guests were then invited into the dining room by the hostess. The dining table was covered with a red linen table cloth. The centerpiece was a lovely arrangement of white asters and mums. Mrs. Herman LeCroy and Mrs. Winfred LeCroy served Russian tea. coffee and sandwiches, mints, nuts and candy. Each guest was given a favor in the shape of a red heart.

A number of guests and visitors called during the afternoon.

FAYE WILLIAMS IS SIXTEEN

Miss Faye Williams was honored Saturday evening when her parents, Mr. and Mrs. R. C. Williams entertained about seventy five members of the high school set at the Veteran's Club, commemorating Faye's sixteenth birthday which was February 22nd.. Novel hand made decorations were used in the entrance hall and over the lights in the ceiling. Hanging from the center of the room were three large pink glitter balls tied with a big satin bow. The club was attractively decorated in pink and white. A cheerful fire burned in the large fire place and on the mantle above were arrangements of magnolia leaves in pink urns, in the center was a large hand painted sign. "Happy Birthday, Faye." The refreshment table was covered with a pink and white stripe chintz cloth.. A seven branch crystal candelabra holding tall tapers, was entwined with pink carnations and fern. The crystal punch bowl was encircled with carnations and fern. Little party cakes embossed with "16" tasted nuts and potato chips were enjoyed. Dainty white napkins embossed in gold, "Happy Birthday, Faye" added to the attractiveness of the appointments. The honoree's sister, Lynn presided at the punch bowl. Faye was thrilled with her many lovely gifts and the large number of guests who enjoyed this delightful courtesy all wished her many more happy returns.

THORSBY NEWS

Thorsby Methodist Church

The official Board of the Methodist Church meets this Friday night, March 1, at 7:15 at the church. . There are several important items to be considered at this time and all members of the Board are urged to be present.

The WSCS meets Thursday afternoon, March 7, at 2:30 at the church. Mrs. Helen Smith and Mrs. John Jackson will be co-hostesses.

Many of our church family are sick at this time. Miss Ruth Primm is in Chilton County Hospital. Mr. Marion Smith and Miss Martha Smith are both ill with the flu, as is Hank Robinson. We hope for each one, and all the others in our community who are ill, a speedy recovery and we remember them in our prayers.

Church services next Sunday at the regular time. If you are looking for a church home in this community we extend a cordial invitaiton to all to come and worship with us at Thorsby Methodist.

Mrs. Vollie Littleton returned to her home Sunday. She was in Chilton County hospital for about a week glad she is better and can return to work soon.

Miss Ruth Primm, teacher at Thorsby Elementary School, is in Chilton County Hospital with flu. Mrs. R. H. Goodgame is also in County Hospital.

Mrs. Wilma Logan is in Jackson Hospital in Montgomery.

Mr. Tom Maddox is in Veterans Hospital in Montgomery.

Mrs. T. E. Baraham now has a "walker", and after a recent visit to her doctor in Birmingham, she tells us she is much better.

Mr. Jeff Hand Succumbs—

Mr. Jeff Hand died Saturday afternoon at the home of a son with whom he was living in Columbiana. Funeral services were held Monday at the Jemison Baptist Church with burial in Pine Hill Cemetery. Mr. Hand was a former resident of Chilton County.

Mrs. Ida Mims Is 88 Years Old—

Mrs. Ida Mims celebrated her 88th birthday very quietly on February 20th. She is getting very feeble, but enjoyed her many visitors who called and wished her a "Happy Birthday". She received a lot of nice gifts and many of her friends brought cakes and foods. We too, wish Aunt Ida many happy returns!

Litz - Martin Vows Exchanged—

The home of Mr. and Mrs. James Nelson of Thorsby, was the scene at 4:00 P.M. Thursday, February 14th, of the wedding of Miss Norma Gayle Litz, daughter of Mr. and Mrs. Keith Litz of Thorsby, and James Martin, son of Mrs. Clyde Martin and the late Leroy Martin, of Clanton.

Rev. Laney McReynolds performed the ceremony.

Miss Pamela Litz, sister of the bride, was the only attendant. Bobby Martin served his brother as best man.

The bride was given in marriage by her father. Her gown was of white Peau de Satin and she carried a Bible covered in white satin with bride's roses and a white orchid.

A reception was held in the dining room following the wedding. Mrs. Sam Bentley served the wedding cake and Mrs. Nelson poured the punch. The new couple are at home in Clanton following a brief wedding trip.

The home of Mr. and Mrs. Benny Thomas was destroyed by fire Saturday morning, February 16th. Only a few clothes of the family were saved, and a few pieces of furniture. They plan to rebuild on the same location.

On the following Monday a fire was detected in the basement of the home of Mr. and Mrs. Arthur Littelton. The fire was caught in time and very little damage was reported.

Mrs. Bertha Davenport was taken to County Hospital Saturday night.

Mr. and Mrs. Harry Benson have purchased the R. B. Mims farm and have moved here from Huntsville. They moved last Saturday. Glad to have the Benson's back home.

A-1c Ben Campbell and wife (nee Dorothy Maddox) have been visiting her mother, Mr. and Mrs. Tom Maddox for the past 10 days. They will leave on Thursday for London, England.

Mr. and Mrs. Ervin Pate and daughter Bebe Lynn spent the week-end in Montgomery with daughters, Mr. and Mrs. David Stroud and Mr. and Mrs. Raymond Brown.

Mrs. H. M. Carr and grandson of Birmingham spent last week with Mr. and Mrs. O. R. Pilgrim.

Miss Barbara Waldrop of Birmingham visited in Thorsby and Jemison the week-end.

Mr. and Mrs. Gean Partridge of Warren, Ohio attended the funeral of Harvey Cleckler on Tuesday, at Lime Springs.

Mrs. Mary Ann Benson Celebrates 97th Birthday—

Mrs. Mary Benson celebrated her 97th birthday Sunday at her home and the home of her daughter, Mr. and Mrs. Tom Strain. Children and grandchildren through five generations were there to bring happiness to the grandmother on this special day. Floral arrangements of white and yellow mums, carnations and snaps were used in her room and in the dining room.

A beautiful three-tiered cake was given her by her granddaughters, Mrs. Hazel Scruggs of Loxley and Mrs. Roy Johnson of Birmingham. She was showered with gifts from all and a bountiful lunch was served to all the guests.

Mr. and Mrs. J. D. Conway and Mrs. Elsie Sexton went to Sylacauga to view the body of Mr. Lawson Bryant and back by his home to visit his family for a while last Tuesday night.

Card of Thanks—

The family of Mrs. Effie Robinson wishes to thank the many friends in this vicinity, for food, flowers, words of sympathy, and any way you helped in our loss. May the Lord bless each of you, is our prayer.

NEWS OF—

REFUGE

We are grateful for the services over the last week end, but the attendance was off some. Maybe those who are on the sick list will soon be better and our church attendance will move forward. You will recall that next Sunday is regular preaching day, and we will be looking forward to having you and all the family. Visitors are always welcome, and we are expecting to have some next Sunday.

Our Wednesday night cottage prayer meetings are taking on more interest as we go along. The attendance last Wednesday night in the pastors home was excellent and the fellowship was wonderful. Somehow, we feel that our people are ready for a revival. We must conclude that the revival will have to begin in the heart of the believers and that the fire will have to break out on the inside. To make a long story short; any church can have a revival when they get ready for it. That is to say, when they meet the condition.

The cottage prayer meeting, this week, was to be held in the home of Mr. and Mrs. J. S. Easterling, but because of Mr. Easterling being in the Hospital, it was held in the home of Mr. and Mrs. Lloyd Mims. The meeting next week will be held in the home of Mr. and Mrs. John Mark Easterling. Others have also asked for the meeting in their home, but we will keep you posted as we go along.

Our revival will begin here on the fifth Sunday in March and will extend through the week with services at night only. The pastor will bring the messages. The services will begin at 7:15 o'clock.

Mr. Preston Adams and young son, Ray went home from the Chilton County Hospital last Sunday morning. They are doing fine.

We sympathize with the families of Mr. Harvey Lee Cleckler and Mr. John Mims who passed away recently.

Coast to Coast Tour Kicks Off 4-H Week

Alice Todd of Hope Hull, Ala., has been selected as one of six 4-H Club members who will present in coast to coast appearences the story of the nation's 2,300,000 4-H'ers.

Miss Todd and the other representatives are slated to arrive in Washington Saturday, March 2, for four days as good will ambassadors in the nation's capital. Later in the week they will report 4-H accomplishments to business, agriculture and education leaders in New York and Los Angeles.

The three boys and three girls will open National 4-H Club Week while in Washington. The March 2-9 national observance theme is "Young Citizens in Action..'.'

The Cooperative Extension Service selected the young reporters on th basis of their 4-H accomplishments. Miss Todd, 18, was a national 4-H leadership award winner in 1962.

The award provided a $400 scholarship which she is using at Alabama College. She is the only child of Mr. and Mrs. W. A. Todd, who live on a farm near Hope Hull.

During their stay in Washington as guests of Chicago's Conrad Hilton Hotel, the six 4-H'ers will formally present to several government officials the 1962 4-H Report to the Nation."

Highlightiny the trip will be presentation of two specially bound copies engraved to President John F. Kennedy and to Secretary of Agriculture Orville L. Freeman.

The trip caps eight years of 4-H membership for Miss Todd who says she enjoys junior leadership more than any other phase of 4-H. She has worked as a junior leader with more than 130 girls and helped start a 4-H Club in Montgomery County.

Since 1950 representatives have been chosen to formally present the national 4-H report to the public through personal appearances and the press, radio and television. Accomplishments of club members in 1962 include completion of more than 5 million projects.

The five 4-H'ers making the trip with Miss Todd are Fay Craig, 19, of Louisville, Miss., Veronica Vamosy; 20 of Stamford N. Y.; Tony Mellor, 20, of Elgin Ariz.; Larry Pressler, 20, of Humboldt, S. D. and Donald Weeks, 21, of Terre Haute, Ind.

A MILLION DOLLAR

CHALLENGE TO COTTON FARMERS

THE TOTAL COTTON CROP IN THE AREA SERVED BY THE FIRMS LISTED BELOW CAN VERY EASILY AMOUNT TO THE ABOVE FIGURE

PLANT or RELEASE

Or Lose your Cotton Acreage!

Under the 1963 regulation covering cotton allotments you must either Plant; Release or Plant and Release at least 75 percent of your alloted acreage or your allotment will be cut at least 50 percent for 1964. If you have not planted your cotton acreage in the past two years, you stand to losethis acreage unless it is planted in 1963.

Cotton Is Still Profitable:

A RECENT SURVEY BY THE PROGRESSIVE FARMER SHOWED THAT IN FARMS WHERE COTTON WAS GROWN IT PROVIDED THE HIGHEST PROFIT PER ACRE PER DOLLAR INVESTED! !

March 15th Is The Deadline For Releasing Your Acreage

Or Requesting Additional Acreage Thru Your County ASC Office.

If you do not plan to plant your cotton acreage this year then release it to your County ASC Committee so that your neighbor who wants to plant cotton may have this additional acreage. We urge your cooperation on this matter as this section can not afford to lose any more cotton acreage!

Flu Heavy In County; Peak Seems Evident

CASES of influena, and other illnesses bordering on the flu and respiratory ailments are taking their toll on school attendance and working days in Chilton County, but indications are that the spread of flu is tapering off some, as of Wednesday.

Reports from Chilton County High School stated that there were 47 absentees Wednesday, compared with 66 last Friday and Mr. S. E. Waters said, "It looks as if it has reached its peak as far as our school children are concerned, but we need a few more days to be certain." The highest number of absentees recently has been in the 80's, so it would seem that the flu is on its way out of Chilton County.

No report was available from Chilton County Hospital, and last week Mr. Elmore reported that the hospital was then operating at near capacity with 52 patients. Mr. Elmore was unavailable for comment Wednesday.

Many business establishments are being hit hard by illnesses and employee time out, but all of these cannot be directly attributed to Influenza. Everyone seems to be of the same opinion: "A few days of pretty weather will see quite a difference in the situation." Not it seems, it's up to the weatherman!

Book Study At Union Grove

The Union Grove Baptist Church WMU has invited the superintendent of missions, M. G. Fields, to meet with them Tuesday, March 12, 9:00 a.m. to 2:00 p.m.. at the Church building to teach the mission book titled, "The Chains Are Strong", and show the film strip titled, "Under Shadows of Steel." Brother Fields will also teach this book and show the film strip mentioned above, at the Oak Grove Baptist Church on Tuesday, March 19, 9:00 a.m. to 2:00 p.m. Time will be taken at the noon hour for sandwiches, drinks, and fellowship. Rev. T. R. Ricketts is pastor of the Union Grove Baptist Church, and Rev. Victor Davis is pastor at the Oak Grove Church. The pastor and WMU leaders of each of these churches extends a cordial invitation to the pastors and WMU's of the other churches to attend the mission study in their church on the above dates.

Local Band To March At Legion Convention

The Band Boosters Club met in the band room on Monday night at 7:30.

Mr. Woody Blalock, president presided. The Chilton County High School Band has been invited to play in the parade in New Orleans on September 8th when the American Legion will have their National Convention.

Plans were discussed for the trip. Mr. Lally Bates was present representing the American Legion and gave some interesting facts about the convention. There are to be only two bands from the state to go. The CCHS band is honored to get the invitation.

Minutes of the previous meeting was read by Mrs. Charles Patterson and approved. Mrs. E. G. Chism gave the treasurers report.

Mr. DeLoach, band director, announced that on Satudray, March 9, there would be nine school bands at the Chilton County High School to play for State try-outs. Our own band will be playing first at Nine o'clock on Saturday morning. Included in the nine bands will be Robert E. Lee band of Montgomery who will play at 3:30. They are rated one of the best bands of the State. If you would like to hear some good band music come out and support the band program.

March 15 Deadline For Planting Or Releasing Cotton

Cotton farmers in Chilton County were urged today by Rep. John Lewis Cates to plant their full cotton allotment in 1963 or release any cotton that will not be planted to the County ASC Committee.

Mr. Cates, vice chairman of the Legislative Cotton Study Committee said that his committee is cooperating with ASC officials and others who are interested in cotton in Alabama to do veerything possible to see that Alabama farmers fully utilize their cotton allotment. He said that the cotton industry is very important in the economy of the StSate and action of farmers in either planting or releasing their full allotment will go far toward maintaining cotton in its high position.

Mr. Cates pointed out that in the State as a whole only 88 percent of the cotton allotment was planted in 1962. In Chilton County only 76 percent was planted in 1962. According to Mr. Cates March 15, 1963 is the last date for farmers to reelase any cotton that will not be planted. He urged every cotton farmer to make his plans before that date in order that any cotton that will not be planted may be released to county committees and reallocated to other farms.

The Legislative Cotton Study Committee which is composed of nine members from all sections of the State was formed in 1957 for the purpose of helping preserve the cotton allotments for Alabama.

Roll Call Of Chamber Getting Impressive

The Chilton County Chamber of Commerce membership drive continues in full swing despite bad weather and illnesses. Raymond Hamilton, the Chamber's membership chairmen, reports that during the past week fifteen more membership units were placed, bringing the total for 1963 to 116 units. "This is the largest membership enrollment the Chamber of Commerce has had in many years," reported Hamilton. About ten years ago the membership committee was headed up by two ladies, Mrs. Essie Mae Wall and Mrs. Joe Jackson. That year they set a record for membership sales. "We hope to reach our 1963 quota of 225 units before the end of March," said Hamilton. With continued support such as the drive has received so far, the goal will be reached.

Memberships purchased and placed this past week are:

Pate's Garage of Jemison, Horsley White; Southeaster Broadcasting Co. (WKLF); Goodyear Store, Campbell White,; J. E. Easterling ,2; Williams Motels, 2; W. A. (Bing) LeCroy; Smokes Garage; Sanitary Barber Ship; Marion Wood; Central Alabama Gas. Co., Clanton Laundry.

Sixteen other units have pledged to join and their dues will be coming in this week.

If you have not yet joined the Chamber of Commerce and you want to see Chilton County grow industrially, commercially, and economically, mail your check to P. O. Box 66, Clanton, Ala., today. Dues are $12.50 per unit and you can subscribe for up to 4 units depending on the size of your business.

Little League To Meet

THE Little League will meet Friday night, March 8th, at the City Hall at 7:00 p.m. Very important meeting. . .

Youth Rally, Chestnut Creek This Saturday

THE monthly Associational Youth Rally will meet this Saturday night at the Chestnut Creek Baptist Church at 7:30. This movement is of course sponsored by the Association of Chilton County Baptist Churches seeking to lead the youth of this County to a consecrated Christian life. At our last rally the previous record attendance of 331 was broken when 431 were counted, and for these blessings we thank the Lord. Young people, get on the bandwagon for our Lord, and pledge now to dedicate your energies and time to this work.

There will be a team of five Missionary volunteers and students of Howard College to come and present a program centered around the theme of "So Send I You." Each of these students served this past summer with the Home Mission Board working in various mission points throughout the United States and gained a wealth of experience that they will share with us. Charlotte McGuire, who will be in charge of the group, served in New Mexico; Sammye Hughey served in Illinois; Nina Isley served in Oklahoma; Brice Graves served in Nevada and California and Layton Rogers also served in Illinois. This splendid group of young people will be completed with the singing of one of our very own, Olla Faye Pierce. The program from start to finish will be geared to awaken our youth to the call of God for their lives. Last call . . . last roundup . . . tell all your friends. Fellows bring your dates, girls, do likewise, and meet this Saturday night at the Chestnut Creek Baptist Church for a glorious meeting, together.

West End IGA Remodeled, To Open This Week End

ACCORDING to Grady Taylor, owner of the West End IGA food store, work is progressing nicely on the building, which was heavily damaged by fire on Monday, February 25th, and they are in hopes of opening for business by Friday or Saturday of this week.

"We are beginning to restock the shelves this afternoon," said Mr. Taylor late Wednesday, "and we think we will have the nicest store in Clanton when we get through."

The building has been repainted throughout and new flooring has been put in the front part of the building. Damage by the fire was very severe, estimated at several thousand dollars.

One Way To Tax Reform!

H-B Hit At Defects In JFK Tax Plan

WASHINGTON — Asserting that their tax rate reform program would substantially improve the national deficit-debt situation over the next five years two members of the House Ways and Means Committee see no such improvement resulting from the Administration's program.

"The Administration's program would cause substantial increase in deficits over the next couple of years with little prospect that the lost revenue would be recouped in this decade," said Representatives A. S. Herlong, Jr., (D.-Fla.) and Howard H. Baker (R.-Tenn.)

"By contrast," they added, "our program is based on a realistic expectation of full revenue compensation budget wise from the beginning."

Revenue Gain Seen

Their program would earn its way, Representatives Herlong and Baker insisted, because:

1. It would produce a gain in federal revenue resulting from accelerated economic growth, since the tax-drag on capital accumulation would be removed.

2. It would have a distinct restraining influence on the extent of federal spending in non-defense areas.

The Administration's program would not produce these results, they declared.

"The objection to the Administration's program is not what it does, but what it doesn't do-reform the steeply climbing scales of graduated (personal tax) rates," the legislators said.

"By contrast the foremost objective of our program is to flatten out the curve of graduation."

In a lengthy joint statement Representatives Herlong and Baker offered documentary evidence to show how their legislation was superior to the Administration's program in every area affecting national well-being.

High Velocity Growth

Under the Herlong-Baker bills every taxpayer would get at least a 25 per cent cut. The present rate spread of 20 to 91 per cent would be replaced by one of 15 to 42 per cent through annual reductions over a five year period. Corporate rates would be cut from 52 to 42 per cent.

"The dollars so released from taxation would become the high velocity growth dollars of this decade," they pointed out. "They would yield a magnificent return to the nation in economic progress, human betterment and revenues for the federal treasury.

"It is time for confidence in the inherent capacity of our free economy for growth. . It is our firm belief that the tax rate reform embodied in our program provides the open road to greater growth and more jobs; less government spending; smalled deficits and the quickest possible return to budget balance."

Mr. E. J. Grooms of Birmingham visited relatives in this community this week end.

Simultaneous Revivals Coming

It is a joy to announce that 37 Baptist Churches have agreed to cooperate with the Simultaneous Revivals in Chilton-Unity Association March 24-April 17, or the week before or week after. The publicity committee will advertise the churches participating with all the necessary information about the Revivals through the papers and radio beginning next week. Rev. Jerome Robinson is chairman.

CARD OF THANKS

The Chilton County Association for Retarded Children wishes to thank the Cane Creek Baptist Church for the donation which they recently made to the school. Your contribution is gratefully acknowledged and will be helpful in our program of helping the retarded children of this area.

CARD OF THANKS

"The only thing necessary for the triumph of Evil -- is that good men do nothing!"

To Much Time Spent "Collecting"--

IT behooves us as Americans, who have inherited so much, to reflect upon the responsibilities for which that plenty calls.

No man individually, or race of people ever had what we in America have without much responsibility in keeping it; and more important giving it to others: our neighbors and our children.

The people of America are confused. The majority of them do not understand the complexity of government and bureaus, etc. so they excuse themselves from that responsibility by saying, either to themselves or to others: "Oh somebody will take care of it; or it will take care of itself!"

This nation was not built; nor will it continue with things "taking care of themselves." It takes men, good men, willing to give their all--just as the soldier on the battlefield--to insure that those things in which we all believe, and which we all love, will be around for generations to come to enjoy, hourish and give to future generations.

What are you doing to insure responsible care of our ideals and inheritances?

Do you believe that a government check or subsidy to you, is as good, or takes the place of a good job, from which you can earn your own way for yourself and your family?

There is entirely too much importance being placed on leisure time and "pay" for which we do nothing in return except collect it. Let us never forget that we are, or should be, as the Lord made us, dependent upon one another, but most important, dependent upon ourselves and our own integrity and fortitude.

Foot In Mouth--

A FELLOW newspaperman had the audacity to proclaim that "silence usually was a sign of agreement or support." That's about the same as saving, "when a dog doesn't bark, he won't bite!"

Silence is usually a sign of complacence, and that's all!

What's Enthusiasm?--

"MERIT begets confidence — confidence begets enthusiasm — and enthusiasm conquers the world!"

Two debts we as individuals owe to our fellowman, from the time we are born, are enthusiasm to our employer; and cheerfulness to our associates. These two "obligations" have a way of paying tremendous dividends—in fact, we would say, they are about the best investment you can make!

Income Tax Refunds--

IF you are one of those lucky people expecting an Income Tax refund this year, here's something you should know about.

You can take your refund in United States Savings Bonds. The new tax forms provide a space for you to indicate your preference. With Savings Bonds your refund will be safe — even from you — and will earn a good return at a guaranteed rate. You might take your tax refund in safe, sure U. S. Savings Bonds.

Have You Noticed?--

IN the happenings that concern you, as a citizen, you are oft times too busy to pay much attention to the goings on in the various offices of state and county government. It is understandable, but not necessarily excusable.

For what good citizen can intelligently vote on, or express an opinion about something of which he knows very little.

And that's where we come in! The News, each week gives you a local column from Washington by Rep. Armistead Selden; and we are now puglishing weekly, a column by Alabama Attorney General Richmond Flowers. These two are just examples of what your "Alert Community Newspaper" makes efforts to do each week--keep you informed.

You also find the only local editorial page in Chilton County and surrounding area, which stands up openly for the good of this community. And their are numerous personal columns in the News each and every week which keep you informed about specific things, in which you may have a personal interest.

"Dear 4-H Janes" is a column written by Martha K. Radford, which is well-read throughout rural and suburban Chilton County. "A Little Bit O' Tuck" by the editor, keeps folks informed on small, but interesting items in the County. Personal columns are written by ladies all over Chilton County concerning the goings-on in their respective communities each week.

We have a weekly obituary column; a monthly marriage column and a weekly "Our New Babies" column, which pretty well keep you up on the vital statistics in the community.

Features, along with pictures are a part of our weekly format which entertain as well as inform. Legal notices, which tell you many things of importance, especially if you have a personal interest, are a part of the News. The County's business is given full and complete coverage in the News. And notices of coming events, as well as progress in clubs. churches always gets our special attention.

Mrs. Verna Bean, our Clanton correspondent, does a mighty fine job on Women's Affairs, club meetings, marriages, ladies sports, and many other various items of interest.

Local advertisers give to you each week, a variety of items and prices in their stores--we always recommend Trading At Home! And the classifieds add zest to the mixture of weekly news, and also give very good information or what there is to buy, sell, rent, or what have you.

All in all, the News is one of your best buys for only $3.00 a year. And your interest--through your subscription--is what keeps the newspaper independent, and helping the community to grow and prosper.

Learned Critics--

HOW it is, regardless of what he does, or to whom, that a man can be an "angel" when entering the Governor's office, and something considerably less than that upon leaving it, is a mystery to us! When he enters upon the threshold of the State's highest office, he can do no wrong, and everyone takes him at his word. When he relinquishes the chair, nobody takes his word for anything and everybody is an expert on criticizing his administration. We don't understand it, so we don't participate in it. Everyone, it would seem, is innocent until proven guilty except a few individuals who have had the dubious pleasure of serving their state as Governor.

The miles he puts on as Governor are, at first, "efforts in behalf of the people." Later on, they are "pleasure trips at the taxpayers' expense"! Any grey hairs that may be added to his mantle are at first "fighting for our rights" but they later become "the results too much high living and carousing around". Now we ask you, what is a fellow going to do? And who is to judge

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

Today, the Cuban-Communist threat is far more sophisticated, more convert, more deadly than it has been in the past. .

This is the ominous warning issued last week by Central Intelligence Agency Director John McCone. The CIA chief said in testimony before the House Subcommittee on Inter-American Affairs, of which I am chairman, that Cuba-based Comunist subversion is being stepped up.

In making the McCone statement public last Friday at a press conference, I stated that the CIA director's testimony had been both revealing and alarming.

Painting a grim picture of how the Communist menace is fanning out from Cuba over the hemisphere, Mr. McCone said up to 1,500 Latin Americans were smuggled into Cuba last year to receive Comunist indoctrination and guerrilla training. These "students" are given hard-core training by experienced Communist advisers from the Soviet bloc, including veteran Spanish Communists, in everything from how to blow up bridges with home-made bombs to methods of stealing arms.

More "Trainees" in 1963

The trainees then return to their countries with Communist money to practice their newly learned sabotage, espionage and infiltration trades and to become elite revolutionaries of "liberation" armies, the CIA chief said.. He added that Castro's government expects to squeeze more Latins into Cuba this year for a stepped-up program of subversive training.

Mr. McCone pointed out that the Cuban Communist refer to the trainees who are remaining in Cuba as an "international brigade." These tainees are usually divided into units from particular countries and are scheduled to return to their homes to assist in rebellions and uprisings when the time is ripe.

As for supplying these units with arms, Mr. McCone said his agency has found specific cases where Cuba has furnished money to buy weapons. For example Czerh weapons have been found in Peru, according to Mr. McCone, "which most probably came from Cuba." However, he said the Cubans generally follow the Communist textbook and tell guerilla "students" to steal or capture weapons from the army or police units of their own countries.

Furnish Funds, Training

Mr. McCone said while Cuba may not be furnishing the hundreds of Latin trainees with weapons, the Cuban leaders do offer funds, training and technical assistance.

Money is being smuggled into Communist front groups in Latin America on a continuing basis to finance revolutions, Mr. McCone continued. Also, he pointed out that Communist guerillas have staged numerous bank robberies in Peru, Argentina and Venezuela to secure needed fund for subversive activities.

The intelligence director said the Communists are also concentrating on a stepped up propaganda effort. Officials in Panama, according to Mr. McCone, destroy an average of 12 tons of Cuban propaganda monthly, while Costa Rica gets about 10 tons of propaganda during a comparable period.

Venezuela Top Target

Like other witnesses who have appeared before my subcommittee, the CIA Director said Venezuela is the No. 1 Communist target. And, like other witnesses' testimony in our first two weeks of hearings, Mr. McCone's evidence indicates that the Moscow-Peiping puppet regime in Cuba is spurring and supporting Communist revolution to destroy the freedom of the Americas.

"Direct Soviet intedest in Latin America is clearly increasing," Mr. McCone warns.

The Inter-American Affairs Subcommittee completes its probe of the Castro-Communist subversive threat to the Western Hemisphere this week, and we plan to release a report on the hearings at an early date.

For Christian Evangelizing The World

Some quotations and ideas recorded in this article was gleaned from the February 24 program in the adult training union quarterly, written by Donald F. Ackland, associate editor in chief of Sunday School lesson courses, Baptist Sunday School Board seeking to bring the Christian churches face to face with the responsibilities for evangelizing the world. He raised this startling question, Do you know that in Europe today people are speak ing of having entered "The Post Christian Era?" This suggest that Christianity has been overcome by the forces of materialism, secularism, and communism. This may be an attitude of unjustifiable despair, the Holy Spirit says "rejoice not against me, O, mine enemy: when I fall, I shall rise" (Micah 2:8.) Yet we cannot view with complaceny even temporary setbacks to the progress of Christ's cause, nor ignore the lessons which events in other part of the world should teach us. The unhappy condition of the churches of Europe nor of this Country has not arisen from circumstances which developed overnight. They result from social changes and moral and spiritual attitudes which gradually have asserted themselves. Are things happening in the United States today as threat, to our spiritual heritage, that could sweep this land into a post Christian era? Inspite of the church going habits of the American people being at an all time high, we face the unsavory fact that our church attendance does not prevent a persistent lowering of moral standards or a crime bill which amounts to over $50 million a day. Organized crime is now "a multibillion dollar business, according to a news paper article. What can Christians and the churches do to stem this tide of immorality and crime? It has been said that the test of Christian character is what a man is when he is away from home. Our Christian Churches are confronted with the problem of masses of people who are "away from home." There is a constant drift of population (some of these are Christians) from rural areas into cities [illegible] of these are South[illegible] Baptist Church members [illegible] situation along with [illegible] has brought [illegible] Cubans and others to our shores.. Efforts are being made to distribute the visitors from Cuba into other sections. Their presence should alert the Christians to witness Christ to other groups in our communities who, unless reached for Christ, may give their aid to the force of false religion or even ungodlessness. What is our Christian Churches doing about this Christian responsibility. It is being said that by 1966 there will be 200 million people in the United States. Political science and market analyst are watching this population explosion with care. What of the Christian Churches? We must face our responsibilities for evangelizing the world with a personal stewardship and a denominational stratgey which will match the proportions of the challenge, as the apostles who were thrust into the world with the message of the Gospel, and became known as men who "turned the world upside down' (Acts 17:6). They were empowered by the Holy Spirit who is available today. So must the Church today.

It is very heartening that 35 Baptist Churches of the Chilton-Unity Association have volunteered to cooperate together in the simultaneous revivals during the time of March 24-April 7, or the week before or the week after these dates. Striving to assume the responsibilities for evangelizing the world. More will be said about this next week.

● YOUR SOCIAL ● ● SECURITY ●

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, c|o Chilton County News, Clanton, Ala.

Q. What difference does it make if I apply for benefits now? I am 65 and my income varies from $2,000 to $5,000 annually.

A. If you are 65 years old or older, the Social Security Administration urges you to apply for benefits because in case you have low earnings one year or in a particular month you may be entitled to some benefits for that time.

Q. I'm a widower and draw social security. If I get married again, can my new wife draw on my social security when she's 62?

A. Yes. However, she must be married to you for at least a year.

Q. Do I have to wait until the day I retire to put in my social security claim?

A. No. You can make your claim three months before you retire. It's a good idea to do this by the way. Then if there's any trouble about proving your age we can get it all straight ahead of time.

YOUR HEALTH

ACNE

Acne is so prevalent that some consider it normal in adolscents About 80 per cent of adolscents are afflicted at one time or another with this skin disorder.

Acne vulgaris, the name for common acne, does not affect the general health, although it can upset the emotional life of young people. Acne vulgaris appears usually at that time of life when one wants to look his or her very best. To those not afflicted acne vulgaris may seem an insignificant disorder; but no other disease has caused such feelings of inferiority and depression.

There are two misconceptions regarding acne. One is that the affliction will be outgrown. While many young people with acne will experience spontaneous recovery without treatment, some will not. The other false belief is that the disease cannot be successfully treated.

Acne vulgaris can be remedied by proper and persistent treatment if the patient will cooperate with the physician. Early treatment is most important, for control of acne in its early phases will usually prevent scarring.

Acne is a disease of the sebaceous glands which normally secrete an oily substance called sebum, one of whose functions is to keep the skin pliable. When sebum moves out through the glands at a slower rate than normal, it tends to collect as a plug, causing whiteheads and blackheads.. An important concern with acne is the possibility of scarring; and in recent years, abrasive treatment with whirling wire brushes has been used. This planning to remove scars is a benefit in carefully selected case.

Adolescents with acne vulgaris need sympathy and all the help their physician can provide.

Soil Conservation News

Soil and Water Conservation Farm Plan was prepared on W. R. McLur's farm north of Maplsville (The old Kyser Morgan place). The open land on the farm is planted to perennial grasses and reseeding annual legumes.

Fonza Green, Floyd Community, and a cooperator of the Chilton County Soil Conservation District, has overseeded 7 acres of Bahia grass over his oats.

Floyd Bussey, a cooperator of the Chilton County Soil Conservation District, has seeded 5 acres of Fescue to further the completion of the sodded land called for in his Farm Plan.

A. R. Hayes, of the Mahan Community, has asked the Soil Conservation Service for assistance in running gradient terrace lines on 20 acres of copland.

Raymond Giles, of Mineral Springs Comunity and a cooperator of the Chilton County Soil Conservation District, is planning to increas his grazing by 25 acres this summer. This new land will be seeded to Fescue this fall.

If you are interested in planting Bicolor Lespedeza (Quali's favorite winter food) this spring contact the local Soil Conservation Office.

John Sorrell of the Cooper community is seeding 7 acres of cropland to perennial pasture grasses.

Approximately one mile of parallel terraces have been laid out and constructed at the Foundation Seed Stock Farm at Thorsby, Ala. In addition, 1 acre of waterways will be planted later in the spring.

A farm pond (water hole) of 1125 cubic yards was laid out on A. C. Crocker farm.. This will be used for livestock water.

Two-plus miles of parallel terraces have been laid out on the E. C. Williams farm in the Sardis community. There are approximately 5 acres of waterways that will be planted to Coastal Bermuda.

Farm ponds (earth fill) were laid out on S. A. Ware and Jerrell Miller farms. These will also be used for livestock water and fish production.

G. V. Powell of the Billingsley community is planning on solving the erosion problem on his row crop land. G. V. is planting 45 acres of Class II land to Coastal Bermuda. The Bermuda will be used for grazing and hay.

Soil and water conservation farm plans were prepared on A. C. Crocker and Jadie Ellison farms last week.

"Don't guess, Soil Test."

Through 10 month sof 1962, the aggregate payroll of hourly and salaried employees of the steel industry was a record three and one-third billion dollars. dollars. This is almost 200 million dollars greater than the comparable part of 1961.

Atcheson Come Far Since Days at 'News'

WAYNE Atcheson, former sports reporter for the Chilton County News, during his high school days, has achieved a measure of success in his college career at Howard College in Birmingham.

The News takes no credit for Wayne's success thus far, because he has always had the determination and the grit to do what he set out to do. We merely call your attention to the fact that a local son, has and is, doing a wonderful job in his chosen work, and we are happy to have been associated with him.-THE EDITOR.

(The following is an article by Wayne, which will give you some insight into how far he has gone in his writing. The introduction letter is from his parents, Rev. and Mrs. Hyman Atcheson, of Clanton.)

Dear Mr. Tucker:

We were very pleased to see our picture in this weeks edition of your fin paper.

It is a great pleasure to let people know we support a fine institute of learning like Howard College.

I am enclosing an article written recently by Wayne and published in "The Howard Crimson for you to read and publish if you wish.

Wayne is not only Howard College's Sport publicist, he is an outstanding Christian leader on the College campus. Having spoken recently in Morning Medetation Assembly during Christian Focus Week. He is also an active member of the Dawson Memorial Baptist Church in Birmingham, where he teaches a Sunday School class of 13 year old boys.

Thought you would like to know this about Wayne since he got his first training in writing from you and your staff.

Sincerely,
Rev. and Mrs. Hyman
Atcheson.

By Wayne Atcheson

It's too bad that Christian Focus Week doesn't come but every other year.

Hearing the visiting team members speak directly to us students about our own lives in worship services, seminar and classroom discussions is a wonderful experience.

Just chatting and having conversations with these outstanding Christians is even better.

Bill Wade, A Christian Athlete

Meeting and talking with Bill Wade, the Chicago Bear quarter back Tuesday, was a great inspiration. It's amazing that he has such a strong Christian faith and is eager to share his beliefs and conviction with others, and yet, he is a professional football player.

Those who missed his talk on Tuesday night missed a very unusual and a very challenging message.

He used the position of a football team and the personnel on the Chicago Bear first offensive unit in delivering his talk "Play ing to Win."

The center post stood for confidence, guards for gratitude, tackles for truth, ends for extra effort, quarterback for quality, halfbacks for hope, and fullback for faith.

Tying in stories that happen on the gridiron, which seldom ever make the newspapers, made the talk even more interesting.

Asked in a seminar if it is difficult to be a Christian and be a football player, Wade explained that it was "only a matter of my depth of faith."

The ex-Vanderbilt star said that "example was prime" in witnessing to other team mates.

Wade told of experience that he had had witnessing at beer parties. He has even witnessed to other pro gridders on opposing squads.

About 30 or 35 of us boys enjoyed Bill's talking about football in general Tuesday night in the cafeteria, after the girls had to leave due to curfew.

Asked who was the best quarterback in the pros excluding himself, he remarked, "I think Johnny Unitas, Y. A. Title, and Eddie LeBaron are great." He didn't single one out but thought these three were the best.

Don't Ask Me

Wade gave an amusing answer when Mr. Ben Connell asked, "Who is the toughest defensive man you ever faced?"

He put it this way, "If I said Big Daddy Lipscomb was, Sam Huff would probably be out to prove to me that he was. If I said Sam Huff was the toughest, then Joe Schmidt would get after me. The knocks are hard enough without possibly causing more."

Bill was traded to the Bears two years ago after a six year hitch with the Los Angeles Rams. The first year at Chicago, end Mike Ditka was voted the Rookie of the Year. Last season halfback Ronnie Bull was bestowed the honor.

Both are team mates of Bill's and he was instrumental in the two receiving the outstanding awards.

As has been said, these Christian Focus Weeks don't come often enough, and meeting folks like Bill Wade doesn't happen too often, either.

It goes without saying, the world can use more Bill Wades.

KIWANIS INTERNATIONAL BUILDERS

The attendance was excellent at the regular club meeting on Thursday night. Guest at this meeting consisted of Mike Dennis and Dan Brock representing the Key Club and John Sellers our County Agent.

The program was under the direction of the Program and Music Committee Barnette DeRamus Chairman. Mr. DeRamus introduced the speaker of the evening A. W. Jones also a Chilton County boys. Mr. Jones told of the changes that has taken place in the Mitchell Dam area since he lived there. Always glad to have home county people that have made good to bring our programs.

Mr. Jones has spent his life working with the farm people of Alabama. At present he is a farm specialist with the Birmingham News. We was advised that agriculture has been going through a depression for several years.

Alabama Attorney General Reports To The People

(Report to the people of Alabama from Attorney General Richmond M. Flowers.)

The working hour and manpower of this office is being drained off daily by increasing federal suits.

For a long time the practice of prisoners at Kilby filing Coram Nobis and Habeas Corpus writs have been on the increase. This is a writ which the inmates of Kilby file in federal court stating a constitutional violation of their rights was committed in their trial. All of these cases must be defended in federal and state court. There ar abou 100 of these cases pending now, and over the past year there have been hundreds taking the full time of one attorney and part-time of two others.

A suit concerning prisoners at Kilby has also been filed in federal court against the Jury Commission of Greene County alleging an unfair trial because negroes were excluded from the jury. They were tried, convicted and sentenced and sent to Kilby; then the suit was filed in federal court. A four hour conference was held in this office recently with the Jury Commission and clerk of Greene County. Thus, another lawyer had to be removed from all duties to prepare research and defend this suit.

Recently, the justice department filed suit against Madison and Mobile County Boards of Education. After many conferences on this matter with the proper officials, two more lawyers from this office had to be taken from their normal duties to prepare defense for these cases.

The most recent case filed is against the Macon County Board of Education; this probably the most dangerous suit filed to date. The complaintants have asked U. S. Judge Frank Johnson to enjoin the Macon County Board of Education from conducting a dual system of schools based soley on the separation of rolls; and a an alternate prayer. they asked the school board to submit a plan for the integration of all public schools now operating in the heavily negro populated Macon County. This suit strikes down the purpose of segregated schools in Alabama. A loss in this suit could be Alabama's darkest hour in its fight for segregated schools.

Telephone Talk

ONE OF THE GREAT FREEDOMS ON WHICH OUR COUNTRY IS BUILT is freedom of education. But incredible as it seems, particularly to people of other countries where free education is not so readily available, many of our young people are not taking full advantage of this great freedom. Every year thousands of teenagers leave school before they graduate. They discover too late that they will experience two to three times more unemployment than the graduate, earn about $50,000 less during working life than the graduate, end up doing only routine work while the choice jobs go to the graduates. Spread the word among your teenage friends . . . stay in school, education comes first.

TIME BY TELSTAR . . . By now, many of us have seen television transmitted by Telstar, the Bell System's experimental active communications satellite. But there's another, not so well-known job which has also been done by Telstar . . . synchronization of master time clocks in England and the United States. Time signals were sent simultaneously via Telstar between Andover, Maine and Goonhilly Downs, England. Master clocks in our country and in England were then synchronized from the time signals. Clock-watching via Telstar!

Extension phones save time and steps. Pretty to look at and inexpensive, too. Just call our Business Office for details.

Controversy On Firearms

Some Thoughts On Private Ownership

Two points concerning private ownership of firearms need to be established right now.

One, no responsible person — in or out of the firearms industry, sportsman or not — wants firearms to be freely used by criminals or other maladjusted members of our society.

Two, by the same token, no responsible person should desire or attempt to limit the free use of sporting firearms by other responsible members of that same society.

Considering these two statements, certain factors in gun ownership should be recognized.

Outlawing the sale of firearms will not prevent their use by criminals. Most firearms used in crime are stolen — a great many from military and police arsenals — or smuggled into the country.

There is only one way to restrict the use of firearms by criminals: make the penalty for the use of guns or any deadly weapon in the commission of a crime so severe that criminals will be afraid to use them.

Low Accident Ratio

According to an editorial appearing in the Saturday Evening Post on Feb. 13, 1960, the fatality rate for all forms of accidents was 56 per 100,000 persons in 1957. Motor vehicles caused 22.7 of these deaths, falls accounted for 12.1, fires and explosions for 3.7 and drowning for 3.1. The rate for fatal firearms accidents was only 1.4, scarcely above the 1.2 rate from suffocating or choking on food!

All deaths by accident — regardless of cause — are tragic. Many could be prevented.

Education, proper supervision and preventive safeguards are the answer to safety problems concerning household objects that hold a potential danger for any member of the family. If the family is properly educated regarding positive and negative aspects of firearms and if in the home firearms are under proper supervision, the accident ratio would drop to nil.

Vast Recreational Activity

Sporting firearms — and there are literally tens of millions of them in the United States — holds a huge potential for recreation, pleasure, sport and applied skill. They hold a very small potential for danger relative to use, numbers and in comparison to other sports.

Hunting has always been an important factor in many good "father-son" relationships. With the recent great increased interest in trap and skeet — and, indeed, all participant outdoor sports — shooting is becoming an important family recreational activity.

Basic American Freedom

Article Two of the Bill of Rights of the United States of America states, ". . . the right of the people to keep and bear arms shall not be infringed." These are not idle words. They were not half-heartedly inserted as some sort of ill-conceived afterthought by the Founding Fathers.

History indicates that the Bill of Rights was conceived as a separate entity from the Constitution to underline the vast importance of the individual rights of man in our Republic. It would be a pity if any of us — regardless of our personal prejudices concerning hunting, the shooting sports and firearms — would casually throw away any personal liberties so dearly won and preserved by our fellow citizens in the last 186 years.

Stanton News

This community was saddened when the news reached here of the death of Tommie Barnes of Nashville, Tennessee last Thursday night. Tommie was the husband of the former Elsie Osburn who was born and reared in our midst. Funeral services were held in Nashville Monday morning and interment in the Christian Cemetery in Plantersville, Alabama. Martin's of Clanton in charge of the remains. Sympathy goes out to the loved ones.

Mrs. Ella Jeanette Thompson, 77 of Plantersville died Wednesday afternoon in a Selma hospital after a lengthy illness. Funeral services Saturday 2 p.m. at Lawrence Funeral Home Chapel in Selma. The Rev. Dennis Elliott officiating. Interment in the Plantersville Christian Cemetery. Surviving are one daughter, Audrey, two sons Buck and Paul all of Plantersville. 4 grandchildren and 14 great grand children. Mrs. Thompson was the widow of the late N. H. Thompson, who was a conductor for the Southern Railroad for for about 54 years.

Sympathy is extended the loved ones

Robert Hicks was carried to a Selma Hospital last Friday. Reports from his bedside early Monday morning were not at all satisfactory.

Sunday the wife of Mr. Grady C. Herrod surprised Mr. Herrod with a get together of the immediate Herrod and Gandy families. Some 40 people gathered for this occasion which was in observance of Mr. Herrod's birth day which was Tuesday, February 26 and the very near Retirement date of Mr. Herrod from a Postal Rural Carrier. M. Herrod has been in the rural carrier job for some 52 years and 11 months, having started to work in 1910 as his brothers substitute carrier.

A special cake in the shape of a Rural Mail box with a red flag and a birthday cake baked by his sister, Mrs. Gladys Jones. A bountiful dinner was spread at the noon day meal and a day to be long remembered for those present.

Mr. Herrod's retirement from the Stanton Post Office Rural Carrier's jobe was February 22.

Mr. Byron Harris celebrated his birthday at his home Sunday with all members of his immediate family present for the occasion.

Mrs. Rosa Ingram Rankin is now at home in a Nursing Home Plantation Manor, McCalla, Alabama. She is confined to her bed and says mail time is a welcomed time, I always look forward to letters and cards. This helps us here pass the time away. Why not sit right down and write Mrs. Rankin a letter telling her of local happenings or else a postal card or a message of any sort as she will be made glad of your rememberance of her?,

The Rev. and Mrs. Joe Davis spent Sunday in Columbus, Ga., with their son Mr. Carter Davis and Mrs. Davis.

Mrs. Harry Keener sister of Mrs. Mary (Polly) Barnes came last Friday for a visit with her sister. It is now reported that Mrs. Keener is ill with flu. Get well wishes to Mrs. Keener.

Successful West Alabama home builders recommend the flameless ALL-ELECTRIC heat pump

For perfect comfort the year-round, the heat pump is YOUR best buy, they say!

Griff Trull (left) prominent builder in the Winfield area, and Thomas E. Franks, Alabama Power Sales Engineer, are inspecting the housepower box at the home of B. U. Odum, Sr., Winfield.

For toasty warmth on the coldest day . . . and delightful cooling during the summer's heat, choose the ALL-ELECTRIC heat pump. That's the advice of three prominent West Alabama builders . . . Griff Trull of Winfield and W. B. Butler and Raymond Bostick of the Vernon Building Company of Vernon.

They agree that the heat pump is "today's best buy" for perfect climate in your home the year-round . . . regardless of the weather. The heat pump heats in winter and cools in summer . . . automatically, dependably and efficiently. *And the operating cost is surprisingly moderate!*

Because it is flameless, the heat pump needs no flue or vent . . . and it is cleaner. It can never cause smoke, soot or fumes . . . so walls, ceilings, furniture and draperies remain bright and fresh.

If you are planning to buy, build or remodel a home, discuss your plans with one of our heating and air conditioning engineers. He will be happy to assist you on all the electrical features . . . and there's no charge or obligation.

Sparkman Urges State Control Of Schools

A prediction that sentiment in other parts of the nation will swing to the point of view that the states ought to have control over their own school systems was voiced over the week end by Senators John Sparkman (D-Ala.) and Herman Talmadge (D-Ga.) in a joint interview carried on Southern radio and TV stations.

The Sparkman-Talmadge prediction came as the two Southern Senators were discussing Senate Joint Resolution 16, a measure introduced by Talmadge and co-sponsored by Sparkman which seeks to insure that the States shall maintain control over their school systems.

The measure proposes a Constitutional amendment designed to give the people of the entire nation the right to decide whether the States shall keep control over the operations of their schools.

"You and I have worked for the past several years to accomplish an amendment to the Constitution of the United States to restore to the respective states and to the local communities administrative control over their schools," Talmadge told Sparkman. "Of course, all Americans thought that was the situation until May 17, 1954, when the Supreme Court held that states and local communities could no longer regulate their schools. That amendment has been re-introduced, as you know, and I am very proud that you have co-sponsored it and played a leading part in seeking to accomplish it. I know that you and all of us who have similar opinions will continue to work to restore local control over the public schools."

Sparkman emphasized that in the admission of Alaska and Hawaii to statehood after the 1954 Supreme Court decision, the principle that states have the right to control their own schools was restated. Talmadge agreed, pointing out that some twenty-odd states admitted since the War Between the States were admitted with the provision that they would have local control over their schools.

Sparkman and Talmadge have chosen the Constitutional amendment route because they feel that school control is a Constitutional question and that the only way it can be settled is by a Constitutional amendment.

Local Salesmen Attends Meeting

AMONG approximately 20 heating and air conditioning dealers attending a sales meeting in Mobile, Ala., last week was Clyde Mims and John G. Vines of Suburban Gas Co. of Clanton, Alabama.

The two day session, sponsored by Lennox Industries, Inc., of Decatur, Georgia included a presentation of new air conditioning and heating equipment, a review of existing indoor comfort products, and explanation of new sales methods including both national and local advertising and merchandising programs. A special session dealing with product application and service was included.

Principal speaker before the group was Bob Stephens, General Manager at the Lennox Decatur headquarters. The attending dealers were told that John W. Norris, Lennox President, noting a more than 30% increase in air conditioning sales in 1962 over 1961 was expecting a 25 to 30% increase this year as compared to 1962.

CARD OF THANKS

On December 13, 1962 our home was completely destroyed by fire. You, our friends and neighbors and acquaintances have made this great loss easier to bear. The Maplesville Fire Department, volunteers came but were unable to save our home. Then all of you good people have given us all sorts of help. Food, clothing, donations of money, household items lumber, labor and materials to help us rebuild. Your visits and friendships we deeply treasure.

Verbena FHA-FFA Has Party

The Verbena FHA and FFA held a joint Valentine party on February 16, 1963 in the high school auditorium. The room was beautifully decorated with Valentine motif, with accents of greenery and balloons. The entertainment was led by Coach Richard Gilliam with hamburgers and soft drinks for refreshments. Chaperons were Mr. and Mrs. Dennis, Mr. and Mrs. Calloway and the FHA chapter mothers, Mrs. Excell Howard and Mrs. William Carmichael.

On February 20, 1963 Mr. Billy Adair presented a lecture demonstration to the Verbena Home Economics and Vocational Agriculture classes on proper home lighting. Mr. Adair is a representative of the Central Alabama Co-op and an expert in lighting. The classes particularly enjoyed the slides depicting a home perfectly lighted. We appreciate this time and effort given by Mr. Adair and the R.E.A.

Control Of Horn Flies And Cattle Lice

During the past several weeks Chilton County beef cattlemen have been rquesting information relative to controlling horn flies and lice on their cattle. County Agent John D. Sellers advises that the most efficient way of controlling these insects on beef cattle is the construction and use of a back rubber which should be saturated with one of the following solutions.

Backrubber solutions are prepared by mixing 3 quarts of No. 2 diesel fuel and 1 quart of new 30w motor oi lto form an oil base. To each gallon of oil base add:

1. Methoxychlor - 1 quart of 25% Emulsifiable Concentrate, or
2. Malathion - 5½ ounces of 57% Emulsifiable Concentrate, or
3. Korlan - .8 pint of 24% Emulsifiable Concentrate.

Apply one gallons of insecticide-oil mixture per 16 feet of backrubber at first treatment. Each 2 weeks thereafter apply ½ gallon per 16 feet of backrubber.

Remember our Wednesday night Prayer Service, with Choir Practice following, and let me urge everyone that sings in our choir, please come to choir practice. We need you. Pray for our sick and shut-ins in our community and the Lord willing we will see you in church Sunday.

NEWS OF—
REFUGE

Our services last Sunday was fairly well attended, even though there is lots of sickness in the community. Mr. Arthur H. Mims was carried to the Chilton County Hosital last Sunday afternoon. He has a case of flu. Mr. J. S. Easterling is expected to come home from a Selma Hospital following the second operation in the last few weeks.

We are continuing our midweek cottage prayer meetings in the various homes of the community. We will meet in the home of Mr. and Mrs. Odell Minor next Wednesday night, March 13th at 7:00 o'clock. We are also taking this opportunity to study the book of Matthews as we go along with our cottage prayer meetings. It is the study that we did not get to have in January. You are invited to join us in this brief study on Wednesday nights, and also to be with us as we meet together to pray for a great revival in our church which will begin here the fifth Sunday in this month.

We trust that everybody will soon be better with this epidemic of cold and flu and get back to normal with our church attendance. We hope to see you and all the family at church next Sunday.

Paul Harvey To Speak At County Conference

Paul Harvey, noted news analyst and lecturer, has accepted an invitation to speak to the annual County Presidents' Conference in Montgomery, March 19, L. L. Traywick, president of the Chilton County Farm Bureau announced.

Governor George C. Wallace, Lt. Gov. James B. Allen, and all members of the House and Senate are being invited by State President J. D. Hays and the respective county Farm Bureau presidents to hear the address and meet with the county leaders at the opening session.

"The conference this year, March 19 and 20, will be directed to improving our state legislative program and special recognition will be given to the county president and chairman of the State Legislative Affairs Committee from each county," Hays said.

The Presidents' Conference will be another highlight in a busy season of policy discussion for the county leaders. The presidents and members of National Legislative Affairs committees have just concluded a series of four district meetings at which principal topics were the federal budget and taxation; national farm programs, inclulng the forthcoming wheat referendum and alternatives proposed by Farm Bureau, and reports on Farm Bureau's commodity and other services. The state legislative program was gone into only briefly.

A total of more than 450 county leaders attended the meetings at Decatur, Birmingham, Monroeville and Montgomery. Mr. Hays complimented the county leaders for the high degree of interest shown in doing something about present trends toward national fiscal affairs and increased government controls over agriculture.

February Meet Of Center Hill HD Club

Mrs. Ted Cobb was hostess to the Center Hill Home Demonstration Club on Wednesday, February 20th. Members began arriving at 10 o'clock to help Mrs. Cobb quilt. Everyone enjoyed a wonderful lunch at noon time.

After lunch the club surprised Mrs. Cobb with a house warming. The hostess received many useful gifts for her new home

Mrs. Mattie Cobb, president called the meeting to order at 1:30 o'clock. Mrs. Earl Pierce gave the devotional from Psalms 50 then led in prayer. Mrs. Addie Price gave the story of the hymn then read the hymn, "Sweet Hour of Prayer."

The minutes were read and aproved. Roll Call was answered by each member saying, "The Changes of Plan to Make in My Flower Garden this Year."

Several items of business were discussed and voted upon. Several committees were appointed.

A very interesting demonstration was given on Yard Flowers by Mrs. Mattie Cobb and Mrs. Melaine Bonds.

The March meeting will be held at the home of Mrs. Nora Lee Collum. 15 members were present.

ABUNDANT LIFE

by ORAL ROBERTS

CHILD HEALED OF RESPIRATORY TROUBLES

"When our daughter was three months old," writes a woman from South Dakota, "she caught a bad cold which soon developed into bronchial pneumonia. This was the beginning of a long siege of respiratory troubles.

"We did all we could to help her and gave her the best of medical care. But in spite of all that physicians could do, her condition became worse.

"One day, when I was feeling pretty low, a friend of mine wrote: 'I am praying daily for Mary. Have you thought of trying prayer?'

"I felt so ashamed to think that I had not turned to God for help! My friend's letter taught me about the real power of prayer, for as a result of her letter, I began to pour out my heart to God. God undertook for Mary, for soon afterward she began to improve!

"Mary is now completely well. I cannot express my gratitude for my friend's interest in us.

"I am so thankful to God for His healing power and for the faith that my friend possessed for my daughter. My own faith has been strengthened as a result, and I am so thankful that I have learned about the power of prayer. I have found salvation and now I am busy telling others."

I get many letters from parents who tell me their children have received healing through prayer. Many of the letters tell of unwavering faith and prayers of neighbors and good pastors who, through their communion with God in a child's behalf, have brought about the child's healing and have brought the parents to God!

We often hear from the pulpit such statements as: "A little child shall lead them . . ." and "God often works through children to bring adults to Christ."

God loves children. His Son, Jesus, said, "Suffer [let] the little children to come unto me."

God moves in mysterious ways. Parents are easily moved through their children. Perhaps God was testing this woman because of her forgetfulness of His goodness.

At any rate, the end justified the means, for her daughter was healed through prayer. The mother *was brought* to Christ, *has learned* the power of prayer and now *is telling* others.

Rev. Robert Carden, Pastor

We have reached the milestone in our Sunday School that we have been working for a long time. We have received the Banner from the Southern Baptist Sunday School Board for a Standard Sunday School. We trust that you will continue to help us to make our Sunday School even better.

Remember the visitation program. We meet at the church each Thursday night at 6:50 for visitation. Come and let us labor together.

The many friends of Bro. and Mrs. Carden hope for them a speedy recovery of the flu. Sure was missed Sunday.

So many in our community are sick with the flu. We wish for each one a speedy recovery.

Mrs. Dalton Presley has been ill with pneumonia.

We are glad Mrs. Hattie Holcomb was able to be brought home from the hospital.

Mr. W. C. James continues to be in a critical condition in the Shelby Memorial Hospital.

Miss Juanita Cox who is attending Business College in Birmingham spent the week end at home with her parents Mr. and Mrs. R. K. Cox.

Mrs. Fred Veazey has been confined at home with the flu. Certainly was missed at church Sunday.

Bro. Fields brought a wonderful message Sunday. We wish to welcome him and his wife any time.

Don't forget to pray for all our sick and shut-ins.

Samaria

Don Graham, Pastor

Our deacons along with their wives met at the Dixie Cafe for the monthly deacons' meeting last Saturday night at 7:30. They discussed several important matters.

We have set Sunday, April 7, as break the record Sinday. This is going to be a one day revival. We want to have 150 people in Sunday School. We aren't working for numbers alone or just to break records, but we want to reach those who have no church home and those who are lost. Start praying and working now for this Sunday.

We have announced July 21-27 as the date for our revival. We will have to start now if it will be a success. More plans will be announced later.

Next Saturday night, the Youth Rally will meet at the Chestnut Creek Baptist Church at Coopers. We will have as our speakers 4 Howard students to tell you about their decisions to follow the ministry and to go to the mission field. This will be one of the most inspirational programs we have had this year. The Associational Youth Rally Choir will sing under the direction of Ray Cox, too. If you do not have a way, meet with us at the church at 7:00 and someone will be there to take you.

We want to remind you of the Samaria Hour every Saturday morning on the local radio. It starts your morning with a devotional given by our pastor. Be sure to listen Saturday.

Out of 41 manufacturing industries in 1960, there were 32 industries in which the return on net assets was greater than the teel industry.

WYATT-JONES VOWS SAID

Miss Gala Wyatt became the bride of Billy Charles Jones in a beautiful home wedding on Saturday night, February 9. Rev. Homer Carroll, pastor of Concord Baptist Church officiated in a double ring ceremony in the home of the bride.

The improvised alter was of magnolia leaves, background with two baskets of white gladioli on either side with two floor standards candleabra holding white burning candles.

Miss Sherry Wyatt served her sister as maid of honor, she was wearing a tan tweed sheath and a corsage of white pom poms.

Parents of the couple are Mr. and Mrs. Curtis Wyatt and Mr. and Mrs. G. M. Jones.

The traditional wedding music was by record. The bride was given in marriage by her father. She was wearing a white chiffon over net and satin, tea length full skirt with a chantilly lace jacket, high necked with three quarter length sleeves. Her elbow length veil was attached to a crown of white flowers. She was carrying a white Bible accented with white carnations and white satin streamers.

Kenneth Robinson served the groom as best man.

For her daughter's wedding Mrs. Wyatt wore a brown cotton sheath and a white pom-pom corsage. The grooms mother wore a blue sheath and a smiliax corsage of white pom-poms.

A reception followed in the home of the bride when her parents were hosts.

The brides table was covered with a tiered wedding cake embossed in white trimmd in tiny pink flowers and topped with a miniature bride and groom centered the table. After the traditional cutting of the wedding cake by the bride and groom it was cut by Miss Martha Jones sister of the groom. Punch was served by Mrs. David Puckett, another sister of the groom.

The brides going away dress was beige wool jersey with black accessories. She was wearing her corsage from her brides bouquet. After a short wedding trip they are making their home in Clanton.

DEAR 4-H JANES

This week is National 4-H Club Week. The 4-H Clubs in our county as well as throughout the entire United States, are celebrating this event. During this week the 4-H Clubs will be in the spotlight everywhere. Four-H Clubs started in Alabama in 1914 and has been growing since that date. At present we have around 17oo members in this county alone. There are approximately 133,000 members throughout the state. Congratulation to an outstanding organization.

Last week three of our 4-H members presented the 4-H picture at two civic club meetings. Joy Dell Adams and Jo Owens, both members of the Maplesville Older Youth Club, gave a very interesting program at the Clanton Pilot Club. Jo and Erskine Gibson, son of Mr. and Mrs. Briggs Gibson, were on the program at the Maplesville Lions Club. All of these 4-H'ers are to be congratulated for a job well done.

The girls in the county are displaying their project work in sewing this month. At the Concord Club meeting, Monday morning, Sue Ann Minor displayd an apron which was very well made. Sue Ann is 10 years old and already making skirts, blouses, and drseses. She has shown great talent as a seamstress and I am sure she will continue with this very excellent project work.

I hope that each of you 4-H girls who will attend a meeting this month are working on a garment now. If not, get to work!

BRIDAL TEA SHOWER

Mrs. Donald Bulger was hostess at a tea shower in her home at West End on Saturday afternoon February sixteenth honoring Mrs. Billy Jones nee Gala Wyatt a recent bride.

The guests were greeted at the door by the hostess and presented to the honoree.

Appropriate games were enjoyed after which the gifts were opened by the honoree. They had been placed in an umbrella which was decorated in white crepe paper trimmed in green as the guests arrived.

Refreshments were served from the tea table covered with a lace cloth. Individual cakes iced in white with yellow flowers, nuts and mints with punch was served by Mrs. Harry Loyd, mother of the hostess.

Many nice and useful gifts were received.

Chilton County Hospital Auxiliary Met

The Chilton County Hospital Auxiliary held its regular meeting Tuesday, February 14, at the Nursing Home.

Mrs. Dick Hayes, the president called the meeting to order, and Mrs. H. W. Bray opened the meeting with prayer.

The president thanked everyone who worked on the doll raffle, making it a success.

It was brought to the attention of the members of the shrubs that have been planted and of the things to be planted in the future. The committee reported that a Hi-Fi was purchased for the Nursing Home.

The ladies were asked to try and go to the Nursing Home once a month to visit the people.

The new officers for the year 1963-64 were elected, they are Mrs. Dick Hayes, president; Mrs. John DeRamus, vice president; Mrs. Casimir Prusak, secretary; Mrs. Rose Farley, treasurer.

Mr. W. E. Elmore gave a very interesting talk about the hospital on what was being done now and what hoped to be done in the future. He thanked the Auxiliary for the Hi-Fi that was presented to the Nursing Home, and that the patients greatly appreciated it.

The meeting was adjourned with the hope that all members will try to attend the next meeting in May.

Better Speechers Had Surprise Party

Friday afternoon, February 22 as members of the Better Speech Club were working away at a study of the parts of speech, one of our lovely mothers came in and arranged a refreshment table. What a pleasing sight! What delectable refreshments.

Our work continued until a group of mothers assembled. Then the following club members spoke to the group concerning the heroes of the season. Phil Cole, Martis Wyatt, Becky Scott, Judy Dobbs; Brenda Easterling, Carolyn Blackmon, Aubrey Moatts, Larry McLain, Betty Moatts Jimmy Jones, John Champion; Dianne Littlejohn and Jo Ann Gerald. We were especially impressed by an address from Thomas Glenn to all the boys of the club, during which time Charles Easterling played the part of Uncle Sam.

Led by Susan Speaks, Jerry Patterson, Sandra Porter, Thomas Glenn and Wanda Cox the entire group spoke Lincoln's Gettysburg Address, after which rhythm steps to Dixie were performed by: Nancy Taylor, Chris Weed, Carolyn Blackman, Jerry Paterson; Wanda Cox, Phil Cole, Brenda Easterling, Jerry Patterson, Jo Ann Gerald, Lindsey Smith, Becky Scott; Joe Mims, Susan Speaks, Thomas Glenn; Donna Williams and Chris Weed.

The following club members then took charge of the refreshment table: Susan Speaks, Nancy Taylor and Brenda Easterling presiding at the punch bowl; James Thompson and Larry McLain passing out to each one personalized club napkins; Lindsey Smith and Thomas Glenn serving toasted nuts; Phil Cole and Joe Mims presenting each with an embossed cup cake topped with a cherry. During the social period appropriate piano selections were rendered by Susan Speaks, Becky Scott and Donna Moore.

Following the social period character building thoughts were well expressed by these members: Sandra Porter, Donna Williams, Wanda Cox, Peggy Hayes; Jo Ann Gerald and Charles Easterling after which the club members marched to the front of the room and sang It's Celebrating Time and I Pledge Allegiance to the Flag accompanied at the piano by Susan Speaks and Donna Moore.

Impressive and inspirational thoughts were unusually well expressed by Nancy Taylor, Sandra Porter, Chris Weed, Susan Speaks, Wanda Cox; Donna Williams, Bernadette Cleckler, Judy Dobbs and Thomas Glenn following by closing remarks by our president, Wanda Cox..

This was a wonderful and inspiring occasion for our club and we are exceedingly grateful to all the mothers who so graciously helped.

Final Appeal For Seals

Dear Friends:

Since we have not quite reached our goal for 1962-63, I am making this "Last Call" on you to ask you to send, if you have not already, your "dollar" to help with the Tuberculosis problem in our county.

The need is great, as are all these other "Drives" we are called on to contribute to, but the health of our county can be improved so much by our Health Dept., if we can give a dollar to help "buy medicine" and "make x-rays" and all the other phases of work they do for the TB Patient in our County.

So. please, if you haven't already sent your contribution to the TB Assoc., send it now. We have still a long way to go in helping aid our County of Tuberculosis. It can be cured!

Thank you!
Sincerely,
Mrs. R. M. Tucker,
Chairman

CARD OF THANKS

We wish to thank all our friends and neighbors for their assistance in our recent misfortune. Our home burned on February 17th, and the people of Oak Grove Community, where we live, Jemison, Route One, and from all over Chilton County have been most generous and very helpful. Our deepest thanks for your concern and help.

Prayer meeting Wednesday at 6:30 p.m.

Our Sunday School attendance was 108. Bro. Benefield preached an excellent sermon, "How to Worry," based on Matthew 6:25-34.

Training Union attendance was 70 and there were 30 daily Bible readers. Our Sunday night sermon using the text Acts 4:31-35 was, 'Fruits of a Praying Church'

We would like to thank Mr. and Mrs. James Thomas for the lovely flowers..

This Saturday we will be host to the Youth Rally. All have a cordial welcome.

Remember in prayer the sick and shut-ins and our revival on March 31 to April 7.

Concord 4-H Club Met

Concord School had its 4-H meeting Monday, March 4, 1963. We said the Pledge to the American Flag and the 4-H Flag. We sang The Star Spangled Banner, America and The Marine Hymn. The secretary called the roll. There were 3 absent. Mr. Futral gave us a leaflet on Bream Bait Production. He showed us slides on poisonous snakes. They are as follows: Cottonmouth Moccaion, Copperhead Timber Rattler, Pigmy Rattler, Eastern Diamond back Rattler and Coral Snake.

A Little Bit O' Tuck . . .

BY BOB TUCKER

JAMES Higgins and Odell Higgins Jr., on Old Thorsby Road near Isabella Community thought they had treed a bear last Saturday morning. The dogs raising mortal cain and so they went to investigate. Not far from the house they found what all the commotion was about. A 22 pound Bob Cat had been treed by their dogs and they shot the varmint. The only thing we haven't been able to figure out is how they got old "Bob" to stand still long enough to weigh him! That's a pretty good sized cat; and they ain't noted for their pleasing person1 ality.

R. M. McGee asks us to remind the folks in his area--that's up around Jemison, that a welding school for adults will begin on Monday, March 18 at the Jemison High School. Anyone interested in this program is asked to contact Mr. McGee right away, as they can only handle a limited number of participants.

LISTED this year on Auburn University's wrestling team is none other than Chilton Countys own John McAfee, heavyweight, from near Maplesville. As a matter of fact, John, "the Tiger tackle", took up wrestling only this year, and recently won the Southern heavyweight championship. John seems to be making quite a name for himself at Auburn. You will likely be hearing more from "The Tiger Tackle". He is the son of Mr. and Mrs. Robert McAfee of Lawley.

WE received the following note from Mrs. Phillip J. Craig, this week, who was up until recently a resident of Clanton for a short time. "Written above is our new address. I sure will enjoy reading your newspaper. Clanton is such a friendly city and everyone in Clanton have been so good to us. I will always have a place in My heart for Clanton and we do intend to come back there, when we are ready to retire." That's the kind of correspondence we like to get! Thank you and Mr. Craig very much, Mrs. Craig. You have brightened our day considerably.

IN case you haven't already recognized his mug on front page this week; we call attention to the fact that W. H. Hay, Jr., is now a member of the sales staff at Stokes Chevrolet Company in north Clanton. The sun's not shining at the moment, but Hay wants to make a little "hay" anyhow, so drop by and welcome him the next time you are in the neighborhood.

OUR personal thanks and congratulations to the following gentlemen, who have gone above and beyond the call on the "225 Drive" for the Chamber of Commerce: "Skeeter" Stokes, Raymond Hamilton, Johnny Vines, Johnny McKinney, Melvin Headley, B. L. Adams, Ellis Jones; Joe F. Cobb, P. F. Singley, Ralph Johnston; E. S. Monroe, H. Gaines Burnette, Dave Norman, Don Sumrall, and Jon Will Pitts. There have of course been others who have worked also, but these are the "work horses" of the team, and the team has shown some real spirit and get-up-and-go during the past month. These fellows know what teamwork means. See a complete list of Chamber Members inside this week's News.

CHOSEN a new member of Tau Beta Pi, national engineering honorary society at Georgia Tech, is Tracy Latham of Maplesville.. Tracy is a Senior at Tech and is the son of Mr. and Mrs. G. T. "Jack" Latham of Maplesville. He graduated from Maplesville High School in 1958 and is also a member of the Brierean Honor Society, the Phi Eta Sigma Honor Society, and the institute of Electrical and Electronics Engineers. Congratulations Tracy!

GRADY Carter and family planned to take the long AEA holiday week-end and spent it on the beach in Florida. After Tuesday's weather, we don't know whether they left or not, but they sure are hurring spring and summer. Not that we wouldn't all like to be helping them do it. Grady, do us a favor and don't tell us about what a good time you had at the beach-you rascal!

MR. Ira Yeargan, of the Mt. Pisgah Community, is seriously ill at his home. Your prayers would be appreciated.

Mail Service Extended To Housing Projects

(THE following is a report from Clanton Postmaster Russell Sutley to the News this week, which will have especial interest for those persons now residing in the new Housing Projects in Clanton.--THE EDITOR)

Notice To Patrons Living In Housing Projects And Northside

Effective Saturday, March 16. 1963 City Delivery Service will be extended to include both Norfield and Westfield Housing Projects, Also that portion of Rural Route 1 and 4 lying in the Mill Village, and the area adjacent to Mid-State Farmers Co-op, that portion of old Birmingham and Montgomery Highway, North of intersection of Old Thorsby Road to 14th Ave. N. and Highway 31 North to intersection with Black Snake Road, Ellison Street, Hand Street, Tippett St., 15th and 16th Avenue North will be served by Mounted Carrier of City Delivery Service instead of rural route. Culver Trailer Court patrons may be served by this carrier also. Delivery will be made to house receptacles in the Housing Projects but patrons in the other territory named will be served through rural boxes placed at the curb where service can be made from vehicle

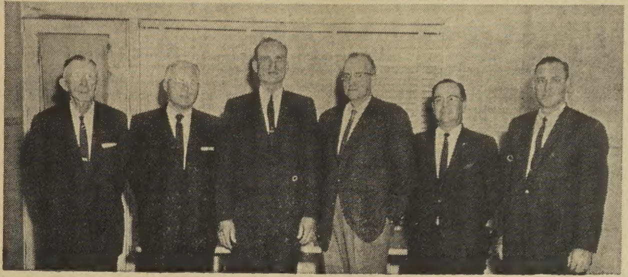
Those patrons who are being changed from rural to Mounted service, should contact City Hall relative to correct house number and give this as their address in the future, listing the name of Street and correct house number.

Cooperation of all patrons in the areas affected will be appreciated. Any change in service calls for careful handling of the mail to see that service is performed in an efficient manner with a minimum of errors, and every effort will be made to accomplish this. If uncetain, concerning your correct address, please contact the Postmaster.

R. R. Sutley,
Postmaster

Music Club To Meet

The Music Appreciation Club will meet Tuesday afternoon, March 19th, at 3:30 p.m. with Mrs. W. P. Claughton in Verbena.



Men of Education. . .

EVERY year during the month of March, the men who have represented Chilton County as Superintendent of Education since 1913, meet together for a reunion in Clanton.

Present Superintendent Gordon Conway says, "We call it, 'the old-timers get-to-gether'!" Whatever they call it, it has become a tradiaion which is looked forward to by these men each new year.

Above, left to right, are: Howard L. Foshee, Luther E. Little, Dr. Delos P. Culp, Howard Boockholdt, W. A. Lecroy and present Superintendent Gordon Conway.

The meeting this year was held at the Dixie Cafe, on Friday, March 8th.

In the order of their administration, they are Mr. W. T. Bean of Clanton (1913-1919), Mr. Howard L. Foshee of Montgomery (1919-1925), Mr. Buford Lawrence of Dothan (1925-1933), Mr. Luther Little of Clanton (1933-1938), Mr. Rascoe Maddox of Thorsby (1938-1942), Dr. Delos P. Culp of Livingston (1942-1946), Howard Boockholdt of Eutaw (1946-1957), W. A. Lecroy of Clanton (1957-1961), and present Superintendent Gordon Conway whose tenure began in 1961.

Turning back the pages of time for 43 years reveals some very interesting changes in education. In 1913, Superintendent Bean supervised the operation of 72 white schools and 20 negro schools in his buggy drawn by his faithful horse. At lunch time he would feed his horse in the back of his buggy and join the boys and girls of some school under the shade of a tree with the lunch Mrs. Bean had prepared for him.

Of the nine men who have served as Superintendent, six are pictured here; two, W. T. Bean and H. Hoscoe Maddox were ill with the flu at the time of this year's meeting; and one, Buford Lawrence, is deceased.

Where Flu Quit--

Weather Takes Over Dealing Chilton Misery

IT'S an ill wind, they say, that blows nobody good. And the "ill" winds have been blowing around Chilton County fast and furious since the first of the year.

From reports gathered by the News, it seems the Flu has dealt much misery in Chilton during the past six weeks—more in fact, than the official reports indicate.

Hundreds have lost days from work; the hospital has been running at almost peak capacity constantly for several weeks; and complications in many illnesses, have been attributed directly to the Flu.

Unofficially, some deaths in Chilton have been largely due to complications brought on by the Flu virus.

March Winds Bring Another Kind of Trouble—

Since the first of March, the weather and Mother Nature have taken up where the Flu seems to have spent itself. High winds reported Monday and Tuesday of this week have caused some property damage in Chilton; but as of Wednesday noon, no injuries or deaths due to the rampaging elements ,had been reported.

County schools, which were due to let out Tuesday afternoon for the rest of the week, due to AEA Convention in Birmingham, were closed a half day early Tuesday due to tornado and thunderstorm warnings.

So much water fell Tuesday in Clanton that skeptics and "I told you so's" were reminding us that the drainage project was not doing its job. Wednesday was a different tune however, when they saw that the water was fast moving out. The rain has come down in such torrents, no amount of drainage could take it away fast enough.

There are no flooding conditions in Clanton, compared to what we have experienced in the past.

Hay Joins Sales Staff At Stokes

W. H. HAY, JR.

W. H. Hay, Jr., widely-known in Chilton County, has recently joined the sales staff of Stokes Chevrolet Company here in Clanton.

Hay is married and is the father of three children, one of whom is "Chipper" Hay, a favorite on the CCHS football team. The Hay family are members of the Highland Baptist Church. They live on Route 4, Clanton.

Henry Roper, Sales Manager for Stokes says, "We have added Mr. Hay to our sales staff with the intent of better serving the people of Chilton County. Come by and say "hey" to Hay on your next trip to town!"

Registration For Dixie Youth League

Registration dates will be from March 25, through April 13, 1963 Clanton Little League Park at 3:30 p.m. Only those boys living in beat 4 will be eligible to play. The registeration fee will be $3.00. Please contact Mr. Ray Scruggs for registeration cards. Also, individuals interested in managing one of the teams please contact Mr. Ray Scruggs.

Mrs. Evelyn Hicks Shannon, Executive Director of the Alabama Democratic Campaign Committee will be the main speaker. There will be several other distinguished out of town guests. Every Democratic woman in the County are urged to attend this important meeting.

LOCAL MAN INJURED SATURDAY

MORRIS Varden, Chilton resident, was injured Saturday night, when the truck which he was driving overturned on the Center Hill Road near Clanton. He was rushed to County Hospital by Spigener Ambulance and treated for minor injuries and lacerations. Cause of the accident was not reported. The road is a dirt road.

Jemison Little League To Meet March 16th

ALL boys interested in playing on Jemison Little League or Babe Ruth League baseball teams are requested to meet at the Jemison High School gym Saturday, March 16 or March 23 between the hours of 8-10 a.m. or 3-5 p.m. for the purpose of registration. A fee of $3 will be required: $2 for insurance and $1 for team cap. Parents are urged to bring their sons out and let them participate in this supervised sport.

Three Injured Near Jemison Monday

A CAR spun out of control on the County Mineral Springs Road, east of Jemison, Monday morning, injuring three Birmingham women who were taken to Chilton County Hospital by Spigener ambulance for treatment.

The women, who were reportedly on their way to Selma at the time of the accident, were identified as Mrs. W. D. Cosper, Mrs. Jeanette Halley and Mrs. Faye McKerall. No other vehicle was involved in the accident according to the report to the News.

Mrs. Wingard Dies Suddenly

MRS. Lessie B. Wingard, 72 died suddenly at her home in Clanton Wednesday at 7:30 A.M.

Funeral services will be held Thursday, 3:00 P.M. at the First Baptist Church in Clanton.

She is survived by her husband; one son and one grandchild. Burial will be in Chilton County Memorial Gardens with Spigener Brown-Service Funeral Home in charge.

50th Anniversary

THE Golden Wedding Anniversary of Mr. and Mrs. J. O. Litaker will be celebrated Sunday, March tweney-fourth from two to four p.m. at the home of Mr. and Mrs. G. A. (Toby) Litaker. All friends and relatives are invited.

Tuesday--

Child Struck By Auto

LITTLE Mary Joyce Smith, about 10, daughter of Mr. and Mrs. James L. Smith, of Route One, Jemison, was struck by an automobile Tuesday morning at 7:40 O'clock. She was rushed by Martin ambulance to Shelby County Hospital at Alabaster, and reports were that she was not injured to badly, but bruised and shaken up a good bit.

According to reports, the driver of the car was Kenneth Cobb of Jemison. It was stated that the girl started across the highway to catch the school bus, when she turned and went back and the vehicle struck her.

The accident which took place about 4 miles north of Jemison on the Old Birmingham Highway (No. 155) was ruled unavoidable and no charges were made against the driver of the car.

School Of Music At Oak Grove

The Oak Grove Baptist Church extends a cordial invitation to other church choirs and special singers, also to those who desire to learn to sing, to attend the church school of music sponsored by this church beginning on Sunday night, March 17 and will meet eac hevening Monday through Friday, 7:00 p.m. The Associational Missionary, M. G. Fields, will teach this school. The practical music lessons I and II elementary rudiments of music and the church hymnal will be used as the text books. Drills on sight reading, voice, conducting and choir practice will be conducted. There will be no charges. A very large class is expected to enroll for the study of music in this school.

Clanton Little League Has New Affiliation

As announced in the local Clanton newspapers and on WKLF radio, March 8th 1963, the Clanton Little League officers called for a general meeting, of all interested parents, for March 8, at 7 p.m. at the City Hall. At this meeting the Board of Directors recommended that the Clanton Little League discontinue its membership with the Little League Association and become a member of the Dixie Youth Baseball League. This was voted on by all persons present and was unanimously approved. Also, at the meeting the following officers were nominated and approved for the year 1963-64. Officers: President, Mr. Ray Scruggs; vice president, Mr. Eddie Waters; Treasurer, Mr. L. E. Diefenderfer; Secretary, Mr. E. W. Walke. Directors: Mr. Bert Snead; Dr. Charles Moore; Mr. Bob Powers; Mr. Luther Williams and Mr. Billy Maddox.

NEMATODE: Number One Threat To Chilton's Vegetables

The nematode cost Alabama vegetable growers several million dollars each year. This tiny worm lives in the soil and does all his dirty work underground. You can't see him, but you can be assured he is present in at least 85 per cent of all home gardens and in a majority of the commercial fields. This pest feeds on the roots of all summer vegetables causing them to become stunted and non-productive. Usually the grower becomes concerned about nematodes only after his plants have been damaged. In many cases yields can be cut up to 30 per cent by nematodes without the grower ever realizing the damage exist. Though nematode control is relatively simple, only about 15 per cent of the vegetable growers in Alabama made any attempt to rid the soil of this pest in 1962. If all vegetable land in Alabama was treated for nematodes, there would be about 7 million additional dollars worth of vegetables available for the home freezer and market each year.

Soil fumigation of home gardens is a must, since rotation of garden sites is often impossible as soon as your garden is prepare for planting, lay off the rows by making a furrow 6 inches deep. Knock a small hole in the lid of a pint jar and fill with water. Add 3 tablespoonsful of Nemagon 50% EC or 2¼ tablespoonsful of Fumazone 70E to the pint of water and evenly distribute this material in 100 ft. of row. Place the material in the bottom of the furrow and cover immediately. If Nemagon granules are used, sprinkle 4 ounces of 30% granules per 100 ft. or row in the bottom of the furrow and cover. D-D, and Dowfume W-40 at ½ pint per 100 feet of row as Nemagon and Fumazone. can be used in the same manner When D-D and Dowfume are used there is a 14 day waiting period between application and planting. The seed should be placed directly over the treated area.

Crop rotation is very helpful in controlling nematodes in commercial vegetable fields. Vegetables should be rotated with small grains on a 2 year basis. Corn is of little value in controlling nematodes on land where. vegetables are to be planted.

Though crop rotation is beneficial, there is no substitute for soil fumigation. One of the easiest ways to fumigate commercial vegetable land is to mix 30 per cent Nemagon granules with the fertilizer. The fertilizer should be placed at least 6 inches deep in the row within 7 days after the granules are mixed with it. Liquid nematodes can be applied by placing a gravity flow or pressure aplicator on the tractor and running a tube from the tank down to a shank plow. The fumigant should be released at least 6 inches deep in the soil.

DEAR 4-H JANES

During the past week I have been real excited and delighted as I went to the girl's 4-H Club meetings. The reason is the very pretty and well made aprons, skirts and dresses that the girls are bringing to their club meetings. As I look at each garment I am amazed to see how well each girl has constructed them. Each apron, skirt, and dress shows that much planning and work went into it.

There were five skirts and three aprons exhibited at the Cooper meeting. Later that day five aprons and one skirt were shown to the Enterprise Junior Club and three dresses and one skirt were exhibited in the Senior Club.

Twelve girls in the Thorsby Elementary Club brought aprons and one girl brought a skirt which they had made. Carol Patterson of the Thorsby 7th and 8th grade Club showed us a dress she had made and Dianne Dennis exhibited a matching skirt and blouse in the Maplesville Senior Club.

At the Maplesville Junior Club seventeen girls exhibited skirts and aprons which they had made. These were discussed and the points to be considered when making an apron were mentioned. The girls took part in discusing each of these garments.

There is no doubt in my mind when I look at these garments that there are many very good seamstresses in the future for Chilton County.

Mr. and Mrs. Charles Cox and children from Marianna, Fla., visited Mrs. Nann Taylor and Mrs. A. L. Cox over the week end.

Liberty National Pays 1,962 In 1962

Liberty National Life Insurance Company paid exactly 1,962 first year death claim in the year 1962.

This unusual coincidence was revealed today in a report by J. Leonard Winston, Manager of Liberty National's Weekly Premium Claims Department.

"These first year death claims amounted to $1,620,886.65. They were part of a $15,701,623.27 total of all claims paid by Liberty National in 1962" Winston pointed out.

"Claims paid in 1962 represented an increase of more than $2 million over the similar figure for 1961," he added.

Claims paid in Alabama amounted to more than $9 million of the $15.7 million paid.

Diseases Cost Cotton Farmers $15 Million Dollars Yearly

County Agent John Sellers points out that damping-off, wilts blights and nematodes cost Alabama cotton farmers several million dollars each year. During a wet, cool season seedling diseases better known as "dampin-off" cause poor stands. In hot dry weather nematod damage becomes extremely important since plants with injured root systems suffer most from draught stress. Regardless of weather conditions disease losses will occur on cotton each year.

The farmer can make little profit from cotton unless he has an adequate stand. All soil contains certain fungi that cause dampin-off of young cotton seedlins. Seed treatment helps to control this disease but alone it is not enough. The use of fungicides in the hopper box at planting time can mean the difference between poor stand and an adequate stand especially during cool wet weather. Fungicides containing Terraclor plus Captan or Terraclor plus Maneb gives the seedling additional protection from soil fungi until it hardens off. One of these fungicides can be poured in the hopper box with the seed at about 3 lbs. per acre. They work best when seed are planted less than 1½ inches deep. The hopper box method of applying these fungicides is not effective when acid delinted seed are used.

Many cotton fields in Alabama are infested with nematodes. These nematodes kill off feeder roots and make the plants more susceptible to draught damage. They also make wounds in the roots where fungi can enter and cause wilting. Some steps a farmer might take to reduce nematodes damage are: rotate cotton with small grains, pasture grasses, or peanuts; use a soil fumigant at planting time; or use a variety that has resistance both to nematodes and wilt. The Auburn 56 variety has resistance to both these pests.

STUDY CLUB ELECTS OFFICERS

The Study Club of Clanton met in the home of Mrs. L. C. Warr on Friday afternoon, March 1, 1963.

The club president, Mrs. Robert Powers presided. After monthly reports were given by the club officers, the president read the constitution and By-Laws of the club as is customary at the beginning of the annual Business meeting. Mrs. L. H. Bodden gave the secretary's annual report and the annual treasurers report was given by Mrs. J. E. Propst.

Mrs. Morgan Reynolds, chairman of the special Library committee stated that reports had been sent to the chairman of the Library Committee of the District and State Alabama Federation of Women Clubs.

The nominating committee presented a slate of officers which was unanimously accepted. President, Mrs. Robert Powers; Vice president, Mrs. Morgan Reynolds; treasurer, Mrs. J. E. Propst; secretary, Mrs. L. F. Bodden; parlimentarian, Mrs. Hoyt Taylor; and reporter, Mrs. Mason Jones.

Mrs. Powers announced the district meeting of the Alabama Federation of Women Club. The meeting will be in Hope Hull on April 3, 1963.

Motion was made that all members of the Club heartily support the Red Cross program.

At the close of the business session, Mrs. A. M. Thornton reviewed the film, One Cell. This film had been secured by Mrs. Hugh Jones, County Chairman of the American Cancer Society.

During the social hour refreshments were served the members and guests present. The guests were Mrs. Barney DeRamus, Mrs. Arthur Bazzel, Mrs. J. C. Page and Mrs. Martha Agnes Davis of McMinnville, Tenn.

Men Of The Chamber--

NOTE if you will, this week in the News, the variety of businesses represented in the Chilton County Chamber of Commerce. There are all kinds of retail stores, service stations and private individuals on the "honor roll"; as well as farmers, doctors, lawyers, newspapers and public officials represented there.

This gives rise to the opinion that now all we need to do is "something". Which something, cannot be done without the full and complete cooperation of the impressive membership of the Chamger.

This newspaper is concentrating heavily on keeping you informed on the workings of the County Chamber. Not because it is a fancy or hobby with us, but because we feel that our County cannot progress in any way, shape, form or fashion, unless the public is informed on what is going on and taking place.

The first thing to do, now that you are a member of the Chamber is to make necessary plans--sacrifices if need be--to attend the meetings of this body. Not one solitary individual deserves the right to criticize, unless he first knows what he is criticizing.

We are confident that the Chamber will make gains never before seen in Chilton County. We are equally convinced that these things will not come to pass and bear fruit, unless you support your Chamber of Commerce with your presence at the meetings. We will be looking for you at the first one, which will take place shortly. Watch for the announcement of same in the News, and make strenuous efforts to be presest.

The Child Is God's--

ON the highways, as well as in the home, a child must be constantly watched for, by an adult who is competent for such an awesome task.

An unavoidable accident, which was fortunately not a tragic one, occurred in Chilton County this week. It could have meant death for a small child.

Another "accident" was reported to us during a conversation about this one. The "accident" spoken of in the second case was that it never happened. Two women and a child were driving south on U.S. Highway 31. They were going too fast. The road was straight and a school bus appeared in the distance. The accelerator stayed on heavy.

The bus driver stopped the bus: with the stop sign flying. He opened the door and a very small little girl started to get off; going home from school. The alert driver saw the car coming and instinctively felt that it was not going to stop. He slammed the bus door in the little girls face, before she could get out.

The next driver, who stopped; watched the little tot get off the bus then, and come in front of it--and his vehicle--and continue on her way home.

The "accident" was that the bus driver probably saved that woman from running over a child. The woman is the personification of "an accident going somewhere to happen."

How can we be so careless with the life of a child of God's? And we are the adults who are entrusted with the child!

Didn't It Rain--

TUESDAY of this week Chilton County got a gob of rain! We were unable to get the exact number of inches recorded (see weekly weather watch next week, but we do know the bottom fell out so to speak, and there was some mighty good sized rocks washing down the streets in Clanton. Some seem to be of the opinion that this season is a kind of period of adjustment when winter gives way to spring. Nature is in quite a turmoil trying to get everything ready to go, and she gives us everything from tornadoes, to gully-washing rains.

Spring can't be far behind.

Why An Alcoholic?--

CHILTON County, with acute problems in Alcoholism, is indeed fortunate in having an Alcoholics Ananyous Club, which was originated, and is designed to help the person or persons with an alcoholic problem to find the best remedy and cure for their own particular need.

Alcoholism is more than a weak will; it indicates a sick personality; it is a disease and must be treated as a disease.

Any man or woman who can and will apply these 12 steps in their daily lives, are almost sure to recover from the terrible, oft times tragic, grip of alcoholism:

One--Admit that your life has become unmanageable; that you are powerless over alcohol.

Two--That you believe a Power greater than yourself can restore you to your sanity.

Three--Make a decision to turn your will and your life over to the care of God, as you understand Him.

Four--Make a searching and fearless moral inventory of yourself.

Five--Admit to God, to yourself, and to another human being the exact nature of your wrongs.

Six--Decide that you are entirely ready to have God remove all these defects of character.

Seven--Humbly ask God to remove your shortcomings.

Eight--Make a list of all persons you have harmed, and become willing to make amends to them all.

Nine--Make direct amends to such people wherever possible, except when to do so, would injure them or others.

Ten--Continue to take personal inventory and when you are wrong, promptly admit it.

Eleven--Seek, through prayer and meditation, to improve your conscious contact with God, as you understand Him; praying only for knowledge of His will for you and the power to carry out that will.

Twelve--Having had a spiritual experience as a result of these steps, try to carry this message to others under the slavery of alcoholism; and practice these principles in all your affairs.

Any time you need help, call your local AA Club in Clanton; or if you prefer, contact the Alabama Commission on Alcoholism, 408 Monroe Street, Montgomery, Alabama.

March 15 Deadline For Planting Or Releasing Cotton

Cotton farmers in Chilton County were urged today by Rep. John Lewis Cates to plant their full cotton allotment in 1963 or release any cotton that will not be planted to the County ASC Committee.

Mr. Cates, vice chairman of the Legislative Cotton Study Committee said that his committee is cooperating with ASC officials and others who are interested in cotton in Alabama to do veerything possible to see that Alabama farmers fully utilize their cotton allotment. He said that the cotton industry is very important in the economy of the StSate and action of farmers in either planting or releasing their full allotment will go far toward maintaining cotton in its high position.

Mr. Cates pointed out that in the State as a whole only 88 percent of the cotton allotment was planted in 1962. In Chilton County only 76 percent was planted in 1962.

JAYCEES RISE TO OCCASION—

The United States Junior Chamber of Commerce has long been noted for its unwavering dedication to the economic principles that are in the best interest of the entire country.

In endorsing the Herlong-Baker tax rate reform bills and rejecting the Administration's tax proposals the Jaycees have once again risen to statesmanship heights by putting aside all thoughts of self-interest to advance the cause of national well-being.

The Administration's obvious appeal for mass support of its program by weighting the reductions in favor of lower income bracket taxpayers was spurned by the Chamber even though most of its 200,000 members are in those brackets.

Here is the commendable way in which Richard C. Headlee, the Jaycee's National Vice President in charge of governmental affairs, addressed himself to the proposition:

"Although the largest portion of Jaycees are presently in the lower taxable income brackets, it has been the position of the Jaycees that the farsighted approach which means the most to individuals, business and the nation as a whole requires proportionately less reduction of tax rates at the bottom of the income scale in order that substantial reform can be made through the middle and upper brackets where the largest release of capital would occur.

"It is capital, and not purchasing power, which has the greatest bearing on job creation. The legislation co-authored by Representatives Herlong and Baker is designed to serve the general public interest rather than to apportion tax relief among desputing claimants."

As young men on the ladder the Jaycees know that they cannot advance unless the national economy advances; that the Herlong-Baker bills—besides providing every personal taxpayer with at least a 25 per cent cut—will release the capital now taxed away in the middle and upper brackets that is vital to greater and more dynamic long-term economic growth.

Junior Chamber Of Commerce Joins Fight

The United States Junior Chamber of Commerce has rejected the Administration's tax proposals and re-iffirmed its strong support of the Herlong-Baker tax rate reform legislation.

"The tax program advocated by the President is disappointing in its total objective and intent," declared Richard C. Headlee, Jaycee National Vice President in charge of governmental affairs, because it is weighted in favor of the fallacious purchasing power concept. He insisted that the country's urgent need was for a "program which uses tax reduction dollars to provide the greatest assurance of long range economic upward climb."

Capital Release

The Herlong-Baker companion bills (H.R. 348 and H.R. 265) admirably fill the latter requirements Mr. Headlee's statement pointed out since they would release th capital now taxed away in the middle and upper income brackets.

"It is capital, and not purchasing power which has the greatest bearing on job creation," it continued. "And in further viewing job creation over the long term, there is need to provide jobs for those who will be entering the labor force during the remainder of the 1960s and job futures should not be placed in jeopardy by an approach which would increase consumption of those now fully employed."

The revenue impact of the Herlong-Baker bills, the Jaycee statement said, would be far more moderate in any one year than the Administration's program since the Herlong-Baker legislation would be spread over five years and the Administration's over three.

More Revenue Seen

Moreover, the Herlong-Baker bills are credited with the ability to bring about greater, rather than less federal revenue over the long-run since the capital they would spring loose could spark a great upsurge in economic growth. Thus the return to balanced budgeting would be quicker through the Herlong-Baker route when coupled with reasonable restraints on the extent of federal spending.

The Herlong-Baker legislation would provide a total reduction in individual and corporate tax rates of $19.25 billion over the five year period. Individual rates that now range from 20 per cent to 91 per cent would be replaced by a range of 15 to 42 per cent thus assuring every taxpayer of at least a 25 per cent cut. Corporate rates would be reduced from a top of 52 per cent to 42 per cent.

Chilton's 1963 4-H And FFA Fat Stock Show

Forty (40) Chilton County youngsters will have a total of 59 animals in our annual Fat Stock Show, Wednesday, March 20. These boys and girls will be competing for some $700 in premium money, ribbons and rosettes.

The judging of the Grand Champion animal will be selected at 7:00 p.m. on Wednesday evening in order for more people to be able to see these outstanding Angus and Hereford steers.

The Clanton Civitan Club is sponsoring this important project. They will be serving barbecue with all the trimmings from 5:00 until 7:00 p.m. You may purchase a ticket from any Civitan member.

The schedule of the day's event is as follows:

8:00 - 10:00 a.m. Official Entry.
10:00 a.m. - 12:00 Noon Preparing Animals for Show.
12:00 Noon - 1:00 p.m. Team Competition.
1:00 - 5:00 p.m. Judging of All Classes.
5:00 - 7:00 p.m. Civitan Barbecue.
7:00 p.m. Selecting of Grand Champion, Showmanship and Best Fitted Competition.

Any person who wishes to purchase any of these Fat Steers for home freezers should contact any Vocational Agriculture Teacher, County Agent's office or Mr. L. L. Traywick. We would like for these youngsters to bring more money back to Chilton County from the District Sale which will be held March 27. You don't want to miss the 1963 Fat Stock Show, Wednesday, March 20, at Clanton Airport, beginning at 12:00 Noon.

ADMINISTERING OF DRUGS

A drug is administered to a patient in such a way as to have the best effect in the shortest time. This may be by mouth, hypodermically, on the skin, intravenously, by inhalation, intraspinally or sublingually.

By mouth, the drug is swallowed and absorbed into the system from the ailmentary or food tract.

Hypodermically, the drug is put into the tissues by means of a special hollow needle and a syringe. Hypodermic administration is frequently used when the patient cannot swallow medicine, as when unconscious or in delirium, or when the ailmentary tract cannot hold the drug as in vomiting or diarrhea.

In a few cases drugs are administered on the skin, oily or fatty preparations being rubbed on the skin and left to be absorbed.

Drugs introduced intravenously, that is into the veins, act with promptness as the dose passes almost immediately into the circulation.

By inhalation, chloroform or ether are absorbed into the system; also medicated vapors are sometimes employed for local effect on the respiratory organs. .

Intraspinal administration of a drug is used for the purpose of spinal anesthesia.

Sublingually means that the drug is placed beneath the tongue.

The manner of giving drugs varies in different cases. Most like to take their medicine, would patients if asked how they would likely say in a pill entirely surrounded by sugar; and that is exactly the way some medicines are given.

KIWANIS INTERNATIONAL

BUILDERS

The local Kiwanis Club members enjoyed a most inspiring message at last meeting. This message was presented by Rev. Raymond Scroggins, pastor of First Baptist Church of Columbiana, Alabama.

This program was under the direction of the agricultural and conservation com., Lamar Clayton, chairman.

This was an inter club meeting with members of the Columbiana Club meeting with us. Members visiting our Club was Bill Nolan, Dr. Bob Ticer and Ross Mullins.

Rev. Scroggin's topic was, "What is a Loyal American." We was told that bear out the fact that God has had a great deal to do with America in the past, present and will continue in the future.

Isabella Sr. 4-H Club Met

Mr. Futral called the meeting to order. He took up our 4-H Club Record Sheets. The ones who don't hand in a record are not going to the 4-H Club Rally in April. Then he showed us some pictures of poisonous and nonpoisonous snakes.

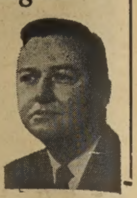
Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN



The United States Supreme Court during the past two decades has made many highly controversial decisions.

The people of the South were the first to publicly voice serious misgivings when the Court in 1954 ruled against segregation in public schools. Southerners have been joined, however, by others alarmed by the Court's systematic sacrificing of state soverignty to federal authority.

For a number of years now, the U. S. Supreme Court has held that when Congress enacts legislation on any subject, the states are deprived of all power to enact or enforce similar laws on the same subject even though the state laws are not in conflict with the federal act.

Realizing the dangers posed by the Court's consistent ruling to nullify state laws not in conflict with national acts. I re-introduced on the first day of the present session a bill that will modify the Supreme Court's current doctrine. If it or similar legislation is enacted, concurrent jurisdiction of state and federal law will be permitted where there is no conflict with the federal act.

With the measure's original author, Rep. Howard Smith of Virginia, I have introduced this bill during the past four Congresses. Passed by the House of Representatives on two occasions, it has failed to receive Senate approval.

Alabama Case Cited

To illustrate the far reaching and dangerous implications of this so-called "pre-emption doctrine" now recognized by the U. S. Supreme Court is the 1942 Alabama case of Cloverleaf Co. v. Patterson. The Supreme Court ruled that an Alabama law regulating sanitary standards for renovated butter in intra-state commerce was invalid because a federal law existed which gave the Secretary of Agriculture the authority to inspect butter in inter-state commerce.

Although the Supreme Court did not find a direct conflict in this case between federal and state laws, it ruled that the federal law assumed entire jurisdiction. Thus, the State of Alabama was powerless to enforce its own laws for the protection of the health of its citizens.

Voided Communist Case

The case which most urgently pointed up the need for the Court to return to its original rule of interpretation was Pennsylvania v. Nelson (1955). In this decision, the U. S. Supreme Court held that the Smith Act superseded the Pennsylvania Sedition Act in spite of the contentions of the author of the Act Rep. Howard Smith, that its legislative history showed that the federal law was intended to complement and not supplant existing state laws on the same subject.

With the vast multitude of laws passed by Congress annually, if the Supreme Court continues to follow this doctrine soon states will be deprived of almost all powers and soverignity to enact and enforce laws of their own. Consequently, there is an urget need for the enactment of this legislation.

Newsletter Published

Since I am now one of eight Alabama congressmen at large representing the entire state for the first time, I am beginning this week a monthly newsletter to be sent primarily to constituents who did not have access to my weekly newspaper and radio reports. However, for those of you who have access to my weekly reports but would like also to receive my monthly newsletter, please send your name and address to me at Room 437, Cannon House Office Building, Washington 25, D. C., and I shall be glad to place your name on the mailing list.

POPLAR SPRINGS

Rev. J. T. Meank, Pastor
Sunday School 10 a.m.
Worship Service 11 a.m.
Training Union 6:30 p.m.
Worship Service 7:30 p.m.

We will finish the Study of the Book of Daniel Wednesday night. We have thoroughly enjoyed Bro. Beards talks on this subject.

Our attendance was increased some for both services Sunday. We still have several sick in the community. Our pastor's wife is on the sick list, lets remember her and all the other sick when we pray.

Yeoman 3rd Class John W. Argo and wife (Glenda Smith) are visiting their parents here from his base at Oak Harbor, Washington.

Mrs. Floyd Collins of Houston, Texas is spending this week with her parents the J. P. Traywick's.

Miss Sandra Freeze of Birmingham, fiance of Gene Dennis is visiting the E. R. Dennis' this week.

The Charles Muellers of Montgomery visited Mrs. J. M. Cox and Lee over the week end.

Mrs. Myrtle Bone is happy to report that her son and wife Mr. and Mrs. Jesse Lee Edwards have moved back from Florida and are now living in Jemison.

We are proud to say that our church won one of the banners at the Youth Rally at Chestnut Creek Saturday night and was also second place for the other one. I am proud of our church for its cooperation, aren't you? Lets keep our Spring Revival in our hearts and also the cottage prayer meetings preceeding.

Be good to yourself and your neighbor and especially to the sick and shut-ins.

If you don't have a church home come to Poplar Springs, you are always welcome.

Soil Conservtion News

A. C. Crocker, Dry Valley community and a cooperator with the Chilton County Soil and Water Conservation District, is in the process of clearing approximately 15 acres of land to be planted to Fescue this fall. As soon as the land is cleared he will start digging a water hole for livestock water. Mr. Crocker also plans to plant 15 acres of Bahia grass this spring.

G. V. Powell, Billingsley community and a cooperator with the Chilton County Soil Conservation District states, "I know there is more money to be made per acre is row crops, but I am going to finish sodding all my land and let the cows do the harvesting."

A soil and water conservation farm plan was prepared of Gaston E. Wilson's farm, southwest of Jemison, on Tuesday of last week. When the plan is applied, the farm will consist of grass and woods. He has planted one 18 acre field to pecan trees and Bahia.

E. E. Franklin has started shaping a waterway on some land he has rented.

After the business period, Mrs. Alonza Askins gave the devotional reading portions of 20th chapter of Acts. Her theme was "Cheerful Giving."

Coffee and cake were served to 12 members present.

A crystal vase of pink carnations graced the table in the living room. Daffodils were also used in the decorations of the rooms.

Rollis Mims of the Poplar Springs community and a cooperator with the Chilton County Soil and Water Conservation District, has planted 12 acres of Bahia and 5 acres of Coastal Bermuda.

Peaches Add New Appeal To Slaw, Especially Chilton County Peaches

Slaw takes on new flavor accents in "Tropical Peach Slaw."

Shredded cabbage is teamed with juicy canned cling peach slices, diced grapefruit and avocado slices in a zippy salad dressing sauce. It's a gay-looking salad — colorful and certain to stimulate appetites.

Canned cling peaches lend eye and flavor appeal to numerous easy-to-make salads. And they are so simple to use straight from the can in cobblers, pies, cakes and puddings and as bright garnishes for main dishes.

TROPICAL PEACH SLAW

1 can (1 lb. 13 oz.) cling peach slices
1 avocado
Lemon juice
Salt
1 grapefruit
1 cup coarsely shredded cabbage
½ cup salad dressing
1 teaspoon instant minced onion
¼ teaspoon prepared mustard

Drain peaches thoroughly. Cut avocado lengthwise into halves; remove seed and skin. Slice avocado; sprinkle with lemon juice and salt. Section grapefruit and dice. Combine with peaches and cabbage. Blend salad dressing, onion and mustard; mix with peach-cabbage mixture. Add avocado and toss lightly.

Makes 6 servings.

50 Boxes Of Cookies

ABOVE are the five young ladies from Brownie Troop No. 401, Clanton, who sold over 50 boxes of cookies each during their fund drive last month. They are, left to right: Kay Roberts, Penny Norris, Jenny Sellers, Mary Ann Elmore and Vicky Vinson. The drive was undertaken for raising necessary funds for the projects which the Brownie Troop is engaged in at present.

AEROSPACE EXPERTS TAKE A LOOK AT NEXT 10 YEARS

WASHINGTON — The Aerospace Industries Association has taken a look into what technological developments this nation may expect within the next decade and its forecast will make space data today as passe as the jet has overshadowed the Wright brothers' first flight over Kitty Hawk, N.C., in 1903.

The focal point of this huge technological effort is the development of vehicles and support equipment that can carry man to the moon and back. At the same time, the aerospace industry is developing very high-performance aircraft, and high-speed Vertical-Takeoff and Landing Craft, with great versatility, which will become operational before 1972.

Though AIA makes no attempt to predict major breakthroughs in technology, it points out that the general trends and requirements for the space program over the next 10 years "can be forecast with reasonable certainty." And among the general trends and requirements its forecasts are:

1) Newly-developed computers to take over the role of countdown procedures for space flight, which for the most part are now dependent on manual operations.

2) The memory capacity of ground-based data processing equipment that will increase about 1,000,000 times over the present units.

3) The temperature resistance of metal alloys will increase about 1,000 degrees Fahrenheit—a factor that has slowed the development of high-performance aerospace vehicles.

These aspects of future space flights are incorporated in a new publication, The Aerospace Technical Forecast, which was prepared by the Aerospace Industries Association. The publication is a guide to industry engineers as well as subcontractors and suppliers for future planning. Copies of the report are $3.00 each and are available at Aerospace Industries Association, 1725 DeSales St. N.W., Washington 6, D.C.

Trends and Requirements

The publication divides the "trends and requirements" into eight sections: environmental, system, propulsion, materials, system components, ground support equipment, manufacturing process and testing.

As for the systems, the Forecast notes there will be a requirement for at least 10 times as many major training systems. Training simulators, which duplicate on the ground the stresses and conditions in flight will become more important. It predicts an improvement in reliability of electronic systems as much as 100 times greater than today.

Forecast also predicts that development will start in the next decade on a single-chamber rocket engine producing 6 to 9 million pounds of thrust. This means that by clustering these engines, booster power in the range of 25 to 60 million pounds of first stage thrust can be produced. This compares with the current Atlas booster of more than 350,000 pounds.

Tensile Strength

Lack of proper materials has been a major difficulty in the development of most high-performance aerospace vehicles. In addition to inceasing the temperature resistance of refractory metal alloys by as much as 1,000 degrees Fahrenheit, the tensile strength of glass fiber reinforced plastics is expected to rise from 200,000 pounds per square inch to 300,000 during the next ten years. This means that in an application — such as a rocket motor casing — the structural weight can be reduced by one-third.

Among other expected developments are the sharp decline of conventional parts in the system components which will be replaced by more and more micro-miniature parts and molecular electronic and thin films and manufacturing tolerances, will continue to be more critical with fewer structural joints.

Wednesday Service 7:00 p.m..

Our attendance is increasing, but we still have some out with colds and flu. The Lord willing maybe it won't be long before everyone is well and back in church. Our pastor borught two wonderful messages Sunday. We have a very fine young preacher and we feel that everyone who hears him gets a blessing. So let us urge everyone in our church to go and give the very fine young man your support.

We are continuing our cottage prayer meetings. It was in the L. C. Melton home Saturday night. This Friday, March 15 it will be in the home of Mr. and Mrs. W. C. Ousley.

We are sorry to hear Mrs. Effie Perry is in the hospital. She is in the Selma Baptist hospital. We pray that she will soon be home and back in church. We missed you Sunday Mrs. Effie.

Rev. and Mrs. Forriester were Sunday guests of Mr. and Mrs. Sasco Chambers and Myra..

Mr. and Mrs. Terry Yarbrough and little son 'Buz' of Albany, Ga., were the Sunday guests of Mrs. Yarbrough's father Mr. and Mrs. E. A. Lenoir.

Miss Martha Jean Howard, Miss Brenda McCormick and Miss LaDonna Miles of Shawmut and Lanett, Ala., are the guests of Mr. and Mrs. E. A. Lenoir this week.

We are always glad to welcome visitors to our worship service every Sunday. If you don't have a home church let us welcome you to come worship with us. We are always glad to have you.

Don't forget our Wednesday night prayer service with choir practice following. Remember to visit our sick and shut ins, if you can't visit pray for them.

Remember God gives you a week, Give him back an hour. See you in church Sunday.

GOODWORKERS SUNDAY SCHOOL CLASS HAS HAYRIDE

The Goodworkers Sunday School Class of the First Baptist Church enjoyed a hay ride last Friday night. The group met at the church and left out singing merrily as they went. After about an hours ride they stopped at the Dairy Queen for refreshments.

Those enjoying this outing were: Susan Speaks, Cathy Wyatt Pat Bynum, Danna Gilbert, Sue Cox, Ann Brown, Judy Blalock, Wade Connell, Jimmy Rogers; Danny Doss, Wendall Martin and Mrs. Willie Bean, teacher of the class. Gary Blalock drove the truck and Randy Thomas.

STEEL FACTS—

At no time during the last two decades has the average profit per dollar of sales in the American steel industry exceeded the 8 per cent recorded in 1940, and in only one year (1950) has this rate been equalled.

FRIENDSHIP H. D. CLUB MET

Mrs. J. R. Mullins was hostess to the Friendship Home Demonstration Club last Friday afternoon. The president Mrs. R. J. Hogue presided. The devotional was given by Mrs. Mullins reading verses from the 86 Psalm. Mrs. Harry Sims gave the history of the song. "There is a Fountain" followed by the group singing it. The pledge of Allegiance to The Flag was given. Minutes of the previous meeting and the financial report was read by Mrs. Grady Carter. County Council dues were collected.

Mrs. Perry Ellison and Mrs. Harry Sims will attend the ledership school in April. A demonstration on Making Hats and Covering Shoes, was given by Mrs. Clifford Giles and Mrs. Niblet.

The door prize went to Mrs. Grady Carter. Mrs. Johnnie Lane, HD Agent won the recreation prize.

The meeting was closed by reading the Club Collect by the group.

Delightful refreshments were served to 13 Club members and Mrs. Lane.

The April meeting will be in the home of Mrs. W. H. Buckner with Mrs. Perry Ellison as co-hostess.

ATTENDS ALABAMA FEDERATION OF WOMEN'S CLUB

Mrs. Charles D. Worley attended the Alabama Federation of Women's Club legislative Work Shop in Montevallo last Thursday. At this meeting a panel discussion on the subject was the Possibilities to Establishing Juvenile and Family Court in All Alabama Counties. Probate Judge Robert Kirksey of Carrolton and Judge Bill Dannelly of Camden were the main speakers. Judge Talbot Ellis of Birmingham was moderator. Dr. James Thomas, head of the department of Social Sciences at Alabama College and George Siebells Jr. of Birmingham completed the panel discussion for the day on community Safety.

AAUW HELD ANNUAL LUNCHEON

The American Association of University Women held its annual luncheon at the Holiday Inn, Saturday, March 2.

The tables in the dining room were arranged in a hollow square Broad yellow satin ribbon was fastened down the center of each table. The speakers table held She asked each member to insnapdragons flanked by srystal candlesticks holding tall yellow candles. Each table had a centerpiece of yellow and white snapdragons in crystal bowls.

Mrs. Dan Mims president welcomed the members and guests. She asked eauch member to introduce her guest. Mrs. Mims then asked Miss Pat Champion, program chairman to present the speaker of the day. Miss Champion introduced Dr. Lucile Griffin of Montevallo. She spoke on Common Trade. Dr. Griffin's address was profound, yet her charming humor, intrigued those present. The fact that she had been present at the House of Lords in London when Common Trade was being debated made her lecture especially interesting.

About thirty members and guests enjoyed the occasion.

NEWS OF—
Samaria

Don Graham, Pastor

We have planned to ordain two new deacons. We have made our choices and we feel they are the best qualified we can find. We have planned to ordain these two during the Sunday night worship service on March 31.. Allen Ray and Johnnie Culp will be ordained during the Sunday night service. So many of our members can be a part of this service.

We have made big plans for our Break the Record Sunday. We have set out goal at 150 and hope to break it on April 7. We want to make this a one day revival in hopes of reaching the many around us who have no church home. We aren't after just breaking records, but we are putting forth one surge as our effort to bring more people closer to Christ.

There are many of us who have forgotten about the Visitation Program. It's still going on. Every Thursday night at 6:30, we visit those in our community who have no church home and those who are sick.

Last Saturday night, the Youth Rally held its monthly meeting at the Chestnut Creek Baptist Church at Coopers. Our attendance seems to be growing by leaps and bounds and there is certainly room to grow. A group of young people from Howard presented an inspiring program on missions. Make your plans now to attend the next Youth Rally.

We invite you to attend any and all of our services.

Rev. Calvin Ray, (Pastor)

Sunday School 10 a..m.
Worship Service 11 a.m.
BTU 7 p.m.
Evening Worship 8 p.m..
Wednesday Service 7 p.m.

Flu and colds have been raging in this community and so many are ill it has caused so much absence in our church. Let's be much in prayer for all the sick and shut-ins.

Our revival begins March 24, with Rev. Don Graham as the evangelist. There will be night services only.

Mr. and Mrs. James Melton held dedication services in their new home. Rev. Paul Johnson and Rev. Calvin Ray were the speakers. We wish for Lois Faye and James much happiness in their new home.

This church and community sends its heartfelt sympathy to the McGee families in the death of their husband and sons, R. C. McGee. To know R. C. McGee was to love him. He was a fine Christian man and is greatly missed in our church and community. May the Lord comfort and bless his family.

NEWS OF—
HILLCREST

The Hillcrest Baptist Church in cooperation with the simultaneous revivals of the Chilton-Unity Baptist Association planned to conduct the revival on March 31-April 7, services nightly 7:30 p.m. Cottage prayer meetings have been planned, and an extensive visitation program for personal witnessing will be conducted by the Sunday School, Training Union, Brotherhood and Woman's Missionary Union workers, under the leadership of the pastor and the evangelist, M. G. Fields, Associational Superintendent of Missions. Plans for the services at the Church for special prayer meetings just prior to the services and special music at each service each evening was worked out by the pastor and leaders of the organiations and the choir.

A cordial invitation was extended to all the people in this area. The goal attendance Sunday, Marsh 31 is 77 at Sunday School and Training Union. Please join us in Prayer for a Heaven-sent revival.

STEEL FACTS—

Increases in production per man hour in the steel industry have lagged far behind increases in employment costs per man-hour. Shipments of finished steel mill products per man-hour worked increased by an average of only 1.7 per cent annually from 1940 through 1960, while employment costs were rising by an average of 7.5 per cent annually.

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

A Little Bit O' Tuck . . .

BY BOB TUCKER

THE team of Blankenship nd Fulmer have joined forces o bring you the B&F Motors which is located just south of 1st Avenue in Clanton on Highway 31. That's Emmett Blankenship and "Red" Fulmer, in ase you didn't already know it, nd they are announcing some ood buys in this issue of the ood old News. They are experienced in the Used Car business, and are capable of giving he people of Clanton and Chilton County good service and, as heir slogan implies: "Specialize n Clean Cars".

CIVILIZATION has overtaken us -- they had, according o our correspondent, a Twist contest at Maplesville the other night! Great Scott!

LADIES: You can buy your Spring Lingerie at Watson's; get it dry cleaned at Clanton Laundry; wear it to the Clanton Drive In Theatre in a car from Stokes, Shelton's, B & F Motors, Carlisle Rambler, or Clanton Motors. You can wear it to Doris Beauty Salon for a hairdo, or you can go buy the milk in it (from Cloverleaf Daries naturally). If none of those suit you (perish the thought) you can always go to Smith Lawn & Garden Supply or the First National Bank in it, or you ight even want to, "Telephone Talk" on your Bell telephone in it. Whatever you do, tell 'em you saw it in the News!

Revival Begins At First Baptist In Clanton March 24

DR. VANCE HAVNER
Evangelist

MR. MEL MINTZ
Song Leader

The First Baptist Church of Clanton, Dr. J. Gilbert Hutchinson, pastor, announces the Spring Revival with Dr. Vance Havner as evangelist and Mr. Mel Mintz as song leader. Dr. Hutchinson feels that this is one of the finest teams ever presented in this church.

Dr. Havner is an international figure and has been widely used in Bible Conferences, Bible teaching and evangelistic meetings. He is a native of the hills of North Carolina and has carried with him down through the years the wonderful spirit of the hills. This will be seen immediately in his preaching. His messages are filled with spiritual humor and he gives a marvelous demonstration of the power of God in a sanctified life.

Mr. Mel Mintz is a native of Alabama, but in recent years has been living in Arkansas. He has a marvelous voice which he has dedicated to the Lord and is being used in a remarkable way in bringing God's blessing to multitudes of people. This church takes a great deal of pleasure in presenting to this community the marvelous singing of Mel Mintz.

Revival services will begin Sunday morning, March 24th, and continue daily at 7:00 a.m. and 7:30 p.m. The morning services will be of 30 minute duration and, as in past years, the pastor feels will be popular with the people.

A very cordial invitation is extended to everyone to take advantage of this unusual evangelistic campaign in the First Baptist Church of Clanton.

Henry Adair 5th Grade 4-H Club Met

The monthly meeting was held on Monday, March 18th, and was presided over by the president Jeff Moore. "America" was sung by the group and pledges of allegiance were given to the flag of the United States and the 4-H Club flag. The roll was called and the minutes of the previous meeting were read. Mr. Bobby Futral showed many interesting slides of snakes, and gave out material on "Growing your own Crappie Bait," after which the meeting adjourned.

Another State First At Local Hospital

This week 7,000 medical record folders were shipped from the Chilton County Hospital for microfilming.

These records represent approximately 9,000 admissions to the hospital or more than 150,000 pages of records.

Two viewers or readers are being procured. One reader is of a potable nature suitable for presenting records in court, etc. The second reader is capable of producing a permanent printed paper copy in approximately ten seconds.

The records have been stored in 42 large boxes consuming approximately 200 cu. feet. The microfilmed storage area will require approximately 5 cu. feet. Space at the hospital is at a premium. Present day hospital construction is valued at $25.00 per sq. ft.

This progressive step taken by our local hospital is the first of any hospital in the state with less than 100 beds.

This accumulation of records is for the period from August 1, 1955, opening date, through February 9, 1960. Patient 13,510 was admitted March 14, 1963. Other records will be microfilmed at a later date and after two years of storage in original form.

Babe Ruth And Little League Meet At Jemison

THERE will be an organizational meeting Saturday night, March 23, at seven o'clock in the Jemison High School gym for boys who will plan on either Babe Ruth or Little League baseball teams. Parents, friends and neighbors of these boys are urged to come out and give their support at these meetings and games Those who failed to register last Saturday may do so next Saturday at the school gym from 8-10 in the morning or 3-5 in the afternoon. A fee of $3.00 will be required again this year.

Elementary P.T.A. At Maplesville

THE P.-T.A. meeting for the Elementary School will be on Thursday night, March 21, 7:30 p.m. Program will be on Health, by the First and Second grades.

Verbena Junior Class To Have Play

THE Junior Class of Verbena will present a 3 act mystery - comedy, "The Skeleton Walks," on Friday night, March 22, at 8:00 o'clock in the High School auditorium. Door prices will be 40c and 60c.

Revival Begins At Thorsby Baptist

DR. CARL GIENS

The First Baptist Church of Thorsby will have Dr. Carl J. Giens, pastor of the Shades Mountain Church in Birmingham, Alabama, as guest evangelist during their revival on March 31-April 7.

Morning Services will be conducted at 10:00 o'clock through Friday and evening services begin at 7:30 p.m. nightly.

A cordial welcome awaits you in all of these evangelistic services. The Rev. L. W. McReynolds is pastor of the church.

He'll Pay For Scout Hut

THE Clanton Lions Club is sponsoring a $3,000.00 Scout Fund Drive in order to construct a Scout Hut for the Explorer Scout Post. This amount of money will be raised by selling tickets on the 4-H calf shown above, which will weigh approximately 800 lbs. This Fund Drive will be completed not later than April 16, 1963. The site for the Scout Hut has already been donated which leaves a balance of $2500.00 to be raised for the construction of the building. Your contribution toward this worthy project will be of a great benefit to the Boy Scout Program and also be of benefit to some 4-H Club boy from whom the calf will be purchased. All contributions will be appreciated.

Maplesville Baptist To Hold Revival

THE Maplesville Baptist Church will engage in a series of Revival Services, March 24-29. The Morning Services will begin at 6:55 a.m. and the evening services will start at 7:30 p.m.

The Evangelist for the revival will be Rev. Robert Edge, Sr., pastor of the Capital Heights Baptist Church of Montgomery. He has been serving as pastor of this church for 28 years. He has also held pastorites at Abbeville and Wetumpka. He is a graduate of Mercer University and Southern Baptist Theological Seminary.

Brother Beryl Vick, Minister of Music of the Capital Heights Baptist Church will lead the singing. .

We invite you to attend our revival.

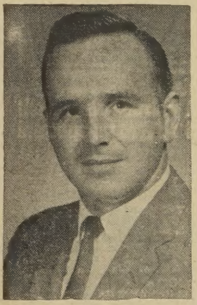
Revival Begins At Pleasant Valley

REVIVAL begins at Pleasant Valley Baptist Church on Sunday, March 24, continuing through the 29th. Billy Church, Howard College student will be the evangelist for the week. Mr. Church is a dynamic preacher. You are urged to hear him.

The music will be under the direction of Ralph Hornsby, pastor. Everyone is urged to attend.

Rollis Mims of the Poplar Springs community and a cooperator with the Chilton County Soil and Water Conservation District, has planted 12 acres of Robin and 5 acres of Coastal Bermuda.

West End Baptist Revival Begins March 24



REV. CHARLES CARTER

West End Baptist Church is one of 39 churches taking part in a Simultaneous Revival effort in the Chilton-Unity Association. Rev. Charles T. Carter, Pastor of the Hillview Baptist Church of Birmingham, will be our evangelist. He is a graduate of Howard College and the Southern Baptist Theological Seminary. His wife is the former Miss Janice Young of Clanton. Brother Carter is a successful pastor and a warm hearted preacher of the Gospel. He has chosen to preach the following messages:

Morning Messages:
Monday - "How to Worship God."
Tuesday - "How to Know You are Saved."
Wednesday - "How to Have a Christian Home."
Thursday - "How to Stop Worrying."
Friday - "How to Grow in Grace."
Evening Messages:
Sunday - "Evangelize or Die!"
Monday - "What It Means to Be Lost."
Tuesday - "The Great White Throne Judgment."
Wednesday - "Is Hell Real?"
Thursday - "Second Death or Second Birth - Which?"
Friday - "Seven Things God Does Not Know."
Saturday - "What Is Salvation?"
Sunday (A.M.) - "God's Matchless Invitation."

Services will be held daily at 10:00 A.M. and 7:30 P.M. The pastor and people of West End Baptist Church cordially invite you to attend these special revival services. The nursery will be open for the babies.

C of C Winds Up Drive For Members; 200

THE Chilton County Chamber of Commerce completed its 1963 Membership drive this past Monday with 138 new members. The total membership subscribed to 200 membership units in all, making the 1963 drive a smashing success.

Drive Chairman, Raymond Hamilton, was congratulated by the Chamber's new president, J .H. Stokes, at a special meeting of the Board of Directors held Monday at the Dixie Cafe. "Raymond's outstanding efforts, together with those who worked so hard with him on the membership committee, has resulted in a total membership increase of 460% over last year", said Stokes. "The membership is now truly representitive of every aspect of our County's business community. We now have a broad base upon which to build and a tremendous source of energy and talent which is now available to work in Chilton County on the road to faster economic progress and industrial development."

Because of the outstanding efforts and participation of the business men in the Thorsby-Jemison area in this year's drive. the Chamber's Board of Directors voted to make P. F. Singley, a Thorsby tractor dealer, a special member of the board of directors of the balance of 1963.

It was announced at the meeting that another meeting will be held for the Board of Directors this coming Monday for the purpose of appointing 1963 committees for Chamber of Commerce work. A general meeting of all the membership is planned for April to hear a report on special projects and activities.

Final and revised 1963 membership List as compiled at the close of the 1963 Membership Drive, March 19, 1963, Raymond Hamilton, Membership chairman.

County Band For Chilton

Response to inquiries as to the interest in a county band for Chilton County this summer has been gratifying. This response encourages a further explanation of how it could function. The organization would be by communities so that each community would have the beginnings of a band, and the county band would function as one unit.

Practice would be in Clanton using the facilities that have been idle in the summer. Basic instruments such as drums, bass horns, baritones, and French horns will be furnished. Principle instruments such as clarinets, flutes, trumpets, trombones and alto saxophones can be rented from music companies for two months. Any instruments which students already have can be used.

Students from 6 to 10 grades would likely gain the most benefit from the program.

The accomplishments of a summer band program could be continued during the school year by having practice in the evening during one night in the week for the county band.

If you desire any further information or have any interest in encouraging a summer band program for the county, contact Woody Blalock, president, Band Boosters Club, phone 18-W.

Revival To Begin At Northside

REV. BILL JACKSON

PASTOR, Horace E. Kimbrel of Northside Baptist Church in Clanton, announces this week that Revival services will begin at that church on March 31 and run to April 7th.

Evangelist will be Rev. Bill Jackson and J. Tyre Denney will be the visiting singer and song leader. A special music program will be held each night. Services will begin at 7:30 each evening and the nursery will be open for infants.

Miss Owens In FHA Race

MISS OWENS

We have a very active FHA group. Carol Owens the president entered and won the County Beef Cook Off and was given a silver tray with her name engraved on it. She attended a luncheon in their honor and the Rodeo in Montgomery with a group from other counties. Carol is also running for District Vice President.

This meeting will be held in Talladega, April 6. The girls working on their Homemakers Degree are Gwen Blanton. Jane Smitherman. Sandra Wilson. Carol Owens, Eunice Harrison, and Inez Smith.

Announcement

Poplar Springs Home Demonstration Club lends helping hand to Gates of Opportunity School. Although this group helps to supply some of the material for this school when it first opened, they did not hesitate to come to our rescue when they heard our funds were low. Thanks to them, we have a two weeks supply of cookies, materials for the school that was badly needed plus $3.52 in cash. For all this we say a great big thank you.

"The only thing necessary for the triumph of Evil -- is that good men do nothing!"

Good Or Bad--

AN old-timer, whose opinion we respect very highly, asked us point blank, the following question: "I think the Interstate Highway has hurt us worse thank anything for quite some time; don't you?"

We had no choice but to disagree with him; for although we respect his opinion and his judgement, we nevertheless do disagree with him. He has a point, and he made it well, as to just what areas have been hurt, economically by the bypassing of Clanton, Thorsby and Jemison, by the highway artery which carries traffic from Birmingham to Montgomery and point beyond.

But, in the long run, and we have been in a number of arguments because of same, Chilton County will benefit from this highway. It may not effect your personal business, but by and large, the entire community will prosper, and it will be due largely to this transportation artery, and others like it.

The Interstate has already given us possibilities which we did not have before it came. Our main problem in Chilton County seems to be "how to live with it", and how we can make it work the most effectively for us instead of against us. Ingenuity is an essential ingredient for the future prosperity of our community. And the new highway will not hurt that proposition.

Good Friends--

GOOD friends are hard to find. . . especially when you want to borrow money from them!

If You Had The Time--

IF anyone literally had the time to sit down and watch some of the trees and shrubs blossoming out, we honestly believe you could actually see them growing. There's a pear tree or two in our yard, and Sunday you couldn't see anything but bare limbs and buds. Monday afternoon the white was shining and Tuesday the trees were a profusion of beautiful white. Nature is a wonderful artist. More time should be spent observing it.

Business Outlook--

THE business outlook, just like the weather, has taken on a sunny glow. Chilton County is waking up with Spring. The local merchant is standing with his arms crossed watching the folks enter his doorway. And he's smiling some now. Winter is truly over!

Judge White Speaks--

WE understand from sources that Probate Judge J. C. White made quite an eloquent speech in behalf of the Chilton County Civil Defense Rescue Squad and program at a meeting in Tuscaloosa the other evening. Sincerity goes a long way in getting folks to listen to you and we have no doubts that Judge White was sincere in what he had to say about Chilton's top-ranking CD Rescue Squad.

If You Are Honest--

THERE is probably not a thing in this day and time which is more complicated or confusing to the individual who respects honesty and tries to practice it, than figuring out his income tax. After so many years of the Income Tax and the constant "adding to" of various and sundry "exceptions", "additions", "subtractions", etc., the average man is at a loss to know whether he is paying enough, keeping too much, or getting cheated out of his hard-earned bread and butter.

The Federal Government, long renowned for it's dexterity in the creation of "red tape", although not in its ability to handle it, has so confused the mind with rules and regulations, that tax figuring to some (in fact many) people, is "how much can I get away with"! It that the kind of influence which our government is supposed to exert?

No, it is not!

Not many will deny the inescapable fact, that we must have some kind of revenue to run our tremendous volume of affairs of state. But, it is past time-and we call on Senators from Alabama Lister Hill and John Sparkman, an Congressmen-At-Large--to uncover, or make strenuous efforts to do so, the 'tremendous volume' of waste in our national and international affairs.

No one in their right mind, could believe other than the fact that "income-taxing" is driving American business out of business. Small businesses; always the backbone of American economy, are being strangled to death by taxes. It is the naked truth that they are killing the goose that lays the golden eggs.

Are our so-called statesmen (and we use the term very loosely) so pathetically ignorant to believe that we can continue for very long down the same path we are being dragged. President Kennedy and his "economic advisors" have some bolts loose as far as we are concerned, when it comes to healthy economy. We honestly believe that they would not know a healthy economy if it ran over them. And that goes for the administration which championed Mr. Eisenhower, as well as the "loser" in the recent election which gave us John F. Kennedy.

Where are our men of integrity; where are those who know how to balance a budget; where are those among us who know which program to keep and which one to chuck out and which bureau is a useless farce draining the citizens pocketbook?

God give us men with backbone; with stomach for an arduous task and with stamina to see it through. And God, give us men who have unqualified allegiance to America and our way of life. . . God, give us men!

In The Catacombs--

SUNDAY before last, we had the pleasure of sharing with the Junior High Sunday School department of the First Methodist Church, a "recreating" of a worship service used by the early Christians when they were being persecuted by the Romans.

A most impressive service we have never witnessed. Even the scenery which was the Catacombs, the burial caves under Roman cities was very realistically recreated. Candlelight was used; the participants did their parts well; and observance of the Lord's Supper was unforgettable.

Even the dialogue by those participating was as though it might have been in the days of Paul and the Desciples.

It is our sincere hope that these Bible students may have the opportunity to share this moving experience with a greater number of our church members as well as other denominations in and around Clanton. You have never heard a sermon which had more impact than this simple, yet most effective ceremony

A lot of the credit for the success of this most recent portrayal should rightfully go to Miss Helen Parrish and Harry Loyd, Jr.

YOUR HEALTH

MEASLES

Measles, one of the most contagious of infections, appears most often in the late winter and early spring. Chiefly a disease of children, it may also afflict persons of any age not previously attacked by its virus. One attack of measles usually makes a person immune to the disease throughout life.

Following contact with a person who has the infection, the incubation period averages about 11 days. First symptoms are fever, malaise, pain in the muscles, and headache. There is sneezing, running at the nose, and a slight cough; the eyes are red and watery, and strong light hurts them. About the fourth day red spots appear on the forehead and face, soon spreading over the entire body. The rash begins to fade and will disappear about five days after its appearance. Peeling of the skin follows, and the malaise and fever come to an end.

There is no specific treatment for measles, but the administration of convalescent serum of gamma globulin during the period of incubation may prevent or at least modify the illness. Complete recovery from measles is the rule in uncomplicated cases.

When the child is recovering from measles is the time when there is danger of complications. He should be given the best possible care to prevent the development of bronchitis. pneumonia, middle ear infection, or other diseases.

KIWANIS INTERNATIONAL

BUILDERS

Guests at this weeks Kiwanis club meeting was Bobby Powers representing the Key Club and Mr. Charlie Patterson. Always glad to have guest and extend an invitation to these and others to visit us whenever they can.

The program this week was under the direction of Bill Warren. Bill introduced our local Conservation officer, Eddie Henley and Alton Boulware, Conservation officer representing the area east of Coosa River to the Georgia Line. Eddie represents the area west of the Coosa River to the Mississippi line.

Mr. Boulware gave us a short talk on the seriousness of hunting rabbits at night using a spotlight and gun. This practice is very much against the law and every effort possible is being made to have it stopped. After this talk we was shown a wonderful film on the Cottontail Rabbit. Which all enjoyed.

Next weeks meeting will be held at Holiday Inn and we are looking forward to having our wives present at that meeting.

Mr. and Mrs. O. N. Esco attended a reunion in Prattville Sunday, honoring Mr. Esco's dad 80th birthday. There were 30 relatives who attended the birthday party given in the home of Mr. and Mrs. Sam Esco.

● YOUR SOCIAL ● ● SECURITY ●

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Ala.

Q. I checked my social Security account about 5 years ago and it was correct then. Why should I check it now?

A. Since then your quarterly earnings have been reported about 20 times. It is possible that your employer may have made an error. If the error was made more than thee years ago, it is difficult to correct your record.

Q. My employer doesn't keep a very good record of how much he pays me. He pays me by cash and won't give me a W-2 form. Isn't he supposed to keep a record of my earnings?

A. Most employers are required to keep complete and accurate records of your earnings. He should give you a receipt for social security tax and income tax withheld. He should write to Internal Revenue for Circular E.

Q. Can I get social security credit for doing housework for my son in his home?

A. No. This type of work is not covered by social security.

April Is Cancer Control Month

April will be "Cancer Control Month" and 1963 the "Year of the Volunteer" in Alabama by proclamation of Gov. George Wallace.

The American Cancer Society will launch its annual educational and fund raising Crusade on April 1 with a minimum goal of $335,000 for Alabama, according to Charles G. Grisham of Birmingham, state crusade chairman

Governor Wallace called attention to the national ACS observance of "Year of the Volunteer" in recognition and appreciation of "the public spirited men and women active in the work of the Society."

He said ACS "is leading the fight against cancer through its three-point program of Research, Education and Service" and asked the people of Alabama to support the program.

Grisham pointed out that while it is now possible to save at least one out of two of those who develop cancer, only one of three is being saved.

Because of the unnecessary loss of life, Grisham said, "the first goal of the 1963 Crusade will be to get more people to doctors in time for early treatment. An annual health checkup is a person's best protection against death from cancer.

The second goal of the 1963 Crusade, Grisham said, "will be more much needed money for research. Only through research can we hope eventually to save the one half of those who develop cancer who can not now be saved."

The 1962 Crusade, with contributions exceeding $39,000,000 nationally, was the best year in ACS history. Alabama raised $330,100.

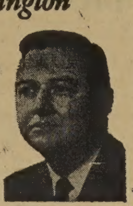
Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN



The United States should take immediate steps - including the use of force if necessary - to stop Communist aggressive subversion in this hemisphere.

This is one of the recommendations the House Subcommittee on Inter-American Affairs, of which I am chairman, made last week following an investigation of Castro-Communist subversive activities in the Americas.

The Subcommittee's report points out that the subversive battle being waged by Communist forces today represents as certain a form of aggression as direct military aggression.

Seeking assurances against additional "Cubas," the subcommittee further recommended that the United States be prepared to act with military force if needed in response to any Latin American country that requests aid in combating Communist tryanny. The United States must be prepared to do in our own hemisphere what we are willing to do in Korea, Vietnam, and other parts of the world, the report stated.

Other subcommittee members and I also called for a diplomatic and economic quarantine of Communist Cuba by the nations of the hemisphere with complete ostracism of the puppet Castro regime as the ultimate goal.

Collective Action Sought

A final recommendation made by the foreign affairs subcommittee was that the United States, as leader of the hemisphere's defense, should seek early action by all member countries of the OAS to halt the flow of communist traffic from Cuba to the free nations of the Americas. Failure by any nation of the hemisphere to curb subversion within its own borders endangers the security of the inter-American system, for our chain of security is only as strong as its weakest link.

Subcommittee Findings

In addition to the subcommittee's recommendations, eight findings of interest were included in the subcommitt'e report:

1. Since the Korean War, subversive aggression rather than the direct use of arms has been communism's main expansionist strategy. Although the inter-American secuirty system is prepared to meet military aggression by Communist forces, it has no plan for collective action to deal with Cold War subversion.

2. Comunist potential for aggression in the Americas cannot be measured solely in terms of regular military or "offensive" force, since subversion cannot be gauged only by conventional military capabilities.

3. Since the stepped up Red subversive campaign in Latin America is marked by the use of terror and violence, long-range economic aid, such as that embodied in the Alliance for Progress, alone cannot cope with the immediate threats posed by subversive aggression. In fact the success of the Alliance for Progress is dependent on reducing and finally eliminating the threat of subversive aggression to the hemisphere.

4. Whether due to failure to recognize the danger possesed by Castro Communism, or for other reasons, the failure of some member nations of the OAS to devise effective internal methods to control subversive traffic in and through their territories endangers the security of all nations of the hemisphere.

Russia Held Responsible

5. The Castro regime is wholly dependent on the Soviet Union, and subversion in the Americas is led by Russian agents. Therefore, the Soviet Union must bear the responsibility and the consequences for subversive attacks on Western Hemispheric nations.

6. Cuba is being used as a training base for guerrillas and terrorist in an "alliance for violence." Castro's island is also financing the terrorist activities and shipping tons of propaganda to abet their cause.

7. Venezuela is the most immediate target for Cuba based subversive aggression.

8. The ideological rift between the Soviet and Chinese brands of Communism has not affected Cuba's role as communism's spearhead in the Americas.

The threat of communist aggression to the nations of the Western Hemisphere has taken on a grave new dimension since Fidel Castro came to power in 1959. I am hopeful the report of the subcommittee and the hearings on which it is based will focus the attention of the American people and our allies on this menace and spur both individual and collective action in combatting it.

By Mrs. Estelle Hayes

Mr. and Mrs. Don Martin announces the arrival of a 9 lb son Monday, March 11 at Chilton County Hospital. They plan to call him Ronny. Mr. and Mrs. Martin have two girls older.

Mrs. Margie Trimm (nee Margie Moore) was honored with a miscellaneous shower Tuesday night, March 12 at 7 p.m. in the basement of Oak Grove church hostess Miss Caroline Oaks, Miss Ann Oaks, Mrs. Mollie Clifton of Hueytown, Ala., presided at the brides book. About 20 guest registered. Individual cakes embossed in white with a buttercup for decorations mints, nuts and lime sherbert for refreshments. Mrs. Trimm wore a yellow dress with corsage of yellow and green carnations.

Mr. and Mrs. V. O Moore spent Sunday in Hartselle with his parents and visited her mother in Centreville.

Sorry to hear that Miss Delle Payne is a patient in Chilton County Hospital instead of a nurse. We trust she will soon be up and on her way again.

Mrs. Shackleford Goes Back To Kindergarten (Almost)

Mrs. John D. Shackleford and son Doyle and her parents Mr. and Mrs. L. A. Spearman spent the AEA holidays in Bertrand, Missouri visiting their sister and daughter the Murphy Marrows.

Mrs. Marrow has been in the hospital for several months with the exception of a few days at a time. She came home soon after they arrived and they got to be with her all of their visit.

They came back through Myrtle, Miss., and spent Saturday night in Fulton, Miss., and Mrs. Shackleford went by her high school and grammar school. They attended church Sunday in Fulton Miss., where Mrs. Shackle ford met some of her school mates she has not seen since she was in the primary room.

Several of the Thorsby folks will remember Bobby Marrow, Mrs. Shackleford's nephew that spent several weeks with her every summer. He graduated from Nichol State College this semester and has signed a contract with the Cincinnatti Reds at a very attaractive price.

Mrs. Raybon Mims of Childersburk spent Sunday with parents Mr. and Mrs. Burber Price.

Mrs. Geneva Davis and Mrs. Cora Littlefield both of Collins Chapel community visited their daughters here the week end, Mrs. Claudie Mims, Mrs. Willie Bratton.

"THE INTERNS"

A smash best-seller comes to life on the screen. "The Interns", with Cliff Robertson, and a star-studded cast of guys and gals, will begin at the Clanton Drive-In Theatre on Sunday, March 31st. This isone you've been waiting for.

Refuge News

Our attendance and services last Sunday were good, even though we still have some sickness in the community. Then too, we had a heavy down pour of rain just at service time. According to a statement made by the late Rev. W. P. Lowery, it is hardly necessary to mention the weather conditions in connections with a persons church attendance. He said that in his long experience as pastor, he had noticed that if a person was physically well and fully dedicated to the Lord, that weather conditions would have but little if any, effect upon his church attendance. Maybe it would help to ponder the statement of Rev. Lowery.

Our cottage prayer meetings have been held in various homes in the community for the past few weeks, but we will meet back at the church next Wednesday night at seven o'clock. Rev. Stanley Lockhart will lead us in the study of the 15th chap--ter of Matthew.

The Spring Revival will begin here the 5th Sunday and continue through the week with services at night only. The pastor will bring the messages, and the services will begin at 7:15 o'clock.

We will be looking for you and all the family at church next Sunday and Sunday night. Reports have it that the fire is beginning to kindle in the church where the revivals are already in progress. 38 churches are cooperating in the simultaneous revival crusade across the associating and we believe that we are going to experience some of the greatest revivals in many years.

We do not have experience to find out that a church can have a revival any time the people are ready for it.

100 Years Ago

THE GALLANT PELHAM

One hundred years ago this week, a young Confederate soldier fell on the battlefield at Kelly's Ford, Virginia, and the loss of this Alabama cavalryman drew these sorrowful words from Major-General, J. E. B. Stuart: "The gallant Pelham--so noble, so true, will be mourned by the nation."

As Stuart's Chief of Artillery during the battle of Fredericksburg, Major John Pelham so distinguished himself that General Lee. watching him, commented, "It is glorious to see such courage in one so poung." Pelham had opened the battle until one Napeleon gun, drawing the fire of half a dozen batteries, but remaining until his ammunition was exhausted. He was then assigned to the command of the artillery on the Confederate right and by nightfall was upon the flank of the retreating Union army.

In his report of the battle, General Lee referred to the young native of Calhoun County as "The Gallant Pelham," a names which clings to his memery still. He was further honored by being the only soldier below the rank of major general named in the report.

Called "distinguished" by Lee, Stuart and "Stonewall" Jackson, the latter of whom said, "If you have another Pelham, General Stuart, give him to me," the twenty-five year old soldier met his death on March 17, 1863. He was urging the out numbered troops of the 2nd Virginia cavalry into battle when a fragment from a shell exploding above him struck him in the back of the head and knocked him unconscious.

He was taken to a house in nearby Culpepper, but medical attention came too late. He died without regaining consciousness shortly after midnight. Major Stuart sent his remains to Richmond and his body lay in state in the capital the following day.

From there, it was carried to Jacksonville, Alabama, for burial.

In an official report to his cavalry, General Stuart immortalized his dead comrade in the following words. 'The memory of 'the gallant Pelham,' his many manly virtues, his nible nature and purity of character, are enshrined as a sacred legacy in the hearts of all who knew him. His record has been bright and spotless, his career brilliant and successful. . . In mourning his departure from his accustomed post of honor on the field, let us strive to imitate his virtue, and trust that what is los to us may be more gain o him."

A Big Day For A Little Girl

LAST Friday, little 5 year old Angela, daughter of Rev. and Mrs. James E. Jones, of Selma, Ala., had a very unusual day. She had persuaded her parents to let her visit her granddad and grandmother Mr. and Mrs. J. D. (Jimmy) Bell in Clanton. by herself on a Greyhound Bus.

For a week Angela was so excited she could hardly sleep and when her parents put her on the bus in Selma, she was the hapipest little five year old anyone ever saw.

Of course, when she arrived in Clanton there was Granddaddy and Grandmother to meet her and listen to her tell about her Big. long ride on the Greyhound Bus.

On Saturday, Angela was in store for more excitement, because her grandparents had planned to take she. their son Henry and two of his friends; Judy Waites and Norton LeCroy to Montgomery, where they met Angela's parents, her little brother and the Bell's other son and family: Mr. and Mrs. James Bell, Jr., James III, Byron and Rose Ann.

Then they all attended the Rodeo in Montgomery, which was an exciting event for all, but especially for little Angela. Her visit with her grandparents is one she will never forget.

Red Cross Drive Progresses

The first week of the annual Red Cross fund drive has passed. The 1963 drive is being conducted during the month of March. This is to be the biggest drive in the history of Chilton County, more volunteer workers are calling this year than ever before. This is due to the incease of requirements placed on our chapter.

This year our chapter is anticipating serving over 250 cases for our local boys in the military service. This being only one of the services but will require a greater amount of money than before.

A number of employees are contributing the pay of one-half days work. The stores and other public places are planning a 100 per cent participation.

This year let us say we did it.

Do you know that around the clock, hospitals in the United States admit 36 patients every minutes and that a pint of blood is used for one out of every 5 admissions? There was 423 pints of blood collected in Chilton County from July 1, 1962 through January 31, 1963 and each visit cost our our chapter $1.00. How cheap it is to save a human life.

Local CD Rescue Squad Hears Praise For Work

ALABAMA Civil Defense Association convened in Tuscaloosa, on March 13, at the Stafford Hotel in Tuscaloosa. A very important Civil Defense Association meeting was held in the interest of civil defense at the local level.

Federal, State and local officials participated in the day long program which was attended by seventy-five civil defense directors, probate judges and mayors from throughout central Alabama.

The Honorable J. C. White, Probate Judge, was one of the principal speakers, and according to Mr. Burton Mullins, President of the Association, who presided at the meeting, our able and affable Probate Judge did himself and Chilton County proud. Reverend B. F. Atkins of Tuscaloosa was so impressed by Judge White's speech that he made a strong recommendation which met with unanimous approval of the association that the presentation be reproduced and mailed to every Civil Defense Director in Alabama.

Mr. Frank Manderson, State Director of Civil Defense, who visited our Chilton County Civil Defense Rescue Squad recently, praised our Rescue Squad for the outstanding job they have done not only in Chilton County, but throughout Alabama. In Mr. Mandersons address to the association he told the associational that he had never met with a more dedicated group of men anywhere as we have in our Rescue team, and pledged his assistance at anytime he might be needed.

Several other officials from the State Civil Defense Department were also impressed with the fine equipmnt that our Rescue team has had the excellent manner in which it is kept operational for any and all emergencies. One official in particular was impressed by the versatility of our Rescue team in that most of the members have attended Red Cross first aid courses, police officers training courses, and in addition to our training in dragging operations for drowned persons, the Chilton County team also has an excellent skin diving group to assist where needed' It was also brought to the attention of the association that our rescue team has met regularly twice a month, and in addition, special meetings to work on equipment, which shows a dedication by all of the members in this important work. A large number of the delegates told Judge White and our Civil Defense Director, Burton Mullins that from all the praises heaped on our rescue team that this group had a big job to do to live up to their nationwide reputation. So Judge White and Burt told them that the best way to judge the future interest and dedicaion of any group is observe their past performances, which as all of our Chilton County people know and appreciate in our rescue team is certainly outstanding.

Supervisor H. H. Dennis and S. A. Jones with Combine after harvesting District fescue seed.

The Chilton County Board of Supervisors held their monthly meetings on the second Wednesday of each month throughout the year.

Problems in soil and water conservation were discussed at these meetings. Ways and means of meeting these problems in cooperation with other agricultural agencies in Chilton County were planned.

Activities of the District during the year were as follows:

1. Monthly meetings.
2. Harvested Partridge Peas (which is our only source of revenue).
3. Sponsoring Soil Stewardship Week.
4. Sponsoring Soil Conservation District Week.
5. Assisted in preparation of news articles for local publication.
6. Attended State Association meeting of District Supervisors.
7. Prepared and distributed the Annual Report.
8. Designed Supervisors to serve on County Rural Areas Development Committee.
9. Nominated farmer for Governor's Conservation Award Program.
10. Entered Goodyear District Conservation Award Contest.

The Soil Conservation Service personnel working with the Chilton County Soil Conservation District assisted thirty-four (34) farmers with A.C.P. cost-share practices which included terracing, ponds, ditches, and waterways.

Other Soil Conservation practices applied included the following:

Supervisor B. S. Mullins admiring growth of Slash Pine.

NEWS OF —

Providence (Beat 13)

Rev. Robert Carden, Pastor

Sunday was Youth Day and the young people did a wonderful job. We are very proud of our young people. Alvin Porter brought the morning message and Morris Holcomb the evening message. If you missed these services you really missed a blessing.

The Spring Revival begins April the 7th, don't forget to make your plans to attend.

We are sure proud of our Jr. Choir, they did a wonderful job Sunday night. Don't forget Juniors to come out for practice Saturday afternoon at 3 o'clock.

Mrs. Judy Conway has returned home from Shelby Memorial hospital. Glad for you to be back Judy.

Sorry to report Mrs. Jean Cunningham and Mrs. Hal Curry are both in the hospital. Hope they both will soon be able to be home.

Mr. and Mrs. "Buddie" Porter and Mr. and Mrs. Loyd Whitson were Sunday guests of Mr. and Mrs. Abb Porter. Glad to have them come out to church to hear Alvin bring the message Sunday.

Glad to have Mr. and Mrs.. Ralph Hall at church Sunday night. Come back again.

Don't forget to come out for Choir practice and Prayer meeting each Wednesday night and for visitation each Thursday night.

Mrs. L. W. Price, Kathy and Craig of Birmingham spent the Spring Holidays with Mr. and Mrs. W. G. Shaw,

Mr. and Mrs. Jack Woods and Mike of Birmingham, Mr. and Mrs. Jack Davis, Carolyn and Johnny, also Miss Rosie Green all of Birmingham visited Mr. and Mrs. Bob Green.

The Sunday guest of Mr. and Mrs. R. K. Cox were Mr. and Mrs. Albert Cox, Mr. and Mrs. Kenneth Cox of Tuscaloosa and Mr. Ellis Cox of Bessemer.

Sorry Mrs. Jeffie Satterwhite is not feeling well, hope she will soon be improved.

The YWA met at the church on Family night, March 6. The title of the program was "Love is the Key" which dealt with the barrier of witnessing to and winning oriental Americans. Present were Carolyn Killingsworth, Kerry Lucas, Lula Hall, Mildred Holcomb, June Veazey, Jean Harrell and Mrs. Shirley Sample. Also four prayer meetings were held in accordance with the week of prayer for Home Missions.

Be sure to remember all our sick and shut-ins in your prayers and remember you are welcomed and urged to come and be with us in each service.

39 Churches Hold Simultaneous Revivals

There is a spiritual feeling of revival as the churches make great preparation for the revivals. 39 churches are cooperating in the simultaneous revivals in Chilton-Unity Association. Three of the churches have already conducted their meetings and two more will come to a close Sunday. 15 churches will be participating in their revivals beginning Sunday. 17 churches will hold their revivals beginning March 31. 3 other churches will hold their revivals the week of April 7. Mars Hill Baptist Church plans to participate March 31-April 7, Rev.. Mark Barnette, Jr. pastor. Rev. William Goggins, evangelist. All the churches of this association, especially the participating churches are cordially invited and urged to attend the Simultaneous Revival Rally meeting March 24, 2:00 p.m. at the First Baptist Church, Clanton. Dr. Vance Havner will be the speaker. Mel Mantz, will be the singer. A great revival service is anticipated at this kickoff rally All the participating churches in the Simultaneous Revivals are invited and urged to see that the pastor, his wife, evangelist, singer or the equivalant number of workers attend the rallies meals March 27, April 3, 12:15 p.m. at Martin's Restaurant at the Jemison Cloverleaf on the Interstate Highway 65.

STEEL FACTS—

In 1961 U. S. Steel paid over $260 million in taxes. That is equal to $4.82 per share of common stock, or $1.82 more per share than owners of common stock received from the corporation's income. In 1960, when the corporation had somewhat better income, taxes took $6.99 per common share — well over twice as much as the dividend per common share. And, of course, shareholders were taxed again after they received their dividends.

STEEL FACTS—

Sales of the primary iron and steel industry in America during the first half of 1962 were about the same as during the first half of 1957. But profits of the companies were down from $1.3 billion in the first half of 1957 to only $888 million during the first half of 1962..

JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for *you*, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

Conventional pickups have double-wall construction in cabs, doors, lower side panels. Roofs are insulated. Body floors are select wood, not metal. Tailgate chains are wrapped in rubber. If you'd like to examine or drive a new '63 Chevrolet truck, just call us. We'll be right over.

Diseases In Your Early Vegetable Garden

Each year tiny little pest creap into your vegetable garden and cause various types of damage. These little organisms, too small to be seen with the naked eye, may be in the form of fungi, nematodes or bacteria. They may invade the soil and attack the roots or move through the air and injure the foilage. When a plant becomes disturbed or upset by these pest it is said to be diseased. Vegetables in some gardens are only slightly diseased while it is almost impossible to grow plant in other gardens because of disease problems.

It is easy to match your wits against that of the disease, but it is extremely difficult to win a total victory, since they often work while you sleep. Even when we use all the weapons available against these invaders of the garden, it is difficult to obtain perfect control. However high yields can be produced when a complete disease control program is practiced.

The first major enemy we encounter in the soil is the nematode. This tiny worm will thrust its spear-like mouth part into the young plant roots and suck out the juices causing the plant to become stunted and unproductive. Nematodes have established headquarters in the soil of practically every home garden. The best weapon to use against these little worms is soil fumigation. In fact, fumigation is a must if you expect to have a highly productive garden. Several chemical fumigants will be available this year in small containers suitable for garden use. D-D, or Dowfume W-40, can be applied at ½ pint per 100 feet of furrow, 14 days prior to planting. Nemagon or Fumazone 70E can be used at planting time. Nemagon will be available in both liquid and granular forms.

After the soil is well prepared a furrow 6 inches deep should be made where each row is to be located. Place 3 tablespoonsful of Nemagon 50% EC or 2¼ tablespoonsful of 70E in a pint jar and finish filling with water then knock a hole in the lid with a ten penny nail. Evenly distribute the liquid in the bottom of the furrow and cover immediately. The pint of water with the chemical will treat 100 feet of row. If 30 per cent Nemagon granules are used sprinkle 4 ounces per 100 feet of row in the furrow and cover.

Air-borne fungi are the major enemies that attack the stems and leaves of vegetables. Leaves that become spotted and yellow due to fungus infection often fall off causing the plant to become stunted. Foilage disease can be controlled if fungicide applications are begun early in the season and continued at weekly intervals throughout the summer. Zineb (sold as Dithane Z-78 and Parzate) or Maneb (sold as Manzate or Dithane M-22 used as a spray or dust are very effective in controlling these diseases. Formulations of these fungicides can be obtained that already contain an insecticide.

If wilt, southern blight or other soil fungi are a problem in your garden it may be necessary to treat the soil with Methyl Bromide or Vapam (V.P.M.) prior to planting.

For additional information, contact your County Agent.

Homemakers HD Club Met With Mrs. Gentry

The Homemakers H. D. Club met in the home of Mrs. Charlie Gentry with the president Mrs. Bobby Headley presiding over the business.

Mrs. George Pierce brought the devotional from Psalm 86 with Mrs. Grover Rich leading the opening prayer.

The story of the hymn "There Is A Fountain", was given by Mrs. Lawrence Davis with the group joining in singing two stanzas. Pledge of Allegiance was given to the U. S. flag by the group.

During the business session roll call was given, minutes of the previous meeting was read and a few items of business was discussed and a committee was appointed to plan a booth for the fair this fall.

The demonstration on covering shoes was ably given by Mrs. Mary Lee Cofer. We welcomed Mrs. Crow as visitor and one of our old members to come back and rejoin us and another new member.

Refreshments were served to the 14 members present and our visitor, and 2 new members. Mrs. Radford and several children. The March meeting will be at the home of Mrs. Jack Gore.

DEAR 4-H JANES

On Monday, March 11, the girl's 4-H Club at Isabella held their Apron and Skirt Revue. There were eight girls who exhibited aprons and eight who had skirts on that they had made. In the Jemison 5th grade club, eleven girls made and modeled aprons and one modeled a skirt which she had made.

In each of these meetings we have discussed the good and bad points of each garment-keeping in mind the points to remember when making skirts and aprons. Some of the points we have used as guides for making the aprons are: that the material be a color fast cotton; the apron should be long enough to cover your lap past the side seams on your dress and wide enough to go a little and that the ties be long enough to tie into a good size bow with some left at either end. Some of these points do not apply to all aprons, such as party aprons but they do apply to those which are made to work in.

Work aprons should have a pocket the larger the better, for these can be used to carry small objects from one room to the other so that only one trip can be made.

We are making plans for our county apron, skirt and dress revue which will be held on April 6 at the Courthouse. I hope all of you can attend.

Your Assistant.

STEEL FACTS—

In 1961, United States Steel's net return was only $3.05 per share of stock -- just a nickel more than the dividends. Only 2.7 million dollars was left to reinvest in the business. (It costs approximately one million dollar just to reline a blast furnace..) In the second quarter of 1962, U. S. Steel's net income was only 63 cents per share of common stock, considerably less than the 75 cent dividend. In the third quarter, net income was only 38 cents, and it was necessary to reduce the dividend by one-third. While the employees were getting the highest pay ever (higher than in any other heavy industry in the world with the exception of coal mining), the investors whose money made their jobs possible took a "pay cut."

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

Rev. James Benefield, Pastor
Sunday School 10 a.m.
Worship Service 11 a.m.
Training Union 6:30 p.m.
Evening Worship Service 7:30
Wednesday Service 7:00 p.m.

Our Sunday School attendance was 120. Bro. Benefield preached an excellent sermon, "How to have a Church Fire Revival," using the verses Acts 1:12-14, Acts 2:1-8, 39-41.

Training Union attendance was 92 and there were 36 daily Bible readers. There was a solo by Linda Driver, "Satisfied With Jesus." Our Sunday night sermon, "The Greatest Danger to a Church," was based on Phillipians 2:1-11.

We would like to thank Mrs. Alvin Driver for the beautiful flowers.

Please remember our cottage prayer meeting March 25-30. On Monday at Bro, Horace Cagles, Tuesday, Bro. George Pattersons, Thursday at Bro. Gerald Millers, Friday at Bro. Elbert Glenns and Wednesday and Saturday at the church.

This Sunday, the 24, the Young People will be teaching each class.

Remember our many sick in your prayers. Mr. Earl Minor is a patient at the Chilton County Hospital and Mr. G. R. Culver is ill at his home. Remember also our coming revival.

A Little Bit O' Tuck . . .

BY BOB TUCKER

WE just happened to pick up a small snail the other evening attached to a softball that had been left out is the dew by one son named Mark. Anyway, since the thing was in the house we were showing Ben and Terri what salt did to a snail. We were holding it on a piece of paper, and they were eagerly watching th experiment. Son Mark strolled in the door and observing that we had salted it down, remarked: "Are you going to eat that, Daddy?" He likes a lot of salt and I don't reckon he knows what a snail is.

A fire happened down around E. R. Dennis's place the other afternoon, and the fellows called Tom Cox and Burton Mullins said Mr. E. R. was fitting to be tied. It was a brush and woods fire, but brother Dennis had visions of it being house and home fire, and he was getting pretty hot--under the collar. Things were saved we understand. Folks, things are mighty "tender"--like around these parts at this time of year. We have noticed quite a number of so-called "forest" fires lately, and you'd be doing yourself a favor if you were extremely careful with all manners and types of fire. The Forestry boys would be much obliged too, we're sure. They have a tough job.

SHOWN to our right in the second picture in the Fat Calf article are: Left to right, Frank Daniel with the Reserve Champion Hereford; Larry Fullen, with the Reserve Grand Champ and John Shelton, owner of the Longview Ranch in Dry Valley from whom Larry bought his prize winning steer.

COMMITTEE Co-Chairmen B. L. Adams and Dan Mims, who are working with the Lions, the Explorer Scouts and the Jaycees to get another Scout Hut built in Clanton, ask us to thank all the folks who are participating in the fund raising effort and to remind you that the program runs through April 27th. Any question you may have concerning this effort can be satisfactorily answered by any one member of the aforementioned organizations.

A PAST Chilton Countian (Joe VanDerveer by name) has seen fit to write the local Chamber of Commerce and to join its ranks. His letter will be in the News next week. Look for it!

The county organization meeting of the Alabama 4-H Foundation was held at Holiday Inn on March 21st. Shown above are: Cecil Mayfield, Ala. 4-H Club Specialist, Judge J. C. White, who was unanimously elected County Chairman during the meeting. "Buck" Littleton, Publicity Director at Radio Station WKLF, and L. L. Traywick, President of Chilton County Farm Bureau.

Alabama 4-H Foundation Held Meeting

The Alabama 4-H Foundation was organized to benefit 4-H Club members of the state. Each county has an organized group to lead this drive. Judge J. C. White, County Chairman, said he would contact various individuals throughout the county with in a few days to discuss co-chairmen positions. Those accepting will form the county committee. The committee will have an organizatiosal meeting to plan the kick-off drive scheduled for early April. The state campaign will begin April 1st, and the county will participate in this. To start this campaign television stations throughout Alabama will feature a special 4-H program this week end.

The 4-H Club, the largest organization of youth in the world has 1700 members in Chilton County. The majority of families in the county have had members enrolled in the club at one time if not at the present.

The television schedule for "The 4-H Show" in this section is:

WBRC - Birmingham, March 28, 3:00 p.m. March 30 5:30 p.m.,

WAPI-TV, Birmingham, March 30, 7:00 a.m.

WSFA-TV, Selma, March 28, 6:30 a.m.

WSFA-TV Montgomery, March 31, 12:00 Noon.

WSLA-TV, Selma, March 28, 4:30 p.m.; March 31 6:00 p.m.

ETV Auburn, March 28, 4:30 p.m.; March 29, 3:00 p.m.

This 28- minute filmed show features the 4-H Club movie, "4-H -- An Alabama Resource," Gov. Wallace reading his 4-H proclamation after introduction by Dr. Robertson, and brief statements by Tine W. Davis, the four district fund chairmen and Jana Howard, A Toney 4-H Club girl.

Members of civic clubs through out the county have seen the movie. You should check your schedule and plan to see this special program.

Red Cross Needs You

Red Cross Bloodmobile Visits Chilton

The blood collected in Red Cross bloodmobile visits to Chilton County is not all transfused as whole blood.

A portion of the blood, usually that which becomes outdated after 21 days, i smade into blood fracitons. . . medical discoveries which have proved to be worth their weight in life.

Plasma from outdated blood is pooled at the Birmingham Reginnal Blood Center and sent to laboratories to be made into the priceless fractions. . serum albumin, used to treat schock and kidney diseases; fibrinogen, the clotting element in the blood used to stop bleeding in surgery; gamma globulin, used as a vaccine against measles and hepatitis. Other derivatives available through the Regional Center are: irradiated plasma, used as a treatment of burns; frozen plasma, used to treat hemophilia.

These are the fractions that are in everyday use and are available to citizens of our county through the regional center. But research has not ceased. New blood fractions are in the making at Red Cross research laboratories.

Research has been an integral part of the Red Cross blood program since its beginning in 1948. Today, the Red Cross has doubled research and development effort for the coming year. The blood laboratory at its national headquarters in Washington, D. C., is being expanded, and branch laboratories are being establishde at seelcted medical research centers.

STATE OF ALABAMA

PROCLAMATION BY THE GOVERNOR

FIGHT AGAINST COMMUNISM

WHEREAS, Communism constitutes the most serious menace in history to the institutions of free men, and

WHEREAS, the Communists seek their goal of world domination by subversion and by preversion of the minds of men, and

WHEREAS, the Communist conspiracy has thus far succeeded far too well because the free world has slept too long, and

WHEREAS, the Veterans of Foreign Wars of Alabama have initiated a campaign to fight Communism with knowledge, and

WHEREAS, the immediate objective of the VFW is to establish at Auburn University a Veterans Memorial Collection of books on Russia, Asia, and international Communism - a collection to be unmatched in quality in our region--, and

WHEREAS, the purpose of such collection will be to encourage professors and students to seek and promulgate the truth that keeps men free, and

WHEREAS, Auburn University trains young men and women who will teach throughout this state and region and others who will serve their country throughout the world in civilian and military capacities, and

WHEREAS, the VFW considers this great effort at Auburn the beginning of a movement that it wishes to see spread throughout the nation and result in a new vigilance against the enemies of human freedom,

I do hereby proclaim the week of April 1-6 as "Fight Communism with Knowledge Week" and call upon the citizens of Alabama to support to the fullest extent of their ability the Veterans of Foreign Wars in their efforts to establish the Veterans Memorial Collection at Auburn.

George C. Wallace,
GOVERNOR

Judy O'Neal of Stanton with her 1,040 lb. Angus steer came out on top of 46 other animals that were shown in the Annual Chilton County 4-H - FFA Fat Stock Show, March 20.

Larry Fullen, son of Mr. and Mrs. Bob Fullen, owned and showed the Reserve Champion, which was a 950 lb. purebred horned Hereford. Larry also was the winner of the best showman trophy for the F.F.A. division of the show.

O'neal, Fullen Winners In Fat Stock Show

Harold Garrison, son of Mr. and Mrs. Lomax Garrison, won first place in the light weight Angus class. The winner of the medium weight Angus class was Benny Gilbert. Benny also showed the Reserve Champion Angus of th show, with a 740 lb. purebred Angus steer.

In the Hereford division of the show, the first place winner in th light weight class was Janet Rasberry, daughter of Mr. and Mrs. Roy Rasberry, Jemison, Ala., Rt. 1. The medium weight class was won by Billy Rasberry, brother of Janet. Billy is an F.F.A. member from Jemison school.

Judy O'Neal who exhibited the Grand Champion of the show also was named first place showman in the 4-H division.

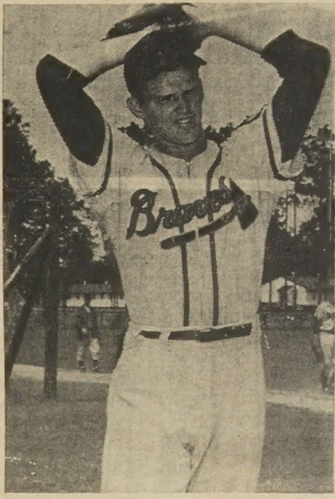
Another highlight of the 1963 Fat Stock Show was the Judging Team competition. Both 4-H and F.F.A. teams will compete in Montgomery on March 29 in the District Show and Sale.

Harold Garrison, Larry Smith, and Erskin Gibson were the high scores in the 4-H team competition. Braqton Gibson, Royce Davis, Larry Fullen and Larry Cobb were named winners of the F.F.A. division.

I would like to express my thanks to the Clanton Civitan Club and all merchants who contributed their time and money toward making this the 1963 4-H. F.F.A. Fat Stock Show a big success. Thanks also go to the judges of the show, Mr. James Danion of Prattville and Mr. H. N. Lewis of Auburn, and Mr. M. L. Batson of Clanton, who served as showmanship judge of the show.

Clanton's Carroll On Way To Top According To Some Observers

Clay Carroll, one of Clanton's favorite sons could very well achieve his ambition this year, the ambition of being a major league baseball player.



According to Alf Van Hoose, Birmingham News Sports Editor this far-fetched goal of Clay's is in site. Van Hoose has just completed his annual tour throughout Florida reporting on the various big league clubs.

His article, which appeared in last Friday's News, was written about four pitchers (all Alabama boys except one Tenessean) currently on Eddie Glennon's Denver Bears roster. Dixie Walker, who will coach for the Milwaukee Braves this season, signed the four, who are the property of the Braves.

Van Hoose' story stated, "Three of the quartet got a ton of bonue-signing money and the fourth one, Clay Carroll of Clanton got $1,000 and opportunity.

"As of today, Carroll appears closer to Milwaukee, and Denver (the Braves triple A franchise), than Dickie Smith of Trussville, Ala., and Ole Miss.; Arnold Umback, Jr., of Auburn; and Ken Nixon of Pleasanthshade, Tenn., but each is still considered a future major leaguer."

Incidently, Umback got 100 grand for his signature.

In Spring Training thus far, Clay has worked for three innings in one game and six his other appearance. Both performances were impressive.

"Carroll has a lot of Vinegar Bend Mizell in him," Van Hoose went on to say. "This will lead him to great wealth, too, if his arm keeps steps with his personality.

"Whit Wyatt, the justly famed Milwaukee pitching instructor, is about as high on Carroll as a conservative teacher gets. Whit did sope polish work on the Clanton curveballer last winter in the Florida Instructional League."

Clay, who will be 22 in May, posted a respetable 14-7 record with Boise, Idaho in the Pioneer League (Class C) last season. He whipped 223 batters in 181 innings.

For this, the 6' 1", 180 pound lad was voted by his teammates as the team's most valuable player. It was his second season upon being signed.

But back here at home, there is more to the story. A visit to Clay's home found the proud parents, Mr. and Mrs. Thomas Carroll, willing to speak freely of their rising young man.

Mrs. Carroll remarked, "We got a letter from Clay last week and he said, 'Mother, I'm doing my best to make it, and I'm going to do it, too.'"

No one can deny that positive thinking goes a long, long way.

"From all the reports we have heard about Clay," Mr. Carroll added, "They say there pay be ability, but none that has a better some down there with better love for the game.

"Clay is playing ball for two reasons. For one thing he loves what he is doing, and he's making a living at it."

Mrs. Carroll smilingly recalled memories of Clay when as a tot would pick up a baseball bat, about the size of him, and stroll up the hill to play with other kids at the park nearby.

The hill named Lilly, is where many got the name that was tagged to Clay's curveball. Now Clay and his "Lily Hill Special" have gone far, and are one step away from being as far as one can tread in the baseball world.

Clay has a big league personality. He has a big league arm, too. But most of all, he has confidence and a big heart.

With these qualities, what can keep him from big-time baseball.

65-Voice Youth Choir To Sing At West End Baptist

On Saturday, March 30, at 7:30 p.m., the Youth Choir of the Fairfield Highlands Baptist church will sing at West End Church, Clanton. This choir has sung in many churches through out the state of Alabama and presents a half hour radio broadcast weekly over Radio Station WYAM, Bessemer, Ala. The choir is under the direction of Mr. Dick Thomassian who is the visiting evangelistic singer at the West End Baptist Church Revival.

The Rev. Cecil Sewell, pastor, announced that Saturday night will be a special youth night emphasis and that all the youth of Clanton are invited to attend. A fellowship period of singing, entertainment and refreshment will be enjoyed by all teenagers immediately following the service.

Revival services will continue through Sunday, March 31, with Evangelist Charles T. Carter, pastor of the Hillview Baptist Church, Birmingham, doing the preaching.

Quarterly Meeting April 8

The Sunday School Quarterly Meeting meets Monday, April 8, 7:30 p.m. at the Liberty Hill Baptist church in the Chilton-Unity Association. The pastor, Rev. Jerome Robinson, and the members of this church invites the Sunday School workers of the 54 churches to attend. Mr. W. L. Hicks, associational Superintendent and co-workers have planned a wonderful appropriate program for every worker's benefit. A total of 289 attended the Training Union Quarterly meeting last month. The goal attendance for the April Sunday School meeting is more than 300 present. The host church plans to have their new furniture installed throughout the auditorium. Don't miss this great meeting.

15 Churches In Revivals This Week

Fifteen Baptist Churches are engaged in simultaneous revivals this week in the Chilton-Unity Association. Eighteen churches will begin revivals Sunday, March 31 and three churches will begin revival services the week of April 7. Making a total of 39 churches engaging in revival meetings during the months of March and April. The fifth Sunday hymn sing for March 31, will not be held on the account of the many revival meetings that will be in progress at that time.

Clanton Gets Legion Baseball Tournament

The local American Legion team will play as the host team for the Central Area, Baseball Tournament. This will be held the latter part of July. All games will be 9 innings and will be played on the City Park Diamond

The umpires will be furnished by the State Dept. of the American Legion and secured from Maxwell Field.

Teams from the following cities will be represented, Tuscaloosa, Talladega, Sylacauga, Childersburg; Auburn, Opelika, Dadeville and Clanton. This will be a double elimination tournament.

Any boy living in Chilton County can play Legion ball, provided he has not reached his 19th birthday.

Let's everyone get behind these boys and bring this trophy to Clanton.

WHEREUPON, The County Engineer submitted Requisition Number 851, requisitioning one new motor grader and Requisition Number 853 for one new rubber tire tractor loader and "Invitations for Bids", were mailed to ten prospective vendors and posted on a bulletin Board on the 28th day of February, 1963, with an opening date of March 11, 1963, and

WHEREUPON, J. C. White, Chairman of Board, prior to the opening of bids received, informed the members of the Board that he had several complaints regarding specifications not covering certain machinery and recommended that all bids be rejected and returned to the various bidders and that specifications on said loader and motor grader be re-written wtih greater variation or flexibility and that each bidder be given an opportunity to demonstrate the performance of his particular machine meeting specifications, and

WHEREUPON, Mr. Motley offered the following resolution for adoption which was duly seconded by Mr. Cost:

BE IT RESOLVED AND ORDERED: That the County Engineer is hereby authorized and directed to re-write specifications on said loader and motor grader with greater flexability or variations which would not automatically reject comparable loaders or motor graders, and

BE IT FURTHER RESOLVED: That the Purchasing Agent is hereby authorized and directed to mail "Invitations for Bids" to all vendors who submitted bids to be opened March 11, 1963, and also one to the State Purchasing agent. The above stated resolution was adopted by Messrs Cost, Headley, and Motley voting, "Yes", and Mr. Mims voted "No" and the Chairman declared same duly adopted.

Mr. Headley offered the following resolution for adoption which was duly seconded by Mr.. Cost:

BE IT RESOLVED: That the County Engineer is hereby authorized and directed to extend South Dekota Street, approximately 660 feet southerly from Jones Street, to Franklin Street, Thorsby, Alabama, at County expense.

The above stated resolution was adopted by a unanimous vote of all members present and the Chairman declared same duly adopted.

WHEREUPON, The Clerk of this Board, having been previously instructed to advertise for bids on the sale of one 8 Cu. Yd. "THE ROBE," a masterpiece of entertainment starts at the Clanton Drive-In Theatre on Easter Sunday, April 14th. It is in Cinemascope and color and is hailed as "the greatest story of love and faith the world has ever known"!

● YOUR SOCIAL SECURITY ●

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office trom Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Alabama.

Q. I'm not working - I was hurt at the sawmill and put in for disability payments. They turned me down because I wasn't disabled enough. Does that mean I'll never get social security?

A. No. You can get reduced checks at age 62 or full checks at age 65 if you worked enough under social security. I'm sending you a booklet that tells you how much you need to get your social security.

Q. I'm a widow and got a small burial payment when my husband died. When can I get social security? I've never had a social security card and don't work.

A. You can get widow's benefit checks when you get to be 62 if you haven't married again.

Q. My cook tells me I should turn her social security in. What should I do?

A. You should pay social security on her wages. I's sending you a card that you should fill out to send to Internal Revenue. They will send you information about how to make the reports.

We were priviledged to have as our speaker Bro. Sam Matalka a native of Jordan, to speak to us Sunday night. Brother Maltalka is a senior at Howard College majoring in pharmacy. He recently completed his study in the ministry and plans to go back to Jordan in about three months. He showed slides of his native land, the land of our Lord. He followed his slides with descriptions organized in a sermon.

We have planned to have a one day revival on April 7, This will be our "Break the Record Sunday." Our goal is 150. We are not just trying to break records with numbers, but we are trying to reach those who have no church home in our community and those who are lost. We will have the Lord's Supper on that Sunday and during the evening service, we will have baptism. We have made many plans and we want you to come and worship with us.

Our Visitation program will continue to meet on Wednesday nights at 6:30 and we urge you to be faithful.

Our Young People are going to pack a picnic lunch and visit the zoo in Birmingham on April 7. They will leave after the **morning service and will be back** in time for the evening service.

We have planned to ordain two new deacons. During the evening service on March 31, Brother Allen Ray and Brother Johnny Culp will be ordained. We planned this service so more of our members could be a part of this service as many of them have never seen an ordination.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

Last week I had the privilege of attending the three day Central American conference in San Jose, Costa Rica.

I was a member of a bipartisan Congressional group including Congressman Mailliard (R.-Calif.), and Senators Fulbright (D.-Ark.) Morse (D-Ore.), and Hickenlooper (R.-Iowa) who attended the meeting at the invitation of President Kennedy.

As chairman of the Subcommittee on Inter-American Affairs which had just completed investigating Comunist subversive aggression in this hemisphere, I was especially concedned at the conference with the need for action to curb the subversive threat in the middle American area.

The Declaration of Central America isued by the heads of state in attendance, the Presidents of Guataemala, El Salvador, Costa Rica, Honduras, Nicaragu, and Panama and President Kennedy--calls for an April meeting of the ministers of government. The purpose of the meeting is to "develop and put into immediate effect common measures to restrict movement of their nationals to and from Cuba and the flow of material, propaganda, and funds from that country."

Subversive Action Set

The Declaration also states that specific action is to be taken at the April conference to increase air and sea surveillance and interception of any Cuban Communist movement of mosey, propaganda, material or arms to any area of Central America.

These points came on the heels of the recent recommendations made by the Inter-American Affairs Subcommittee on the needs for immediate usilateral and multi-lateral curbe on Communist activities and traffic.

Should the steps outlined in the Declaration of Central America be implemented in April an important step will have been taken toward reducing subversive aggression in the Central American area.

Boost Economic Ties

In addiiton to the proposed April meeting, the San Jose pact contains pledges by the United States and participating Central American governments designed to further the creation of a Central American Economic Community and to strengthen the long-range economic plans to combat the ills that beset the Western Hemisphere.

As the news media have indicated, the President and his party were enthusiastically received in Costa Rica. Despite unprecedented Commusist attempts to undermine the leadership of the United States, it was most encouraging to find in Central America obvious and warm frienlship for the President and the people of the U. S.

Presidential Plane

Our trip to Costa Rica was made in the President's plane. The flight from Palm Beach to San Jose on Monday of last week took only three and one-half hours. We left San Jose late Wednesday afternoon and, after a period of only four and one-half hours, touched down at Andrews Air Force Base just outside of Washington a distance of 2475 miles.

From Andrews Air Force Base we were flown by helicopter to the White House where we landed on the back lawn at approximately 11:30 p.m. Wednesday.

Junior Music Club Met

The Junior Music Club met on February 25, 1963 at the home of Alice and Miriam Gerald. Ellen Wright presented a program on American Music. Refreshments were served. The meeting was adjournd.

CARD OF THANKS

We wish to express our appreciation for the sympathy and kindness shown us in the death of our father. The Allen Family.

Devotional was by Mrs. Casey Cumings, led in prayer by Mrs. E. S. Jones. Story of hymn "There Is A Fountain" by Mrs. Jones also and then all the group joined her in singing it..

Pledge of allegiance to the U. S. flag was repeated by all. Roll call with each one answering with what they plan for a new spring outfit.

Reading of minutes and treasurer's report by Mrs. Vinson Veazey, secretary. A goal for which our club has been striving for a long time, that of purchasing a hospital bed and mattress and wheel chair has been reached at last. They were delivered to our club one day last week. Plans are being made or have already been made for the trip the HD ladies of the county always take each year. The plans are to go back to Montgomery by way of Wetumpka to visit Jasmin Gardens. The date has not been set but letters will be sent out to each club giving the details and date. The deminstration was on Covering Shoes. and was given by Mrs. Renfro Veazey and Mrs... Vinson Veazey. Closing prayer by Mrs. J. H. Wells. Refreshments were served by hostess to fifteen members, one visitor and Mrs. Lane.

Extends Sympathy

The community extends to Mrs. Garnett Giles and children and other relatives in the passing away of Mr. Giles, who passed away at the Chilton County hospital late Sunday afternoon.

REFUGE

We would like to call special attention to our revival which will begin here next Sunday, March 31st, The pastor will be bringing the messages Sunday and Sunday night and also each night during the following week. The services will begin promptly at 7:15 o'clock.

All members are urged to make every reasonable sacrifice, lay aside everything that will not prove a hurt to them or their neighbor, and attend every service. Promptness and a keen interest manifested on the part of the church membership, definitely has its weight and influence toward the kind of revival that the church stands in need of today.

A lost man can not be revived, because there is nothing there to revive. But we can evangelize him and win him to the Lord Jesus. Only a man who has been saved by Grace, through faith can be revived, because the spark is still there even though he has lost interest in the church. The truth of the matter is, we all need to be constantly revived. In Isiah 57:15, we read: "For thus saith the high and lofty one that inhabiteth eternity, whose name is Holy; I dwell in the high and holy place, with him also that is of a contrite and humble spirit to revive the spirit of the humble, and to revive the heart of the contrite ones."

Well, we haven't had much to say about how much black pepper Aunt Susie put in the dumplings last Sunday, but maybe we can get around to that later. The thing that I am mostly interested in right now is an old fashioned Heaven Sent, Holy Ghost revival If our people will turn loose and give themselves unreservedly, we will have just that kind of revival.

The pastor spoke of writing a minister about helping in a revival. He said: "I do not want you to help "Hold" a revival, but help to turn one loose. We have held it long enough."

Mt. Carmel At Adams

Rev. Charles Forriester, Pastor

We had a very good attendance for both services Sunday. Our pastor brought two wonderful messages.

Let us remind everyone our revival starts Friday night, March 28, at 7:30 Our pastor will preach and Mr. Wayne Goodwin will be our choir director. We extend a cordial invitation to everyone to attend.

We were glad to see Mr. and Mrs. Donald Chambers and children Mike and Todd back in Sunday School. Little Todd has been very sick. We're so glad he is better.

Sunday guest of Mr. and Mrs. G. N. Osborn were Mr. and Mrs. Author Dohlston of Jackson, Miss., and Pfc. Horace Hayes of Fort Benning, Ga.

Miss Marie Ratliff has returned to Fort Worth, Texas after spending a week with her parents Mr. and Mrs. G. N. Osborn and her sister Mrs. Burton Osborn.

Mr. and Mrs. L. C. Melton and children, Rita, Sandra and Kim attended a birthday dinner in honor of L. C's. mother.

Rev. and Mrs. Forriester were guest of Mr. and Mrs. E. A. Lenoir Sunday.

Remember our Wednesday night prayer service with choir practice following and we want to extend a very cordial welcome to attend services at our church any time.

Pray for the sick and shut-ins in our community and do be very much in prayer for our revival.

SMITH-EASTERLING VOWS SAID

Miss Sara Madge Easterling became the bride of Airman Third Class Wayne E. Smith on Sunday afternoon, March 24 at three o'clock in the First Assembly of God Church in Clanton. Rev. E. O. Cordle, pastor of the church officiated with a double ring ceremony.

The brides parents are Mr. and Mrs. W. G. Easterling of Clanton. The bridegroom is the son of Mr. and Mrs. Reedie Smith of Verbena.

The improvised altar of the church was of lemon leaf foliage with a lemon tree on either side. Two floor baskets of white glads and two seven brandched candlebra holding white burning candles gave a soft glow to the setting.

Mrs. James Blocker of Montgomery was organist and played the song "Always" and the traditional wedding march.

Miss Angela Smith, sister of the groom was the brides only attendant. She wore a frock of pink nylon over taffeta. Her veil was shoulder length of white illusion attached to a demi-cap of white nylon. She carried a nose gay of white pompoms.

Given in marriage by her father, the bride was lovely in her tea length dress of imported french lace. It was a scalloped sweetheart neckline and long pointed sleeves. Her veil of illusion was shoulder length attached to a demi-cap of white nylon trimmed with flowers of white taffeta. She was wearing a strand of pearls given her by the groom. She carried a white Bible topped with a white, yellow throated orchid with white satin streamers.

David Graves of Clanton served the groom as best man. Ushers were: Pat Murrah of Birmingham and Wayne Johnson of Clanton cousins of the bride.

The mother of the bride was wearing a light blue lace sheath with white accessories and a corsage of white carnations. The grooms mother was dressed in a blue dacron and orlon frock. Her accessories were white and she also wore a white carnation corsage.

A reception followed in the C. A. Hall of the church by the brides parents. In the receiving line were the bride and groom, her parents Mr. and Mrs. W. G. Easterling and brothr David Russell and Mr. and Mrs. Reedie Smith.

The brides table was covered with a green satin cloth overlaid with lace. The wedding cake was a white three tiered square cake decorated with pink carnations, lillies of the valley and wedding bells and topped with a minature bride and groom. It was on a mirror and was flanked with pink candles in silver candlebra. The punch table was covered with a white linen cloth. The punch bowl was surrounded with grape ivy.

After the traditional cutting of the cake by the bride and groom it was cut by Mrs. Cecil Murrah of Birmingham and served by Mrs. Moses Powell and Mrs. Elwood Mims. Punch was served by Mrs. James Payton and Mrs. Clarence Easterling. Mrs. Douglas Scott registered the guests from an appointed table.

For her going away suit the bride was wearing a beige texturde rayon and dacron suit with floral blouse and beige accessories. She wore her orchid from her brides boquet. They left for Ft. Walton, Fla. The groom is stationed at Eglin AFB, Florida and will be at home at 3214, OMS, Eglin Field.

Injured By Cold--

Disease May Damage Shrubs

Ornamental shrubs that have suffered severe injury due to freezing temperaturs will be in a weakened condition and more susceptible to disease damage this summer. Plants that were in excellent condition when the cold hit may stand a fair chance of surviving if special attention is given disease control pracictes. The following suggestions may aid you in nursing your cold damaged plants back to a healthy condition.

Before new growth begins to put out spray shrubs with copper (Bordeaux mixture of fixed copper) or lime sulfur. These are strong fungicides capable of killing diseases spores that may be overwintering in the cracks and crevices of the bark or on dead twigs.

As soon as new leaves begin to develop go through and cut out all dead branches. Do not prune the shrub until you are sure which branches are dead. When removing large branches, make a smooth cut and paint the exposed surface with a tree wound dressing such as a Cresote tar mixture. Also remove and burn all dead leaves from the croches of the branches and from the soil surface.

Be sure to provide plants with adequate water. Shrubs weakened by cold cannot stand much draught stress. A good mulch will aid in conserving moisture.

Spray shrubs with a good fungicide as soon as the new growth is about half completed. This will protect the plant against leafspot and canker diseases Spray applications should be applied every 3 to 4 weeks unless leafspot diseases become severe. In this case a spray should be put on every 10 days. Branches should be inspected at intervals for canger formation. Infected branches should be cut out immediately.

If plants do not respond to water and fertilization as they should a nematode problem may exist. These tiny worms can invade the roots and should treat around your plants with a nematocide. This can be done by poking holes in the soil about 8 inches deep over a 9 square foot area in the vicinity of the plant roots. Fill the holes in the 9 square foot area with a gallon of water containing 2 tablespoonsful of Nemagon 50% EC or Fumazone 70E or 1½ tablespoonsful of VC-13. Additional water should be puddled under the plant to carry the chemical down and prevent it from escaping the soil.

DEAR 4-H JANES

Another week has gone by and we are getting nearer the County Dress Revue. This event will be held on Saturday, April 6 in the County Courthouse. Everyone is invited to attend this clothing revue which will climax the clothing revues which have been held in the schools throughout the entire month of March. I have already mentioned many of these garments and the girls who have made and shown them in previous articles.

Last week the Clanton 5th, 7th and 8th grades held their monthly meetings and in each of these clubs we discussed the garments which the girls had made.

Wednesday, March 20, the annual Fat Stock Show was held at the Airport. There were four 4-H girls who exhibited calves at this show. There were Janet Rasberry, daughter of Mr. and Mrs. Roy Rasberry who showed the calf that placed first in the Light Weight Hereford Division. Myra Garrison, a member of the Thorsby Jr. Club and the daughte of Mr. and Mrs. Lamox Garrison ,showed a Light Weight Angus calf which placed sceond in its division.

Sally Gibson, daughter of Mr. and Mrs. Briggs Gibson, Maplesville, Ala., Rt. 1, made her debut in the ring showing a calf. I am sure you will see her for the next several years for her brothes have set a good example before her. They have been showing calves for a good number of years.

After many years of showing calves Judy O'Neal, daughter of Mr. and Mrs. Earl O'Neal won the Showmanship Award in the 4-H group and also showed the Grand Champion of the show.

Our hats are off to all these girls.

NEWS OF—

POPLAR SPRINGS

We are having cottage prayer meetings each night this week in different shut-ins homes with the auxillaries in charge. Monday night, Bro. W. C. Moore and the R. A.'s Tuesday night, Mrs. Anna McDowell, the G. A.'s, Wednesday night at the church, the Brotherhood; Thursday night Mrs. Pearl Parrish, the W.M.S.; Friday night, Mrs. Lena Minor, with Mrs. Beard with the Sunbeam Band.

Our revival begins next Sunday. Our evangelist will be Bro. Melvin Coleman of Sylacauga. We are looking forward to a great time and expecting wonderful blessings in honor and glory to our Lord. Visitors welcome.

Visiting Mrs. John Cox and Lee over the week end were Mr. Douglas Cox and sons John Howard and Billy of Centreville, Mrs. Floyd of Birmingham, Mr. and Mrs. Charles Mueller of Montgomery and Mr. and Mrs. Willie Armstrong of Clanton.

Mr. and Mrs. Reedie Smith and daughter Mrs. Glenda Argo visited relatives and friends in Phenix City and Columbus, Ga., over the week end.

Horace Johnson In Korea

Army Sgt. Horace D. Johnson, whose wife Margrette, lives at 121-A Eleventh ct., South Phenix City, Ala.; recently took part in Exercise WINTERSNAP II, a cold weather field training maneuver in Korea, with other members of the 7th Division's 17th Infantry.

The exercise was designed to test and improve the combat effectiveness of U.S. Forces helping defend the Republic of South Korea.

Sergeant Johnson, a squad leader in Company C of the infantry's 2d Battle Group, entered the Army in 1957. He was last stationed at Fort Benning, Ga., and arrived overseas on this tour of duty in October 1962.

Johnson, son of Rev. and Mrs. David Johnson, Route 1, Stanton, is a graduate of Clanton High School.

DUE to the exceptional amount of bookkeeping, as well as other factors, the Chilton County News is establishing a new Policy with regards to Classified Advertising.

As of this date any Classified Advertising must be paid for with the order ("in advance", if you would prefer to call it that)!

THE minimum amount for any Classified on any given publication date will be 60c.

THE Classified Rate will be 3c per word, per insertion. No discounts will be offered unless contracted for with a qualified member of the News staff.

WITH the new Policy, we are not trying to get rich! We are making an effort to better serve you—through Classified Advertising—but it must be profitable to us in order for us to continue to serve you. In the past, extra bookkeeping and loss due to bad accounts, has not permitted us to keep the Classifieds on a paying basis.

IF you cannot bring your ad by the News, or cannot give it to one of our salesmen, we have furnished an order blank, which will remain on the Classified Page, so that you may mail your ad to the News.

REMEMBER: Results are what you pay for — Results are what you get, with Classified Advertising in the News.

Did you attend Church last Sunday? If you didn't, we invite you to worship with us next Sunday. We had 63 present for Sunday School with 2 visitor and 31 at Training Union.

Bro. Gray preached from Cor. 13:11, "Childless Christians." Bro. Gray's father Rev. Luzel Gray brought the evening message while Bro. David preached for him at White City. He preached from Matt. 2:28-30, "The Yoke of a Christian.

We were happy to have Bro. Lautin Wilson and family both Sunday and Sunday night.

Remember Mr. Willie Smith who is still in the University hospital hoping to come home Thursday.

Worship Service 7:30
Wednesday Service 7:00

Our pastor brought two inspiring messages Sunday.

Our revival begins March 31. Our evangelist will be Bro. Melvin Coleman of Sylacauga, song leader, Authur Coleman.

We had several visitors Sunday. Among who were Mr. and Mrs. W. Calvert of Warrior, Ala., Mr. Charles Brooks of Birmingham.

We would like ot say hello to Sgt. and Mrs. Robert (Buck) Griffin and their son Edward (Buddy) and wife who are visiting their parents and grandparents the W. C. Moore's and Bob Griffin's. We hope to see them at church Sunday.

There are several who are sick in our community. Let's remember them when we pray and go to church somewhere on the next Lord's day and don't forget the [illegible] week service.

Little Over 5 Thousand Re-Identified

Dear Voters:

THE Board of Registrars have just submitted to my office the names of all voters that have re-identified themselves through February 18th, 1963. This list reveals the fact that only 5,605 people have re-identified. The last qualified voters list as compiled in my office contained a total of 12,038 names so it appears from these figures that many of you have not re-identified. Now I would like to beg and urge you to attend to this matter at your earlies convenience as the law requires that everyone must re-identify before the next election.

The purpose of the re-identification law was not to dis-qualify any legal voter but to remove the names of all non-residents and persons deceased from the poll list.

Please do not re-identify more than one time but if you have not attended to this matter please meet the Board of Registrars on the First or Third Monday in each month or come by my office and any of my clerks or myself will be glad to re-identify you.

Yours truly;
J. C. White
Judge of Probate

CLANTON GARDENETTE CLUB MET

The Clanton Gardenette met in the club room of the Courthouse on Monday afternoon with Mrs. L. G. Nichols, vice president presiding. Officers for the coming year 1963-64 were elected as follows: Mrs. J. E. Propst, president; Mrs. R. M. Alexander, vice president; Mrs. Hollis Jackson, seretary; Mrs. Forrest Holly, corresponding secretary; Mrs. W. D. Hocutt, treasurer.

Mr. and Mrs. Roy Morgan of Greenville were guests of the club and he gave the program entitled, "Beauty in the Woods." He is forester for Smith Lumber Co., in Greenville and showed slides of things of the woods that he had made.

The flower arrangement of the month was by Mrs. Campbell White. She used red bud, heart leaves and moss in a hand turned rock. The refreshment table was covered with burlap.

The April meeting will be with Mrs. Gordon Robertson.

A Little Bit O' Tuck . . .

BY BOB TUCKER

HENLEH Carter, who is about as nice a fellow as can be found anywhere, tells us that a fellow from Chicago was in last week-end needing the assistance of his service department, and from what Henley says, them "Yankees" ain't so bad, once you get to know them. We always say, the only reason you might have for not liking someone, is because you just don't know them well enough. That rings true, whether north, south, east or west.

ANYONE who tells shady jokes on the telephone is a Naughty Uncouth Talker, with the emphasis on the first letter!

THE following was sent to us by the Rev. E. D. Dawson and seems to us worthy of print:

"A big silver dollar. . . and a little brown penny. . . was rolling down the sidewalk. . . when the dollar remarked. . . for the dollar can talk. . . you poor little penny, you cheap little mite. . . get behind me. . . and get out of sight. . . I'm bigger than you and more than three times as bright. . . I am worth more than you. . . by a hundred fold. . . and written on me inletters bold is the motto drawn from the pious creed. . . in God we trust. . . which all can read. . . Yes I know said the penny. . . I am a little mite. . . I know I'm not big. . . nor good or bright. . . and yet said the penny. . . with a meek little sigh. . . you are a big bully . . . and rank mighty high. . . you go to every hell hole under the sky. . . but you don't go to church as often as I."

JOE Van Derveer, of Chattanooga, Tennessee wrote to Ott Miller recently and said: "If your local Chamber of Commerce has such a thing as a "non-resident" membership--please put my name in the pot and see if it is acceptable. "Enclosed herewith is my check for $25.00. If this amount is insufficient please advise me." And he closed with kindest personal regards.

Joe's brother John was a long time employee of the News and Joe, who is a lawyer, subscribes to the News faithfully. It is apparent that the "Drive For 225" initiated by the local C of C has paid off in publicity even outside the State. We personally appreciate Joe's interest in the local Chamber and have been assured by President "Skeeter" Stokes that he is a welcome "dues-paying' member of the local group.

"COMING SOON". . . it says on a sign in South Clanton, is the Clanton Shopping Plaza which will accommodate the following businesses: A&P Super Market, drug store, W. W. Mae Variety Store, bakery, beauty shop, barbed shop, dress shop, office space, hardware store and a laundry. This is announced by the Aranov Realty Co. of Montgomery, Alabama. The location will be just south of the Planter's Gin across from Shelton Motors, north of the creek. This is welcome news to many Clantonians, and is in line with the strenuous efforts now being made to obtain industry in this area.

A CORRECTION if you please! According to Mr. and Mrs. Bobby McAfee of Anniston our Isabella Correspondent made an error with regards to their family a few weeks ago, and it has caused them some concern and embarrasment. It may not have been our correspondent who was to blame for the error, but, regardless of who made the error, the News is glad to call attention to it, and correct it. Mr. and Mrs. McAfee have been married some seven months now and live at 2405 Noble Street in Anniston.

WE have received some nice compliments on the Fat Stock Show bulletin, which was this year printed by the News staff. Appreciate the kind words from these folks, and we are equally pleased that the Stock Show was a whopping success. The Civitan Club, among others, is to be congratulated on a job well done for the 4-H Clubs and the FFA organizations in Chilton County.

Collins Chapel To Have Musical Program

The F.F.A. Quartet of the Jemison High School will present a muiscal program at Collins Chapel School on Friday night, April 5, at 7:30 p.m. This is the Championship Quartet of Chilton County. They will be well worth hearing. We hope you will come.

The admission will be 35c and 50c.

Refreshments will be sold during intermission.

4-H Beef Judging Winners

Left to right - Donald Gilbert Harold Garrison, Larry Smith - District 4-H Beef Judging Winners. Chilton County's 4-H beef judging team walked away with first place honors at the District Fat Stock Show in Montgomery, March 27.

The 1963 4-H judging team is composed of Donald Gilbert, Harold Garrison and Larry Smith. These boys compiled the highest team scores of all the twelve teams competing in the District Show.

Maplesville Glee Club Has Program

The Maplesville Glee Club will present "Girls will be Girls," on Friday, April 5. at 8:00 p.m. in the High School Auditorium. Admission will be 35c and 50c. Everyone is invited to attend.

Bloodmobile Here In Clanton April 5

It takes only thirty minutes to give a pint of blood, and this includes a coffee break.

When the Red Cross bloodmobile comes to Clanton April 5, blood donors will witness a smooth, efficient operation, designed to give the maximum in comfort and speed for the donor.

Each donor will be registered by a volunteer from the Chilton County Red Cross Chapter. A doctor will make sure he is in good health by checking blood pressure, etc.

Then, comes the trip to the donor room. Giving blood is painless, especially since the donor can recline through the whole thing with a registered nurse and Red Cross nurses' aide at his side.

Then, when it's all over, comes the coffee break, served by canteen aides from the county Red Cross chapter.

All in all, it takes about thirty minutes, time well spent to save a life maybe your own.

Revival At Providence Beat 13

REV. C. P. DAVIS

REVIVAL services will begin at Providence Baptist Church next Sunday, April 7th and continue through Friday night, April 12th. We would like to welcome everyone to these services. The speaker will be Rev. C. P. Davis, pastor of the Macedonia Baptist Church and the singing will be led by Mr. Burl Martin. Come and worship with us. Robert Carden, Pastor.

John McAfee Has Good Season At Wrestling

By Mrs. Lene Higginbotham

Auburn University is still, after seventeen consecutive years the Southeastern Intercollegiate Wrestling Champion, and the future doesn't look dull. Eight sophomores and two juniors make up the team that took first place honors March 1-2, at Emory University in Atlanta, Georgia.

John McAfee, son of Mr. and Mrs. Robert R. McAfee of Lawley, Alabama, is the new heavy weight SEIWA wrestling champion. John, a sophomore non football scholarship in his first year of varsity competition, showed his prowness by having an eight won, two lost overall record. His last three wins being in the finals, winning by a pin March 1, and the two on March 2, by decision. His last win in the finals was over Wayne Farmer of Chattanooga, last year's champion in the 191 class, wrestling heavyweight this year.

During the regular season, Farmer defeated McAfee by a 3-2 decision, but in the finals McAfee was the winner by the same margin.

21 County Calves Return To Chilton

19 Churches Held Revivals In March

Nineteen churches in the Chilton-Unity Baptist Association participated in simultaneous revivals during March. Sixteen are participating this week. Four churches will hold their revivals following this week during the month of April. making a total of 39. The spirit of revival is definitely being felt throughout Chilton County. Many Christian church members have been revived and souls have been won to Christ. The greatest need of the times is a Heaven bought Holy Ghost revival in all the new Testament churches to continue until Jesus comes the second time.

Perhaps someone in Chilton County can meet the following need. Mrs. D. E. Reeves. Librarian for the Clanton Public Library would like to borrow an old Bible to put on display during the Easter season. Anyone who has one please get in touch with Mrs. Reeves immediately.

Suburban Gas Co. Has 12th Birthday Party

The Suburban Gas Company of Clanton is celebrating their 12th anniversary with an open house on Friday and Saturday, April 5th and 6th. Refreshments will be served all day both days including ham and biscuits and soda pop - an a real taste treat infra red ray rotisseie cooked chicken.

Johnny Vines, manager, and Clyde Mims, sales engineer, invite all Chilton Countians to come in and leisurely look around at the new 1963 merchandise that will be on display. A Gold Star Whirlpool gas range will be given away FREE Saturday at 4 p.m. You do not have to be present to win--just register at your convenience either day.

Bobby Headley, office mgr., will be on hand both days to help you with registering and to serve you ham and hot biscuits. Mrs. Lena Rush, Suburban Gas Co., home economist will be on hand all day Saturday to help demonstrate the new, modern gas ranges. Bruce Barze, formerly of Clanton, will be on hand both days to help with this open house celebration.

Kyle Plott, Leonard DeVaughn and Eugene Baker will all be available to answer any question that you might have concerning installation or servicing of gas equipment. They would like to remind you of their slogan--"If It Burns Gas, Suburban Gas Co., Sells and Services It."

Factory representatives will be on hand both days to demonstrate their all new 1963 merchandise. Brand name merchandise is always featured at the Suburban Gas Co.—Caloric, Whirlpool, and Enterprise gas ranges, Perma-Glass water heaters, Whirlpool gas dryers and matching washers and chest and upright freezers, Humphrey and Coleman gas lights, Empire floor furnaces, Lennox and Fedders and Bryant and York central heating and cooling equipment.

Remember the dates, April 5th and 6th, and come in and help Suburban Gas Company celebrate their 12th year of business in Chilton County.

Red Cross Needs Your Support

Mrs. Reedie Taylor, Fund Drive Chairman for the Chilton County Red Cross Chapter, requests that all volunteer workers please bring your reports and contributions to Chicago Sales Company in Clanton. If you have not completed the work in your assigned territory, please do so at your earlies convenience Also, all of you who have not made a donation to your Red Cross, we need your help at this time. You can mail your contribution to the Chilton County Red Cross, P. O. Box 566, Clanton, Ala., or bring it to Chicago Sales Company.

21 Buy Chilton Calves At Sale In Montgomery

The Chilton County 4-H Beef Club would like to express their thanks to those who contributed to the 1963 Chilton County 4-H-FFA Fat Stock Show.

On Thursday, March 28 at the District Fat Stock Sale in Montgomery we realized approximately 3c per pound more for our calves than we would have re? ceived if it were not for Chilton County people who purchased our animals. We want to thank each of the following people who bought Chilton County calves.

Holiday Inn Restaurant, Mr. Lamar Clayton, Mr. Roy Wood, Big Four Hardware Co.; Mr. Horsley White, White Auto Store, Dixie Super Store.

Thorsby Tractor Co., Big Bear; Pig's IGA Store, Mrs. Robert Lane; Mrs. Paul Radford, Chilton County Farm Bureau, Clanton Civitan Club, Chilco Quick Freeze.

Thorsby Manufacturing Co.; Chilton County Cattlemen's Association, Acme Building Supply, Hardy Milling Company, Mr. E. A. O'Neal; Mr. J. R. Thompson.

Goodyear Store Has New Manager

R. L. "Ray" Hall comes to Clanton this week to manage the Goodyear Servide Store here. Ray, a native of DeFuniak Springs, Florida, is 26 years old and has wide experiences with the Goodyear Company.

He comes to us direct from the Montgomery stores of the Goodyear Company where he holds an impressive record of sales and good work. Ray attended Troy State College, and he and his wife Jeanette B. have three sons: Lance 6, Kelley 4 and David three months.

In his seventh year with Goodyear, Ray comes to Clanton after having served with many stores in this area. Among them are the Montgomery stores, Birmingham and Selma Goodyear Stores.

The family has not moved to Clanton as yet, but will do so in the near future, and Clanton and Chilton County welcomes them into the midst of a growing and friendly community.

Ralph Edwards, television producer, is National Chairman of the American Cancer Society's 1963 Crusade.

Building Fund Day At Mulberry Baptist

BUILDING FUND DAY, APRIL 14 AT MULBERRY

By Mrs. Casey Cummings

Easter Sunday, April 14, has been designated as Building Fund day at the Mulberry Baptist Church. The tithes and offerings minus our regular mission percentage, will be placed in this Fund.

Everyone is asked and encouraged to pray about this matter because your gifts will aid our effort to help win our communit' state, country, and world for Christ. Plan to give over and above your regular gifts. Make every effort to come on that day and help us break attendance records in our Sunday School, Training Union, and worship services. If you find it impossible to come, please send your gifts by someone and you'll help our Building Fund mercury to rise and hasten the day when additional Sunday School rooms will be constructed. Pray fervently, plan carefully, come expectantly and give generously.

APRIL IS CANCER CONTROL MONTH

By the act of Congress as we know April is Cancer Control Month and everyone is invited to be generous in this nation wide effort to control this disease.

In this crusade every citizen has a chance to share personally in our city wide gigantic battle to eleminate cancer as the second greatest killer of mankind. To help in the research that may lead to the finding of prevention of cancer. To the development of methods of early diagnosis and the humane effort to save lives.

It would be tragic indeed if thousands were to die because of lack of funds that might have saved their lives that were not available.

Please be gracious and generous to the volunteers. Last year hundreds of thousands of lives were saved from dying of cancer by early detection and prompt treatment. Thousands more of them could have been saved had they visited their physician in time.

Will you volunteer to help the volunteers as they come to you this month in their labor of love.

Special Meeting For Retarded Children

ALL members are urged to attend the meeting for retarded children next Tuesday night April 9th, at 7:00 p.m. at the Civitan Hall.

Sunday School Quarterly Meeting April 8

This is the last newspaper notice about the Sunday School Quarterly meeting, Monday, April 8, 7:30 p.m. at the Liberty Hill Baptist Church, in the Chilton-Unity Association. Rev. Terome Robinson, pastor of the host church and his workers are preparing for a record breaking cowd to come and enjoy a heart stirring program of infomation for Christian workers in the Sunday Schools. Every church should make plans Sunday to get all the workers and members to attend this inspiring meeting.

CCHS Begins Baseball Season

The Chilton County High School Baseball team begins its season Friday, April 5, at 3:30 p.m. here in Clanton. They will be playing Selma. Come out and support the "Tigers." They were the Twin River Conference Champions last year and are looking forward to a good year again.

Pilots, Jr. Citizens To Call Tonight For Crippled Children

Pilot Club To Help Drive

The Pilot Club of Clanton is one of the oldest civic organizations, having been chartered in May 1931. Membership in the club is composed of some of Clantons leading business and professional women, dedicated to serving community and mankind.

For many years the Pilot Club has taken an active interest in the work being done by the Chilton County chapter of the Alabama Society for Crippled children and adults. Milk has been furnished for the crippled childrens clinic, and Pilots have given of their time and energy in assisting in the clinic work.

This year for the first time, the Pilot Club of Clanton will participate in a city wide drive for funds to help take care of the 300 odd crippled children in Chilton County. Pilots assisted by members of the Junior Citizens Club of the Henry Adair School, will visit each home in the Clanton Residential area on Thursday, April 4th, during the hours of 6 to 7 p.m. We will need $3,900 for our share to take care of these crippled children during 1963--open your heart and dour pocket book when these ladies of the pilot club and the children of the Citizen club call on you from 6 to 7 o'clock tonight. Be a part of this great cause and you will feel good that you gave to this Easter Seal Drive.

C. C. H. S. P.-T.A. To Meet

THE Chilton County High School P.-T.A. will meet on Tuesday, April 9 at 2:45 p.m. in the high school library. The speaker for the program will be Mr. Luther Little and his subject will be "Education: Challenge Today - Achievement Tomorrow." We sincreely urge all the parents to attend this meeting. The P.-T.A. needs the support of each of you.

Training Union Convention Friday

The District 12 Training Union convention meets Friday, April 12, 1:45 to 9:00 p.m. at the First Baptist Church, Clanton. Rev. George Caldwell, Alabama Baptist secretary of Training Union will be in charge, assisted by his co-workers, who will conduct the junior and intermediate drills, the speakers tournament, and the conferences. Five Associations, including Chilton-Unity are represented in this district. M. Z. Atchison, director of this Association, cordially invites every church, 54 to be represented with a big attendance. Dr. J. Gilbert Hutchinson, host pastor, and his workers, plan to feed all who will attend for the evening meal at 6:00 p.m. They extend a welcome to every one.

Revival At Pleasant Grove No. 2

The Revival of the Pleasant Grove No. 2 Baptist Church west of Maplesville will begin on Thursday night April 11, and continue through Sunday night of April 14th. Services at night only. beginning at 7:30.

The Rev. G. H. Carroll, pastor of the Concord Baptist Church will do the preaching through Saturday night and the pastor will preach Sunday morning and at the evening services.

Bro. Carroll is well known throughout this part of the County and we feel that we are fortunate to have him in our church for our Spring Revival. He is a deeply consencrated man of God and a wonderful preacher.

Everyone that can attend these services are cordially invited to do so.

"The only thing necessary for the triumph of Evil -- is that good men do nothing!"

Are You Red-Blooded?--

ELSEWHERE on this page you will find information concerning the fact that the Bloodmobile will be in Clanton tomorrow, April 5th, at the First Methodist Church. It will be there from noon until 6 P.M. It's single purpose is the collection of life-giving blood--your blood if you are willing--to save the lives of those who need it. Too much cannot be given. . . there is not margin for waste in this business. Your greatest return from this investment will be the satisfaction you might have from the realization that you have helped to save a life! A wonderful feeling!

Vim And Vigor--

THERE'S an old expression about "wim, wigor and witality" which from all indications, certainly applies to the Chilton County Chamber of Commerce today.

Men of action and experience are at the helm, and they are men who are vitally interested in the economic, and general growth and betterment of this community.

In our lifetime, we have never seen a more dynamic approach taken by the Chamber of Commerce, than it is taking today. With an impressive membership totaling over 200 members, the Chilton County Chamber is on the threshold of great accomplishment.

It is fitting that someone remind this membership that the threshold is far and away from the accomplishment. Being on the threshold simply means that some one is making the right approach.

The Chamber has its work cut out for it here in Chilton County. The development of our economy is a foremost necessity, if we are to grow and develop in the coming months and years. The Chamber is now in a position to be a strong and effective force in this development. Without the cooperation and effort of these 200 individuals, little will be accomplished by the Chamber.

With the combined efforts of these men and women; some influential, some willing, some able, all needed; Chilton County will come on strong in the next few months. And the anticipation which we see in the meetings now being held, indicates that the tide is swelling and we have the strength. Now all that is required is the doing!

Old April Fool's--

APRIL 1st was experienced this year without the first prank on yours truly, and it makes us stop and wonder if we're not all taking ourselves too seriously. We had the opportunity to be "April Fooled" on several occasions last Monday, but we never did see anyone pulling a joke; except the very young.

Is it possible, in this cynical age, that we adults are forgetting and losing the wonderful ability to take a joke, or to administer one? We do not normally advocate "practical jokers", but in the case of April Fool's Day, we make an exception. It's sort of a good way to shake the cobwebs of winter loose from the brain, and better enjoy the newness and spirit of Spring.

Has! -- Not "Will"--

A few weeks ago we had an idea concerning the abolishment of the income tax, as we know it today. Recently a column by noted columnist Paul Harvey appeared in the Alabama Jounal which encompassed our idea completely practically ver batum. This, to our way of thinking, substantiates that more than one of us is thinking along the same lines, with regards to the tremendous pressures--and sometimes unfairness--of our tax structure.

The truth is, our tax structure has become increasingly burdened with new ideas, to eose this group or that minority, and it has become a jumble of red tape and loopholes. The honest man pays more than his share of taxes; and many times the dishonest one, "gets away" with paying little or nothing.

Some of the more conscientious Senators and Representatives in Washington are aware of the tax muddle we are in, but also knowing the responsibilities faced by the United States, they are in the middle of two very touchy situations.

We do not believe that the average citizen-businessman begrudges paying taxes which go for some useful purpose. He does however, believe in paying for necessary things first; and then, if it cannot be afforded to call a halt to spending. Too many of our Federal Bureaus believe that they are not expendable, and they use every weapon at their command to insure their longevity. Oft times, the observer--which is the taxpayer--can see very clearly how a certain bureau can be done without, and he therefore is reluctant to pay for it, when he doesn't believe in its usefulness to himself or his country.

It is time our statesmen, stood afar off and took a look at what we need, and what we can afford, and what we cannot afford, and then act accordingly. We can assure the re-election (if you want to get it down to those terms) of any public official who unquestionably shows that he can. . . and more important, has . . saved the taxpayer unnecessary expense. And we said "Has", not "Will"!

Sittin' Here Wishin'--

SPRING having "sprung" upon us, the thoughts of the local angler gently turn to the Coosa River, wherein he can drop a line and pull out a Bluegill, or maybe even a Bass of more braggable weight and size.

Outsiders may get the notion that those living along the banks of the Coosa River--as a fisherman's paradise-are immune to the "fever". We happen to know that this is not so. No one, it seems, particularly those who live in the vicinity, are unaffected by the first warm days of spring. The fisherman is no exception.

Last Saturday a great Exodus took place in Chilton County, and if we were a geologist, we would have been concerned about the tilt of the land. Such was the rush to the water's edge at that time. And few came home empty handed. We have heard many accounts already this week of folks coming home loaded with fish, ready and willing to give 'em to anyone who was ignorant to the trials and tribulations of cleaning same.

From observation, it seems that the entire quest is the catching of the finned ones. Not very many anglers, worthy of the title, are much enthused at the prospects of cleaning their catch. It's sort of like boy meets girl -- the catching is the better part of the fun. Once caught the little swimmer takes on the same appeal to the catcher, as last year's frock to this year's wife. It just ain't very appealing.

"Fishin' Fever" will be high on the list of Spring ills this year, especially after the licking most of us took by Ol' Man Winter. And the heck of it is. . . there just isn't any cure, except a few hours off from the workaday grind.

Gov. George C. Wallace signs a proclamation disignating April as 4-H Club Month in Alabama.. Representing the state's 132,000 4-H members were Judy Crosby, left, of Hope Hull, a national project winner and Bob Alversoen, right, of Albertville ,state 4-H president. Also present for the occasion were Dr. Fred Robertson, standing left, director of the Auburn University Extension Service, and Ann Barr, state 4-H Club leader for girls.

Governor Proclaims 4-H Month

WHEREAS, the young people of Alabama are our greatest natural resource; and

WHEREAS, the 4-H Club program is an organization of both rural and urban boys and girls that has done much to develop the Head, Heart, Hands and Health of more than a million young people in Alabama since it was started almost a half a century ago; and

WHEREAS, the 4-H Club program continues to help boys and girls discover, develop and use their talents and to develop mentally, physically, socially and spiritually into tomorrow's responsible leaders; and

WHEREAS, the 132,000 4-H Club members hold monthly planning and learning meetings in 3,164 local clubs; and

WHEREAS, the 6,000 adult 4-H volunteer leaders along with Auburn University Extension Service personnel are devoting time and effort to serving these young people, and

WHEREAS, each year Alabama 4-H'ers complete a quarter of a million work projects; and

WHEREAS, through project work 4-H'ers develop pride in doing a job right, learn the value of work, gain self-confidence, accept responsibility and lead others; and

WHEREAS, these young people will soon take their places in society building homes, rearing families and being leaders; and

WHEREAS, the State of Alabama and all of its citizens are indebted for the fine service performed by 4-H Club members in all counties:

NOW, THEREFORE, I, George C. Wallace, Governor of the State of Alabama do hereby designate the period April 1 through April 30, 1963, as ALABAMA 4-H CLUB MONTH when all citizens may be especially appreciative of 4-H Club members, their parents and leaders.

George C. Wallace
Governor

YOUR HEALTH

Disorders of equilibrium occur in connection with many medical and neurologic diseases. Dizare terms used to discribe the sensation of disordered equilibrium.

- Dizziness is a sensation of rotation, uncertainty, insecurity, unsteadiness, faintness lightheadedness, and a swimming feeling in the head.
- Giddiness is much the same as dizziness, but with more implication of altered consciousness, blurred vision, and sensation of swaying.
- Vertigo means a sensation of turning, either of one's body or the surroundings. When the sensation is as if the external world is revolving around the individual, it is known as objective vertigo. If the individual himself feels he is revolving in space the expression subjective vertigo is used.

Vertigo may result from disease of the inner ear or from heart, stomach, or eye disorders. The symptoms of vertigo usually come on suddenly and last but a short time, although they have been known to linger for weeks or months.

If vertigo is severe, equilibrium is almost invariably affected; and the individual reports his symptoms are most troublesome when he attempts to sit, stand, and walk. Often his awareness of vertigo increases when standing up or making a motion that requires him to be careful, as when discending a starway.

Disease of the brain is sometimes responsible for vertigo, and the condition may also result from neurologicval causes. Medical men refer to vertigo a conflict of stimuli within the vestibular system resulting in spatial disorientation.

100 YEARS AGO

HARD TIMES

One hundred years ago this week, green peas sold in a Virginia market for $5 a quart; an Atlanta grocer advertised sardines and sherry under the heading "reminiscences of the past;" and the Montgomery Advertiser pleaded, "Plant Corn! Plant rye! Plant wheat! We must cotton to nothing but food this season."

Food shortages were so serious that bread riots were occuring all over the Southern states. A report of one in Sailsbury, North Carolina, read: "The women concerned in it compelled the merchants to share with them their stock of flour, and also robbed several families of the stock laid in for home use."

Another report from Lynchburg, Virginia, was that a new currency based upon corn was to be put into effect there, one grain of corn equalling five cents.

Speculators and hoarders were running the cost of foodstuffs even higher. "The Yankees are gloating in fiendish anticipation over the subjugation of the South by famine," the Montgomery Advertiser reported. Some blamed the bread riots on instigators, "many doubtless in pay of the Yankee government."

While there were many optimistic reports concerning the wheat crops, promising abundant grain for flour the next year, immediate action was being taken to help the starving poor. Typical of action taken all over the South, bankers in Savannah, Georgia, loaned several thousands dollars to the city at no interest to be invested in provisions and sold at basic cost to the needy.

Undaunted, the South was doing everything in its power to turn the cotton fields into corn fields. One editor commented, "The planter who makes two ears of corn grow this year, but one grew last year, is not only a benefactor, but a true patriot."

132,000 4-H'ers In Alabama Celebrate

Judge J. C. White, Chilton County 4-H Club Fund Drive Chairman, releases the following announcement:

Gov. George C. Wallace has proclaimed April as 4H Club month in Alabama. Observance of the month coincides with the Alabama 4-H Foundation's $3 million fund drive which is slated for a statewide kickoff April 1.

Governor Wallace, himself a former 4-H'er, praised the state 4-H program as "an organization that has done much to develop the Head, Heart, Hands and Health of more than a million young people in Alabama since it was started almost a half century ago.

"The 4-H Club program continues to help boys and girls discover, develop and use their talents and to develop. . . int tomorrow's responsible leaders," said the governor.

These young people, he said will soon take their places i society - building homes, rearin families and being leaders.

"The state of Alabama and al of its citizens are indebted t the fine service performed b 4-H Club members in all counties."

Gov. Wallace also commende the 6,000 adult 4-H voluntee leaders and Auburn Universit Extension Service personnel wh work with 4-H youth.

Representing the state's 132,000 4-H members at the signin of the proclamation were Bo Alverson of Albertville, state 4- president; and Judy Crosby o Hope Hull, a national 4-H elec tric project winner.

ACROSS THE EDITOR'S DESK —

NEVER UNDERESTIMATE THE POWER OF WOMEN

As American citizens it is our duty to learn more about "Women For Constitutional Government."

Come to the NATIONAL GUARD ARMORY, Selma, Alabama, April 19, 1963; at 10:30 A.M., and hear Mrs. Mary Cain Editor of "Summit Sun" of Summit, Mississippi, and other informed speakers. They will tell us why women must come to the rescue of our nation and a plan of action. Mrs. Russell Carter, Box 3276, Montgomery, Temporary Chairman, will preside. Mrs. George Wallace First Lady of Alabama, will give the welcoming address.

The organization of "Women for Constitutional Government," which was born in Jackson, Mississippi, was led by women who first asked the guidance and understanding of God, just as our forefathers did when forming the Constitution of our United States. Plans were made to organize on a national level. It is hoped that through the efforts of this organization, constitutional government will be restored to our great nation.

There were almost 2,000 women meeting and organizing this "Women for Constitutional Government" association, on October 30, 1962. Seven states were represented. On January 17, 1963, at Montgomery, Alabamá, 1100 women met to organize "Women for Constitutional Government." Thirteen states were represented at this meeting several being northern states. Women all over America are becoming concerned about the violation of our constitutional rights.

"Women for Constitutional Government" is conservative. It is not politically affiliated with any party, and it is non denominational. It is opposed to liberals of both parties. Members of this organization vote for the man and not for the party.

"Women for Constitutional Government" is opposed to Communism. Read J. Edgar Hoover's book "Masters or Deceit", pric 50c at news stands, and learn how to recognize Communism in its many guises.

We believe in a return to God in the affairs and functions of America, regardless of the belief of other nations. We ask the guidance and understanding of God, our Father, in all we do.

Place - National Guard Arm ory, Selma, (Highway 22 West

Time - April 19, 10:30 a.m.

This is a women's organizatio but men are welcomd in orde that they better understand wha women plan to do. Never unde estimate the power of a woman

Poplar Springs

Bro. J. T. Meank, Pastor.

Our attendance was better Sunday and we had two very good messages.

Sunday, Bro. McKay of Birmingham brought the message, and Sunday night, Bro. Meank brought the message. If you were not present you just missed the blessings.

Our revival began Sunday and we had 4 to come into the church for baptism. The evangelist Bro. Coleman will be with us this week, also the song leader Bro. Authur Coleman.

Mr. Lawton McDowell of Bessmer visited his mother Mrs. Anna McDowell Sunday.

Mr. and Mrs. E. W. Hill had as week end guests Mr. and Mrs. Max Smith and daughter Sandra of Columbus, Ga., Miss Dorothy Hill of Birmingham and Mr. and Mrs. Ed Bowden of Clanton.

Our pastor and family had Sunday night supper with Mr. and Mrs. Reedie Smith. We are very sorry to hear of the illness of Mr. D. Patterson who is now in the local hospital. We hope for him a speedy recovery.

We have several others sick in the community, let's be much in prayer for each of them.

Come on out to church and lets enjoy the many blesings the Lord has in store for all who love and trust him.

The Bible tells us to assembly ourselves together to worship and we enjoy the sweet fellowship, it makes us love our neighbor as we are commanded to do.

CHILDRESS - WILLIS VOWS SAID

Gowned in white chantilly lace and silk organza, Miss Martha Jo Willis became the bride of S-Sgt. Ivie M. Childress on the evening of March 30 at the First Baptist Church of Jemison.

Rev. Louis Brasher, church pastor officiated at the double ring ceremony at 8 o'clock.

Parents of the couple Mrs. Bonnie Willis, Jemison and the late Mr. Willis and Mr. and Mrs. Joel Ivie Childress also of Jemison.

The couple exchanged vows in a beautiful setting illuminated by the glow of tall white candles in pyramid wrought iron candelabra entwined with fern. Wedding greenery and potted palms and twin floor standards of specimen white mums and white gladioli completed the altar arrangements.

Large white satin bows marked the reserved pews of the church.

Mrs. C. L. Walton, organist presented a program of pre-nuptial music and played the traditional wedding marches.

Mrs. Gerald Smitherman, accompanied by Mrs. Walton sang Till, and Whither Thou Goest.

Candles were lighted by two of the ushers: Whalen Ellison and Frank Gibbs. Two other ushers, Bobby Chastine and Curtis Childress rolled the aisle cloth.

Miss Linda Gail Burnette attended as maid of honor; Mrs. Charles Smith was matron of honor.

The brides matrons were Mrs. Bernard Garrett and Mrs. Harold Mims of Thorsby, sisters of the bride; brides maids, Miss Clydel Allen and Miss Carolyn Baldwin.

Little Miss Wanda Garrett, neice of the bride and Miss Terry Childress neice of the groom were flower girls.

The bride was given in marriage by her brother-in-law, Harold Mims of Thorsby. She was a picture of loveliness in her bridal gown of clipped chantilly lace and silk organza. The lace bodice featured a Sabrina neckline traced in sequins and seed pearls. The long fitted sleeves came to a point over the hands and were detailed with lace covered buttons, An overskirt of silk organza edged with a wide band of lace fell to a wide ruffle of chantilly lace cascading to a chapel train.

The finger tip veil of illusion was attached to a crown of pearls The bride carried a bouquet of rosebuds centered with a white orchid on a white prayer book. with lacelon and satin streamers. She was wearing a set of pearl earrings, a gift from the groom.

As the couple knelt on a white satin pri-die, Mrs. Smitherman sang, The Wedding Prayer as a benediction.

Cecil Childress served his brother as best man.

Ushers were Bobby Chastine, cousin of the bride, Curtis Childress, cousin of the groom, Frank Gibbs and Whalen Ellison.

Bruce Mims of Thorsby, nephew of the bride was ring bearer

For her daughters wedding Mrs. Willis chose a pink lace jacket dress with pastel pink denu hat of flowers. Mrs. Childress was wearing a dusty rose dress and a matching flower denu hat. Each mother had a white rose corsage.

Following the ceremony a reception was held in the church parlors. Receiving with Mrs. Willis were the bride and groom Mrs. Childress and the brides attendants.

Miss Diane Hall Presided at the bride's book.

The five tiered cake was beautifully decorated in white wedding bells and vally lillies. Each corner was accented with a cluster of white wild roses with a silver center. Shells and white outlines further decorated the cake. The top tier was ornamented with a cluster of wedding bells and maline.

After the traditional cutting of the cake it was served by Mrs. Charles Burnette and Mrs. Robert Hall. Serving at the punch bowl were Miss Diane Lewis and Mrs. Francis Hayes.

When the bride left for her honeymoon she was wearing a blue boucle suit, black accessories and the orchid from her bridal bouquet.

The couple will reside at Sewart AFB in Tennessee.

Out of town wedding guest: Miss Dianne Hall, Alvin Horn, Kenny Horn, Mr. and Mrs. Robert C. Smith, Mrs. T. R. Chastine and Miss Carolyn Baldwin of Birmingham; Mr. and Mrs. Seymour Childress and daughters Terry and Sherry; Kenneth Mims of Clanton; Mr. and Mrs. Robert R. Chastine and daughter, Leeds; Mr. and Mrs. Cecil Childress, Teresa and Daniel; Joe and Jimmy Dorminey, Huntsville and Jemison; Wendell C. Hayes, of California and Thorsby, Mrs. Glenn R. Hayes, Mr. and Mrs. Harold Mims, Bruce, Becky and Linda, Thorsby; Mr. and Mrs. Gary Watts, Calera; Mrs. Gerald Smitherman, Tuscaloosa.

Chilton Faced With Possible Loss Of Blood Program

The following item appeared in our local paper three years ago and was written by our good friend the late Dr. C. O. Lawrence. This situation is about to happen to us again due to the poor response being received at this time to the Red Cross Drive. Your cash contributions are urgently needed. Contact Mrs. Taylor phone 205 in Clanton or a local worker and do your part.

Chilton County Medical Society, February, 1960

WHEREAS Chilton County is faced with the probability of losing the Red Cross Blood Program because of the complacency of the people toward the vital needs of Red Cross.

WHEREAS the goal of $5,000 to carry out the entire program of Red Cross is very small compared with the benefits derived therefrom, and

WHEREAS this complacency has caused us to accept the attitude that the Blood Program is here and that it will continue whether or not we lend our efforts in every way to see that the entire program is continued.

NOW, THEREFORE, We, the Chilton County Medical Society urge the people of Chilton County to realize the true need of the Blood Program and its benefits to the sick and needy at a time when money, or time, or efforts, are not counted.

The Chilton County Medical Society goes on record as heartily endorsing the Red Cross Blood program and with full knowledge that the citizens are repaid ten fold for their efforts in life saving blood, with many other benefits too numerous to mention.

Within the past twelve months 334 pints of Red Cross Blood has been used at the Chilton County Hospital. Should we lose our Red Cross Blood Program the same amount of blood would cost the citizens of this county over $10,000 if bought through commercial blood banks, approximately twice our entire Red Cross quota which is only $5,000.

Again, we, the members of the Chilton County Medical Society, urge that every citizen and businessman in Chilton County, get behind this program that more lives may be saved and the county reap the many benefits offered through the Red Cross Blood Program.

The death rate from uterine cancer has dropped 50 per cent in 25 years. According to the American Cancer Society, much of this is due to the fact that more and more women are having an annual "Pap" test for uterine cancer. This is a simple procedure by which uterine cancer can be detected early enough to be cured.

Convention For Jehovah Witnesses Held

A near record breaking crowd was on hand for the closing session of the "Right Kind of Misisters" Circuit Assembly of Jehovah's Witnesses Sunday night at the Recreation Center in Enterprise, Alabama

Among those assembled were delegates from the local congregation of Jehovah's Witnesses. [illegible] Bennett, Asst. presiding misister of the local group said that, "It was a very successful assembly and everyone enjoyed the fine spiritual feast and their upbuilding association with their Christian brother and sisters."

The three-day convention opened Friday afternoon with the welcoming address of Convention Director J. A. Hinderer. He encouraged those gathered to pay close attention and benefit from the many Bible lectures and talks that would be given during the assembly.

Mr. Hinderer concluded his lecture with these words, "Those who survive the struggle for world supremacy look forward to a righteous unified world with no more struggles. Gone forever will be all racial, religious, political and national divisions. Peace and unity will be here to stay for all time. The kingdom government will make peace, happiness and human well being omon."

Syrup Soppers Beware

The Department of Agriculture and Industries is cracking down on sellers of mislabeled syrup, according to Commissioner A. W. Todd.

H. S. Peckinpaugh, director of the Department's Division of Agriculture Chemistry, reports that state inspectors have uncovered numerous violations in labeling. "Most of them are by persons from out of state who move quickly into Alabama and sell a truck load of syrup and leave," he pointed out.

Mr. Peckinpaugh said that the sellers were advertising their products as "pure cane syrup or sorghum syrup," while in many cases the syrup had sugar and other dilluting ingredients added.

He urged buyers to exercise care in reading the labels.

"We are trying to protect the Alabama sorghum grower who is doing an honest and conscientious job." Commissioner Todd pointed out. "We want them to have a fair chance to compete with those who are trying to pass off an inferior syrup as pure syrup or cane sorghum.

"And of course we are certainly out to protect the consumer," Todd added.

New Blood Fraction

A new blood fraction was announced in 1960. . . vaccinia immune globulin. This new derivative has proved effective in combating a rare and sometimes fatal reaction to smallpox vaccination. Red Cross is the only source in North America for this fraction, which is obtained from the blood of persons recently vaccinated against smallpox.. The fraction is distributed through the regional centers without charge to physicians upon requests.

New frontiers are being reached every day through blood research. But, in order to continue this research and the supply of blood fractions already in use the Red Cross must be sure that its supply of blood from the people of America will continue.

Our county is an important part of one of the largest blood centers in the country. The Birmingham Regional Blood Center depends on the people of our county for an important portion of the blood it collects.

The bloodmobile will be in Clanton on April 5. The Red Cross is asking for blood donors who want to make sure that research will continue so that more and more lives will be saved.

Has Your Child Had Pre-School Shots?

The laws of our state require that a child be six years of age on or before October 1 in order to enter school. Being law abiding citizens, we must observe this law strictly.. You are required to present to your child's teacher a birth certificate on the opening day of school showing his age. Please begin making arrangements right away for this certificate if you do not have one. Your Health Department will be glad to assist you in getting one.

Every effort is made to make your child as safe from disease as possible while he is in school. In order to keep down epidemics, every beginner is required to have the triple shot which is a prevention of tetanus, whooping cough, and diptheria; and the vaccination for smallpox before he enters. The Health Department has arranged to give these shots. The Health Nurse tells us that now is a fine time for children to have the shots. She will be in her office at the Chilton County Health Department every Thursday from 8:00 to 4:30, in Thorsby every Friday afternoon from 1:30 to 4:00, and in Maplesville every Tuesday afternoon from 1:30 to 3:30. Please see that your child gets the shots and that he has a certificate at the beginning of school proving that he has had all of the required shots.

We will appreciate your cooperation in the matter.

Stacks of telephone refund checks are being examined here by Frank Newton (left), Southern Bell's Alabama vice-president and general manager, and C. C. (Jack) Owen, president of the Alabama Public Service Commission. This picture was made in Southern Bell's accounting offices in Birmingham.

3,000 Refund Checks for Clanton

More than 3,000 telephone refund checks for Clanton subscribers were placed in the mail last Saturday, March 23, by Southern Bell Telephone Company.

These checks are among the first prepared electronically by the firm. Some have been prepared and maild, but heretofore, all checks have been prepared manually, awaiting the time when customer account information had been recorded so that computers could take over the job.

The 21 million dollar refund was ordered January 11 by the Alabama Public Service Commission. The order culminated the nine year old Southern Bell rate case covering the period, 1954-1962,.

In 1954 Southern Bell put new rates into effect under bond. The refund checks now being prepared represent rate payments exceeding the 6.2 per cent return on the company's Alabama rate base, which was allowed in the commission's ruling.

Southern Bell has retained all records relevant to the refund since 1954. There records number in the millions and are stored in company buildings throughout the state.

The manual part of "operation refund" is over now, however, and the high-speed computers have begun the largest undertaking of its kind in the long history of the Bell System.

In the Company's Accounting Officers in Birmingham, clerical employees have manually recorded individual customer account information on data cards. In order to get the necessary personell to carry out this tremendous opeation, the Telephone Company called in employees on leave and rehired many former employees.

After the clerical force records all necessary information, the data is punched into the cards so that future operations can be handled electronically. Each of approximately one million cards must be stored by telephone number so that the information can be fed into electronic equipment.

These computers, operating at incredible speeds, are capable of making the 40 to 50 calculations required on each account before refund checks can be issued. Starting Wednesday, February 27, the first automatically produced checks were being put into the mails. About four thousand checks were mailed on that date.

As the procedure is stepped up the company hopes to be able to mail about 25 thousand checks each day. At this rate the refund to current subscribers should be completed in about two months. Southern Bell officials estimate that the entire refund operation would possibly take several years to complete if it were not possible to do the bulk of the job by electronic equipment.

While maximum amounts will be payable to subscribers who have had uninterrupted service during the entire nine year period, most checks will be for much less than the maximums.

The 6.2 per cent return is the guide in computing the refund. This is the reason the amount of the checks will vary so greatly. For example, since operating costs such as wages and salaries have increased over the years, the company's earnings, based on the 6.2 figure, have decreased proportionately. Therefore, the refund dollar yield to subscribers for the last half of the nine-year period will be much less than that for the first half.

Frank Newton, vice-president and general manager of Southern Bell's operation in Alabama, has termed this refund, involving hundreds of people, "a very expensive one." He added, "Postage alone for mailing out the checks will cost about 50,000 dollars."

Fire Ants Now "Attack" Bluegills

South Alabama pond owners are finding fewer small bream dead along the water's edge, according to State Conservation Director Claude D. Kelley. The limited fish kill, blamed on winged fire ants, parasites, and diseases was noted in several ponds during the first few spring-like days.

Kelley said that the die-off commonly occurs in the spring and the dead bream are not expected to damage the fish population. He stated many fish that eat the flying fire ants get sick but recover.

Charles Kelley, Game and Fish Division chief, said conservation biologists found some of the dead bream gorged with the winged ants. He remarked that small bluegills, measuring from three to six inches, have been seen feeding on the ants as they fall into the water. The Conservation Department and Auburn University have collected several winged ants that are being experimentally fed to bream to determine the ant's exact effect.

Chief Fisheries Biologist I. B. Byrd said that the apparent agent of the fish kill was a toxin carried by the queen ant during the swarming season. He said studies at Auburn University in 1961 showed that the worker fire ant does not affect bream. Bluegills were fed up to 2,000 worker ants without apparent ill effects, Byrd said.

The conservation biologist observed that the queen and male fire ant have wings and swarm during the first few warm days of spring. These ants leaving the wingless workers in the colony's mound, mate during flight. Some of the flying ants fall into the water and are eaten by the hungry bream. He added that severe winters often weaken small fish and make them "more susceptible to being killed by parasites, winged fire ants, and diseases."

Mr. and Mrs. Morris Padgett and family were in Clanton on Sunday visiting relatives, Mrs. J. E. Padgett returned home with them for a few days visit.

NEWS OF—

Samaria

Don Graham, Pastor

During the Sunday evening worship service, we ordained Brother Johnny Culp and Brother Allen Ray as our two new deacons. Sunday afternoon nine pastors and 34 laymen representing 10 different churches examined the two prospective deacons and recommended the church to go on with the ordination services. Everyone was amazed at the council. We then ordained the two brethern during the service Sunday night. Brother Otha "Red" Bolin, deacon of the Fairfield Highlands Baptist Church presented the charge to the candidates in a strong speech about the duties they will face as laymen, Richard Bolin and Becky McDonald presented special music accompanied by Sharon Bolin. Brother G. G. Williams presented the charge to the church. Brother W. P. Logan, Jr. with most of his Training Union attendance visited with us.

Don't forget the big service we are planning next Sundav, April 7! Our goal is 150. We can't reach this without you. We aren't trying to break records alone; we're doing this as a one day revival. We need and want you to come and visit with us. Those of you who have no church home are especially welcome.

Sunday afternoon the Young People are going to Birmingham to visit the zoo. They are going to pack a picnic lunch and go in cars after church. We invite any of you adults to go with us.

Make your plans now to go to the Youth Rally at the West End Baptist Church, April 13. The Montevallo BSU Choir will present a special Easter message in song. We are sure that this will be a blessing to all who come.

Our Nominating committee for the Bible School has been selected and they are now deciding on the principal and teachers. The date of the Bible School is April 3-7.

Don't forget our revival date has been chosen and begin now to work for it. It will be July 21-27.

Mr. and Mrs. Grover Rich visited his sister Mrs. Beatrice Fabus in Alex City Sunday afternoon who was ill.

$13 Million to be Spent on Roads This Summer

Twenty-one highway federal aid construction project in 20 counties throughout Alabama are tentatively scheduled for the May 17, 1963, letting, according to a report issued by Gov. George C. Wallace and Highway Director Ed N. Rodgers.

Cost of the proposed road construction adds up to an estimated $13,000,000 of which $10 million would be in federal-aid funds.

Four interstate projects are included in the tentative letting schedule: five miles on Interstate Route 10 in Mobile from McDonald Road to U. S. Highway 90 for grading drainage, base pavement, and bridges; an adjoining three miles on the same route for similar construction from U. S. 90 to Navco; bridges on Interstate Route 20 in St. Clair and Talladega Counties between Riverside and Lincoln; and bridges on Interstate Route 85 in Macon County between Milstead Road and Uphapee Creek.

U. S. Highway 82 in Bibb County is slated for new climbing lanes on seven miles between Maplesville and Centreville.

Culvert and box bridge projects are proposed in Clay County north of Millerville and in Autauga between Autaugaville and Whitewater.

A Little Bit O' Tuck . . .

BY BOB TUCKER

OLLIE Blalock came bending our ear this week about the "beauty" and the "wonderful atmosphere" along Alabama's Gulf Coast and upper Florida, where he spent two or three days recently. He sure paints a pretty picture, but don't appreciate it very much; that's something you have to see and feel for yourself to really enjoy. Anyway HE had a good time.

AND by the way, Ollie says he saw Mr. and Mrs. R. C. Veazey while down about Foley. and he said R.C. was as glad to see him, as he was to see R.C. That must have been some reunion. Glad to hear R. C. and family are doing so well.

RALPH Johnston says we missed a whammer of a good story the other day. The reason it was such a whammer of a story is that he was in it! He bowled somewhere, with some guy who was some kind of national champion for five years. Who had a handicap? Why don't you just ask Ralph; he'll be glad to tell you all about the whole thing.

WE have been asked by Mrs. Willard Hicks, to remind you interested parties, that the Maplesville High School P.T.A. meets each First Thursday in every month at 7:30 O'clock. In other words you just missed one! But don't miss the next one, May 2.. That's my wife's birthday, so maybe you can remember it that way.

HOT DOG! A Cake Sale at the Masonic Hall. Sponsored by the Eastern Stars it will be next Saturday, April 13th. They said to tell you there would be plenty of cakes of all kinds and they'll be open pretty near all day. That's a little boy's dream ain't it. . . all the cake you can eat . . any kind you want. . . WOW!

THE little boy told his young friend: "If you ride my dog he won't bite you; and if he bites you, you won't ride him"! Now there's some cool philosophy for you (I think.)!

SAY, speaking of philosophy: If tomorrow you could overcome all of life's obstacles. . . what would the next day be good for?

IT says here somewhere that Crop insurance is growing fast. We imagine, it is like most program like it, it is growing faster than the crops. (Did you read that twice and absorb the clarity?)

THE joke's on them! Syndicates and Services are forever sending us material to print which we do not want because it is free advertising and we went out of that business when we went into the newspaper business. Anyway, this week we received one of the usual great big brown envelopes, but instead of chock full of unusuable material it had absolutely nothing in it. We're thinking seriously of running a "Thank You" note!

SON Ben says he knows what a "solo" is: It's a one-man quartet!

ARCHIE Hardiman was in Monday doing his civic duty. Archie says he hasn't been in the hospital now for some nine month. That is indeed good news. He has had more than his and another fellow's share of trouble, and deserves a good break. If the ball is ready to bounce his way, we're rootin' for him.

NELSON and Neal, husband nd wife duo-piano team will ppear at the CCHS auditorium t 7:30 p.m., Thursday, April 8th. This is the third in a series f programs which is being ponsored by the Chilton County lutual Concert Association.

AND we hear the Alabama ollege Choir will make a public ppearance here on Tuesday, pril 23rd. More on that next eek. It wlil be open to the ublic.

MRS. R. M. Tucker asks us to announce that the "Jack And Jill" School will open on April 15th from 2 until 4 p.m. For information you may telephone 1068.

THE telephone rang and the lady said: "The Music Appreciation Club Scholarship try-out date, which was set for Friday, April 5, has been changed to Friday, April 12th at 3:30 p.m. at the home of Mrs. Gordon Robertson." All interested parties will kindly take note. This is a fine program.

CCHS Students Are National Merit Finalists

Joe Hopper and Pete Johnson seniors at CCHS, were recently presented with certificates of Merit by Principal S. E. Waters during a school assembly program. Earlier in the school year, Joe and Pete were selected as semi-finalists in the national scholarship competition. The Certificate of Merit award was in recognition of their selection as finalists in the scholarship competition.

It is from the finalist group of about 11,000 in the nation that the 1963 Merit Scholars will be selected. Last year 16 finalists in Alabama became scholarship winners. Public announcement of the 1962-63 winners 1963. After winners are selected will be made about April 25, scholarship amounts are determined depending on the need of the student. It is possible to win a complete four year college scholarship. Regardless of the amount of the scholarship winning a National Merit Scholarship is a distinction for the student.

Joe and Pete are the first two students from CCHS to continue to the finalist status in the National Merit Program, and they are to be congratulated for their achievement in this highly competitive program.

Pete is the son of Dr. and Mrs. Joe Hall Johnson of Clanton, and plans to attend Rice University, Houston, Texas to pursue studies in mathematics and sciences. Joe is the son of Mr. and Mrs. J. D. Hopper, Route 1, Mt. Creek, Alabama, and plans to attend Howard College where he will prepare ot teach either mathematics or physics. These are fine young men, and we wish them success as further determination are made and in their college careers.

CHILD KILLED BY AUTOMOBILE

LITTLE three year old Carolyn Dianne Harrison, of Maplesville, was killed when she was playing in the family car and accidentally knocked the car out of gear. When it began to roll, the child tried to get out, and was run over by the vehicle. Obituary will be found on the back page of this issue.

T-J Telephone Company Is Now Midstate

The Thorsby Telephone Company which has served the Thorsby and Jemison areas of Chilton County for more than eighteen years, has changed its name to Midstate Telephone Company, Inc. The change was announced by E. L. Robinson, President and General Manager of the firm since its formation in 1945.

Robinson also announced the aquisition by the company of the Rockford Telephone Company in neighborng Coosa County, and outlined long range plans for expansion of the combined companies. He drew attention to the first step in the modernization program with the construction in 1960 of new central office exchanges in both Thorsby and Jemison, at which time the whole system was replaced with new equipment under the Rural Electrification Administration program. New equipment has recently been received which will permit the addition of approximately 200 new telephones to the present system.

Commenting upon the purchase of the Rockford facilities, Robinson stated that R.E.A. funds rave been requested to replace all the equipment now in use in the Rockford area and that property has been purchased for a new central office similar to those in Thorsby and Jemison.

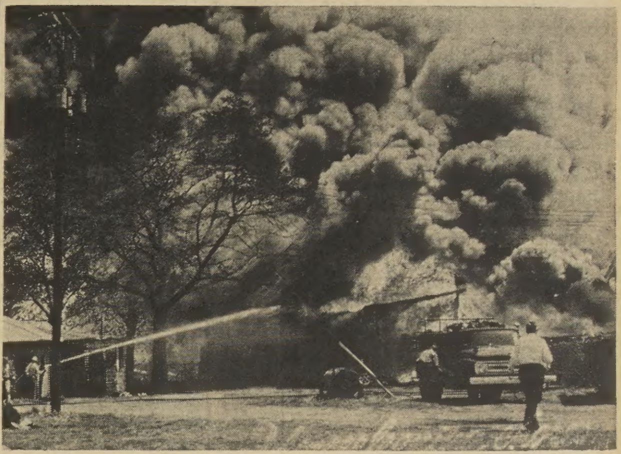
We're planning for the future in Rockford", he said. "Although we expect to serve many more than the present 260 customers as soon as our new equipment is installed, we are planning the system to handle over 1,000 telephones which we anticipate will be needed within ten years. We feel that Coosa County has a tremendous potential which is just beginning to be realized", he continued, "and we are making plans to have the most modern telephone equipment available to serve the needs of this growing community."

CCHS Students Visit Medical Center

Twelve students from Chilton County High School visited the University of Alabama Medical Center on Saturday, March 29. They were conducted on a guided tour of many departments including radiology, physical therapy, and medical technology. The library was especially interesting because of the historical value of early medical books. The first medical book printed in the United States is included in this large collection. The following students accompanied by Mrs. Roper, guidance counselor, attended the center: Claudia Fields, Sonja Penton, Mary Catherine Mims, Charles Patterson, Jerry Wise, Olivia Lowery, Mildred Knowles, Pat Lewis Susan Elsevier Patricia Lee Baker, Linda Headley and Delilah Carter.

Verbena Beta Club To Install New Officers

THE Verbena Beta Club met on Friday, April 5, 1963 at one-thirty p.m. Our meeting was called to order by Mary Nell Edwards, who was presiding on the absence of our president and vice president. The roll was called and the minutes read by our secretary Diane Morris. Our devotional was given by Marilyn Woods, was taken from Matthew 5:1-12. Our old business consisted of discussions for our picnic, the Beta Club Convention, and the installment of our new officers at the next meeting. Our program, both interesting and informative, was The Customs of Mankind. This was given by Aldene Cagle Dianne Morris, Jeanette Minor and Joyce Pierce.



Fire Razes Barn - Factory

A Spectacular view of the fire which leveled the Gore & Easterling Chair Co., in east Clanton last Monday morning. The plant was located in a big barn behind "Boss" Miller's home on the Pinedale Road. The fire apparently started from the outside and, according to a fireman, "when it got to the paint room, it was just like you were throwing gasoline on it."

The building was a total loss. About 16 persons were working at the time of the accident. No one was injured seriously. Mr. Gore was in the hospital at the time of the accident. A report from him Wednesday was that he "didn't know just what they were going to do," (about getting started again.)

"The only thing necessary for the triumph of Evil -- is that good men do nothing!"

Retread!--

OUR dictionary says that "genuine" means "belonging to the original stock." We would say the the Alabama Journal erred somewhat when it referred to Jim Martin as a genuine Republican. He's strictly a "recapped" Democrat!

Contrary--

IT is contrary to Nature, but we have yet to hear anyone refer to this Spring as being "for the birds"!

A Lesson In Poverty--

YOU see folks in the finest clothes, the fanciest cars, eating the best foods and living in the most beautiful of homes who cannot "afford" to contribute to the welfare of the community. Our heart bleeds for such parasites! This is poverty in the truest sense of the word.

Easter--

POSSIBLY the best-loved of all Christian Holidays and observances, Easter Sunday stands alone in dignity, soul-stirring faith, and renewal of religious convictions and ideals which we may have fallen somewhat shy of during the past twelve months.

The Resurrection of Christ has more wonder, and more beauty about it, than even His birth, which itself was a Holy Miracle.

Some Christians are inclined to have a feeling of "sweet revenge," in that Christ conquered those who would conquer Him. It is He who has become the victor. But hard though this feeling may be to deny ourselves, it is nonetheless wrong of us. We should rather seek to humbly forgive those who tortured and put to death our Saviour and King. And, to bring ourselves into better perspective to forgiving those, who today, would deny Christ, and who would tease and taunt us for not denying Him.

We believe that when Christ said, "For if you have done it unto one of the least of these, my brother; you have done it unto me," He referred, not only to charity, but to forgiveness as well. Many of our find charity reasonably easy but what of forgiveness and humility?

Get close to God on Easter Sunday; and listen!

Human "Insects"--

SOURCES inform us that there is a "firebug" working his dastardly deeds in Chilton County. Several mires in the northeast and central part of the County have been reportedly started purposely by a person or persons as yet unknown by authorities.

We can think of no more thoughtless, careless or uncivilized act than that of setting fire to something of value that does not belong to you. Of course, anyone who would do such a thing is "sick" and is in need of some kind of help. It is with reluctance that anyone helps such a person, however, when their miseragle actions cost thousands of dollars in timber and property damage.

Many people are working daily (and nightly) to apprehend those responsible for such widespread damage to our forests and farmlands.

We can muster up sympathy for the person who is deranged ond does such a thing; but if it is pranksters or "juveniles" looking for kicks, we hope they catch them and really throw the book at them. They most assuredly deserve whatever punishment they receive from the courts. One of the things they could do to attone for their wrongdoings, is to set out a new tree for every growing one they have destroyed. That should give them some idea of just what they have done.

Dignity Should Come First--

IT becomes increasingly apparent to us that, in order to attract new industry to Chilton County we must roll out the red carpet to those whom we would attract.

There is a close line, however, to be drawn, as to just how far out the 'carpet' should be rolled, and still maintain our dignity.

We do not feel that it is either in the best interest of the community, or the individuals participating, to put on a show of affection to "prospective newcomers" to this community. It seems to us that it is much better to have some reservations, so that when some group does choose Chilton County as their future home for business, we will still have some "red carpet" left to offer in their behalf.

We refer to the fact that strangers cannot have warm affection for one another, and therefore it is unbecoming to show such feeling before some manner of mutual friendliness is actually established. To flaunt ourselves in front of others is to invite criticism and disgust from those who would truly be our friends.

There are many who come to visit us who have no intention of staying. We should show them friendship and cooperation, but not necessarily "make believe" feeling and warmth.

In short, we should use discretion when welcoming new industrial prospects to our community. After all, we have something to offer them, too; and we see no reason in falling all over ourselves trying to make them like us. The feeling should be mutual. We can be friendly and cooperative and still maintain our dignity. Let's do it!

Peaches And Prosperity--

WE, in Chilton County have come to acquaint a good peach crop with prosperity. Though this is usually the case, it is not necessarily the rule. Over and over again we hear businessmen in the area referring to the year "1955" as a top sales year in their particular business. And, to put it as one did, "There wasn't a peach in the county"!

We are not taking credit from the peach. It has meant much to Chilton County; and, as things stand today, it can mean even more in the future. It is evident, however, that peaches are not our only source of revenue, and when the peach fails, all is not necessarily lost.

According to Bobby Futral, Assistant County Agent, the peach crop looks pretty good this year. He said Tuesday, "It will be a couple of weeks before we can tell for sure, but we are aiming at the first week in June to market our first peaches."

Early varieties seem to be hardest hit by the freeze a few weeks back. It thinned them out considerably, although not as much as was first expected.

With the work that has been done on the Peach in the past year by local folks, and those at Auburn, Chilton County is still in the business of growing, and selling the best peaches in the world. Though we have taken all our eggs out of one basket, so to speak, the biggest part of our "basket" is still peaches.

"Exodus" To Coosa River Nothing To What It Could Be

Reader Observes Asks You To "Wake Up"

Editor
Chilton County News
Clanton, Alabama
Dear Sir:

I have just finished reading, with interest, your editorial on the "Exodus" to the Coosa River last Saturday. It was indeed a wonderful sight to see, the happy fishermen, the goose-pimply swimmers, the laughing boaters and screaming skiers. All this, plus the beautiful Dogwoods in full bloom, seemed to shout to the viewer, "Spring is finally here!"

Chilton County has been blessed with some of the finest fishing and boating waters in the South. The Coosa River is one of the few bodies of water where the fishing is good the year around. There are over 450 cottages between Lay and Mitchell Dams, on The Chilton County Side. Some of these cottages are beautiful enough to grace the grounds of the finest sections of town. Many people are enjoying their retirement years there, some live there and commute to work daily, while others come from all sections of the state to spend week ends and vacations on the river. When one gets to the river and catches his first fish or cranks his motor and feels the fresh air blowing in his face, he forgets the dust he had to breathe getting to this wonderful spot; or the narrow, muddy roads he had to travel to reach his destination. Then, after a day or a week-end of carefree fun, he is suddenly faced with the realization that he must drive back through these horrible conditions once again to get home. To some these conditions are unbearable and they do not care to return, the pleasures they had just weren't worth it. Others bring all of the supplies they need for their stay at the river, rather than drive through the dust or mud to visit the stores in our community. Recently I was making repairs on my home on the river. I ordered quite a lot of building supplies but was informed that I would have to bring them in my car, the roads were too rough for that merchant to deliver the supplies in his truck. I agreed with that merchant, yet I must travel those roads as many as four times a day.

Other dams have recently been completed, Smith and Weiss Dams, These counties are preparing for the crowds seeking recreation. They are making their waters more accessible, they are vieing for the vacationers. They realize the dollars that these people spend for relaxation. Must Chilton County lose the revenue received from these pleasure seekers before we decide to do something about it? There is no way of knowing the potential that we have right here under our noses if we would only take advantage of it.

As the President of the newly formed Mitchell Boating Club, I recently received a letter from the National Boating Association, Inc., requesting that I send them certain information about our Mitchell Lake so that they could enter it in their annual catalogue that is sent to their members Nationwide who seek new places to fish and vacation each year. I ignored their letter rather than explain that we have no facilities to accomodate vacationers, that we have no camping grounds, that there are no paved roads to the river, no public parks, no cottages to rent and that we have no public launching ramps, Organizations like the National Boating Association, and others like it, could bring thousands of dollars into our county each year if we were only prepared for them.

Everyone with whom I havs discussed this situation, including some of our county officials, agree that something should be done. . NOW, where do we go from here? WHO HAS THE KEY TO OPEN THE DOOR TO OUR GOD GIVEN SHANGRI-LA?

Sincerely,

Wm. M. Bennett,

Commodore
Mitchell Boating Cllub

YOUR HEALTH

COARCTATION OF THE AORTA

Coarctation of the oarta is an abnormally easy to recognize. The oarta is the main trunk in the cardiovascular system which carries the blood from the heart to arteries throughout the body. Coarctation is a constriction; and when this happens, in the aorta there is a block to the free flow of blood from the heart.

Recognition can be speedy and accurate with the use of blood pressure recordings and by feeling the pulse with the fingertips. High blood pressure in the arms with normal or lower than normal blood pressure in the legs at the same time is evidence of a block in the aorta.

Whenever possible, the cutting out of the coarctation section of the aorta is done, to be followed by union of the remaining aortic ends. There are some subjects in whom it is not only difficult but imposible to do this simple primary repair. In these instances, a homograft or some artificial tube must be affixed, and considerable success has been achieved by using plastic parts to fill the removed section of the aorta.

Particularly in older patients suffering from coarctation of the aorta, grafts are used because of increased difficulty in obtaining aortic mobility at the older ages. Also, there are degenerative changes in the aortic wall which make tension unsafe in bringing the ends together.

While coarctation of the aorta may be ceuse for little or no complaints in the first or second decade of life, it takes a high toll in adult years and is generally a threat to health and life.

Report from Washington

BY

Alabama Congressman

ARMISTEAD SELDEN

Alabama reaches a milestone in river development next week with the groundbreaking of the first financed phase of the vast Coosa-Alabama River development plan.

The April 17th groundbreaking ceremonies in Wilcox County for the Millers Ferry mulitple purpose lock and dam marks the beginning of federal improvements on one of the nation's largest river systems still relatively undeveloped for navigation purposes.

The project also signifies future economic growth for the three million persons who live in a 65 mile radius of the river system.

This river development program--scheduled for completion by 1970 at an overall estimated federal cost of more than $100 million--has long been envisioned by Alabama's Congresional delegation, its state officials, and citizens. For more than a century, there have been efforts on the part of Alabamians to improve and develop this waterway.

First Step In Project

As work on the Millers Ferry project progresses, soon will follow the construction of Claiborne Lock and Dam in Monroe County and the Jones Bluff on the Atuauga-Lowdnes County line. A total of $2,250.000 is incluled in the President's fiscal 1964 budget for the construction and planning of the Millers Ferry and Jones Bluff structures.

The full development of the Alabama-Coosa Waterway will bring untold benefits not only to the immediate area, but to the entire state as well. It will provide more electric power improve flood control, provide recreational facilities and spur the economic development of the entire region.

Yardstick For Progress

Alabama's progress in the development of its more than 2,100 miles of river channels can be used as a yardstick for measuring past economic growth, and it can serve as a crystal ball fo looking into future development.

The 1964 budget now pendin before Congress contains two appropriation requests to aid i developing Alabama's rich wate resources. The largest is a $7. million appropriation request t continue the construction of th Holt Lock and Dam near Tuscaloosa. This $33.7 million structure is scheduled to be completed in December of 1966.

An additional million dolla is included in the President budget to continue the deepening of the Mobile Harbor cra nel. This project was begu last year with an initial appropriation of $600,000.

Other Waterway Efforts

While funds have not been o tained as yet to begin work o the Tennessee-Tombigbee deve lopment, efforts are still conti uing to secure an initia appropriation for this waterwa which will bring untold benefi to Alabama, Mississippi, an Tennessee.

● YOUR SOCIAL SECURITY ●

(This series of questions about Social Security is compiled from the questions sent to the Selma Social Security Office from Chilton County and answered by David G. Adams, Field Representative. Any questions that you want to ask may be sent to: Social Security, C|o Chilton County News, Clanton, Alabama.

Q. How much does it cost to get a social security card?

A. Nothing.

Q. I'll be 62 on July 19, 1963. Can I put in for my sicial security now, or do I have to wait until I'm 62?

A. You can put in your claim three months before you're 62--Apirl, in your case.

Q. I'm 64 and I'm getting ready to retire. Before I do, I'd like to find out how much I have earned under social security: Is this possible.?

A. Yes, it is. I'm mailing you a post card form, No. 7004, for you to complete and send to our records office in Baltimore. These cards are free and we'll send one to anybody who needs one.

Q. How much social security work credit do I need to get disability checks?

A. You need five years work under social security out of the ten year period just before you became disabled.

Q. Is the amount of benefits my family gets based on the amount of money I made before I retired?

A. Yes. All social security benefits are based on your average earnings. In figuring this average, we disregard your five lowest years.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do.

Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples.

When people see an advertisement *in print*, they can compare designs . . . features . . . and prices of nationally known products and services. (And people *do* compare before they buy.)

Advertising in print is a handy thing. You can always check back; the message is still there even if your attention is distracted.

When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

Has Your Child Had Pre-School Shots?

The laws of our state require that a child be six years of age on or before October 1 in order to enter school. Being law abiding citizens, we must observe this law strictly. You are required to present to your child's tearher a birth certificate on the opening day of school showing his age. Please begin making arrangements right away for this certificate if you do not have one. Your Health Department will be glad to assist you in getting one. ..

Every effort is made to make your child as safe from disease as possible while he is in school. In order to keep down epidemics every beginner is required to have th triple shot which is a prevention of tetanus, whooping cough, and diptheria; and the vaccination for smallpox before he enters. The Health Department has arranged to give these shots. The Health Nurse tells us that now is a fine time for children to have the shots. She will be in her office at the Chilton County Health Department every Thursday from 8:00 to 4:30, in Thorsby every Friday afternoon from 1:30 to 4:00, and in Maplesville every Tuesday afternoon from 1:30 to 3:30. Please see that your child gets the shots and that he has a certificate at the beginning of school proving that he has had all of the required shots.

We will appreciate your cooperation in the matter.

Little Over 5 Thousand Re-Identified

Dear Voters:

THE Board of Registrars have just submitted to my office the names of all voters that have re-identified themselves through February 18th, 1963. This list reveals the fact that only 5,605 people have re-identified. The last qualified voters list as compiled in my office contained a total of 12,038 names so it appears from these figures that many of you have not re-identified. Now I would like to beg and urge you to attend to this matter at your earlies convenience as the law requires that everyone must re-identify before the next election.

The purpose of the re-identification law was not to dis-qualify any legal voter but to remove the names of all non-residents and persons deceased from the poll list.

Please do not re-identify more than one time but if you have not attended to this matter please meet the Board of Registrars on the First or Third Monday in each month or come by my office and any of my clerks or myself will be glad to re-identify you.

Yours truly;
J. C. White
Judge of Probate

Mrs. James Minor and little son Jeffery for Altus, Oklahoma are here visiting her parents Mr. and Mrs. Renfro Veazey and other relatives. They will be here for several months.

Mr. and Mrs. Renfro Veazey Mrs. James Minor and Jeffery Miss Pauline Veazey spent Sunday in Tuscaloosa visiting Mr. and Mrs. Billy Wayne Veazey.

Mr. Johnny Smith arrived here Monday of this past week from Tampa, Florida, where he has been stationed for almost two years in service. He and his wife and children will leave for Omaha, Nebraska, about the last of April, where he will be stationed for some time. Mrs. Smith and children have been here for about two months visiting her and his parents.

I am very sorry about the mistake I made sometime ago about Mr. and Mrs. Bobby McAfee. Had I known that I made it sooner, I would have gladly corrected it.

Visiting Mr. and Mrs. Whit Mahan ove rthe week end and Sunday were Mr. and Mrs. Elbert Mims of Montgomery, Mr. and Mrs. W. J. Mahan and family of Selma, Mrs. George Golden and children of Bessemer, Mr. and Mrs. Steve Collins of Siluria Mr. and Mrs. Charlie Bates and Mr. and Mrs. Jesse Lee, Miss Clara Lee and Aline of Maplesville.

THE AMERICAN CANCER SOCIETY has designated April as Cancer Control Month. Year 'round, cancer researchers work hopefully toward prevention, control and eventual cure of this terrible disease. Year by year they come closer to winning the fight against cancer. This month, you—all of us—are urged to support the work of the Cancer Society by giving our time and our dollars to cancer research. One hundred and five thousand deaths from cancer will occur in the working force of the nation this year. There will be over 200,000 new cases. Cancer will cost business and industry nearly 50,000 man-years of productivity. The answer to this problem lies in the work of doctors and researchers, and in the dollars you give to support their work. Give generously to the American Cancer Society.

Samaria

We surely were thrilled to see the response to our Break the Record Sunday. We broke our record by 47. We are grateful to God for the many blessings we received on Sunday.. Again, we want to emphasize that we didn't want to break records just to say we had more than we had in several years, but we wanted to reach people around Samaria Church that didn't go to church any where... During the Sunday morning worship service, we had baptismal services. Then during the Sunday Evening Service, we observed the Lord't Supper.

Sunday afternoon, the Young People went to Birmingham to visit Jimmy Morgan Zoo. They spread their lunches on the tables and gathered for blessing. After eating, they were free to wander through the zoo until an appropriate time, when they returned to come home in the caravan. They were well chaperoned by their Sunday School and Training Union teachers.. They all had a wonderful time and returned home completely exhausted.

Don't forget the Youth Rally will meet at the West End Baptist Church Saturday night. The Montevallo BSU Choir will present an Easter program. Make your plans now to attend.

On April 19, the Young Married People are going to have a barbecue at the church. They are going to have hamburgers and chicben to feed you all, so make plans to come.

Prayer Meeting and choir practice will be as usual on Wednesday night. Prayer meeting starts at 6:30 and we will finish the book of Titus. Choir practice will follow at 7:30.

We invite you to listen to our morning devotion every Saturday morning at 7:00. This is sponsored by Mr. and Mrs. Tink Parsons. Be sure to go by and tell them you appreciate it.

ANNOUNCEMENT

On Friday afternoon, April 12, 1963, Miss Nora Bates will be a guest of the Clanton Public Library. Miss Bates who has been blind since she was nine years old will read the Easter Messages from her Sunday School quarterly printed in Braille. She will read at 3:00 and again at 3:30. Miss Bates is the sister of Mr. M. J. Bates, with whom she lives.

Being displayed at this time in the library is a Braille Bible along with some very old Bibles and hymn books.

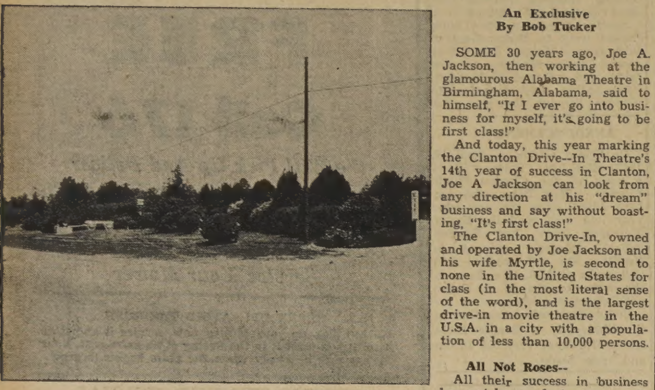
Glamour, Color Pay Off For Local Theatre Owner; In 14th Year



ENTRANCE to the Clanton Drive-In Theatre is profusely decorated with greenery and flowers which bloom the year 'round.

HERE you see the big, big screen, where, according to the management, "the best movies available anywhere are shown each evening."

An Exclusive
By Bob Tucker

SOME 30 years ago, Joe A. Jackson, then working at the glamourous Alabama Theatre in Birmingham, Alabama, said to himself, "If I ever go into business for myself, it's going to be first class!"

And today, this year marking the Clanton Drive--In Theatre's 14th year of success in Clanton, Joe A Jackson can look from any direction at his "dream" business and say without boasting, "It's first class!"

The Clanton Drive-In, owned and operated by Joe Jackson and his wife Myrtle, is second to none in the United States for class (in the most literal sense of the word), and is the largest drive-in movie theatre in the U.S.A. in a city with a population of less than 10,000 persons.

All Not Roses--

All their success in business has not been a bed of roses, although you would not recognize that from looking at the grounds or the theatre and it's buildings. It looks like a "bed of roses". But hard work, know-how and long hours have gone into building this into one of the show-places of the south and certainly the most interesting and most well-kept place of its kind in the nation.

Not Good Enough—

Talking with Joe Jackson, you very quickly realize that second-best in anything he does is not good enough. It must be tops or it won't do. He takes great pride, and apparently gets satisfaction from doing things well. He pleases his patrons by giving them the very best there is for their money; and if the best is not available on the market, then Joe Jackson will invent a better way to do it.

Custom-Built—

Practically everything to do with Clanton Drive-In Theatre is custom-built to the satisfaction, and immediate need of Mr. and Mrs. Jackson. They make innovations of all descriptions to insure quality in their services, as well as in the products which they serve at their spotless clean Snack Bar. From "all-meat" hot dogs to popcorn popped in cocoanut oil and barbecues and sadswiches made of the very best ingredients money can buy, nothing is overlooked to give the people of Central Alabama entertainment and relaxation which they can enjoy anytime as much as they like.

No detail is too small to warrant the attention of the manage ment, and this is the thing which has made the business the success that it is. Constant improvement, an absolute lack of deterioration, and additional conveniences as they are needed keep the folks coming back to the Clanton Drive-In Theatre again and again.

"Where The Family Goes"—

A slogan, proudly worn for several years now, is "Where The Family Goes", and this writer takes this opportunity to publicly say something we have already said privately to Mr. Jackson. We have been familiar with the Clanton Drive-In since it's creation, and in the 14 years of it's existence, it has always shown movies of the very best taste, suitable for family consumption. Mr. and Mrs. Jackson have never, and will never, run movies in their theatre which are morally unsuitable for the decent people of this community.

WE do not mean to imply that all the movies shown at the Clanton Drive-In are tops in our own opinion. We have seen some pretty poor ones up there. They were still in good taste. And talking with Mr. Jackson, it is clear that "good" movies are becoming increasingly difficult to come by. To use an old reliable phrase: "They just aren't making them like they used to," says Mr. Jackson. And he means quanity as well as quality.

He feels that "his" industry, which is the theatre business, should appeal more to the public with blamour and "special" attention to the wants and wishes of the trade which is mostly attracted to outdoor theatres. . . the family trade.

"Everytime I get the chance," says Mr. Jackson, "I try to get in my two cents worth about family type movies." "Jungle pictures, dog pictures, and those which appeal to every member of the family, are what we need more of." "We book every family movie we can, and they are the ones which pay off." And, we might add, they are the ones which are of unquestionably good taste.

Mr. and Mrs. Jackson have been to California on several occasions, to New Orleans, New York City and even to Hawaii seeking new ways to better serve the people of Central Alabama. They keep a close touch with the industry of which they are a part.

They are giving the movie industry something which it sees very little of these days, and that it good taste in every facet of their business. There is no room for immorality or bad taste in their operation.

A Few Unknown Facts—

Some things you probably didn't know about the Clanton Drive-In Theatre: The speaker which you hang on your window is the best on the market. They cost $10.50 apiece.

There are 57 tons of steel in the tower upon which the screen is mounted.

There are 459 "car stalls" on the lot. The Theatre has 14 full time employees.

The screen tower is 100 feet high. The place, besides being worked and kept-up 365 days of the year, is annually given a paint job. They were just finishing painting the tower when we went through the grounds recently; it took 29 gallons of paint for the tower alone..

The greatest impression one gets from the over-all picture that is the Clanton Drive-In Theatre is cleanliness. Everything is one hundred percent clean. We challenge anyone to find anything dirty or out of order. The food is prepared in the cleanest possible manner;; cold things are kept cold, hot things are kept hot, and perishables receive the greatest of care and attention.

"First Class"—

From the ice machine which makes the ice to go into your coke, to the two giant projectors which show you the best movies available anywhere, the Canton Drive-In is tops; it is first class, it is an institution of which the people of Central Alabama can be justly proud. Prices are reasonable and quality, though not obvious or gaudy, is always present; and all that it took to bring this to being was dedication, hard work and a "dream" of one Joe A. Jackson to have a business of his own that was "first class"!

We'd say without hesitation: He has done just that!

CARD OF THANKS

We would like to express our many thanks to the most wonderful friends and neighbors for their many acts of kindness and expressions of sympathy in the beautiful flowers and great quantities of food sent, during the illness and death of our husband, father and brother, Mr. Ocie Dee Deavers.

Our special thanks to the churches and individuals who contributed to our welfare during our illness.

Many thanks to Dr. Johnson and the wonderful nurses of the Chilton County Hospital for their many considerations of our loved one during his illness and death.

Our sincere thanks to the florists of Clanton and Prattville for the beautiful floral arrangements.

Also we want to thank Mr. White and his staff at Spigener Funeral Home for the many courtesies extended.

Mrs. Ocie Dee Deavers and Children.

REFUGE

The attendance was good at both services last Sunday. The revival last week was also well attended with some visitors nearly every night. We feel that our church was revived, and we will be looking forward to better services and better attendance. There were several that joined in covenant for redication and a closer walk with the Lord.

We are making preparation for our Vacation Bible School which will probably be held immediately after school is out. However, the date has not yet been set. We would like to have all of our workers attend the Associational Vacation Bible School Clinic which will be held at the West End Baptist Church April 22, 7:30 p.m.

It is a little early yet, but we are looking forward to our singing and Home Coming which will be held on the 3rd Sunday in May. It is the same day that our church met in Home Coming and singing many years ago and we are glad to get the old day back. More will be said later but we are looking forward to the best day in the history of the church. Mr. Johnnie Minor is chairman and we are promised to have some of the best singers and musicians to be with us on the above date.

Somehow, we feel that every church should set aside at least one day in the year which would call all members and former members back home for a get-together and fellowship which no other occasion will suffice. We do not encourage members of other churches to leave their services, and people who are dedicated to their tasks at home will not do a lots of it but we do say that they owe it to themselves and to the people of their former Home Church to go back once a year. Our pastor Rev. Lockhart says that we are going to have a great day on the third Sunday in May this time. More details later.

Little Cathy Mims, daughter of Mr. and Mrs. Arnold Mims condition is slowly improving and is expected to get to come home from the Hospital in Selma this week.

Mrs. Lula Minor is improving fine at the home of her sister Mrs. W. M. Mims.

Mrs. Luvenie Minor is nursing two little grand daughters with the measles this week.

We were honored (giving God all the Glory) to have a young man preach his first sermon in our church last Sunday. He was Bro. Bruce Payton from Providence (Beat 16) community. Bruce is a young boy and will need lots of encouragement and everyone is praying. for him. He sure preached a wonderful sermon Sunday. Our pastor did the same Sunday night

We had several visitors Sunday and everyone is invited back at any time.

Visiting the E. W. Hills over the week end were his brother and family, Lindie Hill, wife and children of New Site.

Mr. and Mrs. B. M. Nabors made a flying trip to Birmingham on Sunday.

Mrs. Lizzie Patterson had linner Sunday with Mr. and Mrs. Roy Traywick who have recently moved back to Clanton.

Everyone remember that next Sunday is Easter and the day for our big annual all day singing. Mr. Audie Brown our chairman reports that he is expecting a enormous crowd with some outstanding singers. So everyone come and bring a well filled basket. Let's not let the good eats check up short.

See You at Prayer meeting.

Sr. 4-H Girls Met; Maplesville

The Senior 4-H Club girls of Maplesville High School held their regular meeting on April 4, 1963, at 9:05 a.m. The meeting was held in the Vocational Agriculture room.

Today the members turned in their record books. Ms. Radford talked about the rally and we also discussed having summer 4-H meetings. We decided to have two meetings each month during the summer.

The meeting was adjourned until our regular meeting in May.

THORSBY NEWS

By Mrs. Estelle Hayes

Thirsby Methodist Church

Last Sunday morning our church was honored to have as our Lay Speaker a young man from Clanton. Mr. Thomas Swanner. It was a rare privilege to listen to this dedicated Christian youth as he brought us the message.

The WSCS held its regular monthly meeting Thursday after noon at the home of Mrs. Akin Collins with Mrs. Enoch Adams as co-hostess.

Friday night, April 12, at 6:30 is the time for our monthly church supper. Make your plans now to attend.

The next Quarterly Conference will be held at our church Sunday afternoon, April 28.

Easter services next Sunday at the regular time. We cordially invite you to come and worship with us.

WSCS Met

Thursday afternoon Mrs. Akin Collins and Mrs. Enoch Adams were hostesses to the Thorsby Methodist Women's Society for Christian Service. Mrs. Collin's lovely home was beautifully lecorated with masses of white dog wood bossoms and wild azaleas. Mrs. Adams delighted and entertained the group with her talent for poetry at roll call. As the names were called she went to each member in turn and named them a fower and recited an original poem giving that flowers attributes, which seemed, to fit in the person, too. This dear Christian lady is the eldest of our group, if you count her years;; but in spirit she is the youngest, for she brings gaiety, warmth and a personal charm with her wherever she goes.

After the business meeting the program was given by Mrs. M. M. Lyell. In keeping with the Easter season and enhanced by the profession of dogwood blossoms in the back ground, her presentation of "The Legend of the Dogwood Tree" was beautiful and stirring.

Delicious refreshments were served to the 14 members present and a social hour enjoyed by all.

Mr. and Mrs. Billy Ward Mr. and Mrs. Paul Beasley spent Sunday in Birmingham with his sister Miss Margaret Ward.

The Leonard Bosworth's of Mobile were in Thorsby over the week end, always glad to see Leonard come home.

DEAR 4-H JANES

Last Saturday morning the annual 4-H Clothing Revue was held in the Extension auditorium of the Courthouse. Approximately 150 people viewed each of the 61 girls as they modeled the garments they had made. The aprons, skirts, blouses, and dresses were evidence of the excellent sewing done by these girls and the other 4-H'ers in the county.

The apron division which consisted of first and second year 4-H club girls, was won by Pam Northcutt, daughter of Mr. and Mrs. J. N. Northcutt and a member of the Jemison fifth grade club. Second place winner was Judy Wyatt from Collins Chapel, and third place was awarded to Regena Cox, daughter of Mr. and Mrs. Billy Cox of Clanton.

Skirts were made by second year 4-H girls who are members of the junior clubs or in elementary school. There were 26 girls who participated in this division of the county revue. In this group, Dianne Cummings, a member of the Isabella junior club, made a perfect pink pleated skirt and won first place. Her parents are Mr. and Mrs. Quinton Cummings. A pink and white check pleated skirt made by Janet Rasberry, a member of the Jemison sixth grade club, won second place, and third place was awarded to Charlotte Thrash, also a member of the Jemison sixth grade and the daughter of Mr. and Mrs. F. C. Thrash.

The girls who entered the senior skirt division were also required to make a blouse or weskit to go with their skirt. First place in this division was awarded to a member of the Maplesville senior club, Dianne Dennis. She made an all purpose outfit of blue print and I know she will get much wear and enjoyment from it. She is the daughter of Mr. and Mrs. B. S. Dennis of Maplesville. Second place was awarded to the two-piece pink and white seer-sucker outfit made and modeled by Donna Minor, daughter of Mr. and Mrs. Noel Robinson of Clanton.

The dresses made by the 4-H girls were divided into junior and senior divisions. The first winner in the junior division was Donna Weldon, a member of the seventh grade club also and the daughter of Mr. and Mrs. Kenneth Weldon. Her dress was a print with rust and green the perdominate colors. A dress made of a strip.e fabric was the second place winner. A member of the Verbena senior club, Brenda Ray is the daughter of Mr. and Mrs. Dewey Easterling.

A beef calf played an important part in the winning of first place in the senior dress division Judy O'Neal daughter of Mr. and Mrs. Earl O'Neal of Stanton, bought a new sewing machine with the money she received when she sold a 4-H calf and made the two-piece dress which won first place. Judy is a member of the Maplesville Older Youth Club. Brenda Bean, a member of the Thorsby High School club, made and modeled a lavender and white gingham which won second place. She is the daughter of Mr. and Mrs. Russell Bean.

Congratulations to these girls who won in the Chilton County 4-H Clothing Revue and also to the others who participated in their school exhibits and the county revue.

Our attendance was very good for both Sunday and Sunday night services. It's so good to see everyone back in Church after being out sick.

Our young people took over Sunday for Youth Day. We had a wonderful service. Miss Barbara Ousley brought our devotional and also directed the choir Miss Myra Chambers is our fine young piano plawer. She did a good job with Barbara and the choir. We want to thank all of the young people who took a part in the program, all of them were just wonderful and we also want to thank Mrs. Basco Chambers for helping these young people with this program.

We were very sorry to hear of the death of Mr. J. W. Kelly. Mr. Kelly was the father of Mrs. W. C. McMinn.. Our deepest sympathy goes out to this family.

Mr. and Mrs. Donald Chambers and children Mike and Todd of Montgomery were Sunday guest of Mr. and Mrs. Basco Chambers.

Mr. and Mrs. E. A. Lenoir visited Mr. and Mrs. Terry Yarbrough and son Terry Jr., and Mr. and Mrs. Robert Weldon in Albany, Georgia last week.

Next Sunday after our Easter Services the children will have an Egg hunt and dinner will be spread and served after the Egg hunt...

Remember next Sunay is Easter, so let this Easter Sunday be an inspiration to you, go to worship service Sunday.

A Little Bit O' Tuck . . .

By BOB TUCKER

WE were unable to obtain the information last week before press time but we thought you readers would be interested to know that there were 204 pints of blood collected Friday, April 5th when the Bloodmobile was here. That's a lot of "life", but our quota was 270 pints. Counting those who were turned down because of one thing or another, we did pretty good in blood donating. Like we said that's a lot of "life".

WHO says Clanton ain't growing? The other day a fellow had to ask directions to Alec Hayes' place of business, and he had been there before. Seems he came into town by a different route and got kinda tangled up. James Parr gave him the proper directions and he hied himself off to see brother Alec. Bet you thought nobody could get lost in Clanton!

A four-hour clinic on the main tenance and servicing of farm tractors was held at Jemison on April 9th, according to Vo-Ag instructor R. M. McGee. It covered safety, as well as maintenance and repair and was very worthwhile to the boys at Jemison High. Mr. McGee is very outstanding in planning work and activities for "his boys" at Jemison, and their achievements are indicative of it.

FRANK Ross is starting a "Bee Back" Club up at Stokes Chevrolet. We don't know exactly what the requirements for membership are, but we have a pretty good idea.

SEVERAL. including Skeeter Stokes and Mayor Hollis Jackson, attended the dedication ceremonies Wednesday of the Miller's Ferry Lock and Dam in South Alabama. This is the beginning of the project which will eventually bring water traffic up and down the Coosa River. Some think that this, when it comes, will be the greatest thing to happen to Chilton County since fish were discovered here. We don't doubt it a bit!

BRO. M. G. Fields and Bro. Homer Carroll tells us that a Vacation Bible School Clinic for all Baptist Churches in the County will be held Monday, April 22 at 7:30 p.m. at the West End Baptist Church here in Clanton. The Clinic will include filmstrips conferences, and general discussion. If you are interested in this work, be sure to attend this important meeting.
